

## Churchill A Study In Greatness Geoffrey Best

The imperial aspect of Churchill's career tends to be airbrushed out, while the battles against Nazism are heavily foregrounded. A charmer and a bully, Winston Churchill was driven by a belief that the English were a superior race, whose goals went beyond individual interests to offer an enduring good to the entire world. No better example exists than Churchill's resolve to stand alone against a more powerful Hitler in 1940 while the world's democracies fell to their knees. But there is also the Churchill who frequently inveighed against human rights, nationalism, and constitutional progress—the imperialist who could celebrate racism and believed India was unsuited to democracy. Drawing on newly released documents and an uncanny ability to separate the facts from the overblown reputation (by mid-career Churchill had become a global brand), Richard Toye provides the first comprehensive analysis of Churchill's relationship with the empire. Instead of locating Churchill's position on a simple left/right spectrum, Toye demonstrates how the statesman evolved and challenges the reader to understand his need to reconcile the demands of conscience with those of political conformity.

WINSTON CHURCHILL Winston Churchill was an incredible man with an extremely full life. He had a varied career in which he spent much time being quite unpopular in the public eye. Despite the great challenges Churchill faced during his life, and at times his incredible un-popularity, he managed to persevere and continue on with unwavering tenacity towards his goals. Known now as a war veteran, powerful politician, and one of the best speech-makers of all time - Winston Churchill leaves a huge legacy behind. You would think that a man of such accomplishments would have been a product of natural talent. But it is quite the contrary. As this book will explain to you, Churchill failed time and time again throughout his life. The man is the ultimate example of why perseverance and resilience is key, and through his life you can learn a multitude of lessons on how to enhance your own experience and achieve more. This book will not only detail you the incredible journey of Winston Churchill's life, but it will also share with you the most valuable lessons that you can learn from this incredible man and his accomplishments. Here Is What You'll Learn About... Who Is Winston Churchill Churchill's Early Life Churchill's Time At War Churchill's Political Career Why Perseverance Was Key For Winston Churchill Churchill's Biggest Successes & Failures Life Lessons You Can Learn From Winston Churchill Much, Much More!

A thrilling narrative of Winston Churchill's extraordinary and little-known exploits during the Boer War. Churchill arrived in South Africa in 1899, valet and crates of vintage wine in tow, there to cover the brutal colonial war the British were fighting with Boer rebels. But just two weeks after his arrival Churchill was taken prisoner ... The story of his escape is incredible enough, but then Churchill enlisted, returned to South Africa, fought in several battles, and ultimately liberated the men with whom he had been imprisoned. Hero of Empire is more than an adventure story, for the lessons Churchill took from the Boer War would profoundly affect twentieth-century history.

From the admiralty to the miner's strike, from the Battle of Britain to eventual victory over Nazi Germany, Churchill oversaw some of the most important events the world has ever seen. Winning the Nobel Prize in Literature for his personal writing and cautioning against a powerful Soviet Russia in his later years in office, his larger-than-life and complex personality has continued to fascinate writers and historians. In this comprehensive biography, Roy Jenkins faithfully presents these events, while also managing to convey the contradictions and quirks in Churchill's character. Weaving together in-depth analysis and brilliant historical research, Jenkins has succeeded in crafting this magnificent one-volume account packed with insights that only a fellow politician can convey. Bringing to life the statesman, writer, speaker and leader, Churchill is packed with insights into one of the most important figures of the twentieth century. 'His book is timely and a triumph. Roberts manages to convey all the reader needs to know about two men to whom battalions of biographies have been devoted' EVENING STANDARD Adolf Hitler and Winston Churchill were two totally opposite leaders - both in what they stood for and in the way in which they seemed to lead. Award-winning historian Andrew Roberts examines their different styles of leadership and draws parallels with rulers from other eras. He also looks at the way Hitler and Churchill estimated each other as leaders, and how it affected the outcome of the war. In a world that is as dependent on leadership as any earlier age, HITLER AND CHURCHILL asks searching questions about our need to be led. In doing so, Andrew Roberts forces us to re-examine the way that we look at those who take decisions for us.

