

Coming To England

Dracula is one of the most famous public-domain horror novels in existence, responsible not just for introducing the eponymous Count Dracula, but for introducing many of the common tropes we see in modern horror fiction. Count Dracula isn't the first vampire to have graced the pages of literature—that honor is thought to belong to Lord Ruthven in *The Vampyr*, by John William Polidori—but Dracula is the vampire on which modern vampires are based. Dracula wasn't as famous in its day as it is today; readers of the time seemed to enjoy it as nothing more than a good story, and Stoker died nearly penniless. But its long-lasting influence is undeniable, and for all its age Dracula remains a gripping, fast-paced, and enjoyable read. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Trinidad had been paradise; England seemed drab and cold and Floella's family met with taunting and rejection. The only way to survive was to be twice as good as anyone else.

A fun-packed space adventure – with lots of funny details for little readers to spot, and a BIG fold-out rocket ending! Buckle up and blast into space with Ivy the inventor, and her trusty canine sidekick, Eddie... But when Ivy meets some very messy aliens, can she help them clean up their planet? And, of course, help them fix their super-duper hundred decker rocket?! A brilliantly inventive story with a subtle message about keeping our planet clean. From the creator of *The Hundred Decker Bus*.

A tiny American town's plans for radical self-government overlooked one hairy detail: no one told the bears. Once upon a time, a group of libertarians got together and hatched the Free Town Project, a plan to take over an American town and completely eliminate its government. In 2004, they set their sights on Grafton, NH, a barely populated settlement with one paved road. When they descended on Grafton, public funding for pretty much everything shrank: the fire department, the library, the schoolhouse. State and federal laws became meek suggestions, scarcely heard in the town's thick wilderness. The anything-goes atmosphere soon caught the attention of Grafton's neighbors: the bears. Freedom-loving citizens ignored hunting laws and regulations on food disposal. They built a tent city in an effort to get off the grid. The bears smelled food and opportunity. *A Libertarian Walks Into a Bear* is the sometimes funny, sometimes terrifying tale of what happens when a government disappears into the woods. Complete with gunplay, adventure, and backstabbing politicians, this is the ultimate story of a quintessential American experiment -- to live free or die, perhaps from a bear.

Coming Over discusses the English migration to New England in the seventeenth century and shows the importance of English connections in the lives of American colonists. David Cressy reviews the information available to prospective migrants, the decisions they had to reach and the actions necessary before they could settle in America. English men and women moved to New England with a variety of motives, and in a multitude of circumstances. 'Puritanism', involving religious harassment in England and the desire to follow God's ordinances in America, was only one of many factors impelling people to move. Rather than developing in wilderness isolation, the society and culture of seventeenth-century New England were constantly shaped by their

English roots. A two-way flow of correspondence, messages and information linked colonists to their homeland. Family duties, political sympathies, friendships, business and legal obligations all led to a continuing attachment across the Atlantic. In treating early America from a British perspective, as a part of English history, Professor Cressy provides us with many insights into the seventeenth century.

In the first volume of an exciting new series, bestselling author Alison Weir brings the dramatic reigns of England's medieval queens to life. The lives of England's medieval queens were packed with incident—love, intrigue, betrayal, adultery, and warfare—but their stories have been largely obscured by centuries of myth and omission. Now esteemed biographer Alison Weir provides a fresh perspective and restores these women to their rightful place in history. Spanning the years from the Norman conquest in 1066 to the dawn of a new era in 1154, when Henry II succeeded to the throne and Eleanor of Aquitaine, the first Plantagenet queen, was crowned, this epic book brings to vivid life five women, including: Matilda of Flanders, wife of William the Conqueror, the first Norman king; Matilda of Scotland, revered as “the common mother of all England”; and Empress Maud, England's first female ruler, whose son King Henry II would go on to found the Plantagenet dynasty. More than those who came before or after them, these Norman consorts were recognized as equal sharers in sovereignty. Without the support of their wives, the Norman kings could not have ruled their disparate dominions as effectively. Drawing from the most reliable contemporary sources, Weir skillfully strips away centuries of romantic lore to share a balanced and authentic take on the importance of these female monarchs. What emerges is a seamless royal saga, an all-encompassing portrait of English medieval queenship, and a sweeping panorama of British history. Praise for *Queens of the Conquest* “Best-selling author [Alison] Weir pens another readable, well-researched English history, the first in a proposed four-volume series on England's medieval queens. . . . Weir's research skills and storytelling ability combine beautifully to tell a fascinating story supported by excellent historical research. Fans of her fiction and nonfiction will enjoy this latest work.”—Library Journal (starred review) “Another sound feminist resurrection by a seasoned historian . . . Though Norman queens were largely unknowable, leave it to this prolific historical biographer to bring them to life. . . . As usual, Weir is meticulous in her research.”—Kirkus Reviews

