It's been over 55 years since Roald Dahl's classic "*Charlie and the Chocolate Factory*" hit bookshelves across the world and yet continues to be one of the most sought-after children's novels. The book was adapted into a movie in 1971 with Gene Wilder in the titular role. The story follows the adventures of five lucky children who win Golden Tickets to visit the magical Chocolate Factory set up by Willy Wonka. The factory is full of surprises and one that leaves onlookers amused! Willy decides to open the doors of his factory to 5 young children for a once in a lifetime experience. Charlie Bucket, one of the main protagonists of the movie, lives with his parents and grandparents in a humble household. They belong to a financially backward community and have cabbage soup on most days. The Golden Ticket that Charlie wins is hidden

inside one of Wonka's famous chocolate bars, leaving his grandfather ecstatic! But before he wins his ticket, Augustus Gloop wins the first coveted Golden Ticket. He is an overweight kid who is often at the receiving end of jokes since he loves stuffing his mouth with food. The first girl who wins the ticket is Veruca Salt, an obnoxious kid who throws tantrums to get what she wants. Violet Beauregarde is the other one and an over-enthusiastic girl who ends up turning into a giant blueberry at the factory. Mike Teavee is the fifth child to win the ticket and is eliminated from the factory after he jumps into the television. From chocolate fountains to wallpapers that taste like fruits, Wonka puts out brilliant chocolate/candy themed inventions. My personal favorite must be the three-course gum and giant Gummy Bears! In case you are wondering what I'm talking about, read on to find out more!

Seminar paper from the year 2012 in the subject American Studies - Literature, grade: 1,0, University of Göttingen (Philosophische Fakultät), course: Theorizing Film Remakes, language: English, abstract: Roald Dahl's 1964 novel "Charlie and the Chocolate Factory" has been voted the most popular children's book of all time. The sometimes violently imposed morality and thereby suitability for children has been a matter of debate amongst disapproving critics for a long time. Others simply see "Charlie and the Chocolate Factory" as a cautionary tale depicting children's errors ought to be prevented. It did not take long for the first attempt to adapt Dahl's tale to the big screen. In 1971, "Willy Wonka and the Chocolate Factory", directed by Mel Stuart and starring Gene Wilder as Wonka, opened in theaters. Although lacking immediate success, the children's musical has evolved into a cult classic over the years. In 2005, director Tim Burton took his turn transforming the novel into a movie choosing Johnny Depp for the role as Wonka. Whereas the first movie is said to win over audiences with "Gene Wilder's twinkling air of mystery," Burton's movie is regarded as much darker, capturing the novel's mood due to the affinity with the Gothic, as well as fairytale motifs which Dahl and Burton share. When examining both movies with regard to Dahl's source material, it is advisable to employ

strategic measures of adaptation theories. This paper will attempt to do so and focuses on the interpretation of the character of Wonka, especially concerning his darker side, in both films. The following thesis will then be examined: The joyful and fantastic world described in Dahl's novel has an underlying sinister and mysterious side to it and is associated with the character of Willy Wonka and the setting of his chocolate factory.
