A dream getaway is about to turn into a living nightmare. . . Rick and Corinne Scully and their kids have visited Florida's Captiva Island many times. This year, they've brought along their best friends, who can't wait to finally experience the place the Scullys call Paradise on Earth. But this vacation is turning out to be a lot different than planned. The Scullys never expected the rowdy college spring-breakers renting the house next door, or a hurricane that would sweep through the Gulf Coast, or the century-old shipwreck that washed up on the shore. They never knew about the military research being done at a nearby marine institute—and the test subjects that escaped during the hurricane. In the aftermath of the storm, the Scullys and their friends will try to salvage what's left of their time at the beach. They believe it's safe to go back in the water. . .but they're dead wrong.

Rugged adventure guide Ron Combs leads a group of thrill-seekers to an island off Washington's coast. But when devastating lava flows destroy their boat and overtake the island, Ron and his clients are forced one-by-one into the sea, where a gigantic prehistoric predator awaits. Trapped between the lava-covered island and the huge jaws of an ancient shark, Ron teams up with his client Rachel to devise a way to keep everyone safe...even if it means sacrificing himself in the process.

This foraging and cooking classic was first published in 1964 and has continued to be one of America's most appreciated works on the subject of seafood. As a young man, Euell Gibbons kept his family alive during the Dust Bowl era by gathering wild foods. In later years he foraged for seafood all over the coastlines of North America and even Hawaii. He drew on his extensive experience and research to write his "Stalking" series, books which have entered the American lexicon and which remain the starting point for serious foragers. Euell Gibbons tells how to find marvelous food in every coastal area of North America. This book contains numerous drawings for identification and hundreds of recipes

and cooking tips from chowders and clambakes to simple epicurean treats such as boiled periwinkles dipped in melted butter.

Get ready to fall in love with the cutest gang of dogs Meet man's best friends - Bowie, Cleo, and Zaza - each one with its own unique personality. The Dog Gang Collection is a series of books that teaches children more about our most loyal friends - while also teaching them important lessons they can apply in their own lives. Your children will learn how to be kind and considerate without seeking affirmation. They will receive lessons about gratitude, unconditional love, and giving without expecting anything in return. With wonderful, colorful illustrations and insights into friendship and love between dogs and humans, this series is surely going to become one of your child's favorite bedtime stories.

Introduces six simple machines, describing how they work in more complex machinery and how they are used every day. A shark attack survivor believes she has already lived through her worst nightmare. She's dead wrong. . . Naomi Cardiff

is not one to give up without a fight—and now, after learning about a series of shark attacks in Cape Cod, she's joined a team of scientists to put a stop to the terror. The plan: to lure the sharks to a remote island far from the populated coastline. Meanwhile, a fierce Nor'easter is underway. . . In the midst of the storm, an alarming number of Great Whites have come to slaughter the seals in a vicious feeding frenzy. When sharks ram and breach the hull, Naomi and her team must jump ship and swim desperately through a sea of circling fins and gaping jaws to the tiny island. But as the swells from the storm begin to swallow their rocky refuge, how will they manage to make it out alive?

Four-and-a-half-year-old Liam loves all Marine Creatures, but particularly SHARKS. Liam's fantasy is to be able to embark on underwater ocean adventures and talk to Sharks. One sunny day, when he goes fishing with his Dad, he meets Dearborn, a Great Whale Shark. To Liam's great surprise his eyes begin to shine with amazing magical beams, which enables him to talk to Dearborn! The Big Shark tells him he is a special Shark Boy and they have been waiting for him to come to their world. Together

with his Granddad, Liam embarks on a Marvelous Adventure full of fun in the Deep Sea, with Goutomi the Japanese Stingray, Maximillian Forbes, the very posh Lion Fish and Pufferbee the little Prickle Puffer-fish! An exciting, adventure bedtime story book for children ages 4 to 8 who love marine life. This beautifully illustrated book about a Shark is the first in the series of Liam Shark Boy's adventures. The pictures of fish and the ocean animals teach curious children about the habits of the sea animals in a fun way. Brian Read Healthy Mum's Magazine 5-star rating 30/10/19 Liam Shark Boy Review by Brian R. on 30 Oct 2019 Book Style: Toddler and Kids Story book Reading Level: 3 (Reading Alone due to: Length of book and some descriptive vocabulary) Reading Length: 10-15 minutes (FYI - we never account for toddler questions) Illustration: Fun, cartoonish, cute Age Target: 1-8 Years of Age When reviewing this book, I was concerned about the sheer length of the story. However, as I got into the story, I found that the author had presented the story in beautifully constructed stand-alone segments. Those segments make it incredibly easy to read this book with a toddler, as it's just like a new story (with the same characters) every couple of pages. What's more, the book appears long (with 48 pages), but the font is large, and the illustrations provide interesting pauses for the young reader. What you're left with is a book that's really well written for toddlers and children alike. Brian Read - Children's Books There are several things to be impressed with in Liam Shark Boy. One of my favorite things about the book was the fact that...it was filled with facts! There are easy 2-3 facts per page that I, as a parent, learned during the story. What's more, I know my child was learning 5-6 things per page and enjoying the in-depth knowledge he was gaining about the ocean and sea life in general. Another thing that I loved about the book was just how specific everything was. For example, it wasn't just a boat that Liam went on with his father. No, it was a Kingfisher Offshore boat. We weren't just talking about a Porcupine Puffer Fish (and his family), we were talking about Pufferbee and Pufferbee's grandfather, Grandpuff. It's this specificity that really helps with retention in toddlers, and I loved how this story was so intentional in its inclusion of specifics. I think it's obvious from my review (above) that I really enjoyed Liam Shark Boy. Not only that, but my little boy enjoyed it just as much as I did, and isn't that what's important? He loved the magical story, the fact that Liam had super powers, and he loved all of the facts about the oceans and sea life. What's more, the story has been awarded a 2016 eLit Award in the Children's Books section, which should tell you all you need to know.

Bruno Littlemore is quite unlike any chimpanzee in the world. Precocious, self-conscious and preternaturally gifted, young Bruno, born and raised in a habitat at the local zoo, falls under the care of a university primatologist named Lydia Littlemore. Learning of Bruno's ability to speak, Lydia takes Bruno into her home to oversee his education and nurture his passion for painting. But for all of his gifts, the chimpanzee has a rough time caging his more primal urges. His untimely outbursts ultimately cost Lydia her job, and send the unlikely pair on the road in what proves to be one of the most unforgettable journeys -- and most affecting love stories -- in recent literature. Like its protagonist, this novel is big, loud, abrasive, witty, perverse, earnest and amazingly accomplished. The Evolution of Bruno Littlemore goes beyond satire by showing us not what it means, but what it feels like to be human -- to love and lose, learn, aspire, grasp, and, in the end, to fail.
