When Christal Presley's father was eighteen, he was drafted to Vietnam. Like many men of that era who returned home with post-traumatic stress disorder (PTSD), he was never the same. Christal's father spent much of her childhood locked in his room, gravitating between the deepest depression and unspeakable rage, unable to participate in holidays or birthdays. At a very young age, Christal learned to walk on eggshells, doing anything and everything not to provoke him, but this dance caused her to become a profoundly disturbed little girl. She acted out at school, engaged in self-mutilation, and couldn't make friends. At the age of eighteen, Christal left home and didn't look back. She barely spoke to her father for the next thirteen years. To any outsider, Christal appeared to be doing well: she earned a BA and a master's, got married, and traveled to India. But despite all these accomplishments, Christal still hadn't faced her biggest challenge—her relationship with her father. In 2009, something changed. Christal decided it was time to begin the healing process, and she extended an olive branch. She came up with what she called "The Thirty Day Project," a month's worth of conversations during which she would finally ask her father difficult questions about Vietnam. *Thirty Days with My Father* is a gritty yet heartwarming story of those thirty days of a daughter and father reconnecting in a way that will inspire us all to seek the truth, even from life's most difficult relationships. This beautifully realized memoir shares how one woman and her father discovered profound lessons about their own strength and will to survive, shedding an inspiring light on generational PTSD.

A novel that touches the deep emotional chords within the reader. The narrative denounces capitalism and relates the struggle of two workers who have set out to defeat their poverty. It is an indictment on religious authority and the elite that enslaves the majority. An engrossing and thought-provoking book that highlights the bright-side of Socialism.

In this unique work, Henry Miller gives an utterly candid and self-revealing account of the reading he did during his formative years.

An extraordinary book, which will delight some readers, as its cynicism--or realism--will offend others. Each poem is an autobiographical epitaph of the residents of Spoon River, a fictional small town named after a town near the author's home town, which endeavors to reveal life in rural America.

Storms in the dry countries are infrequent, but heavy; and this surely meant storm. We had ridden since sun-up over broad mesas, down and out of deep canons, along the base of the mountain in the wildest parts of the territory. The cattle were winding leisurely toward the high country; the jack rabbits had disappeared; the quail lacked; we did not see a single antelope in the open.

'Andreas Fischer provides a thoroughly documented guide to Joyce's life in Zurich and to the influence of the city on his work, with many anecdotes that give the flavour of Zurich in Joyce's day. His handbook will be of value to students and professional scholars of Joyce for the biographical material it provides as background to Joyce's work. It will be especially useful to the many visitors to Zurich who want to see the city as Joyce knew it.' - David Spurr, University of Geneva, Switzerland This book offers a comprehensive account of James Joyce and Zurich, one of the four cities (including Dublin, Trieste and Paris) in which he spent significant parts of his life. As a refugee during World War I, Joyce wrote a substantial part of *Ulysses* in Zurich and subsequently visited the city regularly during the 1930s. Finally, a refugee for the second time, he died there on 13 January 1941 and is buried in Fluntern Cemetery. This guide is conceived both as a book that may be read in its entirety or consulted selectively for specific information. An introduction and three chapters, *Joyce in Zurich*, *Zurich in Joyce* and *Zurich after Joyce*, are followed by sixty alphabetically ordered articles on people, places, institutions and events relevant to Joyce during his time in Zurich. Linked by cross-references and an index, they provide a rich, kaleidoscopic view of Joyce's Zurich.

This book contains the work of 140 poets and artists. Poets from around the U.S., Canada, Australia, the U.K. and Europe. Lummox publishes based on merit, not fame, so many of the poets may be unknown to the reader. However, there are strong showings from New York, Pennsylvania, New Mexico, Canada and California. This book shows that poetry is alive and well even during this age of Covid! During the Silent Era, when most films dealt with dramatic or comedic takes on the "boy meets girl, boy loses girl" theme, other motion pictures dared to tackle such topics as rejuvenation, revivication, mesmerism, the supernatural and the grotesque. *A Daughter of the Gods* (1916), *The Phantom of the Opera* (1925), *The Magician* (1926) and *Seven Footprints to Satan* (1929) were among the unusual and startling films containing story elements that went far beyond the realm of "highly unlikely." Using surviving documentation and their combined expertise, the authors catalog and discuss these departures from the norm in this encyclopedic guide to American horror, science fiction and fantasy in the years from 1913 through 1929.
