The first English-language collection of the titular artist, "The Art of Sachiko Kaneoya" chronicles the creator's work and themes for nearly a decade, showcasing the monstrous, the romantic, and the mortal suffering of her subjects. Inspired by anime and manga from the 50s and 90s, Kaneoya's global contingent of fans has never had a easily-obtainable volume of her work... until now.

Presents the Swiss psychologist's thoughts, experiences, and everything he felt after a period of time spent seeing visions, hearing voices, and inducing hallucinations.

Jamie Oliver--one of the bestselling cookbook authors of all time--is back with a bang. Focusing on incredible combinations of just five ingredients, he's created 130 brand-new recipes that you can cook up at home, any day of the week. From salads, pasta, chicken, and fish to exciting ways with vegetables, rice and noodles, beef, pork, and lamb, plus a bonus chapter of sweet treats, Jamie's got all the bases covered. This is about maximum flavor with minimum fuss, lots of nutritious options, and loads of epic inspiration. This edition has been adapted for US market.

For fans of Marie Lu comes the first book in an epic series that bends the sci-fi genre into a new dimension. "A truly beautiful novel that redefines the form." —Victoria Aveyard, bestselling author of Red Queen This morning, Kady thought breaking up with Ezra was the hardest thing she'd have to do. This afternoon, her planet was invaded. The year is 2575, and two rival megacorporations are at war over a planet that's little more than a speck at the edge of the universe. Now with enemy fire raining down on them, Kady and Ezra—who are barely even talking to each other—are forced to evacuate with a hostile warship in hot pursuit. But their problems are just getting started. A plague has broken out and is mutating with terrifying results; the fleet's AI may actually be their enemy; and nobody in charge will say what's really going on. As Kady hacks into a web of data to find the truth, it's clear the only person who can help her is the ex-boyfriend she swore she'd never speak to again. Told through a fascinating dossier of hacked documents—including emails, maps, files, IMs, medical reports, interviews, and more—Illuminae is the first book in a heart-stopping trilogy about lives interrupted, the price of truth, and the courage of everyday heroes. "Prepare yourselves for Illuminae." —EW.com "[Y]ou're not in for an ordinary novel experience. . . ." —Bustle.com "A truly interactive experience. . . . A fantastically fun ride." —MTV.com "[O]ut-of-this-world awesome." —Kirkus Reviews, starred ? "...stylistically mesmerizing." —Publishers Weekly, starred ? "[A]n arresting visual experience." —Booklist, starred ? "[A] game-changer." —Shelf Awareness, starred "Brace yourself. You're about to be immersed in a mindscape that you'll never want to leave." —Marie Lu, bestselling author of the Legend trilogy "Genre: Undefined. Novel: Unforgettable." —Kami Garcia, bestselling coauthor of Beautiful Creatures & author of Unbreakable "An exuberant mix of space opera, romance, zombies, hackers, and political thrills." —Scott Westerfeld, bestselling author of Zeroes and Uglies "Stunningly creative. Smart, funny, and romantic." —Veronica Rossi, bestselling author of Under the Never Sky "This is one of those rare books that will truly keep your heart pounding." —Beth Revis, bestselling author of Across the Universe "This book is xxxing awesome." —Laini Taylor, bestselling author of Daughter of Smoke and Bone

Argues that national exposure through athletic success, profitable athletic departments, and an emphasis on research and graduate programs over undergraduate education are creating a "beer and circus" atmosphere in large universities.

A collection of 75 full-colour images from 40 of today's leading Pop Surrealists. The images represent the most influential styles in the new

contemporary art scene. Participating artists include Mark Ryden, Ray Caesar, Todd Schorr, Camille Rose Garcia, Shepard Fairey, Miss Van, Ron English, Joe Sorren, Gary Baseman, Tara McPherson and Scott Musgrove. The book also includes interviews with Alexandra Mazzanti, New York-based gallerists Alix Sloan (Sloan Fine Arts) and Jonathan LeVine (Jonathan LeVine Gallery) and Seattle-based gallerist Kirsten Anderson.