This title tells the story of the 1996 European Championship played out in England, the centrepiece of a momentous and unforgettable summer, Britain's second summer of love.

A comedy for our times" (The Guardian), *Middle England* is a piercing and provocative novel about a country in crisis. From the frenzy of the 2012 Olympics to the aftermath of the Brexit referendum, here Jonathan Coe chronicles the story of modern Britain by way of a cast of characters whose world is being upended. There are newlyweds who disagree about the country's future and, possibly, their relationship; a political commentator who writes impassioned columns about austerity from his lavish town house while his radical teenage daughter undertakes a relentless quest for universal justice; and Benjamin Trotter, who embarks on an apparently doomed new career in middle age, and his father, whose

last wish is to vote to leave the European Union. A sequel to *The Rotters' Club* and *The Closed Circle* that stands entirely alone, *Middle England* is a darkly comic look at our strange new world.

"In *Coming To*," Timothy Harrison reminds us of the forgotten role of poetry in the history of the idea of consciousness. Drawing our attention to a sea change in the English seventeenth century, when, over the course of a half century, "conscience" made a sudden shift to "consciousness," he traces a line that leads from the philosophy of René Descartes to the poetry of John Milton, from the prenatal memories of theologian Thomas Traherne to the unresolved perspective on natality, consciousness, and ethics in the philosophy of John Locke. Harrison shows how each of these figures responded to the importance accorded the first-person perspective and their views of the origins of how human thought began. Taken together, the writings of this unlikely group of thinkers sheds new light on the emergence of the concept of consciousness and the meaning of human natality. It will be read by literary scholars, philosophers, and historians of science alike"--

Two young Afghani girls living in a refugee camp in Pakistan share a precious pair of sandals brought by relief workers. Includes author's note about refugees.

Innovation, the sixth and final volume in Peter Ackroyd's magnificent *History of England* series, takes readers from the Boer War to the Millennium Dome almost a hundred years later. *Innovation* brings Peter Ackroyd's *History of England* to a triumphant close. Ackroyd takes readers from the end of the Boer War and the accession of Edward VII to the end of the twentieth century, when his great-granddaughter Elizabeth II had been on the throne for almost five decades. It was a century of enormous change, encompassing two world wars, four monarchs (Edward VII, George V, George VI and the Queen), the decline of the aristocracy and the rise of the Labour Party, women's suffrage, the birth of the NHS, the march of suburbia and the clearance of the slums. It was a period that saw the work of the Bloomsbury Group and T.S. Eliot, of Kingsley Amis and Philip Larkin, from the end of the post-war slump to the technicolor explosion of the 1960s, to free love and punk rock, and from Thatcher to Blair. A vividly readable, richly peopled tour de force, *Innovation* is Peter Ackroyd writing at the height of his powers.

#1 New York Times Bestseller Oprah's Book Club Selection The "extraordinary . . . monumental masterpiece" (Booklist) that changed the course of Ken Follett's already phenomenal career—and begins where its prequel, *The Evening and the Morning*, ended. "Follett risks all and comes out a clear winner," extolled Publishers Weekly on the release of *The Pillars of the Earth*. A departure for the bestselling thriller writer, the historical epic stunned readers and critics alike with its ambitious scope and gripping humanity. Today, it stands as a testament to Follett's unassailable command of the written word and to his universal appeal. *The Pillars of the Earth* tells the story of Philip, prior of Kingsbridge, a devout and

resourceful monk driven to build the greatest Gothic cathedral the world has known . . . of Tom, the mason who becomes his architect—a man divided in his soul . . . of the beautiful, elusive Lady Aliena, haunted by a secret shame . . . and of a struggle between good and evil that will turn church against state and brother against brother. A spellbinding epic tale of ambition, anarchy, and absolute power set against the sprawling medieval canvas of twelfth-century England, this is Ken Follett's historical masterpiece.

