

Corporate Accounting By Sm Shukla Online Free

Accounting for different types of corporations comes under the sphere of Corporate Accounting. This book primarily deals with the preparation and presentation of accounts strictly in accordance with the provisions of Indian Company Law. It is written as per the revised syllabus of B.Com. courses of Indian Universities, particularly of Delhi University. This book is divided into 11 chapters. Each chapter contains sufficient number of solved illustrations along with the latest examination papers of Delhi University and other professional institutes. This book provides a comprehensive coverage of the subject in a lucid style making it easy for the students to grasp the subject.

Useful for UG and PG students

Financial Accounting provides a comprehensive coverage of course requirements for students studying to appear in the Financial Accounting paper of B.Com examinations under different Indian universities, including those that have adopted the CBCS system. It also meets the requirements of students appearing in the accounting paper at the Foundation Examinations of Institute of Chartered Accountants of India, the Institute of Company Secretaries of India and the Institute of Cost Accountants of India.

Decision-making is a pivotal function of any manager. A knowledge of Accounting, insofar as it affects decision-making, is very important for a manager. And very often, students find Accounting as one of the 'tough' subjects to handle. This book strives to make Accounting intelligible and easily comprehensible to students. The text gives a comprehensive coverage of the three branches of Accounting – Financial Accounting, Management Accounting, and Cost Accounting. It focuses on the various methods and techniques followed in the Management Reporting System. The text deals, in detail, with various accounting transaction procedures, methods of costing, ratio analysis, budgeting, forecasting, accounting errors, funds flow and cash flow statements, trial balance and balance sheet, and so on. It equips the students with the knowledge in the preparation, analysis, evaluation, and interpretation of financial statements, which will enrich their managerial competence and decision-making skills. **KEY FEATURES** ? Emphasises the various accounting and decision-making techniques. ? Provides a number of problems and their solutions, besides giving notes, working notes, and exercises, to help the students understand the concepts better. This book is intended as a text for the postgraduate students of Management (MBA/MIB), financial courses (MFC), and undergraduate and postgraduate students of Commerce and those pursuing MCA. In addition, the book will be very useful to practising managers who wish to develop effective and result-oriented decision-making skills.

The use of mathematical techniques has been gaining popularity in social and biological sciences as well as in the field of commerce and management for the last two decades. This book is intended as a textbook keeping in view the needs of the undergraduate students of commerce and economics.

Description: Intended primarily as a text for the undergraduate students of commerce, this book gives a comprehensive and indepth analysis of the concepts and principles underlying financial accounting. It also introduces the student to the tools and techniques essential for tackling real-life problems. The text discusses in detail final accounts, branch accounting, hire-purchase and instalment sales, partnership accounts, stock valuations, as well as other company accounts. The book would be of considerable help to the readers in preparing financial statements and would equip them with the necessary knowledge in understanding the financial performance and the financial position of an organization and communicate these to its stakeholders. Besides students of commerce, those appearing for various professional examinations such as CA and ICWA foundation courses should find this student-friendly and accessible book extremely useful.

This book has been written specifically for the students of BCom (Hons) of the University of Delhi in accordance with its prescribed syllabus and that of School of Open Learning. Its basic features are the same as the mother book Cost Accounting—Principles and Practice, which is a UGC recommended text for the last many years. Thus, it gives a thorough grounding in cost concepts, cost behaviour, and costing methods. The subject matter has been organized on 'first things first' basis to sustain the interest of the students. Every discussion involving conceptual difficulties is immediately followed by a numerical example.

The new edition of Corporate Accounting continues to provide a complete learning resource of the latest company accounting principles and practice. Written in teach-yourself style, the book offers panoptic coverage of the process of preparation of accounts and its presentation in conformity with the accounting standards and norms. It is enriched with illustrative examples and solved problems which makes it an indispensable text for the undergraduate students of commerce and management. Making it easier than ever, the book provides practical grounding of corporate accounting principles. The book has been revised as per Schedule III to The Companies Act, 2013.

