

Complete Tort Law Text Cases And Materials

Presented in an accessible format, this text provides a detailed and authoritative exposition of the law, illustrated by carefully selected materials and complemented by clear and engaging commentary drawing on a range of critical and theoretical perspectives.

This textbook is designed for use in upper-level law school courses. It reflects the belief that the most effective teaching materials for students beyond the first year of law school are centered on problems of the kind that lawyers face in practice. Other features of the book include:

- **Clear Narrative Text.** The chapters in *Advanced Tort Law: A Problem Approach* focus on five intriguing subjects which normally receive little attention in basic torts courses: misrepresentation, defamation, invasion of privacy, tortious interference, and injurious falsehood. In each chapter, the law is laid out in a clear narrative format, which quotes liberally from pertinent court opinions, statutes, and other sources. Because upper-level law students are already well acquainted with the American litigation process, each topic focuses primarily on operative rules and policies, and their application to particular fact situations. The text minimizes the procedural complexities of cases that have already been decided.
- **Fifty-Six Discussion Problems.** The main instructional feature of *Advanced Tort Law: A Problem Approach* is the fifty-six discussion problems. Roughly every eight to ten pages, there is a problem for students to prepare in advance of class. A good answer requires a confident grasp of the rules, concepts, and principles addressed in the text or in basic law school courses. The problems, which test whether students have learned the assigned material, are designed to form the basis for classroom discussions. If a class meets twice a week over the course of a typical law school semester, each reading assignment is likely to include about fifteen to twenty pages of reading material and two discussion problems. Other advanced torts books have few or no discussion problems, or contain discussion problems only in some chapters. *Advanced Tort Law: A Problem Approach* is the only textbook that uses discussion problems as the principal teaching device for every topic in the book.
- **Preparation for Practicing Law in the 21st Century.** Many of the problems in *Advanced Tort Law: A Problem Approach* are based on actual cases or stories in the news. With rare exceptions, the names have been changed. The facts in the problems often diverge from those which gave rise to the underlying disputes in order to raise questions important to the course. The discussion problems challenge students to explore how the law applies to the kinds of facts they will encounter in twenty-first century law practice. There is an abundance of citations to cases decided since 2000. The hypothetical scenarios are designed to help users of the book develop the problem-solving skills that effective lawyers need today.
- **Cutting-Edge Legal Issues in the Digital Age.** Although the torts discussed in this book are ancient in origin, they are often on the front lines of litigation in the Digital Age. There are abundant references to issues raised by recent communications technology developments, including blogging, texting, and social networking. The book addresses numerous practical questions that Americans confront in contemporary life, such as the liability issues that arise from anonymous postings on the Internet or from corporate press releases designed to mislead investors. The eBook version of this title features links to Lexis Advance for further legal research options.

Tort Law Text, Cases, and Materials Oxford University Press

Environmental Law: Text, Cases, and Materials has been designed to provide students with everything they need to approach the subject with confidence. Experts in the area, the authors combine clear and insightful commentary with carefully chosen extracts from UK and international sources to offer students a well-rounded view of the subject area. Covering a broad range of topics, the authors introduce discussion on controversies and debates and encourage readers to engage in critical reflection by posing regular discussion questions throughout the text. Further reading suggestions point students towards useful resources, guiding their independent research. Online Resources This book is also accompanied by online updates collated by the authors, helping students to stay well-informed.

This book is written to give coverage to the Caribbean Advanced Proficiency Examination Syllabus on Law Unit 2. It provides concise access to topics that are relevant to this unit while providing a brief look at relevant cases that support principles and substantive law encountered throughout the text.

'Tort Law' offers a stimulating introduction to the subject. Jenny Steele provides a sound analysis of the key principles before exploring a wide range of critical perspectives through an extensive selection of cases and materials.

Complete Land Law provides a comprehensive yet accessible introduction to the subject, combining extracts from key cases and legislation with clear author explanations and commentary. Diagrams, summaries and questions further support the text, making it the ideal guide for students new to the subject.

Each section begins with a clear overview of the key points of the law, before fully explaining and illustrating the topic through substantial case extracts and further commentary."--BOOK JACKET.

