Sales Leadership Keith Rosen, 2018-09-12 Coaching is the universal language of learning, development, and change. Imagine a workplace without fear, stress, or worry. Instead, you're acknowledged as a valued, contributing team player who doesn't sacrifice priorities, values, happiness, or your life for your job. Sound ludicrous? Consider this is a reality in many thriving organizations. Most leadership books don't apply to sales leadership. Sales leaders are uniquely and indispensably special and need to be coached in a way that's aligned with their role, core competencies, and individuality to achieve their personal goals and company objectives. What if you can successfully coach anyone in 15, 5, or even 60 seconds using one question? Sales Leadership makes delivering consistent, high-impact coaching easy. For busy, caring managers, this removes the pressure and misconception that, Coaching is difficult, doesn't work, and I don't have time to coach. Since most managers don't know how to coach, they become part of the non-stop, problem-solving legion of frustrated Chief Problem

Solvers who habitually do others' work, create dependency, and nourish the seed of mediocrity. Great business leaders shift from doing people's jobs to developing them by learning the language of leadership coaching. In its powerful simplicity, Sales Leadership delivers a chronological path to develop a thriving coaching culture and coaching leaders who develop top performing teams and sales champions. Using Keith's intuitive LEADS Coaching Framework™, the coaching talk tracks for critical conversations, and his Enrollment strategy to create loyal, unified teams, you will inspire immediate change. Now, coaching is easily woven into your daily conversations and rhythm of business so that it becomes a natural, healthy habit. In his award-winning book, Coaching Salespeople Into Sales Champions, Keith was the first Master Certified Coach to share his personal coaching playbook that is now the standard for coaching excellence. Ten years later, and one million miles traveled, he reveals the evolution of sales leadership and coaching mastery through his experiences working with Fortune 5000 companies and small businesses worldwide. In the first book ever titled Sales Leadership, you'll master the ability to: Ask more questions, give less advice, and build trust and accountability to rely on people to do their job. Reduce your workload and save 20 hours a week on unproductive and wasteful activities. Shatter the toxic myths around coaching to eliminate generational gaps and departmental silos. Achieve business objectives, boost sales faster, and retain more customers. Create buy-in around strategic change and improve daily performance metrics. Assess company readiness and ensure implementation of a successful and sustainable coaching initiative and create a healthy, happy workplace. People create the mindset, mindset shapes behavior, behavior defines culture, and ultimately, culture determines success. That's why the primary business objective is: To Make Your People More Valuable.

The Platinum Rule for Sales Mastery Hardback Book Tony Alessandra,Zimmerman Michael Scott,"Mick" La Lopa Joseph,2011-03

The Sales Acceleration Formula Mark Roberge,2015-02-24 Use data, technology, and inbound selling to build a remarkable team and accelerate sales The Sales Acceleration Formula provides a scalable, predictable approach to growing revenue and building a winning sales team. Everyone wants to build the next \$100 million business and author Mark Roberge has actually done it using a unique methodology that he shares with his readers. As an MIT alum with an engineering background, Roberge challenged the conventional methods of scaling sales utilizing the metrics-driven, process-oriented lens through which he was trained to see the world. In this book, he reveals his formulas for success. Readers will learn how to apply data, technology, and inbound selling to every aspect of accelerating sales, including hiring, training, managing, and generating demand. As SVP of Worldwide Sales and Services for software company HubSpot, Mark led hundreds of his employees to the acquisition and retention of the company's first 10,000 customers across more than 60 countries. This book outlines his approach and provides an action plan for others to replicate his success, including the following key elements: Hire the same successful salesperson every time — The Sales Hiring Formula Train every salesperson in the same manner — The Sales Training Formula Hold salespeople accountable to the same sales process — The Sales Management Formula Provide salespeople with the same quality and quantity of leads every month — The Demand Generation Formula Leverage technology to enable better buying for customers and faster selling for salespeople Business owners, sales executives, and investors are all looking to turn their brilliant ideas into the next \$100 million revenue business. Often, the biggest challenge they face is the task of scaling sales. They crave a blueprint for success, but fail to find it because sales has traditionally been referred to as an art form, rather than a science. You can't major in sales in college. Many people question whether sales can even be taught. Executives and entrepreneurs are often left feeling helpless and hopeless. The Sales Acceleration Formula completely alters this paradigm. In today's digital world, in which every action is logged and masses of data sit at our fingertips, building a sales team no longer needs to be an art form. There is a process. Sales can be predictable. A formula does exist.

The Platinum Rule Tony Alessandra,Michael J. O'Connor,2008-12-14 In this entertaining and thought-provoking book, Tony Alessandra and Michael O'Connor argue that the Golden Rule is not always the best way to approach people. Rather,

they propose the Platinum Rule: Do unto others as they'd like done unto them. In other words, find out what makes people tick and go from there.