The inspiring true story of Baroness Floella Benjamin: from Trinidad, to London as part of the Windrush generation, to the House of Lords. When she was ten years old, Floella Benjamin, along with her older sister and two younger brothers, set sail from Trinidad to London, to be reunited with the rest of their family. Alone on a huge ship for two weeks, then tumbled into a cold and unfriendly London, coming to England wasn't at all what Floella had expected. Coming to England is both deeply personal and universally relevant - Floella's experiences of moving home and making friends will resonate with young children, who will be inspired by her trademark optimism and joy. This is a true story with a powerful message: that courage and determination can always overcome adversity.

Winner of the Barbara and David Zalaznick Book Prize in American History Winner of the Excellence in American History Book Award Winner of the Fraunces Tavern Museum Book Award From the bestselling author of the Liberation Trilogy comes the extraordinary first volume of his new trilogy about the American Revolution Rick Atkinson, author of the Pulitzer Prize-winning *An Army at Dawn* and two other superb books about World War II, has long been admired for his deeply researched, stunningly vivid narrative histories. Now he turns his attention to a new war, and in the initial volume of the Revolution Trilogy he recounts the first twenty-one months of America's violent war for independence. From the battles at Lexington and Concord in spring 1775 to those at Trenton and Princeton in winter 1777, American militiamen and then the ragged Continental Army take on the world's most formidable fighting force. It is a gripping saga alive with astonishing characters: Henry Knox, the former bookseller with an uncanny understanding of artillery; Nathanael Greene, the blue-eyed bumpkin who becomes a brilliant battle captain; Benjamin Franklin, the self-made man who proves to be the wiliest of diplomats; George Washington, the commander in chief who learns the difficult art of leadership when the war seems all but lost. The story is also told from the British perspective, making the mortal conflict between the redcoats and the rebels all the more compelling. Full of riveting details and untold stories, *The British Are Coming* is a tale of heroes and knaves, of sacrifice and blunder, of redemption and profound suffering. Rick Atkinson has given stirring new life to the first act of our country's creation drama.

George Orwell's celebrated novella, *Animal Farm*, is a biting, allegorical, political satire on totalitarianism in general and Stalinism in particular. One of the most famous works in modern English literature, it is a telling comment on Soviet Russia under Stalin's

brutal dictatorship based on a cult of personality which was enforced through a reign of terror. The book tells a seemingly simple story of farm animals who rebel against their master in the hope of stopping their exploitation at the hand of humans and creating a society where animals would be equal, free and happy. Ultimately, however, the rebellion is betrayed and the farm ends up in a state as bad as it was before. The novel thus demonstrates how easily good intentions can be subverted into tyranny. Orwell has himself said that it was the first book in which he had tried, with full consciousness of what he was doing, 'to fuse political purpose and artistic purpose into one whole.' The book was first published in England in 1945, and has since then remained a favourite with readers all over the world, and has consistently been included in all prestigious bestseller lists for the past many years.