This is an account of the modern law of contract by a leading authority in the field. Through this fresh approach to the subject students should obtain a firm understanding of the central doctrines and the controversies associated with them.

The study of the law of tort is generally preoccupied by case law, while the fundamental impact of legislation is often overlooked. At a jurisprudential level there is an unspoken view that legislation is generally piecemeal and at best self-contained and specific; at worst dependent on the whim of political views at a particular time. With a different starting point, this volume seeks to test such notions, illustrating, among other things, the widespread and lasting influence of legislation on the shape and principles of the law of tort; the variety of forms of legislation and the complex nature of political and policy concerns that may lie behind their enactment; the sometimes unexpected consequences of statutory reform; and the integration not only of statutory rules but also of legislative policy into the operation of tort law today. The apparently sharp distinction between judicially created private law principles, and democratically enacted legislative rules and policies, is therefore questioned, and it is argued that to describe the principles of the law of tort without referring to statute is potentially highly misleading. This book shows that legislation is important not only because of the way it varies or replaces case law, but because it also deeply influences the intrinsic character of that law, providing some of its most familiar characteristics. The book provides the first extended interpretation of legislative intervention in the law of tort. Each of the chapters, by leading tort scholars, deals with an aspect of the influence of legislation on the law of tort. While the nature, sources and extent of legislative influence in personal injury law is an essential feature of the collection, other significant areas of tort law are explored, including tort in the context of commercial law, labour law, regulation and the welfare state. Essays on the Compensation Act 2006 and Human Rights Act 1998 bring the current state of the interplay between tort, politics and legislation to the forefront. In all of these contexts, contributors explore the deeper lessons that can be learned about the nature of the law of tort and its changing role and functions over time. Cited with approval in the Singapore Court of Appeal by VK Rajah JA in *See Toh Siew Kee vs Ho Ah Lam Ferrocement (Pte) Ltd and others*, [2013] SGCA 29

Complete Tort Law: Text, Cases, & Materials combines extracts from a wide range of recent cases with clear explanatory text to create a complete resource for students. A wealth of features provide a high level of support, making this an ideal introduction to tort law. This title was first published in 2002. The first series of The International Library of Essays in Law and Legal Theory has established itself as a major research resource. The rapid growth of theoretically interesting scholarly work in law has increased a demand for a Second Series which includes significant recent work and also gives an opportunity to include additional areas of law. The new series follows the successful pattern established in the first of reproducing entire essays with the original page numbers as an aid to comprehensive research and accurate referencing. Volume editors have selected not only the most influential essays but those which they consider will be of greatest continuing importance. Each volume has an introduction which explains the context and the significance of the essays chosen.

This versatile casebook, written by authors who are at the forefront of torts scholarship, presents contemporary tort law in a clear and systematic framework. Now in its second edition, Tort Law: Responsibilities and Redress, has been refined based on classroom feedback to make it even more user-friendly and informative to students and professors alike. Among the distinctive characteristics of this unique casebook: Tort law is presented as a coherent whole. Students leave the course with a clear sense of what tort law is and what it does, and how it differs from other bodies of law, such as contracts or criminal law. Painstaking case selection ensures that students will be exposed to memorable opinions that effectively convey the substance of tort doctrine while also enabling the professor to explore from any given intellectual or political perspective underlying issues of policy, process, and theory. Current and classic cases expose students to a diverse array of case law, including decisions from jurisdictions around the country and from trial courts as well as state and federal appellate courts. Modular design of chapters permits the professor to proceed from any of several different starting points, including intentional torts, negligence, or a big-picture overview of the field. Ample explanatory text is provided, particularly in chapters that are likely to be covered early in the course. Additional materials—three appendices and two “modules”—are provided to permit professors who teach 5- or 6-hour courses to cover issues of history, policy, and theory. Substantial expository text offers unparalleled guidance in clarifying key torts concepts such as duty, breach, proximate cause, and intent. The Teacher’s Manual sets the standard for giving professors everything they need to succeed in the classroom. The meticulous revision of this casebook includes: Revised Chapter 2, The Duty Element, makes the material more accessible to students and enables teachers to proceed more quickly through the duty component of negligence, should they wish to spend more time on other negligence topics or other torts. New cases are more straightforward and more modern than those they have replaced. Revised Chapter 5, Proximate Cause and Palsgraf, presents with even greater clarity than the first edition, The topics within negligence law that are most prone to generate student confusion. Revised Chapter 9, Battery, Assault, and False Imprisonment, contains a new initial sequence of cases and notes carefully designed to support courses that begin with intentional torts. New website that includes “retired” cases from the First Edition, practice questions, and other materials of interest. Tort Law: Responsibilities and Redress, Second Edition, offers a contemporary approach to teaching torts without sacrificing attention To The conceptual underpinnings necessary to an in-depth understanding of tort law’s operation in the modern legal system. An author website to support classroom instruction using this title is available at <http://www.aspenlawschool.com/goldberg2>