A Renowned Historian Gives New Perspective on Statesmen at War Lewis E. Lehrman, a renowned historian and National Humanities Medal winner, gives new perspective on two of the greatest English-speaking statesmen—and their remarkable leadership in wars of national survival Abraham Lincoln and Winston Churchill, as commanders in chief, led their nations to victory—Lincoln in the Civil War, Churchill in World War II. They became revered leaders—statesmen for all time. Yet these two world-famous war leaders have never been seriously compared at book length. Acclaimed historian Lewis Lehrman, in his pathbreaking comparison of both statesmen, finds that Lincoln and Churchill—with very different upbringings and contrasting personalities—led their war efforts, to some extent, in similar ways. As supreme war lords, they were guided not only by principles of honor, duty, freedom, but also by the practical wisdom to know when, where, and how to apply these principles. They made mistakes which Lehrman considers carefully. But the author emphasizes that, despite setbacks, they never gave up. Even their writings and speeches were swords in battle. Gifted literary stylists, both men relied on the written and spoken word to steel their citizens throughout desperate and prolonged wars. Both statesmen unexpectedly left office near the end of their wars—Lincoln by the bullet, Churchill by the ballot.

An account of the World War II Prime Minister's early career includes coverage of his contributions to building a modern navy, his experimentations with radical social reforms and his lesser-known romantic pursuits. By the author of the Pulitzer Prize finalist, Orwell.

An accessible portrait of the legendary British leader captures the contradictions and complexities of Winston Churchill as it presents forty contrasting views of the man, his life, his accomplishments, and his contributions to history. Reprint. 25,000 first printing.

'Provocative, clear-sighted, richly textured and wonderfully readable, this is the indispensable biography of Churchill for the post-Brexit 2020s' DAVID KYNASTON 'Stimulating, erudite and above all entertaining' ROBERT HARRIS In A.J.P. Taylor's words, Churchill was 'the saviour of his country' when he became prime minister in 1940. Yet he was also a deeply flawed character, whose personal ambition would cloud his political judgement. While Churchill's Shadow gives due credit to the achievements, it also reveals some spectacular failures; indeed, it appears that for every Finest Hour there were

many more Gallipolis. But this book goes beyond the reappraisal of a life and a career: it reveals that Churchill has cast a complex shadow over post-war British history and contemporary politics - from the 'Churchillian stance' of Tony Blair taking the country to war in Iraq to the delusion of a special relationship with the United States to the fateful belief in British exceptionalism: that the nation can once again stand alone in Europe. Geoffrey Wheatcroft takes a radically different approach to other biographies and studies of Churchill, zooming in on crucial moments in his life that help us understand the man in his many contradictions. Churchill's Shadow both tells the story of his extraordinary life and the equally fascinating one of his legacy, focusing on how Churchill was viewed by contemporaries and those who came after. As we struggle to work out who we are as a nation, how our complex legacies of war and empire shape our past and our present, we do that in the long shadow of Churchill. He set about writing his own myth during his lifetime and it is a myth - with all the delusions and hangovers myths bring - in whose grip we have been living in ever since.

Here, in a uniquely fresh, affectionate, and spirited biography, is the incomparable Britisher with all his many facets. --Page 2 of cover.

Winston Churchill is a renowned historical figure, whose remarkable political and military career continues to enthrall. This book consists of short, highly readable chapters on key aspects of Churchill's career. Written by leading experts, the chapters draw on documents from Churchill's extensive personal papers as well as cutting-edge scholarship. Ranging from Churchill's youthful statesmanship to the period of the Cold War, the volume considers his military strategy during both World Wars as well as dealing with the social, political and economic issues that helped define the Churchillian era. Suitable for those coming to Churchill for the first time, as well as providing new insights for those already familiar with his life, this is a sparkling collection of essays that provides an enlightening history of Churchill and his era. "First published in Great Britain under the title First lady: the life and wars of Clementine Churchill by Aurum Press Ltd."--Title page verso.

