**A New China** Chih-p'ing Chou,Joanne Chiang,Janina Eagar,2011-08-22 Originally published in 1999, A New China has become a standard textbook for intermediate Chinese language learning. This completely revised edition reflects China's dramatic developments in the last decade and consolidates the previous two-volume set into one volume for easy student use. Written from the perspective of a foreign student who has just arrived in China, the textbook provides the most up-to-date lessons and learning materials about the changing face of China. The first half of the book follows the life of an exchange student experiencing Beijing for the first time. Chinese language students are guided step-by-step through the stages of arriving at the airport, going through customs, and adjusting to Chinese university dormitories. The revised edition includes new lessons on daily life, such as doing laundry and getting a haircut, as well as visiting the zoo, night markets, and the Great Wall. Later lessons discuss recent social and political issues in China, including divorce, Beijing traffic, and the college entrance examination. A New China provides detailed grammar explanations, extensive vocabulary lists, and homework exercises. Single-volume, user-friendly format New lessons and vocabulary reflecting daily living in China Includes China's recent social and political issues Detailed grammar explanations, vocabulary lists, and homework exercises Uses both traditional and simplified characters

*Contemporary Chinese Politics* Allen Carlson, Mary E. Gallagher, Kenneth Lieberthal, Melanie Manion, 2010-07-29  
Contemporary Chinese Politics: Sources, Methods, and Field Strategies considers how new and diverse sources and methods are changing the study of Chinese politics. Contributors spanning three generations in China studies place their distinct qualitative and quantitative methodological approaches in the framework of the discipline and point to challenges or opportunities (or both) of adapting new sources and methods to the study of contemporary China. How can we more effectively use new sources and methods of data collection? How can we better integrate the study of Chinese politics into the discipline of political science, to the betterment of both? This comprehensive methodological survey will be of immense interest to graduate students heading into the field for the first time and experienced scholars looking to keep abreast of the state of the art in the study of Chinese politics.

**Readings in Classical Chinese Poetry and Prose** Naiying Yuan, Hai-tao Tang, James Geiss, 2018-06-05 This supplemental volume continues the rigorous standard set forth in the main, three-volume *Classical Chinese: A Basic Reader* while reinforcing its linguistic lessons from carefully chosen representative works. Comprised of three parts--Poetry, Lyrics, and Prose--it presents texts, chronologically, that represent the artistic embodiment of China's Confucian and Taoist thought. Two introductions separately describe the structural and formal features of regulated verse and parallel prose; each genre is unique to Chinese literature yet both share common characteristics tempered by the Chinese language. The main text and its four supplementary volumes together represent the most comprehensive and authoritative textbook on the language, literature, philosophy, history, and religion of premodern China. Field-tested and fine-tuned for years in classroom settings by three members of the Chinese Linguistics Project at Princeton University, it is the definitive new resource for students and instructors of classical Chinese language or culture.

**A History of Contemporary Chinese Literature** Zicheng Hong, 2007 A thorough overview and analysis of the literary scene in China during the 1949-1999 period, focusing primarily on fiction, poetry, drama, and prose writing--Provided by publisher.

**Recite and Refuse** Nick Admussen, 2016-10-31 Chinese prose poetry today is engaged with a series of questions that are fundamental to the modern Chinese language: What is prose? What is it good for? How should it look and sound? Millions of Chinese readers encounter prose poetry every year, both in the most official of state-sponsored magazines and in the unorthodox, experimental work of the avant-garde. *Recite and Refuse* makes the answers to our questions about prose legible by translating, surveying, and interpreting prose poems, and by studying the people, politics, and contexts that surround the

