These are the first three stories of the Tollins. Yes, they do have wings, but no, they aren't fairies. Tollins are a lot less fragile than fairies. In fact, the word fragile can't really be used to describe them at all. They are about as fragile as a house brick. In "How to Blow Up Tollins" a fireworks factory comes to the village of Chorleywood and the Tollins find themselves being used as industrial supplies. Being blasted into the night sky or spun round on a Catherine wheel is nowhere near as much fun as it sounds. It's up to one young Tollin to save his people from becoming an ingredient. In "Sparkler and the Purple Death" our hero looks execution in the face. Luckily, the executioner's mask in backwards. Finally, in "Windbags and Dark Tollins" Tollin society faces a threat from the Dorset countryside, which, again, is much more frightening and nail-bitingly dramatic than it actually sounds.

For lovers of thrilling adventure and grand history, the bestselling co-author of the #1 New York Times bestseller *The Dangerous Book for Boys* has written a magnificent novel with a hero for the ages: the legendary, visionary conqueror Kublai Khan. A succession of ruthless men have seized power in the wake of Genghis Khan's death—all descendants of the great leader, but none with his indomitable character. One grandson, Guyuk, strains the loyalties of the tribes to the breaking point, and another, Mongke, brutally eliminates the opposition and dispatches his younger brothers Kublai and Hulegu to far-flung territories. Hulegu displays his barbarity with the savage destruction of Baghdad and his clash with the Khan's age-old enemies, the cult of assassins. But it is Kublai—refined and scholarly, always considered too thoughtful to take power—who will devise new ways of warfare and conquest as he builds the dream city of Xanadu and pursues the ultimate prize: the ancient empire of Sung China. His gifts will serve him well when an epic civil war breaks out among brothers, the outcome of which will literally change the world. **BONUS:** This edition includes an excerpt from Conn Iggulden's *The Blood of Gods*. King Henry V - the great Lion of England - is long dead. In 1437 his gentle son comes of age and takes the throne. Frail in body and mind, King Henry VI is dependent on his supporters to run his kingdom. Richard, Duke of York, however, believes that without a strong king England will fall.

In the Ancient World, one army was feared above all others. 401 BC. The Persian king Artaxerxes rules an empire stretching from the Aegean to northern India. As many as fifty million people are his subjects. His rule is absolute. But the sons of Sparta are eager to play the game of thrones . . . Battles can be won - or lost - with a single blow. Princes fall. And when the dust of civil war settles, the Spartans are left stranded in the heart of an enemy's empire, without support, without food and without water. Far from home, surrounded by foes, it falls to the young soldier Xenophon to lead the survivors against Artaxerxes' legendary Persian warriors.

Julius Caesar has been assassinated. A nation is in mourning. Revenge will be bloody. The gathering of the tribes of the Mongols has been a long time in coming but finally, triumphantly, Temujin of the Wolves, Genghis Khan, is given the full accolade of the overall leader and their oaths. Now he can begin to meld all the previously warring people into one army, one nation. But the task Genghis has set himself and them is formidable. He is determined to travel to the land of the long-time enemy, the Chin and attack them there. The distances and terrain—the wide deserts, the impenetrable mountains—make it a difficult venture even for the legendary Mongolian speed of movement, but the greatest problem is that of the complex fortifications, a way of fighting wars of a settled urban population which the nomadic Mongolians had never come across. Finding ways to tackle that and keeping his tribes together in a strange environment presents another new and exciting challenge for Genghis Khan. Not only must Genghis succeed in this incredible campaign, but he must also reconcile the restless factions among his own generals, mediate between his ambitious brothers and cope with his own reactions to his growing sons. The young warrior has become a notable and victorious military commander of thousands: he must now learn to become a great leader of peoples of many different races and religions. **LORDS OF THE BOW** is a deeply satisfying novel. It is epic in scope, convincing, and fascinating in the narration of an extraordinary story. Above all Genghis Khan continues to dominate the scene as he matures from the young boy of Wolf of the Plains to the great Conqueror.