The book provides a comprehensive coverage of the course-content requirements of the students appearing in the paper 'Management Accounting' at the MBA and MCom Examinations of different Indian Universities and those of professional institutions. The book has been divided into Five Convenient Sections. Each Section covers a different aspect of 'Management Accounting' with the subject divided into chapters covering different topics in a systematic and concise manner. The unique features of this book lie in its simple and systematic presentation of theory, which would enable the students to solve practical problems with ease. The other main strengths of this book are: plentiful illustrative examples and end-of-the-chapter exercises with answers. New in this Edition • Updated position regarding IFRSs and steps for their convergence in India • Two new chapters, namely: 'Human Resource Accounting' and 'Innovative Concepts' in Section II of the book • Section V, relating to Case Problems, to make the study of the subject more interesting and a real value addition to the knowledge of the reader

The pressure of an ever-increasing population and periodic famine due to unexpected flood and drought has forced and awakened the horticultural scientist, to evolve new plant types for diversified use. Besides, some limitations in the improvement of fruit crop such as long juvenile phase, high heterozygosity, limited information on inheritance pattern, excessive fruit drop, parthenocarpy and lesser number of seeds per fruit, hybridization, selection, mutation and other tools of fruit breeding have resulted in the development of a number of varieties in mango, grape, papaya, banana and guava for various purposes. The present 2nd fully revised and enlarged edition of the much awaited book "Fruit Breeding Approaches and Achievements" is ventured with the objective to provide latest possible information on basic approaches in fruit breeding, breeding for biotic stresses resistance, use of plant growth regulators in fruit improvement, improvement of important fruit crops such as mango, banana, papaya, grape, guava, citrus, ber, aonla, pomegranate, date palm, litchi, coconut, cashewnut, pineapple, temperate and underutilized fruits in a broad spectrum.

Security Management is a subject that has undergone tremendous change and modification. The author has put forth his ideas and views on what Security Management is all about in his book –Security management. The book will be of immense value to those who are dealing with the business of Security Management. Such books laced with rich experience in the field are rare, and Wing Commander Shukla's book should be up for grabs. P G Andhare, Former Managing Partner, Ex-Servicemen's Multipurpose Services (P) Limited, Nagpur

The salient features of the present edition are: All the Problems and Solutions have been thoroughly revised in the light of up-to-date amendments in Income tax Law and Rules for Assessment Year 2020-21. Almost all numerical questions given at the end of the chapters of the authors' other publications on Income-tax (viz., Income-tax Law and Accounts, Aaykar Vidhan evam Lekhe, Law and Practice of Income-tax) have been solved in this book and the number printed within brackets at the end of the questions in other publications is the problem number of this book. The selection and sequence of the questions are well planned and systematic so as to cover all ticklish points within a reasonable number of questions. Wherever needed, detailed explanatory notes have been given at the end of solutions. Candidates preparing for C.A., Company Secretaries, Cost and Works Accountants, and Income-tax Departmental Examinations, will, particularly, find the book very useful. It will also be useful for candidates preparing for B.Com. and M.Com. Examinations of various Indian Universities. Corporate Accounting has been especially written to meet the requirements of B.Com. students as per the Choice Based Credit System (CBCS) curriculum of University of Delhi. It comprehensively presents the fundamental concepts of corporate accounting in an informative and systematic manner.

Distributed and peer-to-peer (P2P) applications are increasing daily, and cyberattacks are constantly adopting new mechanisms to threaten the security and privacy of users in these Internet of Things (IoT) environments. Blockchain, a decentralized cryptographic-based technology, is a promising element for IoT security in manufacturing, finance, healthcare, supply chain, identity management, e-governance, defence, education, banking, and trading. Blockchain has the potential to secure IoT through repetition, changeless capacity, and encryption.

