Over the last 500 years, blood-red moons have fallen on the first day of Passover three separate times. These occurrences were connected to some of the most significant days in Jewish history: 1492 (the final year of the Spanish Inquisition when Jews were expelled from Spain), 1948 (statehood for Israel and the War of Independence) and 1967 (the Six-Day War). The next series of four blood moons occurs at Passover and Sukkot in 2014 and 2015. In this devotional study guide, Pastor Hagee challenges readers to further explore the meaning behind blood moons, understand why Christians must recognize these signs that God refers to in Scripture, and absorb their prophetic significance. Ideal for individuals and groups, this devotional study guide combines questions and reflective journaling for deeper meaning and life application.
