Faith is Dead! - Or so it seems as a ragtag group of freedom fighters on the icy planet of Staranana decide to give up the fight. Few can truly blame them, for 5000 years of torment and death under an immortal tyrant have taken a devastating toll. Long ago, the Lord God promised a deliverer called the Blood of the Land. However, after millennia of waiting it seems that God has forgotten His promise and abandoned the tiny world of Staranana. In the midst of this chaos a single family remains faithful and continues to trust in the promises of God. Together they embark on a quest to find the Blood of the Land and ultimately overthrow the cruel dictator, Emperor Seth. Murder, betrayal, and miracles of God await the Moonbeams on their quest, and the ultimate question remains: Does God still care about Staranana?

Depending on whom you ask, the term Christian counseling can mean anything from secular psychology practiced by a Christian to biblical counseling that completely shuns psychological insights. Christ-Centered Therapy thoroughly integrates psychology and practical theology. A book written by experts from both fields, it utilizes the contributions of science in an uncompromisingly biblical framework. Here at last is a powerful resource to help you—pastor, counselor, or spiritual advisor—understand the complex problems of people and address them with the wisdom of God's Word and the power of his Spirit. Insightful and practical, Christ-Centered Therapy unites the wisdom and expertise of pastoral theologian and best-selling author Dr. Neil Anderson and professional Christian counselors Dr. Terry and Julianne Zuehlke. The first part of the book equips you with an understanding of the different issues involved in integrating theology and psychology. The second part helps you turn theory into practical application. In Christ and the Decree, one of the foremost scholars of Calvinism today expounds the doctrines of Christ and predestination as they were developed by Calvin, Bullinger, Musculus, Vermigli, Beza, Ursinus, Zanchi, Polanus, and Perkins. Muller analyzes the relationship of these

two doctrines to each other and to the soteriological structure of the system. Back by demand, this seminal work on the relationship between Calvin and the Calvinists is once again available with a new contextualizing preface by the author. It offers a succinct introduction to the early development of Calvinism/Reformation thought.

Chocolate Cake and Coffee originated as a blog dedicated to the legacy of the friendship shared by two women, my mother, Juanita Tuckness, and her dearest friend, Irene Gilmore. Each woman's love, respect, and acceptance of the other melded to form a friendship that spanned more than six decades. Irene and Juanita lived only a few houses apart for fifty years, and sharing chocolate cake and coffee was an almost-daily ritual. Juanita always made her favorite chocolate cake from scratch, never from a box. The recipe is in the book. Irene, all dressed up as if she were going somewhere special, walked to Juanita's house, where Juanita, dressed in casual clothes and slippers, always welcomed her with a wide grin and a "Hello, Miss Astor!" a tongue-in-cheek reference to the extremely wealthy and stylish Mary Astor. The two friends laughed and enjoyed a piece of cake, a cup of coffee, and a little chat. Juanita and Irene never solved any global problems, but the little corner of the world these two women occupied was always just a little better than the rest of the world because of their time together. Whether it was discussing their children's terrible twos or their terrible teens, their children's weddings and the births of their grandchildren, or who having an affair with whom, every word was another stone in the tower of friendship that would stand the test of time. This is the story of those incredible women, of friendships, and of the wonderful family that Juanita raised, nurturing them with love, a warm kitchen, and chocolate cake.

Holiday gifts don't always come in expected packages...especially in the town of Hope's Crossing. No one has ever felt sorry for Genevieve Beaumont. After all, she has everything money can buy. That is, until she discovers her fiancé has been two-timing her and she's left with two choices: marry the philanderer to please her controlling father or be disinherited and find a means to support herself. "In this revision of his already classic text, William May shows us once again the wisdom of the Catholic Church's moral tradition in its application to contemporary bioethics. Illuminating and engaging -- and with the attention to nuance that marks all of May's writing." -- Edward J. Furton, M.A., Ph.D., Ethicist and Director of Publications, The National Catholic Bioethics Center "With so much bioethical thinking supporting the 'culture of death,' I can think of no better champion of a 'culture of life' than Professor William E. May. Professor May has given us a book which is useful not only for its masterful summery of the moral magisterium on bioethics, but also for its treatment of such issues as contraception, artificial reproduction, the care of the dying, human experimentation, and the definition of death and organ transplants." -- Dr. Mark S. Latkovic, Associate Professor of Moral Theology, Sacred Heart Major Seminary What the Church teaches -- and why -- on issues of euthanasia, in vitro fertilization, genetic counseling, assisted suicide, living wills, persistent vegetative state, organ transplants, and more.

