God and the Human Environment: Catholic Principles of Environmental Stewardship as a Template for Action in Nigeria brings into conversation the Church's theological reflection on the mandate to care for God's creation and the circumstances of the environment in Nigeria. In vivid terms and with systemic thinking, Fr. Jude Osunkwo, a theologian who specializes in Environmental Studies and Pastoral Catechesis, explores the biblical, theological, magisterial, and doctrinal bases that underlie a faithful response to contemporary environmental challenges. After setting the stage with a summation of the issues and a survey of significant ecclesiastical statements on the topic of the environment, God and the Human Environment addresses Catholic theological principles of stewardship, Christian responsibility, and the ethics of development. Then the discussion turns to the environment of Nigeria, assessing its current state and reviewing the causes and consequences of environmental challenges before proposing pastoral responses for the Church. Finally, some chapters address likely developments in Nigeria and the Church. An extensive bibliography and several appendices provide additional support. God and the Human Environment is a rigorously researched and passionately presented exploration of the issues growing out of the environmental circumstances Nigerians currently face. Whether you live in Nigeria or count yourself as a member of the Catholic Church and live somewhere else, God and the Human Environment explores a topic that promises to make a difference in your life and to protect the part of the environment that God has created for you to tend.

When disasters happen, people turn to local churches as centers for response and assistance. When floods or tornadoes devastate an area, or when shootings and violence shock a community, knowing what to do can be the difference between calm and chaos, courage and fear, life and death. But few churches plan in advance for what they should do— until the storm hits. Don't get caught unprepared. If a natural disaster or human tragedy strikes your community, your church can minister to the hurting. Jamie Aten and David Boan, codirectors of the Humanitarian Disaster Institute, provide a practical guide for disaster preparedness. Disaster ministry is a critically important work of the church, preparing for the unthinkable, providing relief to survivors, caring for the vulnerable and helping communities recover. Filled with resources for emergency planning and crisis management, this book provides best practices for local congregations. By taking action in advance, your church can help prevent harm and save lives during a disaster. The time to plan is now. Be prepared.

The Great Commission is not just for professional clergy; it is a charge to every follower of Christ—ordinary Christians like you and me. Bob Roberts Jr. urges disciples of Jesus to reclaim their

role in God's transforming work around the globe. In *Real-Time Connections*, Roberts illuminates the ways that Christians from all walks of life can use the everyday associations of their work for the service of God's kingdom. It's an ancient idea in a new global reality. The growth and influence of the first Christian communities came from people of every vocation. Today's global economy offers followers of Jesus opportunities to interact with nations and people groups once accessed only by remote missionaries. *Real-Time Connections* helps readers shed preconceived notions of what it means to "go into all the world" for Jesus, equipping them with practical guidance and encouraging them with firsthand stories of real people doing just that. Readers can discover their vital role in expanding God's kingdom around the globe using skills and talents that they already have.