Examines the complex relationship between Franklin Roosevelt and Winston Churchill and its influence on the course of World War II, examining their individual attempts to manage and influence each other. Definitive, concise, and very interesting... From William Shakespeare to Winston Churchill, the Very Interesting People series provides authoritative bite-sized biographies of Britain's most fascinating historical figures - people whose influence and importance have stood the test of time. Each book in the series is based upon the biographical entry from the world-famous Oxford Dictionary of National Biography. The Very Interesting People series includes the following titles: 1. Isaac Newton by Richard S. Westfall 6. Elizabeth I by Patrick Collinson 7. George III by John Cannon 8. Benjamin Disraeli by Jonathan Parry 9. Christopher Wren by Kerry Downes 10. John Ruskin by Robert Hewison 11. James Joyce by Bruce Stewart 12. John Milton by Gordon Campbell 13. Jane Austen by Marilyn Butler 14. Henry VIII by Eric Ives 15. Queen Victoria by K. D. Reynolds and H. C. G. Matthew 16. Winston Churchill by Paul Addison 17. Oliver Cromwell by John Morrill 18. Thomas Paine by Mark Philp 19. J. M. W. Turner by Luke Herrmann 20. William and Mary by Tony Claydon and W. A. Speck

A dramatic evaluation of the impact of war on Winston Churchill's leadership abilities draws on the World War II prime minister's writings as a war correspondent, journalist, and historian, exploring how his early military experiences informed his subsequent decisions and helped him protect Europe in later conflicts.

Combat, cigars, and whiskey—from the jungles of Cuba and the mountains of the Northwest Frontier, to the banks of the Nile and the plains of South Africa, comes this action-packed tale of Winston Churchill's adventures as a war correspondent in the Age of Empire.

In this fascinating and meticulously researched book, bestselling historian Arthur Herman sheds new light on two of the most universally recognizable icons of the twentieth century, and reveals how their forty-year rivalry sealed the fate of India and the British Empire. They were born worlds apart: Winston Churchill to Britain's most glamorous aristocratic family, Mohandas Gandhi to a pious middle-class household in a provincial town in India. Yet Arthur Herman reveals how their lives and careers became intertwined as the twentieth century unfolded. Both men would go on to lead their nations through harrowing trials and two world wars—and become locked in a fierce contest of wills that would decide the fate of countries, continents, and ultimately an empire. Gandhi & Churchill reveals how both men were more alike than different, and yet became bitter enemies over the future of India, a land of 250 million people with 147 languages and dialects and 15 distinct religions—the jewel in the crown of Britain's overseas empire for 200 years. Over the course of a long career, Churchill would do whatever was necessary to ensure that India remain British—including a fateful redrawing of the entire map of the Middle East and even risking his alliance with the United States during World War Two. Mohandas Gandhi, by contrast, would dedicate his life to India's liberation, defy death and imprisonment, and create an entirely new kind of political movement: satyagraha, or civil disobedience. His campaigns of nonviolence in defiance of Churchill and the British, including his famous Salt March, would become the blueprint not only for the independence of India but for the civil rights movement in the U.S. and struggles for freedom across the world. Now master storyteller Arthur Herman cuts through the legends and myths about these two powerful, charismatic figures and reveals their flaws as well as their strengths. The result is a sweeping epic of empire and insurrection, war and political intrigue, with a fascinating supporting cast, including General Kitchener, Rabindranath Tagore, Franklin Roosevelt, Lord Mountbatten, and Mohammed Ali Jinnah, the founder of Pakistan. It is also a brilliant narrative parable of two men whose great successes were always haunted by personal failure, and whose final moments of triumph were overshadowed by the loss of what they held most dear.

This is not a book about Winston Churchill. It is not principally about his politics, nor his rhetorical imagination, nor even about the man himself. Instead, it addresses the varied afterlives of the man and the persistent, deeply located compulsion to bring him back from the dead, capturing and explaining the significance of the various Churchill myths to Britain's history and current politics. The authors look at Churchill's portrayal in social memory. They demonstrate the ways in which politicians have often used the idea of Churchill as a means of self-validation - using him to show themselves as tough and honest players. They show the man dramatized in film and television - an onscreen persona that is often the product of a gratuitous mixing of fact and fantasy, one deliberately shaped to meet the preferences of the presumed audience. They discuss his legacy in light of the Brexit debate - showing how public figures on both sides of the Leave/Remain debate were able to use elements of Churchill's words and character to argue for their own point-of-view.