This eBook edition features exclusive bonus content, Conn Iggulden's original short story "Fig Tree." One of history's most notorious assassinations sets the stage for a riveting tale of political intrigue, epic battle, and righteous retribution in a new novel of ancient Rome from #1 New York Times bestselling author Conn Iggulden. **THE BLOOD OF GODS** Julius Caesar has been cut down. His blood stains the hands of a cabal of bold conspirators, led by famed general Marcus Brutus—whom Caesar once called a friend. Have these self-proclaimed liberators bravely slain a power-mad tyrant or brutally murdered the beloved Father of Rome? Hailed as heroes by a complicit Senate and granted amnesty, the killers eagerly turn toward plotting the empire's future under their control. But Caesar's death does not rest easily with all of Rome. For two men whose bonds of friendship, family, and fidelity to the emperor are unbreakable, the shocking assassination is nothing less than treason. And those responsible must pay with their lives. Through countless battles and years of peace, Marc Antony has wielded a sword and raised a cup at Caesar's side. Now, in the wake of the cold-blooded coup, he is powerless against the political might of Brutus and his treacherous senators. Yet with no weapons other than eloquence and outrage, Antony will turn the tide of public opinion and spark a rebellion that will set the streets of Rome ablaze. At the same time, Gaius Octavian, adopted son and chosen heir of Caesar, has gained wealth and influence beyond imagining. But the soul-deep wound of his father's death will never be healed by gold or power. He will rest only with the blood of the killers on his blade. Drawn together by their common cause, Antony and Octavian marshal their forces into an avenging army on a mission to reunite all that Caesar's fall has torn asunder. Even as his cohorts flee for their lives—or fall prey to vigilantes—a defiant Brutus vows never to relinquish what his ruthless ambition has won him. As opposing legions join in mortal combat, the destiny of Rome will turn on which of their commanders is the mightiest and most cunning. Words like 'brilliant,' 'sumptuous' and 'enchanted' jostle to be used, but scarcely convey the way Iggulden brings the schoolbook tale to life, or the compelling depictions of battle, treachery and everyday detail in a precarious world well lost but vividly re-created."—Los Angeles Times "What Robert Graves did for Claudius, Conn Iggulden now does for the most famous Roman emperor of them all—Julius

Caesar.”—William Bernhardt, author of *Criminal Intent* “[Iggulden] excels at describing battle scenes both small-scale and epic.”—The Seattle Times “Utterly marvelous . . . Rarely, if ever, does a new writer dazzle us with such a vivid imagination and storytelling, flawlessly capturing the essence of a land, a people, a legend. Conn Iggulden is just such a writer, bringing to vivid life one of the most fascinating eras in human history. In a true masterpiece of historical fiction, Iggulden takes us on a breathtaking journey through ancient Rome, sweeping us into a realm of tyrants and slaves, of dark intrigues and seething passions. What emerges is both a grand romantic tale of coming-of-age in the Roman Empire and a vibrant portrait of the early years of a man who would become the most powerful ruler on earth: Julius Caesar. On the lush Italian peninsula, a new empire is taking shape. At its heart is the city of Rome, a place of glory and decadence, beauty and bloodshed. Against this vivid backdrop, two boys are growing to manhood, dreaming of battles, fame, and glory in service of the mightiest empire the world has ever known. One is the son of a senator, a boy of privilege and ambition to whom much has been given and from whom much is expected. The other is a bastard child, a boy of strength and cunning, whose love for his adoptive family—and his adoptive brother—will be the most powerful force in his life. As young Gaius and Marcus are trained in the art of combat—under the tutelage of one of Rome's most fearsome gladiators—Rome itself is being rocked by the art of treachery and ambition, caught in a tug-of-war as two rival generals, Marius and Sulla, push the empire toward civil war. For Marcus, a bloody campaign in Greece will become a young soldier's proving ground. For Gaius, the equally deadly infighting of the Roman Senate will be the battlefield where he hones his courage and skill. And for both, the love of an extraordinary slave girl will be an honor each will covet but only one will win. The two friends are forced to walk different paths, and by the time they meet again everything will have changed. Both will have known love, loss, and violence. And the land where they were once innocent will be thrust into the grip of bitter conflict—a conflict that will set Roman against Roman...and put their friendship to the ultimate test. Brilliantly