Stuck in a Funk? is Tony Morgan's well-crafted new book explaining how leaders can reinvigorate their churches and congregations while making a bigger impact in their ministry. Morgan's work is simple and is filled with practical, useful insights. The author seeks to help church pastors and other leaders to "get unstuck," and remove any and all forms of clutter that might be blocking a new and better path for their ministry and congregation. The book is especially designed for the church that has been stuck for decades and is facing decline, or the church that has had a degree of success and strong impact in the recent past, yet somehow finds itself plateaued. Throughout the pages of *Stuck in a Funk?*, Morgan shares his desire to help churches to have a bigger, more effective impact on people's lives, as well as in the communities they serve. Morgan's maverick, insightful strategies are not simply theory. Rather, they are time-tested ideas and methods that have been proven from his work with churches during his successful pastoral and consulting career. Additionally, the book has been designed to assist church leaders in their quest to engage with their own staff and volunteers. In terms of a broad, overarching theme that defines the author's tactics for enhancing the quality of church leadership, Morgan prompts the reader to rethink their systems and strategies. He believes that one cannot hope to get different results without engaging a different approach. Of course, change can be frightening to some people and may even produce fear and anger. Yet, like an old friend, changing approaches and paradigms often yields fruit and helps people and organizations to escape a dead end, and to find new beginnings. Morgan does this by providing essential wisdom and application to help churches take their next steps. Based on four previously released e-books in the *Leisure Suit* series, *Stuck in a Funk?* examines why churches get "stuck," how a church can move forward under a new vision, how leaders can best enact change, and how to communicate when change is needed. Since management is not leadership in Morgan's view, he has organized the book to include guided self-assessment and a template for establishing an action plan. *Stuck in a Funk?* is designed to be read and discussed with a leadership team who can work together to enact positive change. Morgan uses the analogy of the leisure suit, which was popular in the 1970s, as a metaphor for the problems experienced by many churches these days. Just as the leisure suit, though popular at one time, eventually faded into obscurity as new, more fashionable alternatives grew to replace it, some church's methods of reaching its congregation have lost their effect, but these churches are all too often unwilling to adapt to new societal needs of outreach. Or as Morgan writes, "Some churches are still wearing their leisure suits." Through *Stuck in a Funk?*, church leaders will be able to meet the challenge of redefining their approaches to building and increasing the impact of their vital work.

To many people, the Church of England and worldwide Anglican Communion has the aura of an institution that is dislocated and adrift. Buffeted by tempestuous and stormy debates on sexuality, gender, authority and power – to say nothing of priorities in mission and ministry, and the leadership and management of the church – a once confident Anglicanism appears to be anxious and vulnerable. *The Future Shape of Anglicanism* offers a constructive and critical engagement with the currents and contours that have brought the church to this point. It assesses and evaluates the forces now shaping the church and challenges them culturally, critically, and theologically. *The Future Shape of Anglicanism* engages with the church of the present that is simultaneously dissenting and loyal, as well as critical and constructive. For all who are engaged in ecclesiological investigations, and for those who study the Church of England and the wider Anglican Communion, this book offers new maps and charts for the present and future. It is an essential companion and guide to some of the movements and forces that are currently shaping the church.

Citywide movements and global urban mission are two merging trends turning the church inside-out. In cities worldwide, the church is becoming known for its love, like Jesus said. How can you start such a movement in your city, town, or community? Most urban mission textbooks are written from and for a Western context, but this book is different! Jacob Bloemberg shares the story of Love Hanoi, a campaign-turned-movement that has been enjoying success since 2012 in the capital city of Vietnam. In this book, he provides the theological foundation of building the city and explains how urban mission concepts can be adapted for citywide movements in any cultural context. *Love [Your City]* also features practical tools and helpful tips for students, practitioners, and mission leaders so that they, too, can start transforming their cities and making the church known for its love!

Incline Your Ear: Cultivating Spiritual Awakening in Congregations introduces faith communities and individuals to the centuries-old principles and practices of spiritual direction. Spiritual direction, as Chad R. Abbot and Teresa Blythe practice and teach it, emphasizes four aspects of the faith journey: becoming more aware of the presence of the Holy in our daily lives, reflecting on that awareness and deepening our relationship with God, discerning where God is leading, and sharing our spiritual gifts with the world. Abbott and

Blythe also share simple ways to evaluate the outcomes of spiritual awakening: "fruits of the Spirit." As a middle judicatory minister and spiritual director who work with clergy, lay leaders, and congregations around issues of spiritual life and energy, the authors long for churches to become vital spiritual communities that meet the needs of people right where they are. They strive to nurture congregations where pastors don't have to do it all; where members are equipped to share their gifts with one another; where leaders rest easy, knowing the board has discerned the vision well; and where all discover the rich array of spiritual food Christianity serves. In these complex and confusing times, the authors extend to us an invitation and hope: "Incline your ear... that you may live." As communities of faith study and experience *Incline Your Ear* together, they will find new ways to be in love with God and listen to the Spirit.

