This book constitutes the refereed post-conference proceedings of the 7th International Conference on Mobile Communication and Healthcare, MobiHealth 2017, held in Vienna, Austria, in November 2017. The 34 revised full papers were reviewed and selected from more than 50 submissions and are organized in topical sections covering data analysis, systems, work-in-process, pervasive and wearable health monitoring, advances in healthcare services, design for healthcare, advances in soft wearable technology for mobile-health, sensors and circuits.

Fitness expert Adam Zickerman presents a revolutionary exercise program – slow strength training – that will forever change the way people work out. The Power of 10 seems to contradict nearly everything we're accustomed to hearing about exercise. Forget hours on the treadmill, and forget daily visits to the gym. This new program offers 20 minute workout sessions, once or twice per week, with an alluring emphasis on rest and recovery on your days off. The principle behind The Power of 10 is simple: by lifting weights in slow motion, making each rep last 20 seconds (10 seconds lifting and 10 seconds lowering) instead of the typical 7 seconds, you can maximize muscle transformation. The short workouts are so effective that your body will need days to recover and repair properly. Studies have shown that such routines can increase lean body mass, help burn calories more efficiently, and prevent cardio-vascular disease more effectively than aerobic exercise alone.

ARE YOU READY FOR THE ULTIMATE STRENGTH CHALLENGE? Follow the 7-week program in this book and you'll massively increase your strength, muscle tone and overall fitness to such an extreme that you'll be able to do 10, 20 or even an amazing 50 consecutive pull-ups! Offering several field-tested, day-by-day plans, this book has something for everyone: from beginners embarking on a new workout regimen to athletes looking to expand their strength-training options. Packed with clear charts and helpful photos, *7 Weeks to 50 Pull-Ups* tells you everything you need to know about the ultimate strength-building exercise and includes:

- Instructions on how to do a perfect pull-up
- Easy-to-follow progressive training programs
- Challenging pull-up variations

The host of MSN's Focus on Feeling Better provides a weight-training resource that lays out examples and instructions for 20-minute routines, discusses specific health or orthopedic conditions, covers High Intensity Interval Training (HIIT) and much more. Original.

“Finally—a fitness book for the rest of us! . . . [Big Fit Girl] is sure to usher in a new generation of tough, curvy athletes.” —Jessamyn Stanley, author of *Every Body Yoga In Big Fit Girl*, Louise Green describes how the fitness industry fails to meet the needs of plus-size women and thus prevents them from improving their health and fitness. By telling her own

story of how she stopped dieting, got off the couch, and unleashed her inner athlete—as well as showcasing similar stories from other women—Green inspires other plus-size women to do the same. Green also provides concrete advice, based on the latest research, about how to get started, how to establish a support team, how to choose an activity, what kind of clothing and gear work best for the plus-size athlete, how to set goals, and how to improve one's relationship with food. And she stresses the importance of paying it forward—for it is only by seeing plus-size women in leadership roles that other plus-size women will be motivated to stop trying to lose weight and get fit instead. “Big Fit Girl impressed me tremendously. Green combines compelling storytelling with practical tips—true to what we know about science—in a unique way that will get you moving.” —Linda Bacon, PhD, scientist, and author of *Health at Every Size* “Inspiring and empowering.” —Taryn Brumfitt, producer and director, founder of the Body Image Movement “I’m thrilled to live in a world where Big Fit Girl will be part of the health section. Thank you Louise—it’s time for every person of every size to have access to this information!” —Jes Baker, *The Militant Baker*

Intended for anyone who wants rock-hard abs but needs help getting motivated, the editors of fitness authority *Muscle & Fitness* magazine have created a four-week plan that incorporates invaluable take-away strategies to get a firmer midsection. More than 50 exercises and full-color photos guide readers through the best ways to obtain a tight six-pack. Throughout the exercises informative tips and fast facts are included to ensure that each routine is executed in the safest and most effective manner possible."

