

Bystander A History Of Street Photography

The chilling Saga of Darren Shan, the ordinary schoolboy plunged into the vampire world.

Linda Sarsour, co-organizer of the Women's March, shares an "unforgettable memoir" (Booklist) about how growing up Palestinian Muslim American, feminist, and empowered moved her to become a globally recognized activist on behalf of marginalized communities across the country. On a chilly spring morning in Brooklyn, nineteen-year-old Linda Sarsour stared at her reflection, dressed in a hijab for the first time. She saw in the mirror the woman she was growing to be—a young Muslim American woman unapologetic in her faith and her activism, who would discover her innate sense of justice in the aftermath of 9/11. Now heralded for her award-winning leadership of the Women's March on Washington, Sarsour offers a "moving memoir [that] is a testament to the power of love in action" (Michelle Alexander, author of *The New Jim Crow*). From the Brooklyn bodega her father owned, where Linda learned the real meaning of intersectionality, to protests in the streets of Washington, DC, Linda's experience as a daughter of Palestinian immigrants is a moving portrayal of what it means to find one's voice and use it for the good of others. We follow Linda as she learns the tenets of successful community organizing, and through decades of fighting for racial, economic, gender, and social justice, as she becomes one of the most recognized activists in the nation. We also see her honoring her grandmother's dying wish, protecting her children, building resilient friendships, and mentoring others even as she loses her first mentor in a tragic accident. Throughout, she inspires you to take action as she reaffirms that we are not here to be bystanders. In this "book that speaks to our times" (*The Washington Post*), Harry Belafonte writes of Linda in the foreword, "While we may not have made it to the Promised Land, my peers and I, my brothers and sisters in liberation can rest easy that the future is in the hands of leaders like Linda Sarsour. I have often said to Linda that she embodies the principle and purpose of another great Muslim leader, brother Malcolm X." This is her story.

Beyond Bystanders calls for a shift in the professional self-image of teachers from agents of socialization to active advocates of human flourishing, social justice, and world betterment. The editors propose that it is irresponsible for teachers to posit themselves as bystanders and to conceive of globalization as something happening to them. Their role as educators in all disciplines must be to establish educational leadership that would empower students to critically evaluate developing global realities – mass migrations, socioeconomic inequalities, global warming, and the dehumanizing effects of submission to social media and consumerism – and achieve the overarching goals of humanization and facilitation of the fulfilling life. A shared commitment to humanist ethics, pedagogical activism, and social engagement at Kibbutzim College of Education (Tel Aviv) and Wagner College (New York) sparked this collaboration. The authors of the book include educational thinkers such as Nel Noddings, Michael Apple, David Hansen, Pasi Sahlberg, and Wiel Veugelers as well as scholars and practitioners from six different countries and diverse professional and cultural backgrounds. An essential part of our educational enterprise must involve promoting intercultural opportunities, confronting cultural ills and ensuring that civic engagement is more attuned to political realities. Educators in all disciplines can reframe their teaching and schools to be more cooperative and civic-minded and challenge views of marginalized, immigrant, undocumented and refugee communities as strangers. "Education is not only about teaching people to read and to write. It is about teaching human rights and cultural diversity, nourishing peace and fostering inclusive and sustainable development ... I wish to commend Kibbutzim College of Education and Wagner College for joining forces to compile this volume to inspire readers in crafting new models of intellectual and intercultural understanding." – Irina Bokova, Director-General of UNESCO (from the Foreword)

After the execution of her father, the young and beautiful Lady Asano is in grave danger from the powerful Lord Kira. In order to save herself Asano must find Oishi, the leader of the fighting men of her clan. She believes he is three hundred miles to the southwest in the imperial city of Kyoto. Disguising her loveliness in the humble garments of a traveling priest, and calling herself Cat, Lady Asano travels the fabled Tokaido Road. Her only tools are her quick wits, her samurai training, and her deadly, six foot-long naginata. And she will need them all, for a ronin has been hired to pursue her, a mysterious man who will play a role in Cat's drama that neither could have ever imagined. . . . Now available in an updated and revised edition, *Photos that Changed the World* gathers together images of pivotal moments in world history in one stunning volume. In lavish two-page spreads, this book presents nearly one hundred of history's most memorable photographs -- from the Wright Brothers' first flight to the bombing of Pearl Harbor, from Martin Luther King's "I Have a Dream" speech to Nelson Mandela's release from prison, and from the inauguration of President Barack Obama to the Syrian refugee crisis. The volume features pictures from photography masters such as Lewis Hine, Dorothea Lange, Yousuf Karsh, Diane Arbus, and James Nachtwey, as well as iconic images from lesser-known and unknown photojournalists. *Photos that Changed the World* has been updated to include indelible images of the most significant recent events. Engaging essays accompany each photograph and tell the story behind each image.

