The global circulation of comics, manga, and other such visual mediums between North America and Asia produces transnational meanings no longer rooted in a separation between "Asian" and "American." *Drawing New Color Lines* explores the culture, production, and history of contemporary graphic narratives that depict Asian Americans and Asians. It examines how Japanese manga and Asian popular culture have influenced Asian American comics; how these comics and Asian American graphic narratives depict the "look" of race; and how these various representations are interpreted in nations not of their production. By focusing on what graphic narratives mean for audiences in North America and those in Asia, the collection discusses how Western theories about the ways in which graphic narratives might successfully overturn derogatory caricatures are themselves based on contested assumptions; and illustrates that the so-called odorless images featured in Japanese manga might nevertheless elicit interpretations about race in transnational contexts. With contributions from experts based in North America and Asia, *Drawing New Color Lines* will be of interest to scholars in a variety of disciplines, including Asian American studies, cultural and literary studies, comics and visual studies. "*Drawing New Color Lines* makes an exciting contribution to the rapidly expanding inquiry at the crossroads of Asian American literary studies, graphic narrative studies, and transnational studies.

Foregrounding the shifting meanings of race within, across, and between various national contexts, the fifteen essays in Chiu's collection explore the visual dimensions of Asian American transnational literary culture with originality and offer particular insight into the complexities of production, interpretation, and reception for graphic narrative." — Pamela Thoma, author of *Asian American Women's Popular Literature: Feminizing Genres and Neoliberal Belonging* "An informative, smart, and necessary collection. *Drawing New Color Lines* investigates a growing and important field—transnational Asian American comics—with sophistication and breadth." — Hillary Chute, author of *Graphic Women: Life Narrative and Contemporary Comics and Outside the Box: Interviews with Contemporary Cartoonists*

Winner of The Restless Books Prize for New Immigrant Writing "Grace Talusan writes eloquently about the most unsayable things: the deep gravitational pull of family, the complexity of navigating identity as an immigrant, and the ways we move forward even as we carry our traumas with us. Equal parts compassion and confession, *The Body Papers* is a stunning work by a powerful new writer who—like the best memoirists—transcends the personal to speak on a universal level." —Celeste Ng, author of *Everything I Never Told You* and *Little Fires Everywhere* Born in the Philippines, young Grace Talusan moves with her family to a New England suburb in the 1970s. At school, she confronts racism as one of the few kids with a brown face. At home, the confusion is worse: her grandfather's nightly visits to her room leave her hurt and terrified, and she learns to build a protective wall of silence that maps onto the larger silence practiced by her Catholic Filipino family. Talusan learns as a teenager that her family's legal status in the country has always hung by a thread—for a time, they were "illegal." Family, she's told, must be put first. The abuse and trauma Talusan suffers as a child affects all her relationships, her mental health, and her relationship with her own body. Later, she learns that her family history is threaded with violence and abuse. And she discovers another devastating family thread: cancer. In her thirties, Talusan must decide whether to undergo preventive surgeries to remove her breasts and ovaries. Despite all this, she finds love, and success as a teacher. On a fellowship, Talusan and her husband return to the Philippines, where she revisits her family's ancestral home and tries to reclaim a lost piece of herself. Not every family legacy is destructive. From her parents, Talusan has learned to tell stories in order to continue. The generosity of spirit and literary acuity of this debut memoir are a testament to her determination and resilience. In excavating such abuse and trauma, and supplementing her story with government documents, medical records, and family photos, Talusan gives voice to unspeakable experience, and shines a light of hope into the darkness.

2019 James Beard Award Finalist Named a Best Cookbook of the Year by The New Yorker, Boston Globe, Chicago Tribune, Los Angeles Times, New York Times Book Review, Houston Chronicle, Food52, PopSugar, and more To eat—and cook—like a Filipino involves puckeringly sour adobos with meat so tender you can cut it with a fork, national favorites like kare kare (oxtail stew) and kinilaw (fresh seafood cured in vinegar), Chinese-influenced pansit (noodles), tamales by way of early Mexican immigrants, and Arab-inflected fare, with its layered spicy stews and flavors of burnt coconut. But it also entails beloved street snacks like ukoy (fritters) and empanadas and the array of sweets and treats called meryenda. Dishes reflect the influence and ingredients of the Spaniards and Americans, among others, who came to the islands, but Filipinos turned the food into their own unique and captivating cuisine. Filled with riotously bold and bright photographs, *I Am a Filipino* is like a classic kamayan dinner—one long festive table piled high with food. Just dig in!

Celebrating the centennial of his birth, the first-ever U.S. publication of Philippine writer Nick Joaquin's seminal works, with a foreword by PEN/Open Book Award-winner Gina Apostol A New York Times Book Review Editor's Choice Nick Joaquin is widely considered one of the greatest Filipino writers, but he has remained little-known outside his home country despite writing in English. Set amid the ruins of Manila devastated by World War II, his stories are steeped in the post-colonial anguish and hopes of his era and resonate with the ironic perspectives on colonial history of Gabriel García Márquez and Mario Vargas Llosa. His work meditates on the questions and challenges of the Filipino individual's new freedom after a long history of colonialism, exploring folklore, centuries-old Catholic rites, the Spanish colonial past, magical realism, and baroque splendor and excess. This collection features his best-known story, "The Woman Who Had Two Navels," centered on Philippine emigrants living in Hong Kong and later expanded into a novel, the much-anthologized stories "May Day Eve" and "The Summer Solstice" and a canonic play, A Portrait of the Artist as Filipino. As Penguin Classics previously launched his countryman Jose Rizal to a wide audience, now Joaquin will find new readers with the first American collection of his work. Introduction and Suggestions for Further Reading by Vicente L. Rafael For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