When Winston Churchill was a boy of sixteen, he already had a vision for his purpose in life. "This country will be subjected somehow to a tremendous invasion . . . I shall be in command of the defences of London . . . it will fall to me to save the Capital, to save the Empire." It was a most unlikely prediction. Perceived as a failure for much of his life, Churchill was the last person anyone would have expected to rise to national prominence as prime minister and influence the fate of the world during World War II. But Churchill persevered, on a mission to achieve his purpose. God and Churchill tells the remarkable story of how one man, armed with belief in his divine destiny, embarked on a course to save Christian civilization when Adolf Hitler and the forces of evil stood opposed. It traces the personal, political, and spiritual path of one of history's greatest leaders and offers hope for our own violent and troubled times. More than a spiritual

biography, *God and Churchill* is also a deeply personal quest. Written by Jonathan Sandys (Churchill's great-grandson) and former White House staffer Wallace Henley, *God and Churchill* explores Sandys' intense search to discover his great-grandfather—and how it changed his own destiny forever.

"We are all worms. But I do believe I am a glow-worm." --Churchill Winston Churchill's inspiring leadership in the Second World War once made him above criticism. In recent years his record has come under attack from revisionists. In *Churchill: A Study in Greatness* one of Britain's most distinguished historians rebuts these charges and makes sense of this extraordinary man and his long controversial, colourful, contradictory and heroic career. Geoffrey Best brings out both his strengths and his weaknesses, looking past the many received versions of Churchill in a biography that balances the private and the public man and offers a clear insight into Churchill's greatness. "We are all worms. But I do believe I am a glow-worm." --Churchill Winston Churchill's inspiring leadership in the Second World War once made him above criticism. In recent years his record has come under attack from revisionists. In *Churchill: A Study in Greatness* one of Britain's most distinguished historians rebuts these charges and makes sense of this extraordinary man and his long controversial, colourful, contradictory and heroic career. Geoffrey Best brings out both his strengths and his weaknesses, looking past the many received versions of Churchill in a biography that balances the private and the public man and offers a clear insight into Churchill's greatness.

An analysis of the personal and professional relationship between King George VI and Winston Churchill throughout World War II reveals how they overcame and tapped the strength of their considerable differences to navigate one of Great Britain's most turbulent eras, citing the respective roles they played and the strategic ways in which their personalities complemented one another. By the author of *The Atlantic Century*. (This book was previously featured in *Forecast*.)

Winston Churchill was one of the most extraordinary leaders of the twentieth century. What enabled him to stand so steadfastly when all those around him seemed to turn back in fear? What enabled him to inspire whole nations to endure the unendurable and to achieve the unachievable when all those around him had already surrendered all hope? *The Character and Greatness of Winston Churchill* is a remarkable study of Churchill's leadership skill and answers these questions and more. The result is an account that is no less inspiring today than it was three-quarters of a century ago when the great man's shadow fell large across the world stage. According to Henry Kissinger, "Our age finds it difficult to come to grips with Churchill. The political leaders with whom we are familiar generally aspire to be superstars rather than heroes. The distinction is crucial. Superstars strive for approbation; heroes walk alone. Superstars crave consensus; heroes define themselves by the ... future they see it as their task to bring about. Superstars seek success as a technique for eliciting support; heroes pursue success as the outgrowth of their inner values." Winston Churchill was a hero.

After German Luftwaffe bomb London, Maggie Hope--trained in math and code breaking, but only able to find a job as Winston Churchill's secretary--uses the unfettered access her position demands to try to unravel a plot to assassinate Churchill himself. A first novel. Original. 12,500 first printing.

