For fans of TLC's Long Island Medium and anyone interested in the big questions of life, death, and finding out what's important in between, New York Times bestselling author and medium Theresa Caputo shares how she discovered her gift and her many encounters with Spirit. Beloved medium Theresa Caputo, star of the hit television show Long Island Medium, opens the door to her world and invites you to experience her exceptional gift of communicating with those who've crossed over to the Other Side. The always funny, frank, and down-to-earth medium—whether she's talking to her family, the local butcher, or the souls of those who've passed on—began communicating with Spirit at the age of four, but didn't fully accept her gift until she was thirty-three years old. She had a good life as a busy wife and working mom, but also suffered from chronic anxiety that, as it turned out, came from ignoring her abilities. Once Theresa began channeling, she realized that she felt much better after delivering a message from Spirit and releasing that energy. Since then she's used her extraordinary gift to help people heal from the loss of their loved ones. Theresa feels that it's her purpose to make us all aware that there is more to life than what we see here in the physical world. She wants you to know that your deceased loved ones are safe and at peace, and that they're now with you in a different way—watching over you, loving you, and assisting you from the Other Side. She also wants you to realize that the unexplainable things you sense and feel from these souls are real, and that it's healthy and essential to acknowledge them. There's More to Life Than This lends insight on how Theresa's mediumship works, what happens to your soul when you die, what Spirit says Heaven is like, what the deceased want you to know, the importance of living a positive life, and the many roles that your family, friends, angels, guides, souls of faith, and God play here and in the afterlife. It also explores how to safely connect with Spirit, so that you can recognize when your loved ones are reaching out. Through Theresa's personal story, compelling anecdotes, and fascinating client readings, she teaches us about how she communicates with Spirit and helps us to understand and appreciate the important lessons and touching messages that we're meant to embrace every day.

*We Are Water* is a disquieting and ultimately uplifting novel about a marriage, a family, and human resilience in the face of tragedy, from Wally Lamb, the New York Times bestselling author of *The Hour I First Believed* and *I Know This Much Is True*. After 27 years of marriage and three children, Anna Oh—wife, mother, outsider artist—has fallen in love with Viveca, the wealthy Manhattan art dealer who orchestrated her success. They plan to wed in the Oh family's hometown of Three Rivers in Connecticut. But the wedding provokes some very mixed reactions and opens a Pandora's Box of toxic secrets—dark and painful truths that have festered below the surface of the Ohs' lives. *We Are Water* is a layered portrait of marriage, family, and the inexorable need for understanding and connection, told in the alternating voices of the Ohs—nonconformist, Anna; her ex-husband, Orion, a psychologist; Ariane, the do-gooder daughter, and her twin, Andrew, the rebellious only son; and free-spirited Marissa, the youngest. It is also a portrait of modern America, exploring issues of class, changing social mores, the legacy of racial violence, and the nature of creativity and art. With humor and compassion, Wally Lamb brilliantly captures the essence of human experience and the ways in which we search for love and meaning in our lives.

**#1 NEW YORK TIMES BESTSELLER • The brilliant coming-of-age-and-into-superstardom story of one of the greatest artists of all time, in his own words—featuring never-before-seen photos, original scrapbooks and lyric sheets, and the exquisite memoir he began writing before his tragic death NAMED ONE OF THE BEST MUSIC BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND THE GUARDIAN • NOMINATED FOR THE NAACP IMAGE AWARD** Prince was a musical genius, one of the most beloved, accomplished, and acclaimed musicians of our time. He was a startlingly original visionary with an imagination deep enough to whip up whole worlds, from the sexy, gritty funk paradise of “Uptown” to the mythical landscape of Purple Rain to the psychedelia of “Paisley Park.” But his most ambitious creative act was turning Prince Rogers Nelson, born in Minnesota, into Prince, one of the greatest pop stars of any era. The Beautiful Ones is the story of how Prince became Prince—a first-person account of a kid absorbing the world around him and then creating a persona, an artistic vision, and a life, before the hits and fame that would come to define him. The book is told in four parts. The first is the memoir Prince was writing before his tragic death, pages that bring us into his childhood world through his own lyrical prose. The second part takes us through Prince’s early years as a musician, before his first album was released, via an evocative scrapbook of writing and photos. The third section shows us Prince’s evolution through candid images that go up to the cusp of his greatest achievement, which we see in the book’s fourth section: his