The emperor Nero is etched into the Western imagination as one of ancient Rome's most infamous villains, and Tacitus' *Annals* have played a central role in shaping the mainstream historiographical understanding of this flamboyant autocrat. This section of the text plunges us straight into the moral cesspool that Rome had apparently become in the later years of Nero's reign, chronicling the emperor's fledgling stage career including his plans for a grand tour of Greece; his participation in a city-wide orgy climaxing in his publicly consummated 'marriage' to his toy boy Pythagoras; the great fire of AD 64, during which large parts of central Rome went up in flames; and the rising of Nero's 'grotesque' new palace, the so-called 'Golden House', from the ashes of the city. This building project stoked the rumours that the emperor himself was behind the conflagration, and Tacitus goes on to present us with Nero's gruesome efforts to quell these mutterings by scapegoating and executing members of an unpopular new cult then starting to spread through the Roman empire: Christianity. All this contrasts starkly with four chapters focusing on one of Nero's most principled opponents, the Stoic senator Thrasea Paetus, an audacious figure of moral fibre, who courageously refuses to bend to the forces of imperial corruption and hypocrisy. This course book offers a portion of the original Latin text, study aids with vocabulary, and a commentary. Designed to stretch and stimulate readers, Owen's and Gildenhard's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis and historical background to encourage critical engagement with Tacitus' prose and discussion of the most recent scholarly thought.

'The whole point of a race is to find a winner... I chose to race, so I chose to win.' For 14 years between 1965 and 1978, cyclist Edouard Louis Joseph Merckx simply devoured his rivals, their hopes and their careers. His legacy resides as much in the careers he ruined as the 445 victories - including five Tour de France wins and all the monument races - he amassed in his own right. So dominant had Merckx become by 1973 that he was ordered to stay away from the Tour for the good of the event. Stage 17 of the 1969 Tour de France perfectly illustrates his untouchable brilliance. Already wearing the yellow jersey on the col du Tourmalet, the Tour's most famous peak, Merckx powered clear and rode the last 140 kilometres to the finish-line in jaw-dropping solitude, eight minutes ahead of his nearest competitor. Merckx's era has been called cycling's Golden Age. It was full of memorable characters who, at any other time, would all have gone on to become legends. Yet Merckx's phenomenal career overshadowed them all. How did he achieve such incredible success? And how did his rivals really feel about him? Merckx failed drug tests three times in his career - were they really stitch ups as he claimed? And what of the crash at a track meet in Blois, France that killed Merckx's pacer Fernand Wambst, which Merckx claimed deeply affected him psychologically and physically? Or the attack by a spectator in 1975? Despite his unique achievements, we know little about the Cannibal beyond his victories. This will be the first comprehensive biography of Merckx in English, and will finally expose the truth behind this legendary man.

'Ulysses' is a novel by Irish writer James Joyce. It was first serialised in parts in the American journal 'The Little Review' from March 1918 to December 1920, and then published in its entirety by Sylvia Beach in February 1922, in Paris. 'Ulysses' has survived bowdlerization, legal action and bitter controversy. Capturing a single day in the life of Dubliner Leopold Bloom, his friends Buck Mulligan and Stephen Dedalus, his wife Molly, and a scintillating cast of supporting characters, Joyce pushes Celtic lyricism and vulgarity to splendid extremes. An undisputed modernist classic, its ceaseless verbal inventiveness and astonishingly wide-ranging allusions confirm its standing as an

imperishable monument to the human condition. It takes readers into the inner realms of human consciousness using the interior monologue style that came to be called stream of consciousness. In addition to this psychological characteristic, it gives a realistic portrait of the life of ordinary people living in Dublin, Ireland, on June 16, 1904. The novel was the subject of a famous obscenity trial in 1933, but was found by a U.S. district court in New York to be a work of art. The furor over the novel made Joyce a celebrity. In the long run, the work placed him at the forefront of the modern period of the early 1900s when literary works, primarily in the first two decades, explored interior lives and subjective reality in a new idiom, attempting to probe the human psyche in order to understand the human condition. This richly-allusive novel, revolutionary in its modernistic experimentalism, was hailed as a work of genius by W.B. Yeats, T.S. Eliot and Ernest Hemingway. Scandalously frank, wittily erudite, mercurially eloquent, resourcefully comic and generously humane, 'Ulysses' offers the reader a life-changing experience. Publisher : General Press

