What were young conservatives doing in the 1960s while SDS and SNCC were working to move the political center to the left? The Other Side of the Sixties offers a gripping account of Young Americans for Freedom (YAF), an organization that became a leading force in promoting conservative ideas and that helped lay the groundwork for today's conservatism. John Andrew has mined unique archival material to document YAF's efforts to form a viable organization, define a new conservatism, attack the liberal establishment, and seize control of the Republican party, all while battling voter hostility and internal factionalism. The author also uncovers the Kennedy administration's use of the IRS to subvert YAF and other right-wing organizations through tax audits and investigations. By painting a more balanced portrait of political thinking in the sixties, Andrew offers a new and much needed look at the ideological atmosphere of a vibrant decade.

This is a manual for collectors, sellers and the curious with over 630 full-color photos of Culver glassware patterns, including those of 132 patterns identified by original pattern name – most with known years of production. The manual also includes common hardware sold with Culver glassware and barware sets, tips for the care and maintenance of Culver glassware, advice on shipping glass, unknown names and dates of verified Culver patterns featuring animals, glass jewel-studs, holiday themes, maritime themes, people & places, plants, fruits & vegetables and miscellaneous others. The manual also has information about Culver glassware shapes/pieces and types of Culver beverage glasses. Vintage Culver advertizing and sales-catalog print images are found throughout.

"This manual, the first of its kind focused on district nursing, provides the means to build competence and confidence in nurses new to the community, or developing their skills. The comprehensive and evidence-based content provides essential information for competence in key areas of district nursing." —From the Foreword, by Rosemary Cook CBE, Hon D Lett, MSc, PG Dip, RGN Director, The Queen's Nursing Institute Clinical skills are a fundamental aspect of district nursing care. The District Nursing Manual of Clinical Procedures is a practical, evidence-based manual of clinical skills which reflects the unique challenges of district nursing care within the patient's home. It provides a comprehensive resource for all district nurses, community nurses, students and healthcare professionals involved in the district nursing team, enabling them to practice competently and confidently and deliver clinically effective, person-centred care. The District Nursing Manual of Clinical Procedures addresses the complexity of district nursing care and encompasses key aspects of clinical practice, including decision making in areas that district and community nurses often struggle with or find difficult when they are on their own in a patient's home. It utilises the latest clinical research and expert clinical knowledge to address these challenges, and to provide the underlying theory and evidence for district nursing care. Key features Evidence-based manual of practical clinical skills in district nursing care Clear, user-friendly and easy to understand Contains recommendations for expert care within a patient's own home Addresses key concerns of district and community nurses working on their own within a patient's home Encompasses key aspects of district nursing care Placed in the context of person-centred care All procedures include the rationale for each action - 'why' as well as 'how' This title is also available as a mobile App from MedHand Mobile Libraries. Buy it now from iTunes, Google Play or the MedHand Store.

Thirty years ago, Alan, Patrick, and Guinevere-"the Trio"-became the best of friends while stealing from Checker's Casual Cafe, the busiest restaurant in town. But the trio didn't just take money-what happened in '91 was no less than diabolical. Cicadas attacked customers, out-of-hand pranks collapsed the kitchen ceiling, and the Phantom of the Restaurant brought havoc to the dining room-all against a background of blaring eighties music. Sharon Donovan, the restaurant's general manager, was literally ready to kill someone when police were finally called. Fifteen years later, Guinevere is mortally wounded in a horrific car accident. As Alan and Patrick rush to her side, her deathbed confession is chilling: "The worst thing about my depression is that it has a sense of humor." In her dying breath, Gwen asks Alan to take care of Stephanie, her teenage daughter-"As you once took care of me, when we all worked together at Checker's." And as Steph brings back memories of the best time in his life, Alan makes a very bad decision... But karma is a bitch, and Patrick's arrest on returning to his Nevada home makes national news. His frantic cry for help sends Alan and Stephanie on a cross-country trip-where evidence reveals a disturbing connection between the Trio that began years before Checker's. It's eerie how current events mirror those from decades ago, and past-and-present stories play out side by side. Without Alan's help, Patrick will go to prison...but as Sharon Donovan learned the hard way, it's often those you trust the most who

blindsided you with their behaviors... No matter how far you run, the past will always catch up with you. And once it does, it will serve a dish best cold.