writing of prose poetry. Author Nick Admussen argues that unlike most genres, Chinese prose poems lack a distinct size or shape. Their similarity to other prose is the result of a distinct process in which a prose form is recited with some kind of meaningful difference—an imitation that refuses to fully resemble its source. This makes prose poetry a protean, ever-changing group of works, channeling the language of science, journalism, Communist Party politics, advertisements, and much more. The poems look vastly different as products, but are made with a similar process. Focusing on the composition process allows Admussen to rewrite the standard history of prose poetry, finding its origins not in 1918 but in the obedient socialist prose poetry of the 1950s. *Recite and Refuse* places the work of state-sponsored writers in mutual relationship to prose poems by unorthodox and avant-garde poets, from cadre writers like Ke Lan and Guo Feng to the border-crossing intellectual and poet Liu Zaifu to experimental artists such as Ouyang Jianghe and Xi Chuan. The volume features never-before seen English translations that range from the representative to the exceptional, culminating with Ouyang Jianghe's masterpiece "Hanging Coffin." Reading across the spectrum enables us to see the way that artists interact with each other, how they compete and cooperate, and how their interactions, as well as their creations, continuously reinvent both poetry and prose.

*Chung-kuo A, Chung-kuo!* Chih-p'ing Chou, Zhiping Zhou, Perry Link, Xuedong Wang, 2011-11-06 Parallel title with statements of responsibility in Chinese characters.

*The Search for Modern China* Jonathan D. Spence, 1990 This work chronicles the history of China for over four hundred years through the spring of 1989.

**Contemporary China** Tamara Jacka, Andrew B. Kipnis, Sally Sargeson, 2013-09-30 China's rapid economic growth, modernization and globalization have led to astounding social changes. Contemporary China provides a fascinating portrayal of society and social change in the contemporary People's Republic of China. This book introduces readers to key sociological perspectives, themes and debates about Chinese society. It explores topics such as family life, citizenship, gender, ethnicity, labour, religion, education, class and rural/urban inequalities. It considers China's imperial past, the social and institutional legacies of the Maoist era, and the momentous forces shaping it in the present. It also emphasises diversity and multiplicity, encouraging readers to consider new perspectives and rethink Western stereotypes about China and its people. Real-life case studies illustrate the key features of social relations and change in China. Definitions of key terms, discussion questions and lists of further reading help consolidate learning. Including full-colour maps and photographs, this book offers remarkable insight into Chinese society and social change.

**Chinese Short Stories For Beginners** Lingo Mastery, 2020-01-22 Chinese Short Stories For Beginners is an excellent resource for Chinese (Mandarin) learners in the HSK1 to HSK 3 range. The book provides the student with 20 short stories in

intended to provide a foundation in the grammar of classical Chinese.

□□□□□□□□□□□□ Aili Mu, Mike Smith, 2017 This book presents Chinese short-short stories in English and Chinese, integrating language learning with cultural studies for intermediate to advanced learners of Mandarin Chinese and students of contemporary Chinese literature. Each chapter begins with a critical introduction, followed by two or more stories in parallel Chinese and English texts; each story is followed by a vocabulary list, discussion questions, and a biography of the author. The chapters are organized around central concepts in Chinese culture such as li (ritual), ren (benevolence), mianzi (face/prestige), being filial, and the dynamics of yin and yang, as well as the themes of governance, identity, love, marriage, and change. The stories selected are short-shorts by important contemporary writers ranging from the most literary to everyday voices. Specifically designed for use in upper-level Chinese language courses, *Contemporary Chinese Short-Short Stories: A Parallel Text* offers students a window onto China today and pathways to its traditions and past as they gain language competence and critical cultural skills.

**Chinese Rhetoric and Writing** Andy Kirkpatrick, Zhichang Xu, 2012-03-07 Andy Kirkpatrick and Zhichang Xu offer a response to the argument that Chinese students' academic writing in English is influenced by "culturally nuanced rhetorical baggage that is uniquely Chinese and hard to eradicate." Noting that this argument draws from "an essentially monolingual and Anglo-centric view of writing," they point out that the rapid growth in the use of English worldwide calls for "a radical reassessment of what English is in today's world." The result is a book that provides teachers of writing, and in particular those involved in the teaching of English academic writing to Chinese students, an introduction to key stages in the development of Chinese rhetoric, a wide-ranging field with a history of several thousand years. Understanding this important rhetorical tradition provides a strong foundation for assessing and responding to the writing of this growing group of students.
