A total institution is defined by Goffman as a place of residence and work where a large number of like-situated, individuals, cut off from the wider society for an appreciable period of time, together lead an enclosed, formally administered round of life. Prisons serve as a clear example, providing we appreciate that what is prison-like about prisons is found in institutions whose members have broken no laws. This volume deals with total institutions in general and, mental hospitals, in particular. The main focus is, on the world of the inmate, not the world of the staff. A chief concern is to develop a sociological version of the structure of the self. Each of the essays in this book were intended to focus on the same issue--the inmate's situation in an institutional context. Each chapter approaches the central issue from a different vantage point, each introduction drawing upon a different source in sociology and having little direct relation to the other chapters. This method of presenting material may be irksome, but it allows the reader to pursue the main theme of each paper analytically and comparatively past the point that would be allowable in chapters of an integrated book. If sociological concepts are to be treated with affection, each must be traced back to where it best applies, followed from there wherever it seems to lead, and pressed to disclose the rest of its family.

With his signature hands-on style, Mike Loades experiences what it is like to handle various dogs engaged in their traditional tasks. These adventures take him to the Jordanian desert, where he shares the saddle of his camel with a Saluki and to the green hills of Wales, where he works cattle with a Corgi. He mushes Huskies in Alaska, drives carriages with Dalmatians and flies falcons with Spaniels. Each encounter not only highlights the bond between humans and dogs, it also frames that connection in its historical context. Different types of dogs appear the way they do because, at some stage in their development, they were bred selectively for a specialist job. The author takes key types on a walk through history. Along the way he explores the methods and practices of their original occupations. He delves into when, where and why they were first bred as the types we recognize today. The fascinating and engaging text is supported by over 250 stunning color photographs of dogs in action. It results in an illuminating journey through many cultures and time periods. This book is a personal and heartfelt tribute to the enduring partnership between humans and dogs.

It is possible to argue about taste--but not about true style. A gentleman can be recognized immediately from his confident appearance, his charm, and his carefully chosen clothes. Gentleman is the tried-and-tested guide on matters of style and quality.

Edward Bunker's life is beyond the imaginings of most fiction writers. He was born in Hollywood, California, the son of a stagehand and Busby Berkeley chorus girl, whose early divorce propelled him into a series of boarding homes and military schools. From the age of five he repeatedly ran away, roaming the city streets at night. A proud character, combined with an IQ of 152, resulted in a series of altercations with the authorities. He became the youngest ever inmate of San Quentin at the age of seventeen, and there he learned survival skills and faced down the toughest prisoners in the system. He was befriended by Mrs Louise Wallis, a former star of the silent screen and wife of movie mogul, Hal Wallis, who produced films starring Bogart, Cagney, Edward G. Robinson and George Raft. She introduced Bunker to her circle of friends, including Jack Dempsey, Tennessee Williams, Aldous Huxley and William Randolph Hearst, whose guest he was at San Simeon. A parole violation resulted in a spell crossing America as a fugitive on the FBI's most wanted list. His eventual capture led to Folsom prison. Encouraged by the example of Dostoevsky, Cervantes and Caryl Chessman, and by the kindness of Mrs Wallis, he determined to write his way out of prison. Bunker's first published novel, *No Beast So Fierce*, viewed by many including Quentin Tarantino as the finest crime novel ever written, changed his fortunes. It was filmed as *Straight Time*, starring Dustin Hoffman. He has written three other novels, *The Animal Factory*, *Little Boy Blue* and *Dog Eat Dog*, (all published by No Exit) admired by writers as diverse as William Styron and James Ellroy. He received an Oscar nomination for the screenplay of *Runaway Train*, and has appeared in a score of films, most notably his legendary role as Mr Blue in *Reservoir Dogs*. This blistering narrative is a memoir like no other.

In January 1921, D. H. Lawrence and his wife, Frieda visited Sardinia, a Mediterranean island west of Italy. Although the trip lasted only nine days, Lawrence wrote an intriguing account of Sardinian life that not only evokes the place, people, and local customs but is also deeply revealing about the writer himself. Remarkable for its metaphoric and symbolic descriptions, the book is transfused with the author's anger and joy. His prejudices and his political prophecies make *Sea and Sardinia* a unique and dynamic piece of travel writing. This Penguin Twentieth-Century Classics edition reproduces the Cambridge text, which restores censored passages and corrects corrupt textual readings to reveal -- for the first time -- the book Lawrence himself called "a marvel of veracity." Also featured are an illuminating Introduction by Lawrence scholar Mara Kalnins, a Chronology, Explanatory Notes, and an Italian Glossary. Copyright © Libri GmbH. All rights reserved.

Questo imponente testo può senza dubbio fin da ora essere riconosciuto come opera fondamentale della letteratura tedesca, una summa dell'esperienza di ambedue le Germanie dal dopoguerra a oggi. Il racconto della vita dell'autrice, della sua famiglia e del suo paese, colta in una giornata, sempre la stessa, il 27 settembre, anno dopo anno per quarant'anni, fa di questo libro un'opera fuori dal comune. L'attenzione è incentrata non solo sulla figura della stessa scrittrice, ma anche sui personaggi che le sono vicini, familiari, amici, avversari; non è un'autobiografia, anche se ovviamente della sua vita si tratta, perché attraverso il racconto di un'unica giornata all'anno si delinea una trama intensa e avvincente, che punta i riflettori su una storia di vita che appartiene a tutti noi, ogni volta diversa, aperta su un mondo che cambia. Si delinea mano a mano la cronaca precisa di avvenimenti personali e politici, di personaggi, affetti e passioni, riflessione politica e morale sui nostri tempi. Sotto gli occhi del lettore sfilano, alternandosi, immagini della DDR, del muro di Berlino, della guerra fredda, della riunificazione tedesca, dell'esilio americano, della vita familiare, e si succedono i conflitti, la crescita delle figlie, i tradimenti degli amici, le perdite, gli abbandoni, le gioie... Un giorno all'anno è una di quelle rare, grandi opere, che segnano la letteratura di oggi.

This is the first unexpurgated English edition of Curzio Malaparte's legendary work *The Skin*. The book begins in 1943, with Allied forces cementing their grip on the devastated

city of Naples. The sometime Fascist and ever-resourceful Curzio Malaparte is working with the Americans as a liaison officer. He looks after Colonel Jack Hamilton, “a Christian gentleman . . . an American in the noblest sense of the word,” who speaks French and cites the classics and holds his nose as the two men tour the squalid streets of a city in ruins where liberation is only another word for desperation. Veterans of the disbanded Italian army beg for work. A rare specimen from the city’s famous aquarium is served up at a ceremonial dinner for high Allied officers. Prostitution is rampant. The smell of death is everywhere. Subtle, cynical, evasive, manipulative, unnerving, always astonishing, Malaparte is a supreme artist of the unreliable, both the product and the prophet of a world gone rotten to the core.