A Pulitzer Prize-winning journalist's groundbreaking account of the crime that shocked New York City—and the world In the early hours of March 13, 1964, twenty-eight-year-old Catherine "Kitty" Genovese was stabbed to death in the middle-class neighborhood of Kew Gardens, Queens. The attack lasted for more than a half hour—enough time for Genovese's assailant to move his car and change hats before returning to rape and kill her just a few steps from her front door. Yet it was not the brutality of the murder that made it international news. It was a chilling detail Police Commissioner Michael Joseph Murphy shared with A. M. Rosenthal of the *New York Times*: Thirty-eight of Genovese's neighbors witnessed the assault—and none called for help. To Rosenthal, who had recently returned to New York after spending a decade overseas and would become the *Times*'s longest-serving executive editor, that startling statistic spoke volumes about both the turbulence of the 1960s and the enduring mysteries of human nature. His impassioned coverage of the case sparked a firestorm of public indignation and led to the development of the psychological theory known as the "bystander effect." *Thirty-Eight Witnesses* is indispensable reading for students of journalism and anyone seeking to learn about one of the most infamous crimes of the twentieth century.

This landmark book chronicles the development of a kind of photography that is created out of the energy and chance juxtapositions found in everyday life on the street. Street photography is

at the heart of what makes photography unique. An unprecedented study that is the first history of this tradition ever published, *Bystander* explores street photography through a discussion of the medium's masters - Atget, Stieglitz, Strand, Cartier-Bresson, Brassai, Kertesz, Evans, Levitt, Frank, Arbus, Winogrand, and many others - and reveals along the way much about the craft and creative process of photography. Profusely illustrated with the work of more than eighty photographers, the book is composed of four parts separated by lively folios of pictures. Each part discusses a different era - from the early days of the medium in nineteenth-century Europe, to America in the late twentieth century - and devotes entire chapters to the key figures of that period.

Of the three categories that Raul Hilberg developed in his analysis of the Holocaust—perpetrators, victims, and bystanders—it is the last that is the broadest and most difficult to pinpoint. Described by Hilberg as those who were “once a part of this history,” bystanders present unique challenges for those seeking to understand the decisions, attitudes, and self-understanding of historical actors who were neither obviously the instigators nor the targets of Nazi crimes. Combining historiographical, conceptual, and empirical perspectives on the bystander, the case studies in this book provide powerful insights into the complex social processes that accompany state-sponsored genocidal violence.

Winner of the Los Angeles Times Book Prize in History A bold and searing investigation into the role of white women in the American slave economy “Compelling.”—Renee Graham, Boston Globe “Stunning.”—Rebecca Onion, Slate “Makes a vital contribution to our understanding of our past and present.”—Parul Sehgal, New York Times Bridging women’s history, the history of the South, and African American history, this book makes a bold argument about the role of white women in American slavery. Historian Stephanie E. Jones-Rogers draws on a variety of sources to show that slave-owning women were sophisticated economic actors who directly engaged in and benefited from the South’s slave market. Because women typically inherited more slaves than land, enslaved people were often their primary source of wealth. Not only did white women often refuse to cede ownership of their slaves to their husbands, they employed management techniques that were as effective and brutal as those used by slave-owning men. White women actively participated in the slave market, profited from it, and used it for economic and social empowerment. By examining the economically entangled lives of enslaved people and slave-owning women, Jones-Rogers presents a narrative that forces us to rethink the economics and social conventions of slaveholding America.

"[A] fascinating account of the twisted threads of murder, ethnic violence and mob justice in 19th century Southern California." —Jill Leovy, author of *Ghettoside: A History of Murder in America*, in the Los Angeles Times Los Angeles is a city founded on blood. Once a small Mexican pueblo teeming with Californios, Indians, and Americans, all armed with Bowie knives and Colt revolvers, it was among the most murderous locales in the Californian frontier. In *Eternity Street: Violence and Justice in Frontier Los Angeles*, "a vivid, disturbing portrait of early Los Angeles" (Publishers Weekly), John Mack Faragher weaves a riveting narrative of murder and mayhem, featuring a cast of colorful characters vying for their piece of the city. These include a newspaper editor advocating for lynch laws to enact a crude manner of racial justice and a mob of Latinos preparing to ransack a county jail and murder a Texan outlaw. In this "groundbreaking" (True West) look at American history, Faragher shows us how the City of Angels went from a lawless outpost to the sprawling metropolis it is today.