Essential Tort Law for SQE1 explains the key principles of tort law in a clear, easy-to-follow style. Principles are introduced and illustrated with reference to practical examples. The book demonstrates the skill of client case analysis, taking a clear and structured approach to analysing the facts of a client’s case and then applying the relevant principles. It also includes a range of supportive features: Revision points: Each chapter concludes with a concise list of key revision points. Problem questions: To test understanding and analytical skills applied to practical scenarios. A companion website also provides suggested answers. Multiple choice questions: Each section of the book provides multiple choice questions following the SQE1 question format (with answers to enable you to test your knowledge). Further multiple choice questions and answers are also provided on the companion website. The first in a series of books aimed at those preparing for SQE1, this concise and accessible text provides a clear understanding of the tort element of SQE1 and enables you to test your assessment skills. The fifth edition of Lunney and Oliphant's market-leading tort law text provides a complete, authoritative guide to the subject. The book combines clear overviews of the law with well-chosen extracts from cases and materials supported by insightful commentary.

The perfect accompaniment to any torts casebook, The Forms and Functions of Tort Law covers all the major cases and issues in the standard torts course, sharing Professor Abraham's scholarly insights developed over 25 years of teaching. This analytical text addresses the cases and analyzes their implications, presenting the law of torts within a curricular context and covering the materials that law students are likely to encounter in a variety of courses. The straightforward, readable text in this paperback addresses both rules and policy and presents topics in a way that helps students grapple with the issues more effectively. Organized in the traditional manner, topics covered include intentional torts, negligence, cause-in-fact, proximate cause, defenses, strict liability, nuisance, products liability, damages, tort reform, invasion of privacy, defamation, misrepresentation, and the economic interference torts. Each chapter stands on its own, making the book ideal for use as a classroom text as well as for self-directed reading by students.

Presenting the law of tort as a body of principles, this authoritative textbook gives an incisive understanding of the subject. Each tort is carefully structured and examined within a consistent analytical framework that guides students through its preconditions, elements, defences and remedies. Clear summaries and comparisons accompany the detailed exposition, and further support is provided by diagrams and tables which clarify complex aspects of the law. Critical discussion of legal judgments encourages students to develop strong analytical and case-reading skills, whilst key reform proposals and leading cases from other jurisdictions illustrate different potential solutions to conundrums in tort law. A rich companion website, featuring semesterly updates alongside ten additional chapters on more advanced topics, completes the learning package. This new edition has been updated to take account of important cases, legislative developments and law reform studies since July 2015.

This best-selling undergraduate textbook from leading academics Kirsty Horsey & Erika Rackley gives a comprehensive grounding in tort law and carefully chosen learning features help students to become engaged and critical thinkers. This lively and thought-provoking account allows students to understand rather than simply learn the law. The problem questions in each chapter help students to understand how the law works in its practical context and to begin to consider potential issues and debates. Carefully chosen features such as 'counterpoint' and 'pause for reflection' boxes enable students to think more deeply and critically about the law. The text is accompanied by an extensive Online Resource Centre, which includes the following resources: - Downloadable annotated judgments, statutes, and problem questions - Outline answers to questions in the book - Annotated web links to external web resources and videos - Flashcard glossary of legal terms used in the book - Additional content on elements of a claim in the tort of negligence and on product liability - Test bank of 200 questions and answers for lecturers' use in assessing students