No statesman shaped the twentieth century more than Winston Churchill. To know the full Churchill is to understand the combination of boldness and caution, of assertiveness and humility, that defines statesmanship at its best. With fresh perspective and insights based on decades of studying and teaching Churchill, Larry P. Arnn explores the greatest challenges faced by Churchill over the course of his extraordinary career, both in war and peace—and always in the context of Churchill's abiding dedication to constitutionalism. *Churchill's Trial* is organized around the three great challenges to liberty that Churchill faced: Nazism, Soviet communism, and his own nation's slide toward socialism. Churchill knew that stable free government, long enduring, is rare, and hangs upon the balance of many factors ever at risk. Combining meticulous scholarship with an engrossing narrative arc, this book holds timely lessons for today. Arnn says, "Churchill's trial is also our trial. We have a better chance to meet it because we had in him a true statesman." In a scholarly, timely, and highly erudite way, Larry Arnn puts the case for Winston Churchill continuing to be seen as statesman from whom the modern world can learn important lessons. In an age when social and political morality seems all too often to be in a state of flux, *Churchill's Trial* reminds us of the enduring power of the concepts of courage, duty, and honor. --Andrew Roberts, *New York Times* bestselling author of *Napoleon: A Life* and *The Storm of War* Larry Arnn has spent a lifetime studying the life and accomplishments of Winston Churchill. In his lively *Churchill's Trial*, Arnn artfully reminds us that Churchill was not just the greatest statesman and war leader of the twentieth century, but also a pragmatic and circumspect thinker whose wisdom resonates on every issue of our times. --Victor Davis Hanson, senior fellow, The Hoover Institution, Stanford University In absorbing, gracefully written historical and biographical narration, Larry Arnn shows that Churchill, often perceived as inconsistent and opportunistic, was in fact philosophically rigorous and consistent at levels of organization higher and deeper than his detractors are capable of imagining. In *Churchill's Trial* Arnn has rendered great service not only to an incomparable statesman but to us, for the magnificent currents that carried Churchill through his trials are as admirable, useful, and powerful in our times as they were in his. --Mark Helprin, *New York Times* bestselling author of *Winter's Tale* and *In Sunlight and in Shadow* *Churchill's Trial*, a masterpiece of political philosophy and practical statesmanship, is the one book on Winston Churchill that every undergraduate, every graduate student, every professional historian, and every member of the literate general public should read on this greatest statesman of the twentieth century. The book is beautifully written, divided into three parts--war, empire, peace--and thus covers the extraordinary life of Winston Churchill and the topics which define the era of his statesmanship. --Lewis E. Lehrman, cofounder of the Lincoln and Soldiers Institute at Gettysburg College and distinguished director of the Abraham Lincoln Association

Churchill's inspiring leadership left him above criticism for many years. Recently, however, his record has come under attack. In this book, one of Britain's most distinguished historians makes sense of this extraordinary man, and his long, controversial, colorful, and heroic career. *versions of Churchill*, in a biography that balances the private and the public man and offers clear insight into what made him truly great.

Draws parallels between Ronald Reagan and Winston Churchill, assessing their individual contributions to their eras and discussing their political agendas, talent as communicators, and accomplishments in the world of statesmanship.

One of the greatest historians writing today gives us a defining portrait of the incomparable Winston Churchill In his landmark biography of Winston Churchill, acclaimed historian John Keegan offers a very human portrait of one of the twentieth century's enduring symbols of heroic defiance. From Churchill's youth as a poor student to his leadership during World War II, Keegan reveals a man whose own idea of

an English past—eloquently embodied in his speeches—allowed him to exhort a nation to unprecedented levels of sacrifice. The result is a uniquely discerning look at one of the most fascinating personalities in history. “The best military historian of our generation.” –Tom Clancy

The two most significant British political figures of the twentieth-century, Churchill and Lloyd George were political rivals but personal friends. Between them their ministerial careers spanned seventy years and two world wars. Although they could not have been more different temperamentally, and often disagreed violently about politics, theirs was 'the longest political friendship in the life of Great Britain' and Churchill was the only person outside his family to call Lloyd George 'David'. Richard Toye's book is a dynamic account of their relationship. Drawing on diaries and letters, some never before published, (there are more than 1,000 pieces of correspondence between the two men), he explores their long-standing friendship and rivalry, the impact they had on each other's careers, and the fate of their respective reputations, arguing that Lloyd George's major achievements have been undeservedly overshadowed, in part as a consequence of Churchill's later mythmaking. It is a major work from a brilliant young historian.

**\*\*Read how Britain's new Prime Minister was inspired by Winston Churchill\*\*** 'The must-read biography of the year.' Evening Standard 'He writes with gusto... the result is a book that is never boring, genuinely clever ... this book sizzles.' The Times The point of the Churchill Factor is that one man can make all the difference. On the eve of the fiftieth anniversary of Winston Churchill's death, and written in conjunction with the Churchill Estate, Boris Johnson explores what makes up the 'Churchill Factor' - the singular brilliance of one of the most important leaders of the twentieth century. Taking on the myths and misconceptions along with the outsized reality, he portrays - with characteristic wit and passion - a man of multiple contradictions, contagious bravery, breath-taking eloquence, matchless strategizing, and deep humanity. Fearless on the battlefield, Churchill had to be ordered by the King to stay out of action on D-Day; he embraced large-scale strategic bombing, yet hated the destruction of war and scorned politicians who had not experienced its horrors. He was a celebrated journalist, a great orator and won the Nobel Prize for Literature. He was famous for his ability to combine wining and dining with many late nights of crucial wartime decision-making. His open-mindedness made him a pioneer in health care, education, and social welfare, though he remained incorrigibly politically incorrect. Most of all, as Boris Johnson says, 'Churchill is the resounding human rebuttal to all who think history is the story of vast and impersonal economic forces'. The Churchill Factor is a book to be enjoyed not only by anyone interested in history: it is essential reading for anyone who wants to know what makes a great leader.