#1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories of our time. “The kind of book that can be life-changing.” —The New York Times “Deserves a place on the same shelf with *The Diary of a Young Girl* by Anne Frank.” —USA Today DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.

'Street Photography Now' celebrates the work of 46 image-makers from across the globe. Included are such luminaries as Magnum grandmasters Gilden, Parr and Webb, as well as an international posse of emerging photographers. Four essays and quotes from interviews with the photographers are included--

Why do good people so often do nothing when a small intervention could make a big difference? Pioneering psychologist Catherine Sanderson demystifies the mindset of bullies and bystanders to show why courage comes at such a high cost, and how we can learn to be brave. We are bombarded every day by reports of bad behaviour: from sexual harassment to political corruption, from bullying to corporate greed. We believe these things are wrong or even evil, but in practice few of us choose to intercede. The Bystander Effect draws on the latest developments in psychology and neuroscience to explain why we act differently in groups than when we are alone; how slippery slopes begin and prosper; and where the dissonance lies between good intentions and real action. Sanderson answers the question of why otherwise good people can become bystanders to evil of any scale, and gives practical strategies for how to resist pressures and make change in our own lives. Courage, this book shows, is not a virtue we're born with or without. A bystander can learn to be brave.

Consists of images captured by Google Street View.

In this book, the authors explore and discuss the development of one of the most interesting and dynamic of photographic genres. Hailed as a landmark work when it was first published in 1994, *Bystander* is widely regarded by street photographers as the "bible" of street photography. It covers an incredible array of talent, from the unknowns of the late 19th century to the acknowledged masters of the 20th, such as Atget, Stieglitz, Strand, Cartier-Bresson, Brassai, Kertesz, Frank, Arbus, Winogrand, and Levitt to name just a few. In this new and fully revised edition, the story of street photography is brought up to date with a re-evaluation of some historical material, the inclusion of more contemporary photographers, and a discussion of the ongoing rise of digital photography.

"This official book of photographs houses the 50-year collection of the most iconic and beloved photographs taken by prolific fashion photographer Bill Cunningham, the King of Street Style. The iconic Bill Cunningham was known for wearing a blue work jacket and riding a bicycle around New York City as he captured cutting-edge street style (before street style was even a thing).

He took pictures for The New York Times from 1978 until his death in 2016 and wrote the beloved columns "On the Street" and "Evening Hours," which began in 1989. This book will be an oversized collection of Bill's hallowed photography--a mixture of published and unpublished--organized by decade with essays by and about Bill's muses and subjects like Anna Wintour, Cathy Horyn, Vanessa Friedman, and Ruth La Ferla. Every fashion lover and fashionista--from NYC and beyond--will have to add this book to their collection"--

Complicity is a ground-breaking examination of the legal culpability of the bystander told through the lens of the author's family experiences in the Holocaust. It provides an exploration of three distinct events: the death marches; the German occupation of Holland; and the German occupation of Hungary, all of which allow an in-depth discussion of the role of the bystander in varied circumstances. Through a narrative of his parents' stories, Amos Guiora, Professor of Law at the S.J. Quinney College of Law at the University of Utah, author, and former Lieutenant Colonel in the Israel Defense Fo.

Over the last seven years, Melissa O'Shaughnessy has photographed daily on the streets of New York. As one of a growing number of women street photographers contributing to this dynamic genre, O'Shaughnessy enters the territory with clarity and a distinctly humanist eye, offering a refreshing addition to the tradition of street photography. Through her curious and quirky vision, we witness the play of human activity on the glittering sidewalks of the city. Woven into her cast of characters are the lonely, the soulful, and the proud. She has fallen for them all--perfect strangers.

A kidnapped boy! A terrified blonde! A fortune in stolen pearls! Hardboiled Max Thursday, on-time private eye, had given up being a detective. But when the kidnapped boy turned out to be his own son and the frightened blonde his beautiful ex-wife, Max went into action with blazing fury in his heart. In four of the most hectic and hazardous days of his career Max got himself shot at, beaten up, and accused of murder before he caught a kidnapper, solved a puzzle in pearls and dealt out justice to a guilty bystander!

A fascinating celebration of street photography features works by such renowned masters as Atget, Stieglitz, Cartier-Bresson, and Robert Frank, as well as unknown photgraphers, and is filled with detailed text that chronicles the history of this energetic movement. Reprint. 10,000 first printing.

