revolution with just one cheer. The students of Mica High are enchanted. At first. Then they turn on her. Stargirl is suddenly shunned for everything that makes her different, and Leo, panicked and desperate with love, urges her to become the very thing that can destroy her: normal. In this celebration of nonconformity, Newbery Medalist Jerry Spinelli weaves a tense, emotional tale about the perils of popularity and the thrill and inspiration of first love. Don't miss the sequel, *Love, Stargirl*, as well as *The Warden's Daughter*, a novel about another girl who can't help but stand out. "Spinelli is a poet of the prepubescent. . . . No writer guides his young characters, and his readers, past these pitfalls and challenges and toward their futures with more compassion." —The New York Times

A bestselling modern classic—both poignant and funny—about a boy with autism who sets out to solve the murder of a neighbor's dog and discovers unexpected truths about himself and the world. Nominated as one of America's best-loved novels by PBS's *The Great American Read* Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. He relates well to animals but has no understanding of human emotions. He cannot stand to be touched. And he detests the color yellow. This improbable story of Christopher's quest to investigate the suspicious death of a neighborhood dog makes for one of the most captivating, unusual, and widely heralded novels in recent years.

Federal administrative law is a vast expanse of statutory provisions and case law. This text aims to map these provisions, setting out the case and statute law in a structured and amenable way. Federal Administrative Law commences with discussion of the composition, powers and decision-making processes of the executive government. Then it covers the major remedies available for those who are dissatisfied by a decision of the executive government - reasons for decision, access to information under FOI legislation, judicial review, appeal to the Administrative Appeals Tribunal, review by the Ombudsman, remaking a decision, collateral review and special review. Enright also engages with the perennial conceptual problems of administrative law. Difficulties with separating legislative, executive and judicial power, and in distinguishing between law and fact, are considered insoluble, Enright argues, only because they have not been approached in the right way. Enright argues for going back to basics, emphasising the necessity of asking the right question in the first place. In a similar vein, Enright investigates problems with legitimate expectation in the law of natural justice and argues that difficulties with standing can be treated better by taking a more analytical approach to the interests involved. Federal Administrative Law will serve as a basic text and reference book for those who work in
