You save hours by then focusing your available study time on bringing your weakest knowledge areas up to a passing level. We recommend that you start by taking three adaptive exams and reading your scores. Our software keeps track of how you perform and develops a Historical Analysis, which visually shows you exactly how you are scoring in each exam category. 2) Study Sessions help strengthen your weakest knowledge areas by generating up to 240 questions per exam category until you can answer each correctly. We go beyond simple answers by giving you thorough explanations that are linked to a page number reference to the relevant CFA Institute assigned reading and to specific chapters in an accompanying eBook. 3) Simulated Exams are timed 6-hour exams with a 1.5-hour break and comprised of 240 questions about all of the exam categories-just like the real CFA exam. You may review each question that you answered, identify a learning resource, link to a specific chapter in an accompanying eBook for further explanation. 4) Flash Card Drills present questions to answer mentally and then allow you to click F4 to display the correct answer.