In *The 2 Meal Day*, Max Lowery introduces intermittent fasting - eat just two meals a day, either breakfast and lunch or lunch and dinner - to burn fat and get fit fast. Rather than grazing on food all day or having to do complicated calorie calculations for two days of the 5:2 diet, simply eat two meals to lose weight, reduce hunger and feel more energised. Choose your two meals from Max's delicious, nutritious and easy-to-prepare recipes; start the day with Salmon Mini Frittatas or a Breakfast Burrito; Lunch on Thai Green Chicken Curry or Tuna Casserole or enjoy Creamy Mushroom and Parmesan Risotto or Sea Bass Sauce Vierge for Dinner. There are even healthier desserts to satisfy your sweet tooth without over-indulging - choose from Two-Ingredient Chocolate Mousse or Banana Pancakes. Max shows how to combine your 2-meal day with High-Intensity Interval Training (HIIT) - short duration and maximum effort exercises - and resistance workouts to help you drop fat and get fit quickly. So ditch the calorie-counting and the sugar highs and lows and enjoy two meals a day alongside Max's workouts for a leaner, fitter, healthier body.

Coach Jeff Grant's UltraRunning program is the product of 25 years of racing and coaching athletes to finish extreme ultra endurance events. It's a guide for training, racing and perhaps even changing your life by proving to yourself that you can reach the finish line of a run longer than a marathon. You'll learn about efficient running technique, how to consistently win the mind game required to go long, and how to go from a 1-hour run to your first 5+ hour ultramarathon finish. Included in the program Training Plan: 20-week training plan designed to take runners from a 1-hour run to the finish of a 50KM or 50 Mile Ultramarathon, along with guidance for expanding the program to finish even longer races. Racing Handbook: a deep dive immersion on race selection, race plan creation, pre- and post-race rituals, race day motivation, logistics, crewing, support teams and post-race recovery. This includes stories and insights into the real world of ultramarathon running. Education: how to train, how to avoid the common pitfalls in training and racing, how to prevent overuse injuries and burnout and how to win in your mind to overcome the adversity of training and racing over ultra distances. Mind Training: a powerful collection of Mind Hacks and training tools to support you in ultramarathon training and racing, as well as motivation to push through adversity and get out to train even when you don't feel like it. Running Technique: lessons of efficient running technique, as well as a supporting set of drills.

Future-proof your body and restore strength and mobility to everyday movements--all from home. You won't believe how much these simple exercises will transform your life and give you confidence. All you need is your body, and maybe a chair and some very light weights. They say 50 is the new 40, and you can make that a reality with streamlined functional training that is designed specifically for seniors and baby boomers! Stay Fit for Life empowers you to move with more ease and efficiency when performing functional movements. Bending, twisting, pushing, pulling, and reaching--exercises targeting these movements make everyday activities such as running, gardening, or playing with grandchildren both

easier and more enjoyable. Unlike traditional resistance training that targets isolated muscle groups, the compound movement exercises in Stay Fit for Life engage multiple muscle groups simultaneously, helping people of all fitness levels lead more active, dynamic lives. Here's what you'll find in Stay Fit for Life: - Over 60 step-by-step exercises to increase strength, improve mobility, and enhance flexibility, all demonstrated with bright, clear photography - Modifications for every exercise to make it easier or more challenging, including chair and low-impact variations - Three four-week fitness programs designed to match every fitness level - Twenty prescriptive workout routines designed to target specific needs such as lower back strength, posture improvement, aerobic fitness, balance and stability, and more

Chris and Heidi Powell, hosts and transformation specialists from the hit TV show, Extreme Weight Loss, now share their proven, life-changing, step-by-step guide for losing weight and keeping it off in their first co-authored book, Extreme Transformation. They are the hosts of television's most popular weight-loss documentary show, Extreme Weight Loss, and now the Powells provide a blueprint for changing your health in just 21 days. Whether you're looking to lose the baby weight, that last ten pounds, or several hundred, this is the program that can change your life forever. They share their most effective secrets for weight loss success through diet and exercise and go into detailed focus on how to develop a powerful, sustainable mental change to keep the weight off forever. With their help, readers will "see" the hidden path of transformation; be guided through fast and fun exercises; enjoy loads of recipes (both quick and gourmet) along with advice for food shopping, preparation, and more! With an incredible expansion of the Carb-cycling core that has driven Chris's first two national bestsellers, the Powells guide you from the very first step to reach your ideal weight and transition to lifelong maintenance--high-impact results in as little as three weeks.