When sixteen-year-old Rashad is mistakenly accused of stealing, classmate Quinn witnesses his brutal beating at the hands of a police officer who happens to be the older brother of his best friend. Told through Rashad and Quinn's alternating viewpoints.

Hostage. Nine-year-old Freda trapped in a restaurant with a fanatic and his gun. Survivor. No parents to protect her, two men dead. Ten years later. Live by the rules: keep yourself small, don't let them ask you questions. A dead man's words... 'Are you living a good life, Freda?' The answer lies in hunting down the ghosts of the past. Gripping and moving, The Song of an Innocent Bystander is a novel you won't easily forget.

The first and only career retrospective of the renowned and influential American photographer Joel Meyerowitz, one of today's masters of photography A deluxe two-volume book presented in a slipcase, featuring high quality reproductions, gatefolds and special inserts with new work Over 550 photographs, beautifully edited and sequenced by Meyerowitz, provide a chronological record of his evolution as an artist as his work defined the emergence of colour photography Includes landmark and previously unpublished photographs, including his seminal 1960s street photographs in New York, 1970s Cape Cod seascapes and photographs of St Louis and his unparalleled documentation of Ground Zero Introduction charts Meyerowitz's development and sets his work within a broader context of the history of photography Meyerowitz's own writings provide context, anecdotes and instructive commentary on the photographer's motivations, influences and defining images for a uniquely personal insight BystanderA History of Street PhotographyLaurence King Publishing

Now and then, we hear about everyday heroes riding to the rescue when they see someone suffering or being harassed. But most bystanders don't intervene. Catherine Sanderson turns to cutting-edge research in social psychology and neuroscience to explain why we so often fail to act and offers practical strategies to nudge us into being brave. NEW YORK TIMES BESTSELLER • A riveting, true-life legal thriller about the government's pursuit of billionaire hedge fund manager Steven Cohen and his employees at SAC Capital—a revelatory look at the power and wealth of Wall Street ONE OF THE BEST BOOKS OF THE YEAR—The New York Times and The Economist • “An essential exposé of our times—a work that reveals the deep rot in our financial system . . . Everyone should read this book.”—David Grann, author of Killers of the Flower Moon Steven A. Cohen changed Wall Street. He and his fellow pioneers of the hedge fund industry didn't lay railroads, build factories, or invent new technologies. Rather, they made their billions through financial speculation, by placing bets in the market that turned out to be right more often than not. Cohen was revered as one of the greatest traders who ever lived. But that image was shattered when his fund, SAC Capital, became the target of a seven-year government investigation. Prosecutors labeled SAC a “magnet for market cheaters” whose culture encouraged the relentless pursuit of “edge”—and even “black edge,” which is inside information—and the firm was ultimately indicted and pleaded guilty to charges related to a vast insider trading scheme. Cohen, himself, however, was never charged. Black Edge raises urgent and troubling questions about those who sit at the pinnacle of high finance and how they have reshaped the economy. Finalist for the New York Public Library's Helen Bernstein Book Award for Excellence in Journalism • Longlisted for the Andrew Carnegie Medal for Excellence in Nonfiction and the Financial Times and McKinsey Business Book of the Year Award

After his pregnant wife is senselessly killed in a clash between the mysterious super-powered 'costumes', ex-Navy SEAL Jon Hayes fights to discover the truth about their identity and origins. For Jon Hayes, the super-powered 'costumes' are just part of ordinary life in New York City, until the day his pregnant wife Melanie is senselessly killed in a clash between Captain Light and The Jade Shade. But as Hayes struggles to come to terms with his loss, and questions for the first time who the costumes are and where they come from, the once sharp lines of his reality begin to blur... If Hayes wants to uncover the shocking truth about the figures behind the costumes, and get justice for his fallen family, he'll have to step out of the background, and stop being a bystander. File Under: Superhero Fantasy [It's Clobberin' Time | Hayes One | Panel Beater | No Capes]

Keeping Them Off The Streets is a remarkable account of over forty years' experience in the field of youth work. It recounts not just personal experience but also reflects on the policy changes that have accompanied successive governments and new developments in sociological research, their efficacy and implications. It tracks Tim Caley's career from Sheffield housing estate through the challenges of delivering a successful youth service at a County Level, the world of the Ofsted inspector, and finally a much sought-after private consultant in the youth services field. The book provides a new and original perspective on its subject matter. It combines sound research and intellectual analysis with a

personal memoir of the issues facing teenagers, then and now. It is a mixture of policy, personality and practice. Its author writes from the prism of wide personal experience: as a teacher, youth club leader, detached youth worker, County Youth Officer, Ofsted inspector, management consultant and government special adviser. But the book is not an academic study: it fills a gap in the literature between university academic-led policy essays and theories and the many disparate publications on local practice or organisational history. It is hugely readable - using humour, anecdote and characters to illuminate its messages. Its aim is to inspire, challenge and remind its audience of the benefits and continued importance of work with young people. It is thought-provoking, easy-to-read yet written with eloquence and passion throughout.

