

Canadian Business Law Second Edition

Contemporary Canadian Business Law Principles and Cases Canadian Business Law Instructor's Manual to Accompany Contemporary Canadian Business Law : Principles and Cases Fundamentals of Canadian Business Law Ingram Insurance Law is an in-depth updated reference source concerning all aspects of insurance law in the industrialized countries of the world. Using the same comprehensive format as the other International Encyclopaedia of Laws publications, this set on insurance law includes general background information and specific country law in each national monograph. In addition to national monographs, Insurance Law contains a Codex with the basic legislation, which the European Union, the European Economic Area and the Swiss Confederation have adopted with regard to private insurance. Forthcoming international monographs will examine European Community Insurance as well as the roles of prominent associations such as AIDA (Association Internationale de Droit des Assurances), BIPAR (Bureau International des Producteurs d'Assurances et de Riassurances) and C.E.A. (Comite Europeen des Assurances). For detailed information on all volumes of the Encyclopaedia, please visit: www.IELaws.com To see the online content for this loose-leaf on KluwerLawOnline, click here IMPORTANT People without a subscription can now purchase the chapter(s) of the loose-leaves. Simply go to the chapter of your choice, click on BUY and use your credit card (VISA or MasterCard) to complete your order.

First published in 1997. Routledge is an imprint of Taylor & Francis, an informa company.

This accessible and practical reference provides an overview of the essential features of the law governing business organisations in Canada. Tony VanDuzer discusses both the internal and external functions and relationships of business organisations, and the laws that govern them. The book is a comprehensive and up-to-date guide for practitioners and business people setting up and using sole proprietorships, partnerships, and corporations in Canada. As well, it provides students with a thorough introduction to the theory and practice of corporate and partnership law.

Birth to Buyout spins forward on the story of two cubicle workers who make a run for entrepreneurship just as big corporate culture is closing in, all with the help of their corporate lawyer (if you just want the law, you can skip the story pages). Birth to Buyout was written to be an easy-to-follow guide to business law. That's why: * All explanations are in plain English * Charts and diagrams are used to make the law clear * The book celebrates American entrepreneurship and how it can truly set you free

"Canadian Business Law: An Alberta Perspective provides a comprehensive overview of business law through a legal risk management perspective. Readers will gain a working knowledge of key concepts across multiple areas of law, including torts, contracts, consumer protection, employment, property, debtor-creditor, and more."--

Smyth/Soberman/Easson/McGill is the leader in this market, presenting a comprehensive overview of traditional and current business law topics in a readable, practical yet thorough format. Note: If you are purchasing an electronic version, MyBusLawLab does not come automatically packaged with it. To purchase MyBusLawLab, please visit MyBusLawLab or you can purchase a package of the physical text and MyBusLawLab by searching for ISBN 10: 0132916304 / ISBN 13: 9780132916301.

The key words for this text are: "clear, concise and relevant". Most students taking this course are not going to be lawyers and therefore the emphasis is on a strong business orientation. Key features and competitive advantages include additional core topics such as risk management, negligence, and intellectual property. Case material has also been integrated into each chapter to illustrate the key topics and is presented in summary format as well as in hypothetical examples. Numerous features within the text demonstrate business law to students in a real world context. This text will assist and guide the entrepreneurial student who is aiming to start a business and needs the legal knowledge to avoid pitfalls.

"Child and Youth Protection and Canadian Law, 2e is a thoroughly revised and updated revision of the Child Protection

and Canadian Law 1e, and reflects the recent introduction of Ontario's new Child, Youth and Family Services Act, 2017"--
AutoCAD 2015 for Interior Design and Space Planning helps students understand the commands and features of AutoCAD 2015 and demonstrates how to use the program to complete interior design and space planning projects. Covering both two- and three-dimensional drawings, the text provides abundant exercises that walk students step-by-step through the use of AutoCAD prompts and commands. Using numerous illustrations, the text captures the essence of this powerful program and the importance it plays in the interior design, architecture and space planning professions. Features include: · Covers new AutoCAD 2015 interface · Progresses from basic commands to complex drawing exercises. · Provides over 100 exercises and projects. · Highlights seven projects appropriate for interior design, space planning and architecture students. · Includes coverage of the AutoCAD DesignCenter · Covers solid modeling in two chapters

Promoting a 'learning-by-doing' approach to comparative contract law and comparative methodology, this updated second edition of Comparative Contract Law updates the first true student reader on the subject. Bringing together extracts from legislation and court practice this textbook lets students experience comparative law in action, and presents a unique guide to European and International contract law.