"A group of travellers chance to meet, first in a castle, then a tavern. Their powers of speech are magically taken from them and instead they have only tarot cards with which to tell their tales. What follows is an exquisite interlinking of narratives, and a fantastic, surreal, and chaotic history of all human consciousness."--Goodreads

A circus of pasta performers introduces the letters of the alphabet, from angel hair acrobats to zip liner ziti.

A photographic documentation of the Beatty-Cole Circus, recording and portraying the customs, activities, animals, and singular personalities of an endangered way of life.

A celebration of the meaning and comfort printed books bring to our homes and lives, from the curation and design experts at Juniper Books. Explore the significance of the home library, embellished with alluring photography and illustrations, in a keepsake worthy of any bibliophile's collection. For the Love of Books shares the vision of Juniper Books, a business that embraces the roles that books fulfill in our lives and their staying power. It recounts the history of books and private libraries, and champions the resilience of books in the digital era. Dive into the nuances that define books for reading, books for decoration, and books for inspiration. Instructive chapters provide useful details for creating and curating one's own home library, whether it be a single shelf or multiple rooms each with their own collection. You will never look at your bookshelves the same way again. For the Love of Books is about storytelling beyond the pages of our favorite books. Our books—the ones we choose to keep—tell the story of who we are. They remind us who we once were and who we aspire to be. Thatcher Wine founded Juniper Books in 2001. The company creates custom libraries and has perfected the art of turning books inside out to allow for books to tell stories not just to us, but about us. Working with booklovers, homeowners, and designers, Juniper Books has provided the world with a fresh new approach to the printed book. Thatcher grew up in New York City where his parents owned and operated The Quilted Giraffe, one of the most innovative restaurants in America. Thatcher graduated from Dartmouth College with a degree in history and art history and lives in Boulder, Colorado. Elizabeth Lane is the founder of Quarterlane, a quarterly subscription book service which merged with Juniper Books in 2018. She is also the book buyer for her local independent bookstore, Partners Village Store and Kitchen in Westport, Massachusetts. Prior to working in books, Elizabeth worked in contemporary visual art—in galleries, nonprofit initiatives and museums in New York, Austin, and Chicago. Elizabeth graduated from Davidson College with a degree in art history and received her masters degree from the School of the Art Institute of Chicago.

A fascinating exploration of the role new media technologies play in our experience of film.

Based on the book by John D'Agata and Jim Fingal. Jim Fingal is a fresh-out-of-Harvard fact checker for a prominent but sinking New York magazine. John D'Agata is a talented writer with a transcendent essay about the suicide of a teenage boy—an essay that could save the magazine from collapse. When Jim is assigned to fact check D'Agata's essay, the two come head to head in a comedic yet gripping battle over facts versus truth.

This book traces the origins of a faith--perhaps the faith of the century. Modern revolutionaries are believers, no less committed and intense than were Christians or Muslims of an earlier era. What is new is the belief that a perfect secular order will emerge from forcible overthrow of traditional authority. This inherently implausible idea energized Europe in the nineteenth century, and became the most pronounced ideological export of the West to the rest of the world in the twentieth century. Billington is interested in revolutionaries--the innovative creators of a new tradition. His historical frame extends from the waning of the French Revolution in the late eighteenth century to the beginnings of the Russian Revolution in the early twentieth century. The theater was Europe of the industrial era; the main stage was the journalistic offices within great cities such as Paris, Berlin, London, and St. Petersburg. Billington claims with considerable evidence that revolutionary ideologies were shaped as much by the occultism and proto-romanticism of Germany as the critical rationalism of the French Enlightenment. The conversion of social theory to political practice was essentially the work of three Russian revolutions: in 1905, March 1917, and November 1917. Events in the outer rim of the European world brought discussions about revolution out of the school rooms and press rooms of Paris and Berlin into the halls of power. Despite his hard realism about the adverse practical consequences of revolutionary dogma, Billington appreciates the identity of its best sponsors, people who preached social justice transcending traditional national, ethnic, and gender boundaries. When this book originally appeared The New Republic hailed it as "remarkable, learned and lively," while The New Yorker noted that Billington "pays great attention to the lives and emotions of individuals and this makes his book absorbing." It is an invaluable work of history and contribution to our understanding of political life.