During the Second World War, Winston Churchill won two resounding victories. The first was a victory over Nazi Germany, the second a victory over the legion of sceptics who had derided his judgement, denied his claims to greatness, and excluded him from high office on the grounds that he was sure to be a danger to King and Country. In this incisive new biography, Paul Addison examines both the life of the most iconic figure in twentieth-century British history, and also the battle over his reputation, which continues to this day.

The intimate, untold story of Winston Churchill's enduring yet volatile bond with his only son, Randolph “Fascinating... well-researched and well-written.”—Andrew Roberts • “Beautifully written... A triumph.”—Damien Lewis • “Fascinating, acute and touching.”—Simon Sebag Montefiore We think we know Winston Churchill: the bulldog grimace, the ever-present cigar, the wit and wisdom that led Great Britain through the Second World War. Yet away from the House of Commons and the Cabinet War Rooms, Churchill was a loving family man who doted on his children, none more so than Randolph, his only boy and Winston's anointed heir to the Churchill legacy. Randolph may have been born in his father's shadow, but his father, who had been neglected by his own parents, was determined to see him go far. For decades, throughout Winston's climb to greatness, father and son were inseparable--dining with Britain's elite, gossiping and swilling Champagne at high society parties, holidaying on the French Riviera, touring Prohibition-era America. Captivated by Winston's power, bravery, and charisma, Randolph worshipped his father, and Winston obsessed over his son's future. But their love was complex and combustible, complicated by money, class, and privilege, shaded with ambition, outsize expectations, resentments, and failures. Deeply researched and magnificently written, Churchill & Son is a revealing and surprising portrait of one of history's most celebrated figures.

Fifty years after his passing, The Man Within is meant to reinvigorate the spirit of Winston Churchill—approachable rather than academic, lively rather than staid. This collection features exceptional black-and-white photos, many of which are previously unpublished, woven together with his own powerful words. It tells his story — his childhood, his family, his passions, his friends, his life—and has been chosen as the official commemorative book of the Churchill Centre on the fiftieth anniversary of his passing. A percentage of royalties goes to the Churchill Centre UK and to other Churchill 2015 charities.

Before Winston Churchill made history, he made news. To a great extent, the news made him too. If it was his own efforts that made him a hero, it was the media that made him a celebrity - and it has been considerably responsible for perpetuating his memory and shaping his reputation in the years since his death. Churchill first made his name via writing and journalism in the years before 1900, the money he earned helping to support his political career (at a time when MPs did not get salaries). Journalistic activities were also important to him later, as he struggled in the interwar years to find the wherewithal to run and maintain Chartwell, his country house in Kent. Moreover, not only was journalism an important aspect of Churchill's political persona, but he himself was a news-obsessive throughout his life. The story of Churchill and the news is, on one level, a tale of tight deadlines, off-the-record briefings and smoke-filled newsrooms, of wartime summits that were turned into stage-managed global media events, and of often tense interactions with journalists and powerful press proprietors, such as Lords Northcliffe, Rothermere, and Beaverbrook. Uncovering the symbiotic relationship between Churchill's political life and his media life, and the ways in which these were connected to his personal life, Richard Toye asks if there was a 'public Churchill' whose image was at odds with the behind-the-scenes reality, or whether, in fact, his private and public selves became seamlessly blended as he adjusted to living in the constant glare of the media spotlight. On a wider level, this is also the story of a rapidly evolving media and news culture in the first half of the twentieth century, and of what the contemporary reporting of Churchill's life (including by himself) can tell us about the development of this culture, over a period spanning from the Victorian era through to the space age.

