Nearly 2,000 years ago, the Roman scholar Censorinus bestowed upon his best friend a charming birthday present; *The Birthday Book*, which appears here in its long-awaited first English translation. Laying out everything he knew about birthdays, the book starts simply, but by the conclusion of this brief yet brilliant gem, Censorinus has sketched a glorious vision of a universe ruled by harmony and order, where the microcosm of the child in the womb corresponds to the macrocosm of the planets. Alternately serious and playful, Censorinus touches on music, history, astronomy, astrology, and every aspect of time as it was understood in third-century Rome. He also provides ancient answers to perennial questions; Why does the day begin at midnight? Where did Leap Year come from? Which came first, the chicken or the egg? Embodying the proverbial gift that keeps on giving, *The Birthday Book* has long been treasured by scientists, poets, and scholars, and Holt Parker's graceful and lively new translation - accompanied by an illuminating introduction and detailed notes - is itself a present for Latinists, historians of science, and anyone looking for an unusual birthday gift.

Astrology is finally getting personal! From the best-selling author of *The Secret Language of Birthdays* comes a revolution in charting your horoscope based on both the date and time of your birth that makes all other horoscope books irrelevant. With his "Personology" system, Gary Goldschneider has created a unique method which divides each of the twelve signs into five sub-types-such as Aquarius-Pisces Cusp, Pisces I, Pisces II, Pisces III, and Pisces-Aries Cusp-thereby sub-dividing the astrological year into 48 personology periods. The precision this allows is far beyond anything available in any other astrology book and provides a ground-breaking new way for readers to look not only at their own lives, but their interactions with those around them. The book comes packed with easy-to-follow charts covering the sun, eight different planets, and, unique to this book, the rapid fluctuations of the moon for every year from 1900 through 2025. The result is an unprecedented level of precision, as well as a beautifully illustrated volume destined to become the one and only book horoscope readers will treasure for the next twenty

years.

An international TED Talk speaker, Tony Porter challenges manhood and male socialization, which he defines as the “man box.” Tony Porter works closely with the NFL, the NBA, the MLB, the US military, colleges, universities, and numerous other organizations to prevent violence against women and girls by promoting healthy, respectful manhood. Now, in Breaking Out of the “Man Box” Porter’s message is directed at all men. This book tackles the collective socialization of manhood and provides an in-depth look at the experiences of boys and men. In an effort to understand the many aspects of “what it means to be a man,” Porter suggests the topic is worthy of being rethought, challenged, and even redefined. This book will help men—fathers, husbands, brothers, coworkers, etc.—unpack and correct those realities. Breaking Out of the “Man Box” boldly exposes the connection between male socialization and the quest to end violence against women and girls. Porter provides an honest and transformative experience, empowering men to create a world where men and boys are loving and respectful—and a human race where women and girls are valued and safe. On the heels of national movements and initiatives such as the NFL’s NoMore.org, this book provides men with the knowledge and understanding to explore how to create that world.
