

Cambridge Checkpoint Past Papers English Year 6

5 full tests fully aligned with the revised Cambridge IGCSE First Language English 2020 syllabus. Ideal for use in the final year of the Cambridge IGCSE First Language English course, this book provides scaffolded support for students approaching the examination. The book contains five full examination papers organised by task type, accompanied by model and sample responses, mark schemes, examiner grades and comments, learning and exam strategy training, and examiner tips.

The Primary Checkpoints series is designed to provide ready-made stimulating activities. Familiarises students with a variety of assessment formats, such as, NAPLAN* Thematic units of work covering areas of the curriculum such as reading; language conventions and numeracy to provide students with solid and relevant practice towards assessment tasks at the appropriate Primary level. Each unit of work contains:

- a text type, based on a theme that is relevant to the age and ability level of the student
- reading comprehension
- language convention
- numeracy including mental arithmetic questions and problem solving

Each of the units also includes motivation or encouragement pages in which students complete tasks related to other curriculum areas such as:

- science
- geography
- history
- health
- nutrition and fitness
- social issues

Four Checkpoint Units to be completed in a 'test-like' or as a self-assessment activity. A removable answers insert.

This volume has three sections, covering biology, physics and chemistry, so teachers can still teach the three sciences separately if they prefer. The introductory chapter includes a new section on scientific enquiry, reflecting the focus of the new framework.

and beyond.

Facilitates effective revision practice, in the classroom and at home, for the Cambridge Primary Checkpoint Test.

Already upset by her parents divorce, an eleven-year-old girl finds matters just get worse when she helps hide a boy who immigrated to England illegally.

Practical Faster Reading provides the basis for a reading improvement course lasting a total of 30 class hours and has proved popular with students and teachers in a variety of settings. Thirty passages covering a wide range of topics of general interest and accompanying exercises give practice in the reading skills needed at upper-intermediate and more advanced levels. Substantial increases in reading speed are usually attained with improvements in comprehension and vocabulary. The full answer key for self-checking also makes this useful for the student working alone.

Cambridge Primary Science is a flexible, engaging course written specifically for the Cambridge Primary Science curriculum framework. This Activity Book for Stage 4 contains exercises to support each topic in the Learner's Book, which may be completed in class or set as homework. Exercises are designed to consolidate understanding, develop application of knowledge in new situations, and develop Scientific Enquiry skills. There is also an exercise to practise the core vocabulary from each unit.