So you finished my 12 week guide! Give yourself a massive congratulations and pat on the back. It's a huge accomplishment, and no doubt you are feeling a big change in your overall health, mindset, and confidence. As you know by now, my program is not a "diet", but a lifestyle. With my 2.0 guide, I've created another 12 weeks to help you continue your healthy lifestyle. Inside you will find 12 weeks of higher challenge workouts, a full glossary section detailing new exercises, as well as a guide to foam rolling, and new resistance exercises. Navigating the available fitness information online can be confusing and time-consuming at best, and a minefield of misinformation at worst. One inherent problem is that information online is always presented as supremely important and as the next 'big thing,' without context or any understanding of priorities. Enter The Muscle and Strength Pyramid books. The foundational concept of these books is understanding priorities and context, so you can take all the pieces of the puzzle and fit them together into an actionable plan. * Six sample routines to get you started quickly Six programs for novice, intermediate, and advanced-level bodybuilders and strength-focussed athletes. * Break through those training plateaus With our full progression guidelines and examples, you'll never be left frustrated and wondering what to do next. * Learn how to tailor your own programming for faster results Our quick-start programming guide will show you how to apply all the principles that go into program design. The chief author of the books, Dr. Eric Helms, has not only the academic understanding of training and nutrition as an active researcher but also extensive practical experience. He has been a personal trainer, powerlifting and bodybuilding coach since 2005, helping hundreds bridge the gap between science and practice to reach their goals. In addition, he has the minds of Andrea Valdez, and Andy Morgan to ensure the concepts are communicated clearly and effectively and no stone is left unturned. Andrea is a lifelong athlete with extensive coaching experience and her Masters in Exercise Physiology, and Andy is a successful writer and consultant for body composition change with a unique grasp of how to communicate topics to diverse groups, as he produces content for both the Japanese and English speaking fitness communities. Together, they bring you The Muscle and Strength Training Pyramid, the hierarchical, comprehensive, evidence-based guide that is a must-have for every serious lifter or trainer.

If there's one obstacle to selling wellness books to guys, it's this: none of them are written by professional wrestlers. In the nick of time, the one and only DDP-Diamond Dallas Page-steps out of the ring and onto the mat to offer Yoga for Regular Guys. Most yoga books marketed to men are earnest and straightforward. Yoga for Regular Guys brims with guy humour and an extremely irreverent attitude but still manages to pack in a legitimate, comprehensive and rigorous introduction to real yoga practice. The foreword is written by Rob Zombie of the band White Zombie.

LEARN:: How to Build a Powerful Daily Workout Routine Wish you had time to exercise? Turned off by the "meat market" scene at most gyms? Or are you simply unsure about how to get started with a daily workout? The good news is that you don't have to follow extreme exercise programs like Insanity and P90X, or spend every free moment in the gym, to experience the health benefits exercise has to offer. All you need to do is make a simple goal to "Exercise Every Day" in a way that fits your already busy schedule. The Truth?? You Struggle with Exercising Because of Specific Workout Obstacles Here's the thing...most people have both the desire and capacity to exercise, but they never get started because they allow obstacles to get in their way. For instance, you might feel exhausted when your alarm clock goes off two hours earlier than usual in the morning, so you can't bring yourself to make it to "boot camp" class. Or perhaps you don't have space in your house for lots of weights and equipment. These are real-life obstacles, and it's likely that issues such as these have prevented you from engaging in regular exercise. In the book "Exercise Every Day", you will have the opportunity to identify those obstacles that seem to continually get in your way. Then you will learn how to review each obstacle and identify the specific solutions to experience a personal breakthrough. **DOWNLOAD::** Exercise Every Day - 32 Tactics for Building the Exercise Habit "Exercise Every Day" contains a step-by-step blueprint for identifying your workout obstacle and learning how to overcome them. You will learn how to: ** Identify the reason why you struggle with exercising ** Use "Habit Anchoring" to Quickly Build a New Workout Routine (Tactic #4) ** Determine *What* Workout Routine is Right for YOU (Tactic #1) ** Maximize Those Small Pockets of Time (Tactic #18) ** Harness the Power of Micro-Commitments to Never Miss a Daily Workout (Tactic #5) ** Use Technology (like mobile Apps) to Track Your Daily Exercise (Tactic #8) ** Overcome Injury, Illness and Extended Life Interruptions (Tactic #29) ** Make Working Out Fun... From an elite Special Operations physical trainer, an ingeniously simple, rapid-results, do-anywhere program for getting into amazing shape For men and women of all athletic abilities! As the demand for Special Operations military forces has grown over the last decade, elite trainer Mark Lauren has been at the front lines of preparing nearly one thousand soldiers, getting them lean and strong in record time. Now, for regular Joes and Janes, he shares the secret to his amazingly effective regimen—simple exercises that require nothing more than the resistance of your own bodyweight to help you reach the pinnacle of fitness and look better than ever before. Armed with Mark Lauren’s motivation techniques, expert training, and nutrition advice, you’ll see rapid results by working out just thirty minutes a day, four times a week—whether in your living room, yard, garage, hotel room, or office. Lauren’s exercises build more metabolism-enhancing muscle than weightlifting, burn more fat than aerobics, and are safer than both, since bodyweight exercises develop balance and stability and therefore help prevent injuries. Choose your workout level—Basic, 1st Class, Master Class, and Chief Class—and get started, following the clear instructions for 125 exercises that work every muscle from your neck to your ankles. Forget about gym memberships, free weights, and infomercial contraptions. They are all poor substitutes for the world’s most advanced fitness machine, the one thing you are never without: your own body.