original handwritten treatment for *Purple Rain*—the final stage in Prince’s self-creation, where he retells the autobiography of the first three parts as a heroic journey. The book is framed by editor Dan Piepenbring’s riveting and moving introduction about his profound collaboration with Prince in his final months—a time when Prince was thinking deeply about how to reveal more of himself and his ideas to the world, while retaining the mystery and mystique he’d so carefully cultivated—and annotations that provide context to the book’s images. This work is not just a tribute to an icon, but an original and energizing literary work in its own right, full of Prince’s ideas and vision, his voice and image—his undying gift to the world.

A dying child counts angels in her room. A teenage boy stuns doctors by recovering from a massive brain injury. A bubble of protection surrounds a man about to be hit by a car...These miraculous accounts and twenty-nine more are recorded in *Miracles: 32 True Stories*. "Almost every month I get a request to either read or edit a book or booklet, and to be honest, I dread to see them coming, because most of them are hardly worthy of a positive recommendation. When Joan asked me to read her *Miracles*, I was not looking forward to reading it at all ... much to my surprise I could not stop reading it until I had read the entire book. Each story was different enough to keep my interest, and God's finger-print was all over each of the stories told. There was never one bit of doubt who authored each of those stories..." **BILL IRWIN, CHRISTIAN AUTHOR AND SPEAKER**

In this book the author, a Harvard evolutionary biologist presents an account of how the human body has evolved over millions of years, examining how an increasing disparity between the needs of Stone Age bodies and the realities of the modern world are fueling a paradox of greater longevity and chronic disease. It illuminates the major transformations that contributed key adaptations to the body: the rise of bipedalism; the shift to a non-fruit-based diet; the advent of hunting and gathering, leading to our superlative endurance athleticism; the development of a very large brain; and the incipience of cultural proficiencies. The author also elucidates how cultural evolution differs from biological evolution, and how our bodies were further transformed during the Agricultural and Industrial Revolutions. While these ongoing changes have brought about many benefits, they have also created conditions to which our bodies are not entirely adapted, the author argues, resulting in the growing incidence of obesity and new but avoidable diseases, such as type 2 diabetes. The author proposes that many of these chronic illnesses persist and in some cases are intensifying because of 'dysevolution,' a pernicious dynamic whereby only the symptoms rather than the causes of these maladies are treated. And finally, he advocates the use of evolutionary information to help nudge, push, and sometimes even compel us to create a more salubrious environment. -- From publisher's web site.

It's late at night, and you're on a tour of a so-called haunted house. You see something

out of the corner of your eye and quickly snap a photo. Your hands tremble as you lower the camera. Your eyes widen as you stare at the image you've just captured. A face seems to be lurking in the background. But when you look up, there's no one standing there! Was it a ghost? Ghost sightings are reported all the time. Many are easily explained. Others are harder to dismiss. But is there any proof? To find out, Kelly Milner Halls explored haunted houses. She examined photographs and investigated eyewitness accounts from ghost hunters, mediums, and paranormal experts. What's the verdict? Are the spirits of the dead wandering among us? Explore her findings and decide for yourself.

"Mark Edward is an equivocator, fibber, and mountebank. Which begs the question: if a liar admits to lying, can he be telling the truth? He is a literate, informative, intellectual, a student of the psychology of humans, a foe of those who would defraud the public for personal gain, and as an author and practicing psychic, he is first and foremost an entertainer."—Joel Moskowitz, International Brotherhood of Magicians Mark Edward admits that for years he exploited believers who wished to connect with supernatural ideas and sad family members who missed dead loved ones. Now Edward is a magician who works the Haunted Castle in Hollywood and is also on the editorial board of SKEPTIC magazine, where he reveals the means of psychic scamsters. This entertaining book is at once a confessional and instructional regarding human belief and those who exploit it. Though Edward believes that most practitioners of the psychic business are out-and-out scam artists, he also counters the skeptic belief that the supernatural is a lie. Both skeptic and skeptical of skepticism, Mark Edward has worked as a 900-number psychic, ghost hunter, and Hollywood Magic Castle medium. He has also worked vigorously to debunk psychic frauds and currently works on the editorial board of SKEPTIC magazine.

