"The message in Creating Readers with Poetry is simple and strong: Poetry helps children learn to read! In this innovative resource, Nile Stanley offers you teaching techniques that transform reading from a two-dimensional world of boredom and frustration into a three-dimensional world of voice, movement, and artistic expression. He shows you how poetry supports the teaching of reading and allows students to relax and blossom. His mini-lessons and engaging activity poems provide standards-based reading instruction that also build community, confidence, and enthusiasm. He includes a CD of sung and spoken poetry performed by noted children's poets and students to use as instructional models."

This book puts forward an authenticity-centred approach to the design of materials for language learning. The premise of the approach is that language learning should be based on authentic materials drawn from a variety of genres found in the target

language culture, and that the learning tasks involving these materials should be correspondingly authentic, by entailing interactions that are consistent with the original communicative purpose of the authentic text. It provides both a theoretical grounding to the authenticity-centred approach, and demonstrates its practical application in a teaching task reference section. In outline, the book:

- Refines a definition of authenticity in the context of language pedagogy.
- Traces the historical background to authenticity in language learning back over one millennium.
- Grounds the use of authentic materials in language learning in L2 acquisition research.
- Gives a critical analysis of the authenticity of contemporary language study course-books.
- Discusses the use of seven authentic genres for language learning; broadcasting, newspapers, advertisements, music and song, film, literature and ICT (information and communications technology).
- Offers a set of practical principles for the design of authentic learning tasks.
- Includes a reference section providing step-by-step instruction for the design and classroom procedure of learning tasks for materials taken from each of the seven genres.

"Anyone who has been through school in the past half-century has experienced poetry in the form of the multiple-choice reading comprehension test. Tyler Perry's latest collection engages in dialogic, deconstructive play with this familiar format, using his own invented form to explore themes of fear, family, poetry analysis, and the educational experience. These poems involve us in playful readings of text that bring the cult of assessment and reductive poetry analysis into question while deepening our engagement with language, imagery, meaning, and form."--

Poetry Comprehension, Grades 6 - 8 Mark Twain Media

A poem can explain the inexplicable and express the unexpressed. This is how reading poetry enhances understanding and writing poetry helps students say things that they could not say in any other way. And it's why David Hanauer believes that poetry deserves to play a central role in classroom literacy programs. In *Poetry and the Meaning of Life*, David explains how teachers can use poems to help students understand and express important thoughts, feelings, and experiences. He does this by discussing theories of reading and writing and relating these to vignettes that demonstrate how real teachers in real classrooms have used poetry to put these theories into practice -- with emergent and beginning readers, with mature readers, and with English language learners. The book concludes with a clarion call to teachers to use the transformative power of poetry to encourage their students to search out the meaning in their own lives.

"On January 20, 2021, Amanda Gorman became the sixth and youngest poet, at age twenty-two, to deliver a poetry reading at a presidential inauguration. Her inaugural poem, 'The Hill We Climb,' is now available to cherish in this special edition"

Intended for use with the JAWS series or any other readers, this book provides many activities showing ways in which supplementary readers can be used, from predicting what will happen next and role-plays, to writing a book review and designing a book cover. A cross-curricular approach to teaching is encouraged, encompassing subjects such as environment/conservation, art, current events, and maths and technology. The book is aimed at both new and experienced teachers.

A "brilliant, innovative, beautiful" (The Guardian) book from the acclaimed author of Chilean Poet "Dazzling . . . a work of parody, but also of poetry." —The New York Times Book Review NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR, THE GUARDIAN, AND THE IRISH TIMES "Latin America's new literary star" (The New Yorker), Alejandro Zambra is celebrated around the world for his strikingly original, slyly funny, daringly unconventional fiction. Now, at the height of his powers, Zambra returns with his most audaciously brilliant book yet. Written in the form of a standardized test, *Multiple Choice* invites the reader to respond to virtuoso language exercises and short narrative passages through multiple-choice questions that are thought-provoking, usually unanswerable, and often absurd. It offers a new kind of reading experience, one in which the reader participates directly in the creation of meaning, and the nature of storytelling itself is called into question. At once funny, poignant, and political, *Multiple Choice* is about love and family, authoritarianism and its legacies, and the conviction that, rather than learning to think for ourselves, we are trained to obey and repeat. Serious in its literary ambition and playful in its execution, it confirms Alejandro Zambra as one of the most important writers working in any language. NAMED A BEST BOOK OF THE SUMMER BY THE WALL STREET JOURNAL, ELLE, THE HUFFINGTON POST, THE MILLIONS, VOX, LIT HUB, THE BBC, THE GUARDIAN AND PUREWOW