Cracking the Sales Management Code: The Secrets to Measuring and Managing Sales Performance Jason Jordan, Michelle Vazzana, 2011-10-14 Boost sales results by zeroing in on the metrics that matter most “Sales may be an art, but sales management is a science. Cracking the Sales Management Code reveals that science and gives practical steps to identify the metrics you must measure to manage toward success.” —Arthur Dorfman, National Vice President, SAP “Cracking the Sales Management Code is a must-read for anyone who wants to bring his or her sales management team into the 21st century.” —Mike Nathe, Senior Vice President, Essilor Laboratories of America “The authors correctly assert that the proliferation of management reporting has created a false sense of control for sales executives. Real control is derived from clear direction to the field—and this book tells how to do that in an easy-to-understand, actionable manner.” —Michael R. Jenkins, Signature Client Vice President, AT&T Global Enterprise Solutions “There are things that can be managed in a sales force, and there are things that cannot. Too often sales management doesn’t see the difference. This book is invaluable because it reveals the manageable activities that actually drive sales results.” —John Davis, Vice President, St. Jude Medical “Cracking the Sales Management Code is one of the most important resources available on effective sales management. . . . It should be required reading for every sales leader.” —Bob Kelly, Chairman, The Sales Management Association “A must-read for managers who want to have a greater impact on sales force performance.” —James Lattin, Robert A. Magowan Professor of Marketing, Graduate School of Business, Stanford University “This book offers a solution to close the gap between sales processes and business results. It shows a new way to think critically about the strategies and tactics necessary to move a sales team from good to great!” —Anita Abjornson, Sales Management Effectiveness, Abbott Laboratories About the Book: There are literally thousands of books on selling, coaching, and leadership, but what about the particulars of managing a sales force? Where are the frameworks, metrics, and best practices to help you succeed? Based on extensive research into how world-class companies measure and manage their sales forces, Cracking the Sales Management Code is the first operating manual for sales management. In it you will discover: The five critical processes that drive sales performance How to choose the right processes for your own team The three levels of sales metrics you must collect Which metrics you can “manage” and which ones you can’t How to prioritize conflicting sales objectives How to align seller activities with business results How to use CRM to improve the impact of coaching As Neil Rackham writes in the foreword: “There’s an acute shortage of good books on the specifics of sales management. Cracking the Sales Management Code is about the practical specifics of sales management in the new era, and it fills a void.” Cracking the Sales Management Code fills that void by providing foundational knowledge about how the sales force works. It reveals the gears and levers that actually control sales results. It adds clarity to things that you intuitively know and provides insight into things that you don’t.

It will change the way you manage your sellers from day to day, as well as the results you get from year to year.

Objections Jeb Blount, 2018-06-13 There are few one-size-fits-all solutions in sales. Context matters. Complex sales are different from one-call closes. B2B is different than B2C. Prospects, territories, products, industries, companies, and sales processes are all different. There is little black and white in the sales profession. Except for objections. There is democracy in objections. Every salesperson must endure many NOs in order to get to YES. Objections don't care or consider: Who you are What you sell How you sell If you are new to sales or a veteran If your sales cycle is long or short - complex or transactional For as long as salespeople have been asking buyers to make commitments, buyers have been throwing out objections. And, for as long as buyers have been saying no, salespeople have yearned for the secrets to getting past those NOs. Following in the footsteps of his blockbuster bestsellers *Fanatical Prospecting* and *Sales EQ*, Jeb Blount's *Objections* is a comprehensive and contemporary guide that engages your heart and mind. In his signature right-to-the-point style, Jeb pulls no punches and slaps you in the face with the cold, hard truth about what's really holding you back from closing sales and reaching your income goals. Then he pulls you in with examples, stories, and lessons that teach powerful human-influence frameworks for getting past NO - even with the most challenging objections. What you won't find, though, is old school techniques straight out of the last century. No bait and switch schemes, no sycophantic tie-downs, no cheesy scripts, and none of the contrived closing techniques that leave you feeling like a phony, destroy relationships, and only serve to increase your buyers' resistance. Instead, you'll learn a new psychology for turning-around objections and proven techniques that work with

today's more informed, in control, and skeptical buyers. Inside the pages of *Objections*, you'll gain deep insight into: How to get past the natural human fear of NO and become rejection proof The science of resistance and why buyers throw out objections Human influence frameworks that turn you into a master persuader The key to avoiding embarrassing red herrings that derail sales calls How to leverage the "Magical Quarter of a Second" to instantly gain control of your emotions when you get hit with difficult objections Proven objection turn-around frameworks that give you confidence and control in virtually every sales situation How to easily skip past reflex responses on cold calls and when prospecting How to move past brush-offs to get to the next step, increase pipeline velocity, and shorten the sales cycle The 5 Step Process for Turning Around Buying Commitment Objections and closing the sale Rapid Negotiation techniques that deliver better terms and higher prices As you dive into these powerful insights, and with each new chapter, you'll gain greater and greater confidence in your ability to face and effectively handle objections in any selling situation. And, with this new-found confidence, your success and income will soar.
