A ground-breaking study of the Hadrami community in Indonesia. The book considers the evolution of Indonesian Arab identity in the context of the rise of nationalism throughout Southeast Asia during the early twentieth century.

Imam Jalal-al-Din `Abd al-Rahman al-Suyuti (849--911 AH / 1445--1505 AD) was born, lived and was buried in Cairo. The ascription `al-Suyuti' is a reference to Asyut, a town in Upper Egypt from which his family hailed. Known as the `son of books' from the numerous books he studied and referred to in his works, he could equally be called the `father of books' because of the many books he produced. From his early years, al-Suyuti devoted his life to learning, reading, writing and teaching, holding notable positions in those fields in the city of Cairo at a time when it was the centre of Islamic learning par excellence. He was an outstanding scholar, second to none in the field, of Quranic Sciences (`Ulum al-Qur'an), in which he produced many well-known works. However, being the all-round scholar that he was, his contributions covered almost all the fields of Arabic, the Qur'an, the Traditions (hadith) and History. His works were of such superb quality that they earned him the respect of his generation and the generations that followed to the present day. Most important of these in the field of Quranic Sciences was his al-Itqan. The work found its way to many circles both near and far in the Islamic world. It was first published in the years 1271, 1278, 1279, 1306, 1317 and 1318 AH, in two volumes, but the translation presented here is of a publication of four volumes published in 1987 AD (1967 AD). The translation at hand is of the first volume. Al-Itqan is perhaps the most outstanding work of its kind in the field of Quranic Sciences. Exhaustive in its sources and its subjects, thoughtfully and lucidly written, the work is also well arranged. Readers will be taken by the depth, breadth, scope and mastery of the author while noting how much Muslim scholars have devoted to the study of the Qur'an and how varied and diverse were the fields in which those studies were made. A must to the specialist of Quranic Studies, the work is highly recommended to the initiate.

Second edition of the history of Islamic political thought that traces its roots from early Islam to the current age of Fundamentalism (622 AD to 2010 AD).

Centuries after his death, al-Ghazali remains one of the most influential figures of the Islamic intellectual tradition. Although he is best known for his Incoherence of the Philosophers, Moderation in Belief is his most profound work of philosophical theology. In it, he offers what scholars consider to be the best defense of the Ash'arite school of Islamic theology that gained acceptance within orthodox Sunni theology in the twelfth century, though he also diverges from Ash'arism with his more rationalist approach to the Quran. Together with The Incoherence of the Philosophers, Moderation in Belief informs many subsequent theological debates, and its influence extends beyond the Islamic tradition, informing broader questions within Western philosophical and theological thought. The first complete English-language edition of Moderation in Belief, this new annotated translation by Aladdin M. Yaqub draws on the most esteemed critical editions of the Arabic texts and offers detailed commentary that analyzes and reconstructs the arguments found in the work's four treatises. Explanations of the historical and intellectual background of the texts also enable readers with a limited knowledge of classical Arabic to fully explore al-Ghazali and this foundational text for the first time. With the recent resurgence of interest in Islamic philosophy and the conflict between philosophy and religion, this new translation will be a welcome addition to the scholarship.

This work comprises the historical chapters of the most important compilations of Traditions, Kitāb al-Jamī'ah al-Bukhārīyah by Imam Muḥammad ibn Ismā'īl al-Bukhārī and depicts the beginning of the Prophet's revelation, the merits of the Prophet's Companions and the early years of Islam up to and including the decisive turning point of Islamic history, the Battle of Badr. Although the author set out to translate the whole of the Kitāb al-Bukhārīyah, he could not accomplish the task for much of his manuscripts were destroyed in the chaos and the inter-religious holocaust that followed upon the outbreak of the Second World War and the partition of the Indian subcontinent. However this led to his realisation, in his own words, "ten years spent on analysing, translating and clarifying the Kitāb al-Bukhārīyah were a God-willed preparation for a work which for a very long time had represented an enticing dream to me: a new rendering into English of the Message of the Qur'ān and Commentary based on the principle that the doors of ijtihād have never been and never could be closed to man's searching intellect." The result was the author's Qur'ānic commentary under the title The Message of the Qur'ān, published in 1980. Any scholarly reader of that work will easily recognise how much of the spirit of Kitāb al-Bukhārīyah-and, hence, of the immortal labour of Imam al-Bukhārīyah-has gone into his interpretation of the word of God.

