This handbook for teachers provides both practical, up-to-date guidance and a theoretical overview on a number of key topics in Latin teaching. Using a wealth of interviews, observations and pupil transcripts, Steven Hunt title utilizes case-study evidence of excellent practice in teaching and learning from a wide variety of institutions: from outreach programmes, community schools and academies in the UK, to New York Charter Schools, KIP schools and schools in Eastern Seaboard states in the USA. Offering practical advice on topics such as essay writing, teaching controversial topics including women, slavery, ethnicity and social hierarchy, making use of primary sources and using ICT to advance language skills, the book also engages with broader questions of approach and theory. This collection of ancillary Latin narrative passages is intended to supplement the Cambridge Latin Course, and can be used to provide extra practice in translation and/or comprehension, or to provide material for evaluation purposes on tests and examinations. The stories have served both purposes in the classes for which they have been composed over the last 20 years. The Cambridge Latin Course is successful in its avowed aim to prepare students to read and understand Latin, mainly because its stories are so interesting that students want to be able to read them. That success, however, poses a challenge to the teacher/evaluator. To measure a student's success in achieving the Course's primary aim, the student has to be asked to translate or answer comprehension questions "at sight" on a connected passage of Latin. The *Fabulae Ancillantes* answer this need, providing passages that are in line with the Cambridge Latin Course, yet are new to the student.