The changing role of the spectator in contemporary performance art

This visually arresting book journeys across the world to present the most candid, immediate, and provocative images captured by the biggest names in street photography from its inception to today. Now available in paperback, this extensive collection of the world's best street photography captures daily life in every corner of the globe. From pre-war gelatin silver prints to 21st-century digital images, from documentary to abstract, from New York's Central Park to a mountain city in Mongolia, these photographs reveal the many ways street photography moves, informs, and excites us. The book includes work by the likes of Margaret Bourke-White, Henri Cartier-Bresson, Joel Meyerowitz, Gordon Parks, André Kertész, Garry Winogrand, Roger Mayne, and other masters of street photography who pushed the genre's boundaries and continue to innovate today. Each exquisitely reproduced photograph is accompanied by an informative text which reveals the story behind the image. David Gibson's insightful introduction traces the history of street photography, reflects on its broad appeal, and looks toward the future of the genre.

There is no such thing as neutral. According to the Ambassadors 4 Kids Club, one out of every four students is bullied—and 85% of these situations never receive intervention. Parents, students, and teachers alike have amped up the discussion of how to solve the bullying problem for a networked generation of kids. Written by bestselling author, Nancy Rue, each book in the Mean Girl Makeover trilogy focuses on a different character's point of view: the bully, the victim, and the bystander. Each girl has a different personality so that every reader can find a character she relates to. The books, based on Scripture, show solid biblical solutions to the bullying problem set in a story for kids. So Not Okay, the first book in the series, tells the story of Tori Taylor, a quiet sixth grader at Gold Country Middle School in Grass Valley, California. Tori knows to stay out of the way of Kylie, the queen bee of GCMS. When an awkward new student named Ginger becomes Kylie's new target, Tori whispers a prayer of thanks that it's not her. But as Kylie's bullying of Ginger continues to build, Tori feels guilty and tries to be kind to Ginger. Pretty soon, the bullying line of fire directed toward Ginger starts deflecting onto Tori, who must decide if she and her friends can befriend Ginger and withstand Kylie's taunts, or do nothing and resume their status quo. Tori's decision dramatically changes her trajectory for the rest of the school year.

"Vividly transforms Ms. Genovese from an iconic urban martyr to a three-dimensional protagonist in a case that transformed the criminal justice system." —Sam Roberts, New York Times In 1964 Catherine "Kitty" Genovese was brutally stabbed to death on her front stoop in plain view of numerous witnesses. Her sensational case provoked an anxious outcry and became the stuff of urban legend. Kevin Cook's "provocative" (Wall Street Journal) investigation upends the simple story we thought we knew. His unprecedented minute-by-minute reconstruction of the crime shatters the fable of the 38 passive witnesses—a myth perpetuated by the New York Times, movies, TV programs, and countless psychology textbooks. For the first time, Cook introduces us to a neighbor who did intervene, and he brings to life a vibrant and charismatic Kitty, working (and dancing) her way through the colorful, fast-changing New York of the '60s.

A psychologist looking for closure after her horrific kidnapping. An untested detective desperately seeking to prove himself. And a killer who could be anyone... Raine Walsh has escaped the Warden, but the ghosts of her wrongful incarceration still haunt her. While she has her freedom, many of the innocent people she was captive with do not, and as time passes, Raine becomes more and more concerned the Warden will never be found and brought to justice. Detective Jonah Heely's first case is a chilling echo of the Kitty Genovese murder from 1964. Despite the victim being killed near plenty of witnesses, Jonah has no leads. Worse, it's soon clear he's tracking a serial killer, and time is running out for the killer's next victims. Noticing similarities between this string of new murders and Raine's unsolved kidnapping case, and with his job on the line, Jonah turns to Raine for help. Raine seizes the opportunity to help in order to keep the hunt for the Warden alive. Together, she and Jonah must find the killer before he strikes again. But it's hard to catch a killer who uses the bystander effect to their advantage... and who may be closer to both of them than either could imagine... The Bystander Effect is the second book in the Mastermind Murderers series. If you like haunting, heart-pounding, edge-of-your-seat thrillers, then you'll love this psychological thrill ride from Kristin Helling.

