

City Map Arles

The documents included in this volume vividly illustrate Caesarius's career and the social and religious history of Provence at a time of far-reaching political change, during which the region was ruled by a series of Visigothic, Burgundian, Ostrogothic and, ultimately, Frankish kings.

Over the course of the fourth century, Christianity rose from a religion actively persecuted by the authority of the Roman empire to become the religion of state—a feat largely credited to Constantine the Great. Constantine succeeded in propelling this minority religion to imperial status using the traditional tools of governance, yet his proclamation of his new religious orientation was by no means unambiguous. His coins and inscriptions, public monuments, and pronouncements sent unmistakable signals to his non-Christian subjects that he was willing not only to accept their beliefs about the nature of the divine but also to incorporate traditional forms of religious expression into his own self-presentation. In *Constantine and the Cities*, Noel Lenski attempts to reconcile these apparent contradictions by examining the dialogic nature of Constantine's power and how his rule was built in the space between his ambitions for the empire and his subjects' efforts to further their own understandings of religious truth. Focusing

on cities and the texts and images produced by their citizens for and about the emperor, Constantine and the Cities uncovers the interplay of signals between ruler and subject, mapping out the terrain within which Constantine nudged his subjects in the direction of conversion. Reading inscriptions, coins, legal texts, letters, orations, and histories, Lenski demonstrates how Constantine and his subjects used the instruments of government in a struggle for authority over the religion of the empire.

Looking for an easy-to-use, pocket city map that you can carry around with you, wherever you go without having to juggle with foldable maps that quickly turn into a complete mess? The Glob:us city maps is all you'll need to have the whole city within arm's reach: clear black & white maps, at a comfortable scale, with all the points of interest included, plus a handy streets index, so that you'll never miss a thing again. So, are you ready for your next adventure? You can count on Rick Steves to tell you what you really need to know when traveling in France. With this guide, you'll explore sleepy villages, romantic hill towns, and cosmopolitan cities, including Paris, Avignon, and Nice. Climb the Eiffel Tower, wander world-renowned museums, and dine at sidewalk cafés. Then escape to the sunny countryside, where you can explore castles of all shapes and sizes or pedal your way from village to vineyard. With its Swiss-like Alps, Italian-style Riviera, and Germanic Alsace, France offers Europe's greatest variety. A good vin rouge is never more than a stroll away. Rick's candid, humorous advice will guide you to good-value hotels and restaurants. He'll help you plan where to go and what to see, depending on the length of your trip. You'll get up-to-date recommendations about what is worth your time and money. More than just reviews and directions, a Rick Steves guidebook is a tour guide in your pocket.

In *Phantoms of Remembrance*, Patrick Geary makes important new inroads into the widely discussed topic of historical memory, vividly evoking the everyday lives of eleventh-century people and both their written and nonwritten ways of preserving the past. Women praying for their dead, monks creating and re-creating their archives, scribes choosing which royal families of the past to applaud and which to forget: it is from such sources that most of our knowledge of the medieval period comes. Throughout richly detailed descriptions of various acts of remembrance--including the naming of children and the recording of visions--the author unearths a wide range of approaches to preserving the past as it was or formulating the past that an individual or group prefers to imagine.

With Green Earth Guide, readers don't have to sacrifice healthy habits and ecolifestyle choices just because they are in a foreign country. Green Earth Guide helps travelers have a wonderful, fulfilling vacation while leaving a smaller footprint wherever they venture in France. Included is a 16-page color insert. From the Trade Paperback edition.

Traces the historic form and special character of the world's greatest cities through a collection of maps and panoramic views, from Athens to Brasilia, Washington to Moscow, San Francisco to Saigon, and Venice to Lhasa.

With its fabulous artistic heritage, glorious light, glitzy resorts and mouth-watering food, it's little wonder that the Provence-French Riviera region is the second most-visited in France after Paris. And Marseille, the rejuvenated 2013 European Capital of Culture, can now claim to be one of the Mediterranean's most vibrant cities. Be inspired by the new, extended edition of Insight Guide Provence and the French Riviera, a detailed full-colour guide to this glamorous region. Insight Guides' unrivalled coverage of history and culture provides an essential introduction to what makes the south of France unique, including its wealth of artistic treasures and enchanting Provençal cuisine. Consult the Best of Provence and French Riviera selection for an at-a-glance guide to the region's most evocative attractions, such as the awe-inspiring Pont du Gard and myriad of bountiful markets, and the editor's choice of recommendations for the best art galleries and perched villages, and much more. Descriptive accounts of where to go in the Provence and Riviera region, from glamorous Cannes and Monaco to the desolate beauty of the Camargue, are enhanced by beautiful photographs, while all major sights are cross-referenced with full-colour maps. The travel tips section provides a wealth of information on how to plan your trip, plus our selection of the best hotels.
