"If only we had [this book] when my wife and I were caring for our aging parents. We'll be using it to make sure our kids have everything they need." —Bart Astor, author of AARP Roadmap for the Rest of Your Life When you, or your loved ones, are reaching a certain age, life can get a lot more complicated. Without well-organized, easy access to information, trying to navigate through the maze can be incredibly challenging—and it can cost you. Today, more than \$58 billion is sitting with state and federal treasurers representing bank accounts, insurance, tax returns, and retirement accounts that were lost in the shuffle of a move, personal crisis, or death. Nearly half of adults over forty can expect to face a short-term disability before they reach sixty-five—and 70 percent of American's over sixty-five will need three years of care and support. The MemoryBanc system makes it easy to document accounts, usernames, and medical histories, so they can be easily found or shared should they ever be needed by spouses, children, or other caregivers. Don't wait for an emergency while trying to store and keep track of information in your head, on your phone, in a file, or under a keyboard—learn how to capture it all in one place, stay organized, and secure your assets for your and your family's future.

By combining algebraic and graphical approaches with practical business and personal finance applications, South-Western's FINANCIAL ALGEBRA, motivates high school students to explore algebraic thinking patterns and functions in a financial context. FINANCIAL ALGEBRA will help your students achieve success by offering an applications based learning approach incorporating Algebra I, Algebra II, and Geometry topics. Authors Gerver and Sgroi have spent more than 25 years working with students of all ability levels and they have found the most success when connecting math to the real world. FINANCIAL ALGEBRA encourages students to be actively involved in applying mathematical ideas to their everyday lives. Foundations in Personal Finance

Debt is the most aggressively marketed product in history. And it isn't just sold by banks and credit card companies anymore. Many national retail chains make more money on the sale of credit applications than they do on the actual merchandise they sell. In *Dumping Debt*, Dave blows the lid off the credit game, debunking the leading myths about debt that have become ingrained in our natural way of thinking. Then he walks you right out of debt with his simple, clear and effective debt snowball technique.

The Workbook for Foundations of Financial Literacy is organized to follow the textbook on a chapter-by-chapter basis, providing questions to help the student review the material presented in the chapter. This supplement is a consumable resource, designed with perforated pages so that a given chapter can be removed and turned in for grading or checking. (Black & White version) Fundamentals of Business was created for Virginia Tech's MGT 1104 Foundations of Business through a collaboration between the Pamplin College of Business and Virginia Tech Libraries. Effective science teaching requires creativity, imagination, and innovation. In light of concerns about American science literacy, scientists and educators have struggled to teach this discipline more effectively. Science Teaching Reconsidered provides undergraduate science educators with a path to understanding students, accommodating their individual differences, and helping them grasp the methods--and the wonder--of science. What impact does teaching style have? How do I plan a course curriculum? How do I make lectures, classes, and laboratories more effective? How can I tell what students are thinking? Why don't they understand? This handbook provides productive approaches to these and other questions. Written by scientists who are also educators, the handbook offers suggestions for having a greater impact in the classroom and provides resources for further research.

Adopt the investment strategy that turned a school teacher into a millionaire Millionaire Teacher shows you how to achieve financial independence through smart investing — without being a financial wizard. Author Andrew Hallam was a high school English teacher. He became a debt-free millionaire by following a few simple rules. In this book, he teaches you the financial fundamentals you need to follow in his tracks. Rethinking Personal Stewardship a systematic approach to assist individuals create a mission-driven development plan for their lives. The plan strategies encompass designing goals and objectives to adequately manage and maintain one's life, time, resources and health through seven biblical principles. It challenges one to rethink these biblical principles of stewardship and how it relates to their lives on a personal day-to-day basis. It calls for the discipline of faithfulness, loyalty, commitment, and obedience to God as His stewards and the blessing that awaits. It is the author's mission to educate and empower God's people on these biblical principles and disciplines so they can be free from financial and life's worries, allowing them to become more involved in taking the Gospel to the world. The book is the cornerstone for reconnecting, reclaiming, and recommitting the people of God to himself as stewards of God.

It's not about doing more. IT'S ABOUT DOING WHAT MATTERS. As a busy mom with three young kids and a career, #1 national bestselling author Christy Wright knows what it's like to try to do it all and be stretched too thin. After years of running on empty, she realized she had to do something different. It wasn't just a matter of saying no to a few things. She had to figure out why she felt overwhelmed, overcommitted, and out of balance. Here's what she discovered: Life balance isn't something you do. It's something you feel. The great news is you can feel balanced — even in your busy life. In *Take Back Your Time*, Christy redefines what balance is and reveals the clear path to actually achieve it. You'll learn how to: Identify what balance looks like in your unique situation and season. Find confidence in the choices that are right for you. Feel peace even during chaotic times. Learn how to be present for your life and actually enjoy it! You weren't created to live busy and burnt out, unhappy and unfulfilled. You shouldn't be haunted by some elusive idea of balancing it all. There's more for you right now. Today. And it starts with taking back your time the guilt-free way.

What does the Bible really say about money? About wealth? How much does God expect you to give to others? How does wealth affect your friendships, marriage, and children? How much is "enough"? There's a lot of bad information in our culture today about wealth and the wealthy. Worse, there's a growing backlash in America against our most successful citizens, but why? To many, wealth is seen as the natural result of hard work and wise money management. To others, wealth is viewed as the ultimate, inexcusable sin. This has left many godly men and women confused about what to do with the resources God's put in their care. They were able to build wealth using God's ways of handling money, but then they are left feeling guilty about it. Is this what God had in mind?
