

## Complete To Homeopathy

This alphabetically arranged guide offers homeopathic remedies for everyday health problems, describes ten case studies, and discusses the dos and don'ts to follow when treating an illness

Dana Ullman, M.P.H., one of the leading spokespersons for homeopathic medicine, brings you a comprehensive, user-friendly guidebook that shows you how to use homeopathy to help heal common ailments. Numerous conditions—from allergies to warts—are discussed, along with the key remedies to consider for each one. You'll find this book useful whether you're completely new to homeopathy or an experienced practitioner of this wonderful method of natural healing!

This is an illustrated guide to the principles and practice of homeopathy, explaining how to use it to treat common ailments. A self-assessment questionnaire offers readers an interactive approach to choosing emotional characteristics. Clear charts show which remedies to take for complaints ranging from sore throats to insomnia, and a photographic A-Z index of 150 remedies illustrates the natural ingredients from which they are made.

This book traces the genesis, principles and practice of homeopathy, and

## Get Free Complete To Homeopathy

discusses the reasons for its enduring popularity. Two hundred years ago, medicine had little to offer except blood letting and the administration of violent purgatives – practices which shortened the course of illness by hastening the death of the patient. Largely in reaction to what he correctly saw as the brutality and ineffectiveness of the medicine of his day, the eighteenth century German physician Samuel Hahnemann developed a system of therapeutics that he termed homeopathy. Ironically, while modern medicine has changed beyond recognition, homeopathy, with its roots in alchemy and metaphysics, continues to be practiced precisely as it was in Hahnemann's day. Readers of this book will enjoy the story of homeopathy and its almost magical attraction, whilst learning much from the authors' rational and scientific discussion of the biological, chemical and psychological questions that this treatment raises.

A guide to homeopathic remedies shows how many common ailments can be treated at home using plants, herbs, and minerals

The Complete Guide to Homeopathy reveals the key principles of homeopathy, including the way we are categorized into "constitutional" types according to our physical and emotional characteristics. Self-assessment Questionnaire: A specially designed questionnaire, based on what a homeopath might ask during a first office visit, provides unique insight into the link between health and temperament and helps determine which constitutional type you most closely match. Index of Remedies: A photographic index of 150 remedies illustrates plant, mineral, and animal sources, ranging from common foods such as honey to toxic substances such as snake venom. A profile of each remedy gives its historical background, medicinal uses, and its corresponding constitutional type. Treating Common Ailments: Easy-to-use ailment charts show which remedies to take for everyday health problems such as insomnia, anxiety, eczema, and toothaches. Additional self-help treatments are recommended, and there is a quick-reference guide to homeopathic first aid.

Hom oprophylaxis has been part of mainstream homeopathy since 1798, but its use remains controversial. Its history and evidentiary base is frequently misunderstood. This book aims to provide homeopaths, as well as practitioners of any modality and students with a complete grounding in the topic. It contains comprehensive instructions how to