With contributions from experts across the country, this practical guide outlines all aspects of commercial lending laws in all 50 states and Canada. Designed to save lawyers countless hours of research time by including the relevant information in a complete, two-volume set.

Breen/Ellis/Stephenson Canadian Business Law Today, First Edition, is an exciting new ground up product specifically designed for Canadian college courses, or for instructors that want concise business law coverage. Fundamental topics of Canadian business law such as the court and legal system, tort law, contract law, employment law, property law, and business organization are introduced and discussed. With an emphasis on active learning to engage students, Canadian Business Law Today contains current Canadian examples, legal scenarios, and case studies, along with comprehensive instructor resources to suit a variety of teaching and learning styles.

This new edition of Kevin McGuinness's widely cited treatise on corporate law covers the wealth of case law and legislative changes since 1999. Discover how major corporate scandals and amendments to the Canadian Business Corporations Act and Ontario Business Corporations Act have impacted the way your clients operate-and what your new responsibilities involve. Canadian Business Corporations Law, formerly known as The Law and Practice of Canadian Business Corporations, combines all commentary and analysis into a convenient, user-friendly volume that you can easily bring to court or the boardroom. This text gives business law instructors the flexibility to deal with all of the topics, to customize their course by supplementing it with additional material, and/or to concentrate on an area of specialization.

Thoroughly revised, plain-language explanations of legal issues that impact today's practicing engineers This fully updated guide helps engineers navigate the complicated legal issues they encounter in their work. The book focuses on Canadian engineering practices and discusses the latest international rules and regulations. Contracts, liability issues, and intellectual property and tax laws are covered in full detail. Written by a recognized expert in the field, Law for Professional Engineers: Canadian and Global Insights, Fifth Edition features concise, easy-to-understand explanations of the legal issues that impact engineering. You will get relevant examples from Canadian case law that demonstrate real-world applications of each legal concept. The book provides practical advice that will help engineers navigate the complexities of international projects, whether they are based in Canada, in the U.S., or anywhere else in the world. •Cuts out the legalese and explains concepts from an engineer's perspective•Includes expanded coverage of engineering ethics•Written by an expert on international construction law and dispute resolution "The textbook is an overview of Canada's legal system, meets LSO guidelines, and will serve as a comprehensive, all-in-one resource aimed at colleges and universities."--Résumé de l'éditeur.

This succinct, accessible text written in plain language, is ideal for business students in college and university, who are looking to gain an understanding of business law principles. This book also provides a handy guide for lawyers, law clerks and paralegals who need to know about business law. The book will help recognize and avoid legal risks that affect businesses and consumers on a daily basis. Broken down into ten short chapters, for easy assimilation and to reflect a teaching term, Business Law in Ontario, 2nd Edition encapsulates the basic principles, with practical examples, and self-test questions to test the reader's understanding. New In This Edition: Revised commentary to help simplify understanding of the subject matter ; New material on pleadings and the litigation process ; Updated commentary on the Duty of Honest Performance and Vicarious Liability ; New section on Co-operative Corporations ; Revised chapters on Intellectual Property and Torts. -- Publisher's website.

Appropriate for one-semester courses in Administrative Law at both college and university levels. Legal concepts and Canadian business applications are introduced in a concise, one-semester format. The text is structured so that five chapters on contracts form the nucleus of the course, and the balance provides stand-alone sections that the instructor may choose to cover in any order. We've made the design more reader-friendly, using a visually-appealing four-colour format and enlivening the solid text with case snippets and extracts. The result is a book that maintains the strong legal content of previous editions while introducing more real-life examples of business law in practice.

The most comprehensive and interdisciplinary anthology of corporate law material available, this reader reflects the enormous changes that have occurred in business organization and legal scholarship since the hostile takeover was introduced in the 1980s. The second edition has both completely revised and expanded the material covered in the first edition. New and revised topics

include capital markets, agency theory, behavioral economics, state competition for corporate charters, boards of directors, shareholder voting rights, executive compensation, activist investors, takeovers, securities regulation and comparative corporate governance.