King Edward and his hardbitten General's yea and nay was smooth-sailing, but betrayed by anger and revenge. Prince Andor and Princess Victoria's love was that of first sight, and they fell deeply in it. The beloved Prince did everything he could to stop her from joining her friends to war against England, but the Princess was hell-bent on that. Unknown to him, she was even pregnant, but for who? Most of the greatest losses and victories in life do not come with deafening hubbub; sometimes, not even with a clank; they mostly whisper their ways through to accomplishment. He who chuckled at yells, threats, and jangles of swords and breastplates; he who smiled at the gloomiest of futures, and built his tent amid hunger, shame, negligence, and terror, the same is the bystander.

"Explores the roots and repercussions of the infamous killing of Eric Garner by the New York City police"--

A New York Times bestseller! Written in a flowing narrative style, *Kitty Genovese: A True Account of a Public Murder and Its Private Consequences* presents the story of the horrific and infamous murder of Kitty Genovese, a young woman stalked and stabbed on the street where she lived in Queens, New York, in 1964. The case sparked national outrage when the New York

Times revealed that dozens of witnesses had seen or heard the attacks on Kitty Genovese and her struggle to reach safety but had failed to come to her aid—or even call police until after the killer had fled. This book, first published in 2014 and now with a new afterword, cuts through misinformation and conjecture to present a definitive portrait of the crime, the aftermath, and the people involved. Based on six years of research, Catherine Pelonero's book presents the facts from police reports, archival material, court documents, and firsthand interviews. Pelonero offers a personal look at Kitty Genovese, an ambitious young woman viciously struck down in the prime of her life; Winston Moseley, the killer who led a double life as a responsible family-man by day and a deadly predator by night; the consequences for a community condemned; and others touched by the tragedy. Beyond just a true-crime story, the book embodies much larger themes: the phenomenon of bystander inaction, the evolution of a serial killer, and the fears and injustices spawned by the stark prejudices of an era, many of which linger to this day.

Where I Find Myself is the first major single book retrospective of one of America's leading photographers. It is organized in inverse chronological order and spans the photographer's whole career to date: from Joel Meyerowitz's most recent picture all the way back to the first photograph he ever took. The book covers all of Joel Meyerowitz's great projects: his work inspired by the artist Morandi, his work on trees, his exclusive coverage of Ground Zero, his trips in the footsteps of Robert Frank across the US, his experiments comparing color and black and white pictures, and of course his iconic street photography work. Joel Meyerovitz is incredibly eloquent and candid about how photography works or doesn't, and this should be an inspiration to anyone interested in photography.

The definitive story of one American family at the center of a single, shocking act of international terrorism that "manages to capture the essence of the Israeli-Palestinian conflict" (Dan Ephron). On October 3, 1985, Leon Klinghoffer, a disabled Jewish New Yorker, and his wife boarded the Achille Lauro to celebrate their 36th wedding anniversary with a Mediterranean cruise. Four days later, four Palestinian fedayeen hijacked the Italian luxury liner and took the passengers and crew hostage. Leon Klinghoffer was shot in the head, his body and wheelchair thrown overboard. His murder became a flashpoint in the intractable struggle between Israelis and Arabs and gave Americans a horrifying preview of what it means when terrorism hits home. In this richly reported book, drawing on multiple perspectives, Julie Salamon dispels the mythology that has grown around that shattering moment. What transpired on the Achille Lauro left the Klinghoffer family in the grip of irredeemable sorrow, while precipitating tragic reverberations for the wives and sons of Abu al-Abbas, the Palestinian mastermind behind the hijacking, and the family of Alex Odeh, a Palestinian-American murdered in Los Angeles in a brutal act of retaliation. Through intimate interviews with almost all living participants, including one of the hijackers, Julie Salamon brings alive the moment-by-moment saga of the hijacking and the ensuing U.S.-led international manhunt; the diplomatic wrangling between the United States, Egypt, Italy, and Israel; the long agonizing search for justice; and the inside story of the controversial opera about the Klinghoffer tragedy that provoked a culture war. An Innocent Bystander is a masterful work of journalism that moves between the personal and the global with the pace of a geopolitical thriller and the depth of a psychological drama. Throughout lies the tension wrought by terrorism and its repercussions today.
