Boys' Life is the official youth magazine for the Boy Scouts of America. Published since 1911, it contains a proven mix of news, nature, sports, history, fiction, science, comics, and Scouting.

It starts out with a protagonist a Philadelphia detective who is assigned to investigate the murder of a rich business woman. He is a veteran of twenty years as a detective and is considered very good at his job. During the course of his investigation he interviews a person of interest who is the vice president of the victims company. He interviews her for a second time and there starts a romantic connection between the two. The antagonist in this book is a Russian operative named Jason who is tasked to acquire secrets from a high level American diplomat. The romantic interest in this novel name is Susan Conway and she is the vice president of the Sykes Empire. Cynthia Sykes is the victim in this novel.

When installing or servicing an air conditioning or refrigeration system, two of the most important tasks performed by technicians are refrigerant recovery and system evacuation.

In order to perform these tasks properly, and in a safe manner, technicians need to understand the theory behind them, having a working knowledge of the equipment and tools used, and employ accepted industry best practices. This e-book walks through each step of both tasks, while covering safety, theory, and application. Also covered are leak detection methods and filter drier use. System Recovery and Evacuation was written by HVACR instructors for HVACR instructors to provide sound, relevant information in a single source. This e-book provides students and practicing technicians with the information and knowledge necessary to understand refrigerant recovery, system evacuation, leak detection, and filter driers. It is full of color illustrations and includes worksheets that provide students and practicing technicians with the information and knowledge necessary to accurately and safely install or service air conditioning and refrigeration systems. The end of the e-book contains fill-in-the-blank questions that review the content of the entire manual.

A Kirkus Reviews Best Book An NCTE Notable Poetry Book Fourteen poems compiled by award-winning poet and anthologist Lee Bennett Hopkins introduce readers to the various construction people who collaborate to create a high-rise hotel building, from architect to crane operator to glaziers and more. How does an empty lot transform into a new hotel? This anthology begins with a busy construction site, and an architect's (and her daughter's) dreams drawn on blueprint paper. Next, workers with huge machines--backhoes, dump trucks, cement mixers, etc.--roll in. Poems full of noise and action describe every step of the construction process. From welders and carpenters building the skeleton of the building to plumbers and electricians making its insides work, this book celebrates people and equipment working together to build something magnificent.