From the #1 New York Times bestselling author of Caraval, the first audiobook in a new series about love, curses, and the lengths that people will go to for happily ever after. Evangeline Fox was raised in her beloved father's curiosity shop, where she grew up on legends about immortals, like the tragic Prince of Hearts. She knows his powers are mythic, his kiss is worth dying for, and that bargains with him rarely end well. But when Evangeline learns that the love of her life is about to marry another, she becomes desperate enough to offer the Prince of Hearts whatever he wants in exchange for his help to stop the wedding. The prince only asks for three kisses. But after Evangeline's first promised kiss, she learns that the Prince of Hearts wants far more from her than she's pledged. And he has plans for Evangeline that will either

end in the greatest happily ever after, or the most exquisite tragedy... A Macmillan Audio production from Flatiron Books
“A wildly imaginative, romantic story where true love and deadly kisses collide and bargains with the Prince of Hearts come with a steep price. Once Upon A Broken Heart is an unputdownable fairy tale where Garber’s imagination sparkles like the Magnificent North. Readers will delight in each whimsical and thrilling page.” —Kerri Maniscalco, #1 New York Times bestselling author of Kingdom of the Wicked

Johannes Rosmer is a respected member of a conservative community, who’s criticized for his close friendship with a young woman following his wife’s untimely death. Johannes’ unconventional living situation, paired with his growing liberal beliefs, becomes a cause for concern. A year after his wife Beata’s suicide, Johannes Rosmer, is sharing his home with another woman. Rebecca, Beata’s longtime friend, has been a source of support helping Rosmer through his grief. Although they’ve maintained a respectful distance, their relationship is questioned by the general public. Rector Kroll, Rosmer’s brother-in-law, is offended by his living arrangement and new progressive attitude. The constant criticism pushes Rosmer to make a drastic life-changing decision. Henrik Ibsen’s Rosmersholm is a family tragedy fueled by guilt. Two people are forced to acknowledge their part in a loved one’s demise. It’s a series of eye-opening revelations that lead to a shocking conclusion. With an eye-catching new cover, and professionally typeset manuscript, this edition of Rosmersholm is both modern and readable.

In the heart of London stands Sphere Music Hall, a venue that enjoys immense popularity amongst the populace. However, the fervour with which its visitors return causes consternation in the mind of Her Majesty, Queen Victoria, who suspects the organisation of cult practices and sends Earl Ciel Phantomhive and his impeccable butler, Sebastian, to infiltrate the hall. They are met with none other than the disgraced erstwhile prefects of Weston College and an otherworldly fortune-teller called Blavat, who takes one look at Sebastian and divines his true nature without faltering...!
In the nonfiction tradition of John Berendt and Erik Larson, the author of the #1 NYT bestseller The Lost City of the Monkey God presents a gripping account of crime and punishment in the lush hills surrounding Florence as he seeks to uncover one of the most infamous figures in Italian history. In 2000, Douglas Preston fulfilled a dream to move his family to Italy. Then he discovered that the olive grove in front of their 14th century farmhouse had been the scene of the most infamous double-murders in Italian history, committed by a serial killer known as the Monster of Florence. Preston, intrigued, meets Italian investigative journalist Mario Spezi to learn more. This is the true story of their search for--and identification of--the man they believe committed the crimes, and their chilling interview with him. And then, in a strange twist of fate, Preston and Spezi themselves become targets of the police investigation. Preston has his phone tapped, is interrogated, and told to leave the country. Spezi fares worse: he is thrown into Italy's grim Capanne prison, accused of

being the Monster of Florence himself. Like one of Preston's thrillers, *The Monster of Florence*, tells a remarkable and harrowing story involving murder, mutilation, and suicide—and at the center of it, Preston and Spezi, caught in a bizarre prosecutorial vendetta.

