

Component Maintenance Manual With Instruction Manual

This manual is designed to provide information on performing intermediate direct support maintenance on the M12A1 decontaminating apparatus. The manual includes a chapter overview, an introduction to maintenance of these units and maintenance instructions for M12A1 units that have been modified according to Modification Work Order 3-4230-209-50-1.

Written in the context of the post-9/11 legal climate, this text introduces all the major areas of aviation, covering such topics as the international air law regime, crimes involving aircraft, international air carriage, litigation management, and governmental immunity from liability.
