information on MyPyramid, special diets, and feeding techniques; current information on legal issues, such as HIPAA and the Patient Self-Determination Act; 7 chapters on home health care, including information on medications, safety, infection prevention, mothers & newborns, and meal planning and preparation; a chapter containing subacute and acute care information, including pre- and post-operative care, as well as mechanical ventilation, chest tubes, and artificial airways.

Infection Control Guidelines for Long-term Care Facilities Laboratory Centre for Disease Control (Canada),1994 The first Infection control guidelines for long-term care facilities were published in 1986. Since that time the interest in, and knowledge of, the requirements of infection control programs for long-term care facilities has steadily increased. This document presents the second version and looks at the following points: organizational structure of an infection control program; environmental concerns; departments and services; management of specific care situations; occupational health; and, epidemic investigation and control.

The Nursing Assistant Sue Roe,2018-08-29 The Nursing Assistant: Essentials of Holistic Care teaches the knowledge and skills you need to become a nursing assistant. With a sharp focus on holistic care, this text will guide you in performing the procedures required of nursing assistants while integrating and considering patients' and residents' bodies, minds, and spirits. Through rich and visual, step-by-step procedures, you will learn the techniques necessary to work in a variety of healthcare settings, including long-term and acute care. Holistic care is at the center of this book's approach to nursing assisting. This innovative approach is illustrated in the Providing Holistic Care Framework, which embodies the meaning of holistic care and communicates the importance of meeting the needs of the whole person--body, mind, and spirit. Comprehensive procedures outline techniques for properly executing the responsibilities of a nursing assistant. With easy-to-follow instructions, professional photographs, and detailed illustrations, these procedures provide important information for the certification competency examination. Practice test questions, similar to those found on the certification competency examination, can be completed at the end of each chapter. These questions are accompanied by numerous reinforcement, critical thinking, and application activities and provide an opportunity to prepare for the certification competency examination. Practice questions are also available in the Study Guide and instructors presentations for PowerPoint. Each chapter is divided into sections, making it easy to review content in manageable chunks for maximum understanding. Review questions at the end of each section help reinforce the material to solidify your learning. Professional videos demonstrating procedures are available on EduHub. After viewing these videos, you will be better able to visualize the procedural steps you must master for the certification competency examination.

Improving the Quality of Long-Term Care Institute of Medicine,Division of Health Care Services,Committee on Improving Quality in Long-Term Care,2001-02-27 Among the issues confronting America is long-term care for frail, older persons and others with chronic conditions and functional limitations that limit their ability to care for themselves. Improving

the Quality of Long-Term Care takes a comprehensive look at the quality of care and quality of life in long-term care, including nursing homes, home health agencies, residential care facilities, family members and a variety of others. This book describes the current state of long-term care, identifying problem areas and offering recommendations for federal and state policymakers. Who uses long-term care? How have the characteristics of this population changed over time? What paths do people follow in long term care? The committee provides the latest information on these and other key questions. This book explores strengths and limitations of available data and research literature especially for settings other than nursing homes, on methods to measure, oversee, and improve the quality of long-term care. The committee makes recommendations on setting and enforcing standards of care, strengthening the caregiving workforce, reimbursement issues, and expanding the knowledge base to guide organizational and individual caregivers in improving the quality of care.