The Millennium Dome, Braveheart and Rolls Royce cars. How do cultural icons reproduce and transform a sense of national identity? How does national identity vary across time and space, how is it contested, and what has been the impact of globalization upon national identity and culture? This book examines how national identity is represented, performed, spatialized and materialized through popular culture and in everyday life. National identity is revealed to be inherent in the things we often take for granted - from landscapes and eating habits, to tourism, cinema and music. Our specific experience of car ownership and motoring can enhance a sense of belonging, whilst Hollywood blockbusters and national exhibitions provide contexts for the ongoing, and often contested, process of national identity formation. These and a wealth of other cultural forms and practices are explored, with examples drawn from Scotland, the UK as a whole, India and Mauritius. This book addresses the considerable neglect of popular cultures in recent studies of nationalism and contributes to debates on the relationship between 'high' and 'low' culture.

In the epic fifth installment in this “compulsively readable” (People) series, Galbraith’s “irresistible hero and heroine” (USA Today) take on the decades-old cold case of a missing doctor, one which may be their grisliest yet. Private Detective Cormoran Strike is visiting his family in Cornwall when he is approached by a woman asking for help finding her mother, Margot Bamborough—who went missing in mysterious circumstances in 1974. Strike has never tackled a cold case before, let alone one forty years old. But despite the slim chance of success, he is intrigued and takes it on; adding to the long list of cases that he and his partner in the agency, Robin Ellacott, are currently working on. And Robin herself is also juggling a messy divorce and unwanted male attention, as well as battling her own feelings about Strike. As Strike and Robin investigate Margot’s disappearance, they come up against a fiendishly complex case with leads that include tarot cards, a psychopathic serial killer and witnesses who cannot all be trusted. And they learn that even cases decades old can prove to be deadly . . .

Serita Stevens has published many books, from mystery novels to a description of poisonous plants. She also has long been a nurse, and it is that profession that sent her to learn more about what a nurse could do when one of her cases seemed to have a criminal or illegal side. "SleuthRN" on the Web led her to the International Association of Forensic Nurses (IAFN) and that started her off on her specialty as a forensic nurse. She took the courses that gave her training in law and medicine, learning that the number of cases that came under the umbrella of forensic is a great deal larger than she had imagined: if there is any legal aspect at all, forensics play a part. Insurance? Possible liability? Workman's

compensation? All these and more join the more obvious criminal or suspected criminal cases in having "forensic" connotations. But what does the forensic nurse know and do that other well-trained nurses and even most doctors do not? Recognizing a possible forensic situation is just the beginning. Forensic nurses are trained to know when to bring in law enforcement, how to treat the patient so as to learn the full story, how to present the findings to doctors and detectives. They learn to recognize possible evidence and preserve it properly. They have particular skills in spotting details that are overlooked by those who are without medical knowledge that is coupled with law. A forensic nurse is skillful with special equipment. They photograph evidence, and may find such evasive clues as nearly invisible marks that an automobile's bumper leaves on the victim's clothing, and they know how to question a fearful child to get accurate information. They are also trained to give evidence in a court case, since nurses are almost inevitably called upon as the first witness to see the patient when he or she is brought into the emergency room, a requirement that often terrifies someone without experience or training. In fascinating informal case histories that read like stories in a novel, Stevens describes all these and many more aspects of the forensic nurse's work. Each individual case looks at the valuable "extras" these nurses bring to their medical specialty. In one case early in the book Stevens even walks us through the necessarily several-hour examination of a young female victim of sexual assault, and every reader will be amazed by the nurse's techniques, how she uses special equipment to bolster her information, and how thorough the examination must be for an accurate result. *Forensic Nurse* is a book that will leave every reader hoping to have this fast-growing medical specialty represented in his or her medical world, always on call if and when it is needed.