A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

Canada Business Law Handbook - Strategic Information and Basic Laws

Caribbean Business Law breaks away from the traditional English approach of treating business law primarily as the law of contract and agency. It provides a broad overview of the foundation of various legal systems and goes on to examine the various areas of legal liability that may impact on business activities. These areas include tort law, criminal law, internet law and payment in business transactions. Specifically, the book targets the development of business law in several Commonwealth jurisdictions, including Canada and Australia, but with special focus on legal developments in Commonwealth Caribbean countries. The approach of the book is to present excerpts from judgments, so as to enable students to understand legal principles as espoused by the judiciary without the filtering bias of authors. This new title is essential reading for students taking LLB and Business Degree courses in the Caribbean and other Commonwealth jurisdictions.

Derived from the renowned multi-volume International Encyclopaedia of Laws, this convenient volume provides comprehensive analysis of the law affecting the physician-patient relationship in Canada. Cutting across the traditional compartments with which lawyers are familiar, medical law is concerned with issues arising from this relationship, and not with the many wider juridical relations involved in the broader field of health care law. After a general introduction, the book systematically describes law related to the medical profession, proceeding from training, licensing, and other aspects of access to the profession, through disciplinary and professional liability and medical ethics considerations and quality assurance, to such aspects of the physician-patient relationship as rights and duties of physicians and patients, consent, privacy, and access to medical records. Also covered are specific issues such as organ transplants, human medical research, abortion, and euthanasia, as well as matters dealing with the physician in relation to other health care providers, health care insurance, and the health care system. Succinct and practical, this book will prove to be of great value to professional organizations of physicians, nurses, hospitals, and relevant government agencies. Lawyers representing parties with interests in Canada will welcome this very useful guide, and academics and researchers will appreciate its comparative value as a contribution to the study of medical law in the international context.

This treatise on Canadian intellectual property law, written by members of the I.P. practice group of Stikeman, Elliott, is a comprehensive source for answering many of the I.P. questions that arise for both lawyers and corporate counsel. With technologies and new ideas driving today's economy as never before, intellectual property is a key factor in business success. While intellectual property is especially vital for knowledge-based industries, its importance cuts across sectors as well as national boundaries. To meet this challenge, Stikeman, Elliott takes a multi-disciplinary approach to the practice. Their team comprises dynamic and highly creative professionals, including intellectual property, corporate and international trade lawyers, who bring a wide range of training and experience to every transaction. This expertise has been critical to businesses throughout Canada and around the world who want to preserve, protect and exploit their intellectual property to the fullest while reducing the risks of jeopardizing their intellectual property assets. In addition to this work being an eminently practical reference source, it also provides insightful practice commentaries and detailed analysis of all major intellectual property law subjects. In sum, the Intellectual Property Law of Canada is a publication that anyone with Canadian I.P. interests or questions should not be without.

Individual Employment Law has been significantly revised and updated to include legislative and caselaw developments from 2000 to 2008. It gives an overview of employment contracts and employment relationships as they are dealt with both by common law and statute, including human rights issues, occupational health and safety, and industrial standards legislation. The book treats obligations of both employers and employees, the enforcement of employment rights in multiple forums, and contains an in-depth examination of termination of employment. This edition is a significant revision of the 2001 text and is a systematic introduction to the international legal system.

This Second Edition is the leading account of contract law in England & Wales in relation to implied terms and has been fully revised and updated to cover recent developments in the law. Key features include analysis of the major changes to statutory implied terms brought by the Consumer Rights Act 2015 and detailed examination of the decisions of the Privy Council in *A-G of Belize v. Belize Telecom* and of the UK Supreme Court in *BNP Paribas v. Marks & Spencer*.

Business Law in Canada, tenth edition provides future business professionals with a strong and practical legal grounding on the issues that touch every business. The new edition reflects the most current developments in business law, as well as the increasing importance of information technology, the internet, intellectual property, and legal issues concerning small businesses. Note: MyBusLawLab is not included with the purchase of this product.
