Russell Brand grew up in Essex. His father left when he was three months old, he was bulimic at 12 and left school at 16 to study at the Italia Conti stage school. There, he began drinking heavily and taking drugs. He regularly visited prostitutes in Soho, began cutting himself, took drugs on stage during his stand-up shows, and even set himself on fire while on crack cocaine. He has been arrested 11 times and fired from 3 different jobs – including from XFM and MTV – and he claims to have slept with over 2,000 women. In 2003 Russell was told that he would be in prison, in a mental hospital or dead within six months unless he went in to rehab. He has now been clean for three years. In 2006 his presenting career took off, and he hosted the NME awards as well as his own MTV show, 1 Leicester Square, plus Big Brother's Big Mouth on Channel 4. His UK stand-up tour was sold out and his BBC Radio 6 show became a cult phenomenon, the second most popular podcast of the year after Ricky Gervais. He was awarded Time Out's Stand Up Comedian of the Year and won Best Newcomer at the British Comedy Awards. In 2007 Russell hosted both the Brit Awards and Comic Relief, and continued to front Big Brother's Big Mouth. His BBC2 radio podcast became the UK's most popular. Russell writes a weekly football column in the Guardian and is the patron of Focus 12, a charity helping people with alcohol and substance misuse.

Camp David Penguin UK

The hilarious, heart-warming and tear-jerking memoir from one of Britain's best-loved comedians and actors, Matt Lucas. Hello there. Welcome to my autobiography. Throughout this book I talk about my life and work, including Little Britain, Come Fly With Me, Bridesmaids, Les Misérables, Alice In Wonderland and, of course, Shooting Stars. The thing is, this is a bit different to most memoirs you may have read, because it comes in the form of an A-Z. For instance, B is for Baldy! - which is what people used to shout at me in the playground (not much fun), G is for Gay (because I'm an actual real life gay) and T is for the TARDIS (because I'm a companion in Doctor Who now). You get the sort of thing. Anyway I hope you buy it at least twice. Thank you.

As well as giving a specific account of every single time he's scored some smack, this disgusting memoir also details: the singular, pitbull-infested charm of the FRP ('Flat Roofed Pub') the curious French habit of injecting everyone in the arse rather than the arm why, by the time he got to Cambridge, he really, really needed a drink the pain of being denied a childhood birthday party at McDonalds the satisfaction of writing jokes about suicide how doing quite a lot of walking around London helps with his sciatica trying to pretend he isn't a total \*\*\*\* at Robert Webb's wedding that he has fallen in love at LOT, but rarely done anything about it why it would be worse to bump into Michael Palin than Hitler on holiday that he's not David Mitchell the novelist. Renowned journalist Nell Frizzell explores what happens when a woman begins to ask herself: should I have a baby? We have descriptors for many periods of life—adolescence, menopause, mid-life crisis, quarter-life crisis—but there is a period of profound change that many women face, often in their late twenties to early forties, that does not yet have a name. Nell Frizzell is calling this period of flux "the panic years," and it is often characterized by a preoccupation with one major question: should I have a baby? And from there—do I want a baby? With whom should I have a baby? How will I know when I'm ready? Decisions made during this period suddenly take on more weight, as questions of love, career, friendship, fertility, and family clash together while peers begin the process of coupling and breeding. But this very important process is rarely written or talked about beyond the clichés of the "ticking clock." Enter Frizzell, our comforting guide, who uses personal stories from her own experiences in the panic years to illuminate the larger social and cultural trends, and gives voice to the uncertainty, confusion, and urgency that tends to characterize this time of life. Frizzell reminds us that we are not alone in this, and encourages us to share our experiences and those of the women around us—as she does with honesty and vulnerability in these pages. Raw and hilarious, *The Panic Years* is an arm around the shoulder for every woman trying to navigate life's big decisions against the backdrop of the mother of all questions.

The true story of one of the most devastating wildfires in Australian history and the search for the man who started it. On the scorching February day in 2009, a man lit two fires in the Australian state of Victoria, then sat on the roof of his house to watch the inferno. What came to be known as the *Black Saturday* bushfires killed 173 people and injured hundreds more, making them among the deadliest and most destructive wildfires in Australian history. As communities reeling from unspeakable loss demanded answers, detectives scrambled to piece together what really happened. They soon began to suspect the fires had been deliberately set by an arsonist. The Arsonist takes readers on the hunt for this man, and inside the puzzle of his mind. But this book is also the story of fire in the Anthropocene. The command of fire has defined and sustained us as a species, and now, as climate change normalizes devastating wildfires worldwide, we must contend with the forces of inequality, and desperate yearning for power, that can lead to such destruction. Written with Chloe Hooper's trademark lyric detail and nuance, *The Arsonist* is a reminder that in the age of fire, all of us are gatekeepers.

Stella is determined not to enjoy her time at summer camp while her mum and new stepfather are on holiday, but finds herself having rather more of a good time than she expected.

Written together with friend and journalist Boyd Hilton, this is a look at a year in the lives of Matt Lucas and David Walliams—the good, the bad, the mundane, and the monumental. The year covered includes a mammoth nine-month Spinal Tap-esque tour where "Little Britain" goes in search of Great Britain. This milestone book offers an unrivaled close-up of a classic British comedy act, as it happens, at the height of its powers. But it is also a journey into their pasts, reflecting on how they achieved their success. It covers their childhoods, family life, and early comedy performances as they found their feet; their complex friendship and working relationship; and the increasingly insane world they now inhabit. Mixing memoir and travelogue to paint an engrossing portrait of fame and comic genius, "Inside Little Britain" is a candid look inside the celebrity bubble in all its glamour and awfulness. Introduces preschoolers to the concept of the five senses as Baby David begins to explore the world around him by banging on drums, smelling strange scents, and petting the dog in order to experience things in his own special way.

So... the story of my life. I've often thought about this moment, about what it would be like to write my memoirs. I always thought it would make me feel important. It doesn't. If anything it makes me feel a little strange. The truth is, I should never have been this famous guy. I wasn't the cool, clever, good-looking boy at school. But I always dreamt of it, hoped for it, longed for it: throughout school when I was disruptive, in my teens when I tried to form my own boy band and through hundreds of auditions for parts which were met with constant rejection. Until finally I co-wrote Gavin and Stacey. And my whole life changed. This is that story. The story of how I found myself here, talking to you.