From the world of Good Night Stories for Rebel Girls comes a historical novel based on the life of Dr. Wangari Maathai, the Nobel Peace Prize-winning activist and environmentalist from Kenya. Wangari lives in the lush, green, land of rural Kenya where the soil is perfect for planting, the trees tower into the sky, and the streams are full of mysterious creatures. All day, she plays beneath her favorite fig tree, and at night she gathers around the fire with her family to listen to her mother's stories. Then Wangari grows up and goes away to school, and things start changing at home. Farmers chop down the trees. Landslides bury the stream. The soil becomes overworked and dry, and nothing will grow. People go hungry. After all her studies, Dr. Wangari Maathai realizes there is a simple solution to these problems: plant a forest full of trees. Dr. Wangari Maathai Plants a Forest is the story of environmentalist and activist Dr. Wangari Maathai, who became the first African woman to receive the Nobel Peace Prize. It's also a story about the importance of making your voice heard, and using that voice to protect the natural world. This historical fiction chapter book includes additional text on Dr. Wangari Maathai's lasting legacy, as well as educational activities designed to encourage caring for the planet and believing in the power of one. About the Rebel Girls Chapter Book Series Meet extraordinary real-life heroines in the Good Night Stories for Rebel Girls chapter book series! Introducing stories based on the lives of extraordinary women in global history, each stunningly designed chapter book features beautiful illustrations from a female artist as well as bonus activities in the backmatter to encourage kids to explore the various fields in which each of these women thrived. The perfect gift to inspire any young reader!

* Instant NEW YORK TIMES and USA TODAY bestseller * * GOODREADS CHOICE AWARD WINNER for BEST DEBUT and BEST ROMANCE of 2019 * * BEST BOOK OF THE YEAR* for VOGUE, NPR, VANITY FAIR, and more! * What happens when America's First Son falls in love with the Prince of Wales? When his mother became President, Alex Claremont-Diaz was promptly cast as the American equivalent of a young royal. Handsome, charismatic, genius—his image is pure millennial-marketing gold for the White House. There's only one problem: Alex has a beef with the actual prince, Henry, across the pond. And when the tabloids get hold of a photo involving an Alex-Henry altercation, U.S./British relations take a turn for the worse. Heads of family, state, and other handlers devise a plan for damage control: staging a truce between the two rivals. What at first begins as a fake, Instagramable friendship grows deeper, and more dangerous, than either Alex or Henry could have imagined. Soon Alex finds himself hurtling into a secret romance with a surprisingly unstuffy Henry that could derail the campaign and upend two nations and

begs the question: Can love save the world after all? Where do we find the courage, and the power, to be the people we are meant to be? And how can we learn to let our true colors shine through? Casey McQuiston's *Red, White & Royal Blue* proves: true love isn't always diplomatic. "I took this with me wherever I went and stole every second I had to read! Absorbing, hilarious, tender, sexy—this book had everything I crave. I'm jealous of all the readers out there who still get to experience *Red, White & Royal Blue* for the first time!" - Christina Lauren, New York Times bestselling author of *The Unhoneymooners* "*Red, White & Royal Blue* is outrageously fun. It is romantic, sexy, witty, and thrilling. I loved every second." - Taylor Jenkins Reid, New York Times bestselling author of *Daisy Jones & The Six*

From the bestselling creators of *Duck! Rabbit!*, an exciting tale of self-discovery! He stood out here. He stood out there. He tried everything to be more like them. It's not easy being seen. Especially when you're NOT like everyone else. Especially when what sets you apart is YOU. Sometimes we squish ourselves to fit in. We shrink. Twist. Bend. Until -- ! -- a friend shows the way to endless possibilities. In this bold and highly visual book, an emphatic but misplaced exclamation point learns that being different can be very exciting! Period.

Dame Floella Benjamin's classic childhood memoir, *Coming to England*, includes a foreword by the author and some additional historical information. It is beautifully illustrated by Michael Frith. Floella Benjamin was just a young girl when she, her sister and two brothers arrived in England in 1960 to join their parents, whom they had not seen for fifteen months. They had left the island paradise of Trinidad to make a new home in London – part of a whole generation of West Indians who were encouraged to move to Britain and help rebuild the country after the Second World War. Reunited with her mother, Floella was too overwhelmed at first to care about the cold weather and the noise and dirt from the traffic. But, as her new life began, she was shocked and distressed by the rejection she experienced. She soon realized that the only way to survive was to work twice as hard and be twice as good as anyone else. This inspirational story is a powerful reminder that courage and determination can overcome adversity.