Blockchain for Information Security and Privacy provides essential knowledge of blockchain usage in the mainstream areas of security, trust, and privacy in decentralized domains. This book is a source of technical information regarding blockchain-oriented software and applications. It provides tools to researchers and developers in both computing and software engineering to develop solutions and automated systems that can promote security, trust, and privacy in cyberspace. FEATURES Applying blockchain-based secured data management in confidential cyberdefense applications Securing online voting systems using blockchain Safeguarding electronic healthcare record (EHR) management using blockchain Impacting security and privacy in digital identity management Using blockchain-based security and privacy for smart contracts By providing an overview of blockchain technology application domains in IoT (e.g., vehicle web, power web, cloud internet, and edge computing), this book features side-by-side comparisons of modern methods toward secure and privacy-preserving blockchain

technology. It also examines safety objectives, efficiency, limitations, computational complexity, and communication overhead of various applications using blockchain. This book also addresses the combination of blockchain and industrial IoT. It explores novel various-levels of information sharing systems.

The Present Book Is An Attempt To Unfold The Complexities Of The Subject Matter In A Simple And Lucid Manner To Provide Conceptual Clarity. The Book Is Meant For B.Com. (H) Students Of Indian Universities And For The Students Appearing For Ca, Icw, Ics Examinations. Each Topic Is Self-Contained And Provides Theoretical Exposition Followed By Illustrations Which Will Help The Students To Master The Numerical Application Of Corporate Accounting Procedures. The Book Seeks To Replace Memorisation With In-Depth Understanding And Application. The Distinguishing Feature Of The Book Is To Provide Multidimensional Illustrations For Each Topic To Enhance The Question Solving Power Of The Students With Ease And Confidence. Besides Students, This Unique Presentation On Corporate Accounting Is An Indispensable Reference Source For All Teachers, Accountants, Corporate Houses And General Readers.

About the G.S.T (Goods and Services Tax) & Customs Duty Book: The law stated in this book is as amended up to June 2020. Most authentic, up-to-date and comprehensive textbook on GST and Customs Duty. The book covers all topics of the syllabi of various universities for undergraduate and postgraduate courses. In the present revised edition almost all the chapters have been thoroughly revised and updated and a chapter on Payment and Refund of Tax (with TDS and TCS) has been completely rewritten. At the end of each chapter large number of MCQ and Short Questions (Over 300 in number) with Ans. have been given which enable students to learn faster. This unique feature will serve as the backbone in understanding the whole chapter. Law relating to GST and Customs Duty has been discussed thoroughly in easy language and in a lucid style. The questions asked in recent university examinations have been incorporated in the book. Every chapter contains a complete explanation of the topic with suitable examples and, where necessary, followed by graded solved illustrations and questions for practice with Ans.

The Third Edition of this text, which is a thoroughly revised and enlarged version of Prof. V.K. Goyal's book, Corporate Accounting, Second Edition, gives a clear analysis of the fundamental concepts of corporate accounting. Accounting for various types of companies comes under the sphere of corporate accounting. This book primarily deals with the preparation and presentation of accounts strictly in accordance with the provisions of the Indian Company Law. Organized into 11 chapters, this book, at the outset, presents provisions of the Indian Companies Act, 1956, SEBI's guidelines, and different types of shares and modes for issue of shares. Then it goes on to give a detailed discussion on the conditions for redemption of preference shares with their sources and conversion of preference shares into equity shares. Besides, this text covers, in detail, topics such as different modes of issue and redemption of debentures, internal and external construction of companies, preparation of cash flow statement and its classification as well as the distinction between cash flow statement and fund flow statement. Finally, the book elaborates on several methods of analysis of financial statements and advantages and limitations of ratio analysis. This well-organized and student-friendly book is intended as a text for undergraduate students of commerce (B.Com. Programme/B.Com. Pass) in universities across India. In addition, it would be useful for professional courses such as CA, ICWA and CS. Key Features Covers concepts and principles of corporate accounting in a comprehensive manner. Includes 300 worked-out examples to illustrate the concepts discussed. Provides 250 unsolved problems in a graded manner for the benefit of students.

