I had always suspected the geographical authorities did not know what they were talking about when they located the battlefield of Munda in the county of the Bastuli-Poeni, close to the modern Monda, some two leagues north of Marbella. According to my own surmise, founded on the text of the anonymous author of the *Bellum Hispaniense*, and on certain information culled from the excellent library owned by the Duke of Ossuna, I believed the site of the memorable struggle in which Caesar played double or quits, once and for all, with the champions of the Republic, should be sought in the neighbourhood of Montilla. Happening to be in Andalusia during the autumn of 1830, I made a somewhat lengthy excursion, with the object of clearing up certain doubts which still oppressed me. A paper which I shall shortly publish will, I trust, remove any hesitation that may still exist in the minds of all honest archaeologists. But before that dissertation of mine finally settles the geographical problem on the solution of which the whole of learned Europe hangs, I desire to relate a little tale. It will do no prejudice to the interesting question of the correct locality of Monda. I had hired a guide and a couple of horses at Cordova, and had started on my way with no luggage save a few shirts, and Caesar's Commentaries. As I wandered, one day, across the higher lands of the Cachena plain, worn with fatigue, parched with thirst, scorched by a burning sun, cursing Caesar and Pompey's sons alike, most heartily, my eye lighted, at some distance from the path I was following, on a little stretch of green sward dotted with reeds and rushes. That betokened the neighbourhood of some spring, and, indeed, as I drew nearer I perceived that what had looked like sward was a marsh, into which a stream, which seemed to issue from a narrow gorge between two high spurs of the Sierra di Cabra, ran and disappeared.

Symphony, Cleveland Orchestra, and Kansas City Conservatory, DePaul University, Northwestern University, and Roosevelt University in Chicago. The Art of French Horn Playing set the pattern, and other books in the series soon followed, offering help to students in learning to master their instruments and achieve their goals.

Titus Andronicus is a tragedy by William Shakespeare, believed to have been written between 1588 and 1593, probably in collaboration with George Peele. It is thought to be Shakespeare's first tragedy and is often seen as his attempt to emulate the violent and bloody revenge plays of his contemporaries, which were extremely popular with audiences throughout the 16th century.[1]The play is set during the latter days of the Roman Empire and tells the fictional story of Titus, a general in the Roman army, who is engaged in a cycle of revenge with Tamora, Queen of the Goths. It is Shakespeare's bloodiest and most violent work, and traditionally was one of his least respected plays; although it was extremely popular in its day, by the later 17th century it had fallen out of favour. In the Victorian era, it was disapproved of primarily because of what was considered to be a distasteful use of graphic violence, but from around the middle of the 20th century its reputation began to improve

Inspired by Paris, this lighthearted and deceptively wise contemporary memoir serves as a guidebook for women on the path to adulthood, sophistication, and style. Jennifer Scott's self-published success is now a beautifully packaged and fully illustrated gift book, perfect for any woman looking to lead a more fulfilling, passionate, and artful life. Paris may be the City of Light, but for many it is also the City of Transformation. When Jennifer Scott arrived in Paris as an exchange student from California, she had little idea she would become an avid fan of French fashion, lifestyle, and sophistication. Used to a casual life back home, in Paris she was hosted by a woman she calls "Madame Chic," mistress of a grand apartment in the Sixteenth Arrondissement. Madame Chic mentors Jennifer in the art of living, with elegance and an impeccably French less-is-more philosophy. Three-course meals prepared by the well-dressed Madame Chic (her neat clothes covered by an apron, of course) lure Jennifer from her usual habit of frequent snacks, junk food, sweatpants, and TV. Additional time spent with "Madame Bohemienne," a charming single mother who passionately embraces Parisian joie de vivre, introduces readers to another facet of behind-closed-doors Parisian life. While Francophiles will appreciate this memoir of a young woman's adventure abroad, others who may not know much about France will thrill to the surprisingly do-able (yet chic!) hair and makeup lessons, plus tips on how to create a capsule wardrobe with just ten useful core pieces. Each chapter of Lessons from Madame Chic reveals the valuable secrets Jennifer learned while under Madame Chic's tutelage—tips you can master no matter where you live or the size of your budget. Embracing the classically French aesthetic of quality over quantity, aspiring Parisiennes will learn the art of eating (deprive yourself not; snacking is not chic), fashion (buy the best you can afford), grooming (le no-makeup look), among other tips. From entertaining to decor, you will gain insights on how to cultivate old-fashioned sophistication while living an active, modern life. Lessons from Madame Chic is the essential handbook for a woman that wants to look good, live well, and enjoy that Parisian je ne sais quoi in her own arrondissement.