In its seventeenth-century heyday, the English broadside ballad was a single large sheet of paper printed on one side with multiple woodcut illustrations, a popular tune title, and a poem. Inexpensive, ubiquitous, and fugitive—individual elements migrated freely from one broadside to another—some 11,000 to 12,000 of these artifacts pre-1701 survive, though many others have undoubtedly been lost. Since 2003, Patricia Fumerton and a team of associates at the University of California, Santa Barbara have been finding, digitizing, cataloging, and recording these materials to create the English Broadside Ballad Archive. In this magisterial and long-awaited volume, Fumerton presents a rich display of the fruits of this work. She tracks the fragmentary assembling and disassembling of two unique extant editions of one broadside ballad and examines the loose network of seventeenth-century ballad collectors who archived what were essentially ephemeral productions. She pays particular attention to Samuel Pepys, who collected and bound into five volumes more than 1,800 ballads, and whose preoccupations with black-letter print, gender, and politics are reflected in and extend beyond his collecting practices. Offering an extensive and expansive reading of an extremely popular and sensational ballad that was printed at least 37 times before 1701, Fumerton highlights the ballad genre's ability to

move audiences across time and space. In a concluding chapter, she looks to Shakespeare's *The Winter's Tale* to analyze the performative potential ballads have in comparison with staged drama. A broadside ballad cannot be "read" without reading it in relation to its images and its tune, Fumerton argues. To that end, *The Broadside Ballad in Early Modern England* features more than 80 illustrations and directs its readers to a specially constructed online archive where they can easily access 48 audio files of ballad music.

The Fens are a distinctive, complex, man-made and little understood landscape. Francis Pryor has lived in, excavated, farmed, walked – and loved – the Fen Country for more than forty years: its levels and drains, its soaring churches, its magnificent medieval buildings. In *The Fens*, he counterpoints the history of the Fen landscape and its transformation – the great drainage projects that created the Old and New Bedford Rivers, the Ouse Washes and Bedford Levels, the rise of prosperous towns and cities, such as King's Lynn, Cambridge, Wisbech, Boston and Spalding – with the story of his own discovery of it as an archaeologist. Interweaving personal experience, the graft and the grime of the dig, and lyrical evocations of place, Francis Pryor offers a unique portrait of a neglected by remarkable area of England.

A sweeping and original history of the Anglo-Saxons by national bestselling author Marc Morris. Sixteen hundred years ago Britain left the Roman Empire and swiftly fell into ruin. Grand cities and luxurious villas were deserted and left to crumble, and civil society collapsed into chaos. Into this violent and unstable world came foreign invaders from across the sea, and established themselves as its new masters. *The Anglo-Saxons* traces the turbulent history of these people across the next six centuries. It explains how their earliest rulers fought relentlessly against each other for glory and supremacy, and then were almost destroyed by the onslaught of the vikings. It explores how they abandoned their old gods for Christianity, established hundreds of churches and created dazzlingly intricate works of art. It charts the revival of towns and trade, and the origins of a familiar landscape of shires, boroughs and bishoprics. It is a tale of famous figures like King Offa, Alfred the Great and Edward the Confessor, but also features a host of lesser known characters - ambitious queens, revolutionary saints, intolerant monks and grasping nobles. Through their remarkable careers we see how a new society, a new culture and a single unified nation came into being. Drawing on a vast range of original evidence - chronicles, letters, archaeology and artefacts - renowned historian Marc Morris illuminates a period of history that is only dimly understood, separates the truth from the legend, and tells the extraordinary story of how the foundations of England were laid.

A fascinating exploration of the time Winslow Homer spent in England and how it influenced his art Winslow Homer (1836-1910) is widely regarded as the greatest American painter of the 19th century, but it is not well known that he spent a pivotal period of time on the other side of the Atlantic. The eighteen months Homer spent in England in 1881 and 1882--studying the work of masters such as J. M. W. Turner and Lawrence Alma-Tadema, and exploring the landscape of coastal villages--irrevocably shaped his creative identity. This beautifully designed and produced publication explores Homer's time in England and how it influenced his art, as he attempted to reconcile his affinity for traditional subject matter with his increasingly modern aesthetic vision. *Coming*

Away complicates our understanding of his work and convincingly argues that it has more cosmopolitan underpinnings than previously thought.

