Following the success of World War II Rhode Island, author Christian McBurney returns, with new coauthors Norman Desmarais and Varoujan Karentz, to present extraordinary personal stories of local contributions to the war effort. From John F. Kennedy's training as a PT boat commander at Melville to George H.W. Bush's training as a pilot at Charlestown, the smallest state played an oversized role preparing navy officers and sailors. Important innovations are credited here too. Radar used on night-flying aircraft was developed at Jamestown's Spraycliff Observatory and tested at Charlestown, and at Davisville, Seabees developed a pontoon aircraft landing field tested on Narragansett Bay. Scituate was home to the nation's most successful spy listening station. After these and more captivating stories are revealed, the final chapter details existing World War II sites across the state readers can visit.

Drawing on his own experiences as a US Coast Guard officer, Sloan Wilson sheds a unique light on World War II in these three unforgettable novels. *Voyage to Somewhere*: Hoping to draw a nice, lengthy shore duty after two years at sea, Lieutenant Barton is instead told that he's being sent right back out, this time as captain of a supply ship sailing from California to New Guinea and stopping at every small island in between. Despite being homesick for his wife, he has no choice but to accept the assignment and a cargo of pineapples destined for Hawaii. When Barton isn't battling gale-force winds and monstrous waves, he's coping with seasick sailors and budding rivalries that threaten to turn mutinous. Hanging over

As the Allies prepare to retake the Philippines, Grant and his crew must bring two hundred thousand gallons of high-octane aviation fuel to shore. From below-deck personality clashes to the terrifying possibility of an enemy attack, from combating illness and boredom to the constant stress of preventing a deadly explosion, the crew of Y-18 must learn to work together and trust their captain—otherwise, they might never make it home. “Powerful, passionate and authentic . . . Unforgettable” (James Dickey, author of *Deliverance*). *Ice Brothers*: After the attack on Pearl Harbor, Paul Schuman, a college senior and summer sailor, enlists in the Coast Guard and is assigned to be the executive officer aboard the *Arluk*, a converted fishing trawler patrolling the coast of Greenland for secret German weather bases. Led by Lt. Cdr. “Mad” Mowry, the finest ice pilot and meanest drunk in the Coast Guard, Schuman and communications officer Nathan Greenberg battle

Walls is the story of how a young German woman, acting alone with the cooperation of a handful of other individuals in wartime Germany, brought sustenance and hope to thousands of political prisoners of the Third Reich. “When so many of us seem crippled by the numbness we see in our own society, Walls reminds us of the power of individual conscience.” — The Nation “I want my friends to read this book. I want to fix them with a glittering eye, à la *Ancient Mariner*, and force them to sit down and start reading. How else can they learn that a book about wartime Germany and concentration camp horror can be enthralling, inspiring and even possess charm.” — Pamela Marsh, *Christian Science Monitor* “The autobiography of Hiltgunt Zassenhaus pierced through the malaise and oppressive apathy of our society to affect me more profoundly than I recall a book ever having done before.” — *Genesis II* “The suspenseful and dramatic story of one courageous woman’s bold deception of the Gestapo.” — *Book-of-the-Month Club News* “This book releases its own inspiring energies. Merriam Press Historical Fiction HF10 (First Edition, 2015). The late Pierre Gerard's historical war romance, "Le Havre," poignantly portrays the atrocities of war, and what happens when individuals and nations either ignore, unite with or combat those whose deliberate and declared intent is to intimidate, persecute, dominate and annihilate other people and countries of the world. We learn about the boundless bravery that was France's salvation during those terrifying, turbulent years. We experience patriotism and discover the ultimate meaning of devotion to one's country through ingenuity and self-sacrifice. We taste the unleashed, incomprehensible evil that man is capable of and the horrific anguish and extermination the Nazis successfully executed against Jews, dissidents, and those they deemed different and inferior, and therefore, unworthy of life. We go through the early warning signs of tyranny and easily get engrossed in the intensity and importance of defending oneself, one's culture and one's homeland against radical, racist and immoral intruders. We are reminded that the physical, emotional, mental and spiritual carnage of World War II continues to haunt and hound us even today. And so, "Le Havre" is significant not just for France

different view of life in prewar Poland than the one usually portrayed. As such, the book offers a corrective view in the form of social history, one that commands attention and demands respect for the vitality and activism of the generation of Polish Jews so brutally annihilated by the barbarism of the Nazis. In Warsaw, a city with over 300,000 Jews (one third of the population), Bernstein was the Jewish Labor Bund's "enforcer," organizer, and head of their militia—the one who carried out daily, on-the-street organization of unions; the fighting off of Communists, Polish anti-Semitic hooligans, and antagonistic police; marshaling and protecting demonstrations; and even settling family disputes, some of them arising from the new secular, socialist culture being fostered by the Bund. Goldstein's is a portrait of tough Jews willing to do battle—worldly, modern individuals dedicated to their folk culture and the survival of their people. It delivers an unparalleled street-level view of vibrant Jewish life in Poland between the wars: of Jewish masses entering modern life, of Jewish workers fighting for their rights, of optimism, of greater assertiveness and self-confidence, of armed combat, and even of scenes depicting the seamy, semi-criminal elements. It provides a representation of life in Poland before the great catastrophe of World War II, a life of flowering literary activity, secular political journalism, successful political struggle, immersion in modern