“A richly textured and deeply moving portrait of greatness” (Los Angeles Times). In this masterful book, prize-winning historian and authorized Churchill biographer Martin Gilbert weaves together the research from his eight-volume biography of the elder statesman into one single volume, and includes new information unavailable at the time of the original work's publication. Spanning Churchill's youth, education, and early military career, his journalistic work, and the arc of his political leadership, Churchill: A Life details the great man's indelible contribution to Britain's foreign policy and internal social reform. With eyewitness accounts and interviews with Churchill's contemporaries, including friends, family members, and career adversaries, it provides a revealing picture of the personal life, character, ambition, and drive of one of the world's most remarkable leaders. “A full and rounded examination of Churchill's life, both in its personal and political aspects . . . Gilbert describes the painful decade of Churchill's political exile (1929–1939) and shows how it strengthened him and prepared him for his role in the ‘hour

of supreme crisis' as Britain's wartime leader. A lucid, comprehensive and authoritative life of the man considered by many to have been the outstanding public figure of the 20th century." —Publishers Weekly "Mr. Gilbert's job was to bring alive before his readers a man of extraordinary genius and scarcely less extraordinary destiny. He has done so triumphantly." —The New York Times Book Review

CHURCHILLA Study in GreatnessA&C Black

NEW YORK TIMES BESTSELLER One of The Wall Street Journal's Ten Best Books of 2018 One of The Economist's Best Books of 2018 One of The New York Times's Notable Books of 2018 "Unarguably the best single-volume biography of Churchill . . . A brilliant feat of storytelling, monumental in scope, yet put together with tenderness for a man who had always believed that he would be Britain's savior." —Wall Street Journal In this landmark biography of Winston Churchill based on extensive new material, the true genius of the man, statesman and leader can finally be fully seen and understood--by the bestselling, award-winning author of Napoleon and The Storm of War. When we seek an example of great leaders with unalloyed courage, the person who comes to mind is Winston Churchill: the iconic, visionary war leader immune from the consensus of the day, who stood firmly for his beliefs when everyone doubted him. But how did young Winston become Churchill? What gave him the strength to take on the superior force of Nazi Germany when bombs rained on London and so many others had caved? In Churchill, Andrew Roberts gives readers the full and definitive Winston Churchill, from birth to lasting legacy, as personally revealing as it is compulsively readable. Roberts gained exclusive access to extensive new material: transcripts of War Cabinet meetings, diaries, letters and unpublished memoirs from Churchill's contemporaries. The Royal Family permitted Roberts--in a first for a Churchill biographer--to read the detailed notes taken by King George VI in his diary after his weekly meetings with Churchill during World War II. This treasure trove of access allows Roberts to understand the man in revelatory new ways, and to identify the hidden forces fueling Churchill's legendary drive. We think of Churchill as a hero who saved civilization from the evils of Nazism and warned of the grave crimes of Soviet communism, but Roberts's masterwork reveals that he has as much to teach us about the challenges leaders face today--and the fundamental values of courage, tenacity, leadership and moral conviction.

Throughout history there have been many long-running rivalries between party leaders, but there has never been a connection like that between Clement Attlee and Winston Churchill, who were leaders of their respective parties for a total of thirty-five years. Brought together in the epoch-making circumstances of the Second World War, they forged a partnership that transcended party lines, before going on to face each other in two of Britain's most important and influential general elections. Based on extensive research and archival material, Attlee and Churchill provides a host of new insights into their remarkable relationship. From the bizarre coincidence that they shared a governess, to their explosive wartime clashes over domestic policy and reconstruction; and from Britain's post-war nuclear weapons programme, which Attlee kept hidden from Churchill and his own Labour Party, to the private correspondence between the two men in later life, which demonstrates their friendliness despite all the political antagonism, Leo McKinstry tells the intertwined story of these two political titans as never before. In a gripping narrative McKinstry not only provides a fresh perspective on two of the most compelling leaders of the mid-twentieth century but also brilliantly brings to life this vibrant, traumatic and inspiring era of modern British history.

Chronicles the amazing predictions that Winston Churchill made throughout his life, including the rise of a Hitler-like figure along with Nazi Germany; the year the Iron Curtain would fall and the Cold War would end; and the exact day of his own death as he entered his final years. 50,000 first printing.
