Ha sido un buen martes y he tenido el placer de leer una carta muy bonita. Me cuenta tantas cosas que me siento obligada a llenar esta página y quizá una esquina del recuadro de la dirección. Jane Austen De las trece cartas que Kathryn Sutherland ha seleccionado en este volumen, doce se hallan actualmente en la Casa Museo Jane Austen de Chawton, la última residencia de la escritora; la decimotercera, escrita poco después de su muerte en 1817 por su hermana Cassandra a su sobrina Fanny, pertenece a la Jane Austen Society. La correspondencia empieza cuando Jane Austen, a los veinticinco años, se muda con su familia a Bath y prosigue con visitas a Londres y su instalación definitiva en un cottage en Chawton (Hampshire), propiedad de su hermano James. Las cartas de Chawton nos permiten acceder, en este volumen bellamente ilustrado, no solo a las circunstancias de su vida cotidiana sino también a sus ideas e inquietudes literarias.

If seventeen-year-old Skylar Evans were a typical Creek View girl, her future would involve a double-wide trailer, a baby on her hip, and the graveyard shift at Taco Bell. But after graduation, the only thing standing between straightedge Skylar and art school are three minimum-wage months of summer. Skylar can taste the freedom—that is, until her mother loses her job and everything starts coming apart. Torn between her dreams and the people she loves, Skylar realizes everything she's ever worked for is on the line. Nineteen-year-old Josh Mitchell had a different ticket out of Creek View: the Marines. But after his leg is blown off in Afghanistan, he returns home, a shell of the cocksure boy he used to be. What brings Skylar and Josh together is working at the Paradise—a quirky motel off California's dusty Highway 99. Despite their differences, their shared isolation turns into an unexpected friendship and soon, something deeper. Meg and Sylvie Townsend manage the family bookshop and care for their father, Stephen, a veteran still suffering in mind and spirit from his time as a POW during the Civil War. But when the Great Fire sweeps through Chicago's business district, they lose much more than just their store. The sisters become separated from their father and make a harrowing escape from the flames with the help of Chicago Tribune reporter Nate Pierce. Once the smoke clears away, they reunite with Stephen, only to learn soon after that their family friend was murdered on the night of the fire. Even more shocking, Stephen is charged with the crime and committed to the Cook County Insane Asylum. Though homeless and suddenly unemployed, Meg must not only gather the pieces of her shattered life, but prove her father's innocence before the asylum truly drives him mad.

This report considers the biological and behavioral mechanisms that may underlie the pathogenicity of tobacco smoke. Many Surgeon General's reports have considered research findings on mechanisms in assessing the biological plausibility of associations observed in epidemiologic studies. Mechanisms of disease are important because they may provide plausibility, which is one of the guideline criteria for assessing evidence on causation. This report specifically reviews the evidence on the potential mechanisms by which smoking causes diseases and considers whether a mechanism is likely to be operative in the production of human disease by tobacco smoke. This evidence is relevant to understanding how smoking causes disease, to identifying those who may be particularly susceptible, and to assessing the potential risks of tobacco products.
