This book is named from heavens to earth, written directly from my hands, of course, in the explanation from the beginning how my life has been unfolded and conducted under the hardness of my creator and the discovery at the end of time that Mother Earth is the producer of all that we can observe and that Celestial King is created under this sanctity and is set to govern all that it creates. In this way, Craon God continues to create, and at the same time, Mother Earth also produces. This is that we cannot understand the psychology to which we are placed, but we must understand that we must kneel down to God and to Mother Earth because even God kneels down himself. Celestially, there is this high force that cannot be destroyed, but we must obey him as we are taught by our only begotten God and do not doubt that our forces will not decay in silence but in a force that is not invented. I am declaring it today, and with the presence of my paintings in this second book called Firmament<sup>12</sup>, I will explain that everything has been studied by me since the beginning of my life, focusing my studies on everything I have been able to observe and posing from time to time to let them know my face. It is something I can leave to be recognized in time, and that my presence is legitimate today and that my offspring is also presented in this book, descendant Maya. Of course, this is the race that God has chosen from the beginning. I know you cannot understand, but I leave you with this thinking with my stay here on Earth. (I am the son of man) from the land of the Holy Spirit. Of course, humanity does not understand why they say that God acts in a mysterious way. It is clear that Mother Earth is in charge of creating everything that pleases her, and she gives them to the only begotten saint to govern it. It's that in this form they (homosexuals and lesbians) are created under this divine order. For that reason, the Holy begotten King has had to provide a perfect plan so that all the creations are modified with a holy and celestial order, which is his last covenant, and he declares it in Jeremiah 31:33–34. With this perfect plan, it is pleasing to our Mother Earth. Note that the heart has no gender.

This book fills the Iberian linguistic and geographical gap in Arthurian studies, replacing the now-outdated work by William J. Entwistle (1925). It covers Arthurian material in all the major Peninsular Romance languages (Spanish, Portuguese, Catalan, Galician); it follows the spread of Arthurian material overseas with the seaborne expansion of Spain

and Portugal from Iberia into America and Asia in the fifteenth and sixteenth centuries; and, as well as examining the specifically Arthurian texts themselves, it traces the continued influence of the medieval Arthurian material and its impact on the society, literature and culture of the Golden Age and beyond, including its presence in Don Quixote, the influential Spanish Arthurian-inspired romance Amadís de Gaula, and in Spanish ballads. Such was its influence that we find an indigenous American woman called 'Iseo' (Iseult); and an Arthurian story appeared in an indigenous language of the Philippines, Tagalog, as late as the nineteenth and early twentieth centuries.

La tercera parte del libro «300 millones de dólares» fue publicada. La narración aquí es en forma de entradas de diario, por lo que realmente lo es. Qué pensamientos visitó al autor de la obra. Realice sus sueños (ideas) sobre el apartamento, coche, dacha y cuenta bancaria. ¿No quieres hacer este camino también a ti?

This bilingual collection of four of Diana Raznovich's plays, Disconcerted, Inner Gardens, MaTriX Inc, and Rear Entry amply demonstrates the role of humor in dealing with a broad range of issues: relationships, sexuality, stereotypes, censorship, and the consumer society in which emotions are bought and sold.

Puertas de la percepción Por Fedosy Santaella Una puerta. Hay libros que no quieren ser narrados ni tampoco acumularse en poemas. Hay historias, sensaciones, momentos que necesitan romper la barrera de los géneros para decir lo que realmente necesitan decir. Hay libros que son mundos y no países, relatos rotos, cristales dispersos, calidoscopios, viajes donde la luz busca batientes o umbrales. Delirios que existen mejor que las realidades. Delirios lúcidos. Este es uno de esos libros. Otra puerta.

Bienvenidos a una historia de amor en tres partes que pueden ser mil. A un amor oculto, secreto -y por lo tanto imposible. Bienvenidos a una gran escapatoria. Una en medio del desierto. Bienvenidos al desamparo. Al lugar donde nos decimos una y otra vez que todo estará bien. Aquella que estuvo y ya no está. Este es un libro que practica el vacío. No sé si decir un libro zen, pero sí un libro que practica el vacío de alguien que se ha vaciado de todo. Un libro del vacío como dolor que ya no duele pero que sigue siendo dolor. Un libro de caída en el vacío. Un libro que eleva la caída. Puerta no-puerta. Este libro intenta abolir el Tiempo. Al final eso intenta la escritura, ¿no? Y el amor. Y las drogas. Y la búsqueda de la belleza. El Tiempo como el gran adversario que amplifica demasiado la materia y no al ser. Un libro disco, un libro álbum que suena para que todo lo demás haga silencio y vacío. Nick Drake, Syd Barrett, Cocteau Twins. Puerta bajo el agua. En este libro está el mar, y las olas y el color del mar. Paraguas, máquina de coser, mesa de disección. Este libro nace de los lugares más profundos, de fuentes que manan hacia arriba. Es azar surrealista, encuentra imágenes y las une, tal como lo quería Breton, en un juego interminable de belleza onírica. Las palabras se encuentran y se abren a los símbolos, como flores extrañas, como amantes que se saben extraños. Y allí se hacen luz que busca oscuridades iluminadas. Lautréamont, Rimbaud, Baudelaire. Y esta puerta al final de las puertas que es la primera puerta. Este libro se llama Ultra-marina, y está firmado por José Antonio Parra, o por alguno de los José Antonio Parra que se ha quedado en el vacío, o en el naufragio del amor, o detrás de una de las puertas, en la sombra de la luz, en alguno de los mundos, o en el sitio oculto que es el amor y el despecho.

La "mediana edad" es un concepto que se utiliza en todos los ámbitos y que presenta numerosos vértices diferentes, aunque generalmente es bastante impreciso, incluso dentro del paradigma psicoanalítico. Este libro trata de determinar su significado preciso a través del reto que representa sentar las bases para el desarrollo de una verdadera metapsicología psicoanalítica de la "mediana edad", algo que los editores creen que le faltaba al psicoanálisis. Desde este planteamiento, han invitado a catorce psicoanalistas de renombre a que compartieran sus ideas sobre el tema y el resultado de esa labor es Puesta al día sobre la mediana edad: perspectivas psicoanalíticas, que, además de las diversas aportaciones, contiene un estudio introductorio realizado por los editores. Este libro supone un verdadero avance en el desarrollo de una metapsicología específica para la "mediana edad".

This book proposes a new way of tracing the history of the Early Modern Spanish novel through the prism of literary continuation. It identifies and examines the Golden Age narratives that invented the sequel and the narrative genres that the sequel in turn invented. The author explores the rivalries between apocryphal and authorized sequelists that forged modern notions of authorship and authorial property. The book also defines the sequel's forms and functions, filling a major gap in literary theory in general and Peninsular literary studies in particular. Notably, the author demonstrates that the sequel develops first and foremost in Early Modern Spain, an unacknowledged and unexamined

contribution to Western letters. With its panoramic scope, this study serves as an introduction to the central novelistic genres and texts of Early Modern Spain. From this foundational starting point, it also offers a general framework for understanding imaginative expansion in subsequent time periods and literary traditions. William H. Hinrichs is a founding faculty member and Assistant Professor of Modern Languages at Bard High School Early College, Queens.

This work seeks to document the discoveries and adventures of early travelers to America, many of whom were greatly inspired by the explorations of Marco Polo.