This vintage book contains D. H. Lawrence's 1922 collection of short stories, entitled "England, My England". Written between 1913 and 1921, many of the stories revolve around war and will appeal to those with an interest in related literature. The stories of this collection include: "England, My England", "Tickets, Please", "The Blind Man", "Monkey Nuts", "Wintry Peacock", "You Touched Me", "Samson and Delilah", "The Primrose Path", "The Horse Dealer's Daughter", "Fanny and Annie", and more.

David Herbert Richards Lawrence (1885 - 1930) was a seminal English novelist, poet, essayist, playwright, and literary critic. Many vintage texts such as this are increasingly scarce and expensive, and it is with this in mind that we are republishing this book now, in an affordable, high-quality, modern edition. It comes complete with a specially commissioned biography of the author.

A picture book edition of *Coming to England*, the inspiring true story of Baroness Floella Benjamin: from Trinidad, to London as part of the Windrush generation, to the House of Lords. Follow ten-year-old Floella as she and her family set sail from the Caribbean to a new life in London. Alone on a huge ship for two weeks, then tumbled into a cold and unfriendly London, coming to England wasn't at all what Floella had expected . . . What will her new school be like? Will she meet the Queen? Filled with optimism and joy, yet deeply personal and relevant, young children will resonate with Floella's experiences of moving home and making friends. Alongside vibrant illustrations by Diane Ewen, this powerful story shows little people how courage and determination can always overcome adversity.

There is a distinct hint of Armageddon in the air. According to The Nice and Accurate Prophecies of Agnes Nutter, Witch (recorded, thankfully, in 1655, before she blew up her entire village and all its inhabitants, who had gathered to watch her burn), the world will end on a Saturday. Next Saturday, in fact. So the armies of Good and Evil are amassing, the Four Bikers of the Apocalypse are revving up their mighty hogs and hitting the road, and the world's last two remaining witch-finders are getting ready to fight the good fight, armed with awkwardly antiquated instructions and stick pins. Atlantis is rising, frogs are falling, tempers are flaring. . . . Right. Everything appears to be going according to Divine Plan. Except that a somewhat fussy angel and a fast-living demon -- each of whom has lived among Earth's mortals for many millennia and has grown rather fond of the lifestyle -- are not particularly looking forward to the coming Rapture. If Crowley and Aziraphale are going to stop it from happening, they've got to find and kill the Antichrist (which is a shame, as he's a really nice kid). There's just one glitch: someone seems to have misplaced him. . . . First published in 1990, Neil Gaiman and Terry Pratchett's brilliantly dark and screamingly funny take on humankind's final judgment is back -- and just in time -- in a new hardcover edition (which includes an introduction by the authors, comments by each about the other, and answers to some still-burning questions about their wildly popular collaborative effort) that the devout and the damned alike will surely cherish until the end of all things.

In this heart-stopping adventure based on real historical events, Benjamin Zephaniah shows us an important and intriguing time in Britain that's sure to fascinate young readers.

Read Free Coming To England

The Breakfast Club meets Guardians of the Galaxy in this YA sci-fi adventure by debut author M. K. England. Hotshot pilot Nax Hall has a history of making poor life choices. So it's not exactly a surprise when he's kicked out of the elite Ellis Station Academy in less than twenty-four hours. But Nax's one-way trip back to Earth is cut short when a terrorist group attacks the Academy. Nax and three other washouts escape—barely—but they're also the sole witnesses to the biggest crime in the history of space colonization. And the perfect scapegoats. On the run, Nax and his fellow failures plan to pull off a dangerous heist to spread the truth. Because they may not be "Academy material," and they may not even get along, but they're the only ones left to step up and fight. Full of high-stakes action, subversive humor, and underdogs becoming heroes, this YA sci-fi adventure is perfect for fans of *Illuminae*, *Heart of Iron*, or the cult classic TV show *Firefly* and is also a page-turning thrill ride that anyone—not just space nerds—can enjoy.