Promoting a Safer Church presents the Church of England's policy statement for safeguarding children, young people and vulnerable adults, which applies to all Church bodies and Church officers. It sets out the five foundations on which the policy is based, the six policy commitments that need to underpin all safeguarding work within the Church, and the drive to improve safeguarding practice. All Church bodies should ensure that all Church officers have access to this policy statement and should make sure its contents are promoted, publicised and put into action.

Imagine what Sundays in a parish could be if worshiping communities are assured that the liturgy in their spaces might be a foretaste of the heavenly liturgy. Or what town-hall meetings could also be in a place where parish committees are inspired to know that they can be the instruments of truth and beauty. The essays in *Building from Belief* focus on Catholic church architecture and invite those who are involved in the creation of worship space to be the world's memory of what beauty looks like, and what sanctity feels like." In *Building from Belief*, Michal DeSanctis treats a variety of topics that concern the creation and use of liturgical space. He brings the historical development of both the Church and its architecture into clear view and focuses on the need for catechesis and conversion. DeSanctis calls for a change of heart on the part of the worshiping community, the building committee, professionals involved in the design process, and of the Church. By keeping the theological concepts of grace and sacramentality in mind, he offers rich insights to these fundamental Christian realities and provides hope and excitement about using the gifts of beauty, grace, and holiness. The essays in *Building from Belief* are an invitation to build the promised kingdom, allowing the grace of God into our hearts and in our spaces. DeSanctis encourages those who embark on the journey of building to ask the same question that the Fathers of Vatican II asked: how to be Church in a modern world. He shows that the worship that rises from our communities is indeed a true expression of that belief. Do you want to love your neighbor as yourself but don't know where to start? This practical, accessible guide to bridging the dividing lines of politics, race, and economics, both individually and as the church, will help you amplify Jesus in your community and build God's kingdom. When asked what the greatest commandment is, Jesus gave a two-part answer: "Love the Lord your God with all your heart and with all your soul and with all your mind and with all your strength" and also "Love your neighbor as yourself." Love God. Love others. Jesus' simple command to love your neighbor can feel overwhelming when your neighbor looks, lives, and votes differently than you do. Racial and economic tensions across the country have resulted in deep dividing lines that seem really intimidating to cross. *Docusen* breaks down these lines in approachable chapters, including topics like these: how to actively seek out people you can benefit and encourage, what it means to find a diverse and supportive community that fulfills needs, examples of real-

life experiences, including highlights and missteps of Docusen's ongoing journey, and how churches can teach on difficult topics with grace and truth. Neighborliness is a practical guide to bridging those dividing lines and learning to recognize and amplify the beauty of God in our communities. Backed by David's speaking and training through the Neighborliness Center, this book will help individuals and churches reach out to their neighbors, love them through Christ, and build God's kingdom.

The need to merge churches is growing ever more crucial as congregations assess how to thrive in cultural diversity and ever-changing times. Every denomination faces the urgency to shift from maintenance to mission, and from survival to renewal. Church Mergers offers churches of all sizes and traditions practical advice on how to merge successfully. Authors Thomas G. Bandy and Page M. Brooks draw on decades of experience to illustrate why and how missional mergers are possible. Church Mergers guides congregational leaders and regional planners through the process of successful mergers. It shares the stories of four churches in the merger process, explaining the steps to assess their situations, build trust, and discern vision. The book offers guidance to assess the potential for merger, explore contextual relevancy and lifestyle compatibility, overcome internal and external obstacles, define strategic priorities, create new boards, build leadership teams, combine assets, and more. Church Mergers shows that a faithful, healthy, missional merger is possible, and it illustrates that the whole can indeed be greater than the sum of its parts.