Indian Political Thought: Themes and Thinkers covers all major Indian political thinkers from the ancient, through medieval to the modern times. Thus, this book provides an overview of the evolution of the Indian political thought through different historical periods, giving an insight into the sociological and political conditions of the times that shaped the Indian political thinking. It does not only talk about the lives and times of the thinkers, but also explores the important themes that formed the basis of their political ideologies. The chapters discuss the contributions of the thinkers and at the same time examine some important themes including the theory of state, civil rights, ideal polity, governance, nationalism, democracy, social issues like gender and caste, swaraj, satyagraha, liberalism, constitutionalism, Marxism, socialism and Gandhism. With a comprehensive coverage of both the thinkers and the themes of the Indian political thought, this book caters to needs of the undergraduate as well as the post graduate courses of all Indian universities. It is valuable also for UGC-NET and civil service examinations.

Corporate Accounting Sultan Chand & Sons

A UGC recommended textbook for various commerce graduate programmes like B.Com, BBA, BBM and BBS. Also useful for CA, CS, ICMA, M.Com and MBA. The revised edition of Cost Accounting—Principles and Practice gives students a thorough grounding in cost concepts, cost behaviour, and costing methods. The subject matter has been presented in a student-friendly, systematic and intelligible manner. Every discussion involving conceptual difficulties is immediately followed by a numerical example. A large number of charts and diagrams bring to light finer points of the subject and make it easily comprehensible. The subject matter has been organized on 'first things first' basis to sustain the interest of the students. Additional problems and solutions have been included in the Appendix to help students. The 14th Revised Edition of the book "Corporate Accounting" includes the provision of the Companies Act, 2013, SEBI rules and regulations and Accounting Standards, wherever applicable. The whole book has been updated and corrections made wherever required. Theory and accounting treatment has been revised as per Accounting Standards — 4 (Revised) and Companies (Amendment) Act, 2019. Each aspect of a chapter has been discussed in detail in order to meet the requirements of the syllabus prescribed by different universities and professional institutes. Salient Features of the Book The following features are worth nothing in the present text: • The illustrations and assignment material has been made to conform to the requirements of Schedule III of the Companies Act, 2013. The relevant problems/ solutions has also been revised. • The revised revision of Paragraph 14 of Accounting Standards — 4 concerning Financial Statements regarding Proposed final dividend has been incorporated at relevant pages and the illustrations amended accordingly. • The relevant provisions of Ind AS — 7: Statements of Cash Flows dealing with Bank Overdraft and Proposed Dividend have also been taken care of in this book. • In the chapter of Redemption of Debentures, the treatment of interest on Debenture Redemption Funds Investments or Profit (or Loss) on the sale of DRFI have been also summerised in the chapter. • All chapters have been revised and udapted. Problem of each chapter have been suitably graded and edited to include questions of topical interest. We are confident that the book in its revised form will be more useful for B.Com (Pass and Hons.), M.Com, M.B.A., C.A., I.P.C.E, C.A.(Final), I.C.M.A. (Stage II) and Company Secretaries (Executive Programme) Examinations.

Company Accounting 7th edition continues to be the authoritative textbook on corporate financial reporting. The new edition has been thoroughly updated to reflect the numerous and ongoing reforms as a result of Australia's adoption of IFRSs. The text succinctly documents recent adjustments by the IASB/AASB in respect to the presentation of financial statements, accounting for intangible assets, accounting for income tax and the new reporting recommendations for

business combinations under Phase II. The text provides students with a comprehensive and practical grounding in the practice and principles of company accounting, essential information on why and how company accounting entries and disclosures are made, and the process of business combination for a corporate group. New to this Edition New chapters on Corporate Governance, Leases and Equity Accounting. Chapter 8 Business Combinations – outlines proposed changes to ASSB3 as a result of the Exposure Draft of Proposed Amendments to IFRS3. Revised to accord with changes in AASB as a consequence of continuing reforms with IFRS. More 'Learning Check' summaries in all chapters reiterate and summarise important concepts. New 'Student Activity Section' in each chapter contains a summary, demonstration problems, discussion questions, case studies, graded exercises and problems. Reorganised end-of-chapter sections contains more diverse activity scenarios for students in an attempt to develop a broader skill base. Features 'Learning Checks' support chapter learning objectives and summarise key knowledge for students. They appear throughout each chapter and are ideal for self-study purposes. Thorough illustrative examples and demonstration problems with various examples supported with step-by-step narrations.