Sebagaimana manusia pada umumnya, Habib Rizieq juga memiliki sisi sisi yang tidak tunggal. Hal ini, boleh jadi, karena manusia terdiri dari tumpukan identitas yang memosisikannya sebagai makhluk multidimensi. Berkenaan dengan itu, maka melalui tulisan sederhana ini saya mencoba menuliskan sisi senyap Habib Rizieq Syihab. Sebuah narasi tentang sang Habib Betawi yang boleh jadi belum banyak diketahui khalayak. * * * Bagi saya HRS menjadi panutan dan inspirasi jutaan umat, bukan karena hanya dia pandai berorasi, tetapi karena kedalaman pengetahuannya yang tidak hanya soal agama tetapi juga berbagai bidang keilmuan lainnya. —Fahira Idris, Anggota DPRD RI Dapil Provinsi DKI

You are NOT who you think you are. In fact, according to bestselling author Craig Groeschel in Altar Ego, you need to take your idea of your own identity, lay it down on the altar, and sacrifice it. Give it to God. Offer it up. Why? Because you are who GOD says you are. And until you've sacrificed your broken concept of your identity, you won't become who you are meant to be. When we place our false labels and self-deception on the altar of God's truth, we discover who we really are as his sons and daughters. Instead of an outward-driven, approval-based ego, we learn to live with an "altar" ego, God's vision of who we are becoming. Discover how to trade in your broken ego and unleash your altar ego to become a living sacrifice. Once we know our true identity and are growing in our Christ-like character, then we can behave accordingly, with bold behavior, bold prayers, bold words, and bold obedience. Altar Ego reveals who God says you are, and then calls you to live up to it.

"Diciumnya tangan itu sembari berkata, "Inilah tangan yang akan mengantarmu menuju surga." Pemandangan istri mencium tangan suami, anak mencium tangan orangtua, murid mencium tangan guru, atau si miskin mencium tangan si kaya sudah begitu sering kita saksikan.

Kegiatan ini berlangsung dalam pola yang sama dan nyaris kaku—yang lebih muda usianya, lebih rendah statusnya, atau lebih lemah posisinya adalah pihak yang mencium tangan. Apakah pernah terjadi sebaliknya—suami mencium tangan istri, ayah mencium tangan anak, majikan mencium tangan bawahan, atau raja mencium tangan rakyat jelata? Rasulullah saw. melakukannya. Dengan tulus dan penuh kasih, nabi utusan Allah ini mencium tangan orang biasa. Tangan siapakah yang beliau cium? Apa pula alasan beliau melakukannya? Kebahagiaan seperti apa yang beliau ajarkan dari perilaku ini? Buku ini membawa Anda berkelana dari satu kisah ke kisah lain, mengecap rasa bahagia yang berbeda-beda. Mengajak Anda bercermin pada pengalaman hidup orang lain, membuat Anda lebih mensyukuri karunia yang Anda miliki. Sebanyak 55 kisah unik tentang suka duka asam garam dunia ini akan mengantar Anda menuju sumber kebahagiaan paling hakiki, kebahagiaan sejati. Ajaran bagaimana meraih kebahagiaan dapat dilacak sampai ke Buddha dan Aristoteles. Dengan buku ini, Yoli Hemdi mengajarkan kepada kita resep-resep menjadi bahagia bukan melalui teori-teori ilmiah atau filosofis, melainkan lewat cerita kehidupan sehari-hari yang menyentuh dan memikat. Selamat berbahagia! —Prof. Dr. Jalaluddin Rakhmat; Cendekiawan Muslim dan penulis buku Meraih Kebahagiaan"

This book offers a view from Sumatra of the realities behind the debates during the final years of Suharto's New Order and the beginning of a transition to more democratic government.

Early Sufi Women is the earliest known work in Islam devoted entirely to women's spirituality. Written by the Persian Sufi Ab 'Abd ar-Rahman as-Sulami, this long-lost work provides portraits of eighty Sufi women who lived in the central Islamic lands between the eighth and eleventh centuries CE. As spiritual masters and exemplars of Islamic piety, they served as respected teachers and guides in the same way as did Muslim men, often surpassing men in their understanding of Sufi doctrine, the Qur'an, and Islamic spirituality. Whether they were scholars, poets, founders of Sufi schools, or individual mystics and ascetics, they embodied a wisdom that could not be hidden.

A timely addition to the literature on the holy book of Islam, this translation provides both the original Arabic verse as well as extensive explanations and interpretations in modern English. Several special glossaries detailing the names of God and Qur'an vocabulary are also included.

The headlines are filled with the politics of Islam, but there is another side to the world's fastest-growing religion. Sufism is the poetry and mysticism of Islam. This mystical movement from the early ninth century rejects worship motivated by the desire for heavenly reward or the fear of punishment, insisting rather on the love of God as the only valid form of adoration. Sufism has made significant contributions to Islamic civilization in music and philosophy, dance and literature. The Sufi poet Rumi is the bestselling poet in America. But in recent centuries Sufism has been a target for some extremist Islamic movements as well as many modernists. The Garden of Truth presents the beliefs and vision of the mystical heart of Islam, along with a history of Sufi saints and schools of thought. In a world threatened by religious wars, depleting natural resources, a crumbling ecosystem, and alienation and isolation, what has happened to our humanity? Who are we and what are we doing here? The Sufi path offers a journey toward truth, to a knowledge that transcends our mundane concerns, selfish desires, and fears. In Sufism we find a wisdom that brings peace and a relationship with God that nurtures the best in us and in others. Noted scholar Seyyed Hossein Nasr helps you learn the secret wisdom tradition of Islam and enter what the ancient mystics call the "garden of truth." Here, liberate your mind, experience peace, discover your purpose, fall in love with the Divine, and find your true, best self.