The story of Italian cycling is the story of Italy in the twentieth century.

When a popular high-school student goes missing from her small Midwestern community, her loving parents, introverted sister, friends, and boyfriend devote themselves to finding her, an effort that gives way to pleading television appearances, private investigations, and intimate struggles to cling to hope. 60,000 first printing.

On 7 December 2006, in a Highgate Cemetery drenched with London rain, a Russian was buried within a stone's throw of the grave of Karl Marx. He was Alexander Litvinenko, Sasha to his friends, a boy from the deep Russian provinces who rose through the ranks of the world's most feared security service. Litvinenko was the man who denounced murder and corruption in the Russian government, fled from the wrath of the Kremlin, came to London and took the shilling of Moscow's avowed enemy ... Now he was a martyr, condemned by foes unknown to an agonised death in a hospital bed thousands of miles from home. Martin Sixsmith draws on his long experience as the BBC's Moscow correspondent, and contact with key London-based Russians, to dissect Alexander Litvinenko's murder. Myriad theories have been put forward since he died, but the story goes back to 2000 when hostilities were declared between the Kremlin and its

political opponents. This is a war that has blown hot and cold for over seven years; a war that has pitted some of Russia's strongest, richest men against the most powerful president Russia has had since Josef Stalin. The Litvinenko File is a gripping, powerful inside account of a shocking act of murder, when Russia's war with itself spilled over onto the streets of London and made the world take notice.

Italia '90 - Gazza cried and football changed forever. Once you could ignore football, avoid the back pages, turn the telly over, leave the pub. Now that's not possible because on 4 July 1990 in Turin's Stadium of the Alps gazza cried, England lost and football changed forever. Pete Davies witnessed all of this first hand. The players, the hooligans, the agents, the journalists, the fans - the full cast of football's rowdy circus. For nine months he had access to the England squad and their manager, Bobby Robson, talking to them freely about their hopes, their fears, their methods and their lives. So this is the real story, the unedited veridion. All Played Out - the first and last book to give the inside story of the greatest show on Earth. 'Pete Davies is incapable of writing a dull sentence. . . one of the most outrageously entertaining books of the year' Daily Post.

At the heart of Peoria's Haunted Memories is the rich and compelling history and folklore of the Peoria area. Buildings and cemeteries in and around the city provide ideal stomping grounds for many restless specters. In this collection of haunted sites, the reader will be introduced to some of Peoria's best-loved mansions, institutions, and graveyards, as well as many of its more illustrious citizens. From Bartonville State Hospital to Bradley University, historic downtown theaters, hotels and taverns, and local churches, where ghostly congregants and ministers continue to worship, this book presents these ghost stories and legends for the first time together in print. In addition to providing thrilling tales, Peoria's Haunted Memories serves as a unique guide for the intrepid supernatural sleuth seeking confirmation that the dead do not always rest in peace.

Two starcrossed magicians engage in a deadly game of cunning in *The Night Circus*, the spellbinding New York Times best seller that has captured the world's imagination. The circus arrives without warning. No announcements precede it. It is simply there, when yesterday it was not. Within the black-and-white striped canvas tents is an utterly unique experience full of breathtaking amazements. It is called *Le Cirque des Rêves*, and it is only open at night. But behind the scenes, a fierce competition is underway: a duel between two young magicians, Celia and Marco, who have been trained since childhood expressly for this purpose by their mercurial instructors. Unbeknownst to them both, this is a game in which only one can be left standing. Despite the high stakes, Celia and Marco soon tumble headfirst into love, setting off a domino effect of dangerous consequences, and leaving the lives of everyone, from the performers to the patrons, hanging in the balance. Look for Erin Morgenstern's new novel, *The Starless Sea*, available now.

Professor Adam Krug, the foremost philosopher of his country, is, along with his son, kidnapped by the government in hopes of making him support Paduk, dictator and leader of the Party of the Average Man