A timely and galvanizing work that examines how right-wing evangelical Christians have veered from an admirable faith to a pernicious, destructive ideology. Today's right-wing Evangelical Christianity stands as the very antithesis of the message of Jesus Christ. In his new book, *Christians Against Christianity*, best-selling author and religious scholar Obery M. Hendricks Jr. challenges right-wing evangelicals on the terrain of their own religious claims, exposing the falsehoods, contradictions, and misuses of the Bible that are embedded in their rabid homophobia, their poorly veiled racism and demonizing of immigrants and Muslims, and their ungodly alliance with big business against the interests of American workers. He scathingly indicts the religious leaders who helped facilitate the rise of the notoriously unchristian Donald Trump, likening them to the "court jesters" and hypocritical priestly sycophants of bygone eras who unquestioningly supported their sovereigns' every act, no matter how hateful or destructive to those they were supposed to serve. In the wake of the deadly insurrectionist attack on the US Capitol, *Christians Against Christianity* is a clarion call to stand up to the hypocrisy of the evangelical Right, as well as a guide for Christians to return their faith to the life-affirming message that Jesus brought and died for. What Hendricks offers is a provocative diagnosis, an urgent warning that right-wing evangelicals' aspirations for Christian nationalist supremacy are a looming threat, not only to Christian decency but to democracy itself. What they offer to America is anything but good news.

During our research in the Spanish painter Joaquín Sorolla (born in Valencia 1863 - died in Cercedilla 1923) we came across a wonderful painting of his wife with a cat and a dog, Clotilde y gato y perro, from 1910. As animal lovers the idea arose to see, how cats were portrayed in painting around the period of Sorolla. Earlier painters had struggled with getting the proportions right, especially the faces but there was a huge development of talent in Europe in the 19th century. It proved to be a very rewarding tour of both Europe and Asia. Cats is a great subject and it is impossible to cover Cats in Art in just one short volume. It would make a great exhibition! Nevertheless, we hope that you will enjoy the selection and the masterful skills and talent of these great artists!

A collection of the themes that are important for today's sociology of religion... this volume is essential for anyone interested in religion's place in contemporary society - it answers many questions and raises many new ones The breadth of topics examined in this collection is evidence of James Beckford's many contributions to the sociology of religion and, more importantly, to advancing the argument that we cannot understand society---even presumably today's "secular" society - without some appreciation for the role of religion. A much deserved recognition. A fitting tribute to a distinguished career: this book is a celebration of James Beckford's lifelong endeavor to make religion central to social theory. An excellent collection of thoughtful and often innovative essays, from some of the best sociologists of religion, developing many of the important themes so masterfully treated in Jim Beckford's work. Chock full of helpful new insights; everyone in the sociology of religion will find something of interest and significance in this book. Befitting the career of James Beckford, this book contributes to a genuinely comparative sociology of religion

This study offers a literary analysis and theological evaluation of the Christian themes in the five great novels of Dostoevsky - 'Crime and Punishment', 'The Idiot', 'The Adolescent', 'The Devils' and 'The Brothers Karamazov'. Dostoevsky's ambiguous treatment of religious issues in his literary works strongly differs from the slavophile Orthodoxy of his journalistic writings. In the novels Dostoevsky deals with Christian basic values, which are presented via a unique tension between the fictionality of the Christian characters and the readers' experience of the existential reality of their religious problems.

Story Behind the Book "The Christy Miller series was actually born when a group of thirteen-year-olds challenged me to write a novel. I'd been questioning the content of their favorite books when they said, 'Why don't you write a book for us?' I told them no, I only wrote picture books. But they persisted: 'How hard could it be? We'll even tell you what to write! We want a love story with teenagers at the beach.' And there you go. Summer Promise first released seventeen years ago and is now translated into five languages. I continue to hear from readers all over the world, many girls saying that they gave their life to Christ after reading Summer Promise. I love that!" —Robin Jones Gunn

I hope that this book will inspire you to act. To make that move. To fulfill your vision. I want to take you closer to your goal, whether that be starting a billion-dollar unicorn, building a revolution, or just helping you better understand that change of any kind starts with you. You can be the Startup Hero. Startup Heroes are the ones that drive progress, and whether you bring us to another planet or make your neighborhood a nicer, happier place, you can become a Startup Hero. This book is the first step. It helps you take that first step. The step will be different for everyone. It might be to call that customer. It might be to draw up a design concept. It might be to talk to your boss. With this book, I hope to guide people to think big, drive change and go full speed ahead. I am giving them a pledge to do their work for good, and I am giving them some of the tools they need to accomplish their goals. This book is hard. It takes you through a variety of activities, questions, stories and challenges (even puzzles and poems) working both the right and left side of your brain and all the parts in between. The activities I propose are challenging and sometimes even embarrassing. The questions I ask are probing and provoking. The stories I tell are used as examples to guide you toward what I call Startup Heroism. So, why would you read this book? Well, I have worked for 30 years for entrepreneurs. I have supported, funded and coached Startup Heroes all my working life. And I have tested the concepts of this book on the students at Draper University and they have come out to be some of the most interesting, dynamic, and motivated people the world has ever seen. In fact, we have had about 1000 students from over 60 different countries come through the program at this writing,

and they have started more than 300 companies!! I wrote this book so that some of the thinking that I applied to Draper University could be spread wider, in hopes that these messages would reach other potential Startup Heroes (maybe you) who might make an impact on the world, be proactive about their work, or at the very least, improve their lives. So, I implore you. Read this book, try this book, do this book, play this book, absorb this book, experience this book. It might surprise you. It might thrill you. It might drive you. It might kill you. At the very least, I hope it will give you a perspective on how real progress is made, and at the very best, it might just change your life.
