

Construction Sites Usborne Lift And Look Board Books

Take a trip around the world in this fascinating book. Find out what the Earth is made of, who lives in steamy rainforests, how rivers flow into the sea, and much more.

Many children are fascinated by animals and this engaging flap book will answer lots of their questions. It features entertaining and informative illustrations and over 50 flaps to lift and look beneath.

This entertaining introduction to shapes and geometry has over 125 flaps to lift. It's jam-packed with information about flat and solid shapes, angles, patterns and more, along with fun puzzles and challenges to practise key ideas. Lively illustrations make abstract ideas and concepts easy to grasp. Part of Usborne's successful Lift-the-flap Maths series, which also includes: Lift-the-flap Times Tables, Lift-the-flap Addition and Subtraction, Lift-the-flap Multiplying and Dividing, Lift-the-flap Fractions and Decimals and Lift-the-flap Measuring Things. Written in consultation with a primary maths expert and ideal for ages 5-7, this supports school learning (UK Key Stage 1).

Young children need plenty of practice in pen control - an essential skill they must learn before starting to form letters and numbers. This fun activity book is full of building-site-themed activities, encouraging children to join the dots, spot differences, solve mazes and trace the dotted lines with the special pen provided, then wipe clean and repeat. Part of the hugely successful Usborne Wipe-clean series, offering little children fun ways in which to practise their pen control as they get ready for writing. Also in the series: Farm Activities, Holiday Activities, Pirate Activities, Castle Activities, Christmas Activities, Dinosaur Activities, Garden Activities, Space Activities, Travel Activities and Under the Sea Activities. Comes with a special wipe-clean pen which is very satisfying to write with, and easy to wipe off the shiny pages.

This smart lift-the-flap book takes a good look inside a building site, how it works and operates, what trucks and diggers are used for. See the same building site as construction unfolds and learn about how a building (house or otherwise) is put together.

"Town to town and here and there, busy trucks are everywhere." From farms to cities, buses to fire trucks, there's a lot to do, until finally, "Moon and stars are shining bright. Busy trucks will say good night."

This visually exciting lift-the-flap book charts the rise of an urban skyscraper, covering every stage of its construction - from safely demolishing its predecessor to hanging glass walls forty storeys up. With over 70 flaps to lift, revealing modern construction methods and showing how different tools and vehicles are used. Informative, fun and accessible lift-the-flap book which is a fantastic source of information for children interested in construction. An extra-large format and double gate-fold help convey the dramatic scale of modern building projects. Part of a collectable series full of science and engineering marvels, including Engineering, and the Periodic Table.

Told in rhyming text, the trucks decorate their construction site for Christmas.

This scribble-in activity book is packed full of inventions to design or discover, from real historical breakthroughs to crazy contraptions to get you out of bed in the morning. The process of inventing is explained in detail, from initial ideas through to developing prototypes and applying for patents. Supports STEM learning, and part of the STEM series of Scribble books. Combines real science and engineering skills with creativity and imagination. Includes links to templates to download for the projects in the book.

What do dinosaurs eat for lunch and what do they see every day? Lift the flaps to blast into a prehistoric adventure and find out the answer to these questions and more! Enjoy introducing your little ones to the majesty of dinosaurs with this beautiful board book, packed full of exciting discoveries.

"Peek & explore! 12 chunky flaps!"--Cover.

Lift the flaps to explore all sorts of busy building sites, from a house to a bridge to a soaring skyscraper. Find out how construction machines help buildings go up - and how they knock them down.

Once you start poppin', there's just no stoppin'! Raised buttons pop in on every page of these fun, tactile books so kids can press them as they read along, and learn to count. In this newest addition, kids can pop the buttons as they sing the alphabet and search for all the different eye-spy elements of this hunt-and-find animal alphabet adventure! This adaptation of the popular rhyme, "A My Name is Alice," teaches the alphabet in a whole new way!

Synopsis coming soon.....
