

## Constitution Of Copper Red Glazes Journal Of The American

Includes section "New Books"

With a list of titles of theses accepted for the engineer's degree and the master's degree.

The twenty-five papers in this volume cover diverse aspects of the material culture of the late Roman, Byzantine and Medieval periods, with particular emphasis on the metalwork and enamel of these times. Individual papers include major reinterpretations of objects in the British Museum's Byzantine collections as well as essays devoted to the Museum's recent acquisitions in this field. The volume celebrates the retirement of David Buckton, for over twenty years the curator of the British Museum's Early Christian and Byzantine collections and the National Icon Collection.

Devoted to the cause of the advancement of glass, ceramics and allied sciences and industries.