Is your team excited about the next big dream for your church? You are a visionary leader and your church probably has a vision statement. Yet most churches are stuck in a trap of generic communication without a truly visionary plan. Just like a visionary restaurant needs a more specific focus than "serving food," a visionary church needs something more than biblical generalizations like "loving God, loving people" or "making disciples and serving the world." When a team doesn't share an understanding of God's next big dream, leadership grows tired, overworked by an "all things to all people" ministry approach. Too often there's no unified picture of what success looks like. People can feel uninspired and your church's programming can seem more optional than ever. Ministry without clarity is insanity. Are you ready for a better way? In this groundbreaking work, based on Will Mancini's 15 years and over 10,000 hours of church team facilitation, God Dreams reveals a simple and powerful planning method that will bring energy and focus to your church like never before. First, God Dreams shows how to reclaim the role of long-range vision today by providing 12 vision templates, each with biblical, historical and contemporary illustrations. These vision starters will dramatically accelerate your team's ability to find complete agreement regarding your church's future. Second, God Dreams explains how to overcome the fruitless planning efforts that many church teams experience. With a tool called the Horizon Storyline, leaders can connect short-term action steps with the long-range dream, while leveraging the power of storytelling to make the plan "stick." This tool will galvanize a diverse team of ministry leaders and volunteers with unprecedented enthusiasm. Imagine leading with a refreshed sense of freedom and confidence, with a totally new way to inspire your church. Imagine the ability to harness the energy and resources of your people towards a specific dream of gospel impact, in your church and in your lifetime. God Dreams is your passport to leading into a better future.

Most teachers enter the field of education to make a difference in children's lives. But many end up, as author Lisa Lucas puts it, "tired, wired, and running in circles." This leads to many new teachers abandoning the profession or to burnout among veteran teachers. Drawing upon her own experiences, Lisa has written a book to help you more successfully manage the frustration of feeling overwhelmed. Written in an informal, conversational tone, Practicing Presence is filled with ideas, exercises, checklists, personal anecdotes, and practices you can use to reframe and establish a mindset that will enhance your focus and engagement in the classroom. When teachers care for themselves deeply and deliberately, they are better able to care for the people that matter most in their lives--their students, friends, and families. Practicing Presence focuses not on doing, but rather on being present in the life of the classroom. Each chapter includes self-care strategies to explore how to self-regulate, nurture self-acceptance, and promote compassion. This book will give readers the feeling of having a personal coach who provides suggestions and routines so that they not only can deal with being overwhelmed, but rise above it. Why Work? Called to Make a Difference challenges every common assumption about a person's role in the workplace. From corporate America to government offices to entrepreneurial start-ups, a new move is sweeping the country. Each chapter is thought provoking and worthy of discussion, guiding everyday workers as to their purpose in work and how they can make a difference in their sphere of influence. As you read the book, you will be transformed as you become an agent of transformation in your workplace. This book is valuable for an individual reader and a small group. The content of the book provides a fresh awareness of the purpose of our work. It encourages discussion that will enhance the understanding of all participants. This book may be used in conjunction with online downloadable resources.

Smith offers a fresh perspective on applying the principles and methods for more effective pastoral leadership by using simple thought processes and tools. (Ministry & Pastoral Resources) This book outlines digital discipleship principles for building an online community and provides practical instruction for how to do it no matter how big or small a local church may be. There are more than 2.3 billion professing Christians in the world and more and more new churches launching globally, yet statistics show that in-person church attendance is declining or plateauing in every nation. Although social technology has been around for more than two decades, church leaders have long bristled at the idea of church online, ranking it as the last concern on their minds in Barna's 2020 state of the church report published February 3, 2020. And then, three weeks later, COVID-19 closed the doors of every church on earth and suddenly forced them entirely online. Nona Jones, a globally acclaimed thought leader on leveraging technology for ministry, had been leading a movement and sounding the alarm for several years to make digital discipleship a central part of every church's ministry approach. In From Social Media to Social Ministry, she outlines her digital discipleship principles and provides practical instruction for how

to do it no matter how big or small a local church may be. There are plenty of books to help churches build a social media strategy, but this is the first book of its kind that goes beyond digital marketing to digital ministry. Readers will leave this book with: Clarity on what discipleship truly is The data that underscores the urgency for digital discipleship Understanding of the resources required to do it well A step-by-step guide on how to implement digital discipleship into ministry plans Knowledge of the differences among and purposes of the most popular social platforms, as well as the tools best positioned for digital ministry
