INDIANA JONES MEETS THE X-FILES IN THIS "TAKE NO PRISONERS' (PRESTON & CHILD) SURVIVAL THRILLER OF A ROGUE ARCHAEOLOGIST TRAPPED IN A GRAND CANYON CAVE THAT'S A CONSPIRACY THEORY COME TO LIFE. Not all secrets are meant to be found. If Indiana Jones lived in the X-Files era, he might bear at least a passing resemblance to Nolan Moore -- a rogue archaeologist hosting a documentary series derisively dismissed by the "real" experts, but beloved of conspiracy theorists. Nolan sets out to retrace the steps of an explorer from 1909 who claimed to have discovered a mysterious cavern high up in the ancient rock of the Grand Canyon. And, for once, he may have actually found what he seeks. Then the trip takes a nasty turn, and the cave begins turning against them in mysterious ways. Nolan's story becomes one of survival against seemingly impossible odds. The only way out is to answer a series of intriguing questions: What is this strange cave? How has it remained hidden for so long? And what secret does it conceal that made its last visitors attempt to seal it forever?

One hundred of the most evocative modern poems on joy, selected by an award-winning contemporary poet "Bursting with energy and surprising locutions. . . . Even the most familiar poets seem somehow new within the context of Joy."--David Skeel, *Wall Street Journal*
"Wiman takes readers through the ostensible ordinariness of life and reveals the extraordinary."--Adrianna Smith, *The Atlantic*
Christian Wiman, a poet known for his meditations on mortality, has long been fascinated by joy and by its relative absence in modern literature. Why is joy so resistant to language? How has it become so suspect in our times? Manipulated by advertisers, religious leaders, and politicians, joy can seem disquieting, even offensive. How does one speak of joy amid such ubiquitous injustice and suffering in the world? In this revelatory anthology, Wiman takes readers on a profound and surprising journey through some of the most underexplored terrain in contemporary life. Rather than define joy for readers, he wants them to experience it. Ranging from Emily Dickinson to Mahmoud Darwish and from Sylvia Plath to Wendell Berry, he brings together diverse and provocative works as a kind of counter to the old, modernist maxim "light writes white"--no agony, no art. His rich selections awaken us to the essential role joy plays in human life.

Many turn from their faith as another earth shattering discovery sheds more light on the validity of the manuscripts. The archaeologist searches for meaning in it all—why did these manuscripts come to light and what is her part in God's plan?

Though relatively unknown in America, Johann Christoph Blumhardt (1805-1880) is widely recognized in his native Germany, in part because of Friedrich Zundel's landmark biography, now available in English for the first time. The terrifying battle between the spiritual forces of good and evil described here, and the awakening that followed, catapulted Blumhardt's parish into the public eye and still draws seekers to it. Zundel's account is fascinating on a historical level, but it is also infused with enduring pastoral insights and spiritual wisdom. Here is an almost unbelievable account of one person's faith in the inbreaking of God's kingdom and its victory over powers that bind and divide humanity.