What happens after we die? *Afterlife* Author and award winning filmmaker Richard Martini explores startling new evidence for life after death, via the "life between lives," where we reportedly return to find our loved ones, soul mates and spiritual teachers. Based on the evidence of thousands of people who claim that under deep hypnosis, they saw and experienced the same basic things about the Afterlife, the book documents interviews with hypnotherapists around the world trained in the method pioneered by Dr. Michael Newton, as well as examining actual between life sessions. The author agrees to go on the same journey himself, with startling and candid results, learning we are fully conscious between our various incarnations, and return to connect with loved ones and spiritual soul mates, and together choose how and when and with whom we'll reincarnate. Martini examines how "Karmic law" is trumped by "Free will," with souls choosing difficult lives in order to learn from their spiritually; no matter how difficult, strange or complex a life choice appears to be, it was made in advance, consciously, with the help of loved ones, soul mates and wise elders. Extensively researched, breathtaking in scope, *Flipside* takes the reader into new territory, boldly going where no author has gone before to tie up the various disciplines of past life regression, near death experiences, and between life exploration. In the words of author Gary Schwartz, Phd, once you've read *Flipside* "you'll never see the world in the same way again." *Praise for Flipside:* "Richard has written a terrific book. Insightful, funny, provocative and deep; I highly recommend it!" - Robert Thurman, author of *Why the Dalai Lama Matters* "Inspiring, well written and entertaining. The kind of book where once you have read it, you will no longer be able to see the world in the same way again." - Gary E. ### What I Learned From Mistakes

Deep within the heart of America, in a small town named, Cantonville. Lies a town bustling with exuberance and life. Like almost all small towns everywhere, it is full of its fair share of unusual characters and nosy neighbors. While it may not have the bright lights of the city on its side, it nevertheless, is the furthest thing from boring. One family, in particular, has taken it upon themselves to make sure that no one will ever fall victim to the mundane habits of normalcy. This family can be found on the outskirts of town, in a little neighborhood called Sprite Street. They go by the last name of Doodleburgh and for all intents and purposes, their name is the least strange thing about them. The family consists of five kids and two parents. Harold and Madeline rule with less, than an iron fist. As at times, even the combined authority of both of them, is not enough, when it comes to contending with the out of control ways of their children. Caroline, is sixteen and the oldest of the Doodleburgh kids. She is strong willed and brilliant. Not to mention, musically inclined. Her talents are many, yet, she lacks composure and at times, her tenacity gets the better of her. Aiden and Cayden are fifteen and between the two of them ,take part in all things sports. If their older sister is the brains of the family, then they would be considered the brawns of the Doodleburgh offspring. What they lack in intelligence, they make up for in God -given, physical talents. Jackson, is a ten year old with a propensity for trouble. His pension for destruction, knows no bounds. While his eight year old sister; Abbey, is known for being Jackson's miniature sidekick. Who, is all too willing, to take part in her brother's destructive ways. Add that, with an assortment of odd and quirky characters that make up, their friends and neighbors and one always finds something new and interesting taking place on Sprite Street. Come join in on the adventure, that is the Doodleburgh's.

Theresa Caputo, TLC's Long Island Medium and the three-time New York Times bestselling author, teaches us how to ritualize and recover from the daily losses in our lives. Life on earth comes with losses that often go unrecognized, unacknowledged, and un-mourned. This invisible pain causes deeper emotional damage— devastation that Theresa Caputo has witnessed in many of her clients. Though they are suffering, they rarely understand where the anguish is coming from—or how to deal with it. Theresa's clients often confuse their emotional distress with depression or anxiety. But it's more than that. It's grief, deep and profound, and it consumes the soul. The only relief, according to Theresa's special gift she calls Spirit, is to pay more attention to how we experience, ritualize, and recover from the hurt in our lives. Once we name these feelings of grief, recognize the losses for what they are, and create mourning rituals around them, we can move through the pain and begin to heal. It isn't just a good idea to mourn these types of upsets; it's essential, so that we can then enjoy a fresh beginning. In Good Mourning, Theresa opens up more than ever before, and with the help of Spirit, helps us manage daily losses to ultimately lead more fulfilling and joyful lives.
