

## Clap Your Hands

A group of toddlers enjoys a lively music class including, at last, one very shy two-year-old boy. In a novel-in-verse that brims with grief and love, National Book Award-winning and New York Times bestselling author Elizabeth Acevedo writes about the devastation of loss, the difficulty of forgiveness, and the bittersweet bonds that shape our lives. Camino Rios lives for the summers when her father visits her in the Dominican Republic. But this time, on the day when his plane is supposed to land, Camino arrives at the airport to see crowds of crying people... In New York City, Yahaira Rios is called to the principal's office, where her mother is waiting to tell her that her father, her hero, has died in a plane crash. Separated by distance—and Papi's secrets—the two girls are forced to face a new reality in which their father is dead and their lives are forever altered. And then, when it seems like they've lost everything of their father, they learn of each other. Great for summer reading or anytime! Clap When You Land is a Today show pick for "25 children's books your kids and teens won't be able to put down this summer!" Plus don't miss Elizabeth Acevedo's *The Poet X* and *With the Fire on High*! A lively and lyrical picture book jaunt from actor and author John Lithgow! Oh, children! Remember! Whatever you may do, Never play music right next to the zoo. They'll burst from their cages, each beast and each bird, Desperate to play all the music they've heard. A concert gets out of hand when the animals at the neighboring zoo storm the stage and play the instruments themselves in this hilarious picture book based on one of John Lithgow's best-loved tunes.

If asked to list the greatest innovators of modern American poetry, few of us would think to include Jay-Z or Eminem in their number. And yet hip hop is the source of some of the most exciting developments in verse today. The media uproar in response to its controversial lyrical content has obscured hip hop's revolution of poetic craft and experience: Only in rap music can the beat of a song render poetic meter audible, allowing an MC's wordplay to move a club-full of eager listeners. Examining rap history's most memorable lyricists and their inimitable techniques, literary scholar Adam Bradley argues that we must understand rap as poetry or miss the vanguard of poetry today. *Book of Rhymes* explores America's least understood poets, unpacking their surprisingly complex craft, and according rap poetry the respect it deserves.

A little girl and various animals sing their own versions of this popular rhyme.

The creator of *Little Owl's Night* explores and celebrates the complexities of what makes us who we are in this comforting and thoughtful picture book. A young narrator describes herself: a girl, a granddaughter, Indian, and American. Soon, we see the young girl as a plethora of things: selfish and generous, mean and kind, brave and mischievous. While many of these qualities oppose each other, the context and

illustrations make it abundantly clear that she speaks the truth. She is a walking contradiction, and that is precisely what makes her both a unique individual and an essential piece of the greater world around her. Divya Srinivasan shows what makes us human and proud to be who we are.

### Clap Your Hands

Originally published in 1867, this book is a collection of songs of African-American slaves. A few of the songs were written after the emancipation, but all were inspired by slavery. The wild, sad strains tell, as the sufferers themselves could, of crushed hopes, keen sorrow, and a dull, daily misery, which covered them as hopelessly as the fog from the rice swamps. On the other hand, the words breathe a trusting faith in the life after, to which their eyes seem constantly turned.

Invites young readers to play peek-a-boo with baby Elmo and his Sesame Street friends, including Big Bird, Grover, and Prairie Dawn.