This best-selling, classic text provides a clear and straightforward account of the basic rules of contract law, while also introducing current debates about the nature, scope and functions of the law and discussing wider controversies surrounding the basic doctrines. Praised time and again by both lecturers and students, Contract Law is compact yet comprehensive, well-written, well-structured, stimulating and engaging. This new eleventh edition has been fully revised and updated to reflect recent changes in the

law. It is essential reading for all students taking undergraduate and GDL/CPE courses in contract law.

The essential companion for undergraduate tort law students, providing a comprehensive portable library of leading tort cases.

Horsely & Rackley bring together a range of carefully edited extracts, combined with insightful commentary and annotated cases to help students identify and analyse the key elements of a case.

Medical Law: Text, Cases, and Materials offers all of the explanation, commentary, and extracts from cases and key materials that students need to gain a thorough understanding of this complex topic. Key case extracts provide the legal context, facts, and background; extracts from materials provide differing ethical perspectives and outline current debates; and the author's insightful commentary ensures that readers understand the facts of the cases and can navigate the ethical landscape to form their own understanding of medical law. Online resource centre Online updates to the law are provided alongside a searchable glossary of medical and legal terms.

Tort Law: A Modern Perspective is an advanced yet accessible introduction to tort law for lawyers, law students, and others.

Reflecting the way tort law is taught today, it explains the cases and legal doctrines commonly found in casebooks using modern ideas about public policy, economics, and philosophy. With an emphasis on policy rationales, Tort Law encourages readers to think critically about the justifications for legal doctrines. Although the topic of torts is specific, the conceptual approach should pay dividends to those who are interested broadly in regulatory policy and the role of law. Incorporating three decades of advancements in tort scholarship, Tort Law is the textbook for modern torts classrooms.

This book provides a full and clear exposition of the fundamentals of intellectual property law in the UK. It combines excerpts from cases and a broad range of secondary works with insightful commentary from the authors which will situate the law within a wider international context.

The Fourth Edition of this unique casebook has been dramatically revised. This new edition presents the important cases, statutes, empirical data, and competing tort theories in a problems-oriented format that is designed to help students acquire a sophisticated understanding of tort law through active learning. As before, the text includes a large number of problems. Now, however, the Problems, updated and considerably expanded, are organized in Sets at the end of each substantive chapter. This extensively re-written and reorganized edition includes the classic common law torts cases, but is updated throughout with teachable, cutting-edge decisions that will demand student interest and hold their attention. Particular care has been taken to account of the most recent commentaries on tort law, such as the growing importance of the Restatement (Third) of Torts. Chapter One is unique among American torts casebooks in its examination of how the dominant twenty-first century tort theories influence judicial decisionmaking and scholarship. That chapter explains six key perspectives on tort law: • Law and Economics; • Corrective Justice; • Critical Race Theory; • Critical Feminism; • Pragmatism; and • Social Justice Chapter One references the famous McDonald's hot coffee litigation as a case study to illustrate these perspectives in action. Subsequent chapters continue to work through that case study and continually reference the perspectives to explain or challenge the decided cases. The authors seek to provide students with innovative cases and problems, empowering them with practical skills. By exposing students to the most important contemporary tort law theories, the Fourth Edition of this casebook encourages students to go beyond passively memorizing case holdings and the voyeuristic experience of reading appellate opinions and truly gain perspectives on tort law. This eBook features links to Lexis Advance for further legal research options.

Includes bibliographical references index.

This text is designed to give law students in the Caribbean a basic text on torts, accompanied by extracts from West Indian cases and the most important statutory provisions. Emphasis is placed on those topics most commonly litigated in the West Indies - negligence, nuisance, defamation, trespass to the person, employers' liability and passing off. Although primarily conceived as a text for students reading for the LLB degree in the West Indies, practitioners should find the book useful in the way in which it brings to light many hitherto unreported judgements.