Olympian Buddy Lee has developed training programs that have helped athletes on 25 U.S. Olympic teams compete on the international stage. As athletes strive to improve speed, agility, balance, strength, power and endurance, the progressive programs Lee presents will help them achieve those goals. With instruction on techniques for increasing difficulty and intensity along with strategies for adding jump rope drills to current training methods, athletes will learn to maximize performance in minimal training time. Renowned fitness and health researcher Ellington Darden teaches you how to burn fat and keep it off using the science of thermodynamics. Exercise researcher and author Ellington Darden has studied exercise and fat loss for more than 40 years. His most recent program combines his previous findings on fat loss and muscle gain with new research on the principles of thermodynamics and heat transfer for a 6- or 12-week plan that will eliminate belly bloat, destroy flab, and stoke metabolism. Integrating his many years of research, the program has had more than 1,137 participants who shed an average of 29.5 pounds of fat and lost 6 inches off their waist or belly. The program consists of four main components—a descending-calorie eating plan; strength-training workouts; superhydration of the body; and rest, inactivity, and rejuvenating sleep. Men's Health Killing Fat takes you, step-by-step, through Darden's super-effective strategy. Interspersed with success stories and before-and-after photos of previous participants, Killing Fat will teach you a revolutionary new way to lose weight and keep it off. From the editors of "Muscle & Fitness" magazine, which has been excelling in the area of physique transformation for over 70 years, this book is built on the foundation that the key to a strong, healthy body is an effective muscle and strength-training program. This health provides all the guidance needed to achieve workout goals and have a muscular body.

If you want to know how to build muscle and burn fat by eating healthy, delicious meals that are easy to cook and easy on your wallet, then you want to read this book. Do you lack confidence in the kitchen and think that you just can't cook great food? Are you not sure of how to prepare food that is not only delicious and healthy but also effective in helping you build muscle and lose fat? Are you afraid that cooking nutritious, restaurant-quality meals is too time-consuming and expensive? If you answered "yes" to any of those questions, don't worry--you're not alone. And this book is the answer: With it, you can cook fast, healthy, and tasty meals every day (and on a reasonable budget) that will help you build muscle or lose weight, regardless of your current skills. The Shredded Chef is more than just a bunch of recipes, though. It's going to teach you the true scientific basics of gaining muscle and losing fat, because bad diet advice is an epidemic these days. In this book, you're going to learn how to eat right without having to obsess over every calorie. These 9 scientifically proven rules for eating are the foundation of every great physique, and they have nothing to do with following weird diets or depriving yourself of everything that tastes

good. And the recipes themselves? In this book you'll find 114 healthy, flavorful recipes specifically designed for athletes that want to build muscle or lose fat.