Children of Globalization is the first book-length exploration of contemporary Diasporic Coming-of-age Novels in the context of globalized and de facto multicultural societies. Diasporic Coming-of-age Novels subvert the horizon of expectations of the originating and archetypal form of the genre, the traditional Bildungsroman, which encompasses the works of Johann Wolfgang von Goethe, Charles Dickens, and Jane Austen, and illustrates middle-class, European, "enlightened," and overwhelmingly male protagonists who become accommodated citizens, workers, and spouses whom the readers should imitate. Conversely, Diasporic Coming-of-age Novels have manifold ways of defining youth and adulthood. The culturally-hybrid protagonists, often experiencing intersectional oppression due to their identities of race, gender, class, or sexuality, must negotiate what it means to become adults in their own families and social contexts, at times being undocumented or otherwise unable to access full citizenship, thus enabling complex and variegated formative processes that beg the questions of nationhood and belonging in increasingly globalized societies worldwide.

The theme of lost childhood remains constant in this short fictional narrative of rebellious Annie John's coming of age on the small island of Antigua

This book provides a vivid and accessible history of first-generation immigrants to England in the later Middle Ages. Accounting for upwards of two percent of the population and coming from all parts of Europe and beyond, immigrants spread out over the kingdom, settling in the countryside as well as in towns, taking work as agricultural labourers, skilled craftspeople and professionals. Often encouraged and welcomed, sometimes vilified and victimised, immigrants were always on the social and political agenda. *Immigrant England* is the first book to address a phenomenon and issue of vital concern to English people at the time, to their descendants living in the United Kingdom today and to all those interested in the historical dimensions of immigration policy, attitudes to ethnicity and race and concepts of Englishness and Britishness.

Coming to England An Inspiring True Story Celebrating the Windrush Generation Pan Macmillan

From the Booker Prize-winning author of *Last Orders* and *Wish You Were Here*, his first new book of short fiction in nearly thirty years: beautifully crafted, piercingly observant stories that unite into a richly peopled vision of a country that is both a crucible of

Read Free Coming To England

history and a maze of contemporary confusions. Meet Dr. Shah who has never been to India, and Mrs. Kaminski, on her way to Poland; meet Holly and Polly, who have come to their own Anglo-Irish understanding, and Charlie and Don, who have seen the docks turn into Docklands; Daisy Baker, who is terrified of Yorkshire; and Johnny Dewhurst, stranded on Exmoor. Graham Swift steers us effortlessly from the seventeenth century to the present day, from world-shaking events to the secret dramas lived out in rooms, workplaces, homes. With these open-eyed, eloquent and often comic stories, Swift charts a human geography that moves us profoundly.

"Lie back and think of England ... England, 1904. Two years ago, Captain Archie Curtis lost his friends, fingers, and future to a terrible military accident. Alone, purposeless, and angry, Curtis is determined to discover if he and his comrades were the victims of fate, or of sabotage. Curtis's search takes him to an isolated, ultra-modern country house, where he meets and instantly clashes with fellow guest Daniel da Silva. Effete, decadent, foreign and all too obviously queer, the sophisticated poet is everything the straightforward British officer fears and distrusts. As events unfold, Curtis realizes that Daniel has his own secret intentions. And there's something else they share-- a mounting sexual tension that leaves Curtis reeling. And as the house party's elegant facade cracks to reveal treachery, blackmail, and murder, Curtis finds himself needing clever, dark-eyed Daniel as he has never needed a man before."--Page 4 of cover.

A story about the triumph of hope, love, and determination, *Coming to England* is the inspiring true story of Baroness Floella Benjamin: from Trinidad, to London as part of the Windrush generation, to the House of Lords. Follow ten-year-old Floella as she and her family set sail from the Caribbean to a new life in London. Alone on a huge ship for two weeks, then tumbled into a cold and unfriendly London, coming to England wasn't at all what Floella had expected . . . What will her new school be like? Will she meet the Queen? Filled with optimism and joy, yet deeply personal and relevant, young children will follow Floella's experiences of moving home and making friends. Alongside vibrant illustrations by Diane Ewen, this powerful story shows little people how courage and determination can always overcome adversity.
