

## Courage The Joy Of Living Dangerously Osho

What kind of life would you live if you didn't allow your fears to hold you back? The Courage Habit offers a powerful program to help you conquer your inner critic, work toward your highest aspirations, and build a courageous community. Are your fears preventing you from living the life you truly want? Do you ever wish that you had a better job, lived in a different city, or had more authentic and nurturing relationships? Many people believe that they would do more, accomplish more, and feel more fulfilled if only they could rid themselves of that fearful inner voice that constantly whispers, "you can't do it." In *The Courage Habit*, certified life coach Kate Swoboda offers a unique program based in cognitive behavioral therapy (CBT) and acceptance and commitment therapy (ACT) to help you act courageously in spite of fear. By identifying your fear triggers, releasing yourself from your past experiences, and acting on what you truly value, you can make courage a daily habit. Using a practical four-part program, you'll learn to understand the emotions that arise when fears are triggered, and to pause and evaluate your emotional state before you act. You'll discover how to listen without attachment to the self-defeating messages of your inner critic, understand the critic's function, and implement respectful boundaries so that your inner voice no longer controls your behavior. You'll reframe self-limiting life narratives that can—without conscious awareness—dictate your day-to-day decisions. And finally, you'll nurture more authentic connections with family, friends, and community in order to find support and reinforce the life changes you're making. If you feel like something is holding you back from landing your dream job, moving to a new city, having a satisfying love relationship, or simply taking advantage of all life has to offer—and if you have a sneaking suspicion that that something is you—then this one-of-a-kind guide will show you how to finally break free from self-doubt and start living your best life.

The landmark bestseller that changed the way we think about love: "Every line is packed with common sense, compassion, and realism" (Fortune). *The Art of Loving* is a rich and detailed guide to love—an achievement reached through maturity, practice, concentration, and courage. In the decades since the book's release, its words and lessons continue to resonate. Erich Fromm, a celebrated psychoanalyst and social psychologist, clearly and sincerely encourages the development of our capacity for and understanding of love in all of its facets. He discusses the familiar yet misunderstood romantic love, the all-encompassing brotherly love, spiritual love, and many more. A challenge to traditional Western notions of love, *The Art of Loving* is a modern classic about taking care of ourselves through relationships with others by the New York Times–bestselling author of *To Have or To Be?* and *Escape from Freedom*. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author's estate.

In this follow-up to the international phenomenon *The Courage to Be Disliked*, discover how to reconnect with your true self, experience true happiness, and live the life you want. What if one simple choice could unlock your destiny? Already a major Japanese bestseller, this eye-opening and accessible follow-up to the "compelling" (Marc Andreessen) international phenomenon *The Courage to be Disliked* shares the powerful teachings of Alfred Adler, one of the giants of 19th-century psychology, through another illuminating dialogue between the philosopher and the young man. Three years after their first conversation, the young man finds himself disillusioned and disappointed, convinced Adler's teachings only work in theory, not in practice. But through further discussions between the philosopher and the young man, they deepen their own understandings of Adler's powerful teachings, and learn the tools needed to apply Adler's teachings to the chaos of everyday life. To be read on its own or as a companion to the bestselling first book, *The Courage to Be Happy* reveals a bold new way of thinking and living, empowering you to let go of the shackles of past trauma and the expectations of others, and to use this freedom to create the life you truly desire. Plainspoken yet profoundly moving, reading *The Courage to Be Happy* will light a torch with the power to illuminate your life and brighten the world as we know it. Discover the courage to choose happiness.

In *Trust*, the eleventh volume in the *Insights for a New Way of Living* series, Osho helps readers re-evaluate the idea of trust. We live in times where trust in old institutions and their relevance to our lives have evaporated. Religions, ideologies, political systems, morals, family, marriages—none of these traditional institutions are working anymore. Osho's insight is that the institutions of the past have used the false substitutes of "belief" and "faith" as control mechanisms of society. Whereas authentic trust comes from within, belief systems are imposed from the outside by religious and social institutions. Osho encourages readers to rediscover and reclaim the innate trust that is born with each individual. No more demands to trust in an "other." No more faith and belief, with their demands that we drop all questioning and doubt, but rather a willingness to honor our questions and doubts so fully that they will lead us to our unique, authentic, and individual truth.

The bestselling author of *The Willpower Instinct* introduces a surprising science-based book that doesn't tell us why we should exercise but instead shows us how to fall in love with movement. Exercise is health-enhancing and life-extending, yet many of us feel it's a chore. But, as Kelly McGonigal reveals, it doesn't have to be. Movement can and should be a source of joy. Through her trademark blend of science and storytelling, McGonigal draws on insights from neuroscience, psychology, anthropology, and evolutionary biology, as well as memoirs, ethnographies, and philosophers. She shows how movement is intertwined with some of the most basic human joys, including self-expression, social connection, and mastery—and why it is a powerful antidote to the modern epidemics of depression, anxiety, and loneliness. McGonigal tells the stories of people who have found fulfillment and belonging through running, walking, dancing, swimming, weightlifting, and more, with examples that span the globe, from Tanzania, where one of the last hunter-gatherer tribes on the planet live, to a dance class at Juilliard for people with Parkinson's disease, to the streets of London, where volunteers combine fitness and community service, to races in the remote wilderness, where athletes push the limits of

what a human can endure. Along the way, McGonigal paints a portrait of human nature that highlights our capacity for hope, cooperation, and self-transcendence. The result is a revolutionary narrative that goes beyond familiar arguments in favor of exercise, to illustrate why movement is integral to both our happiness and our humanity. Readers will learn what they can do in their own lives and communities to harness the power of movement to create happiness, meaning, and connection.

This unusual self-help book about surviving grief offers the reader comfort and inspiration. Each of us will face some loss, sorrow and disappointment in our lives, and *The Courage to Grieve* provides the specific help we need to enable us to face our grief fully and to recover and grow from the experience. Although the book emphasizes the response to the death of a loved one, *The Courage to Grieve* can help with every kind of loss and grief. Judy Tatelbaum gives us a fresh look at understanding grief, showing us that grief is a natural, inevitable human experience, including all the unexpected, intense and uncomfortable emotions like sorrow, guilt, loneliness, resentment, confusion, or even the temporary loss of the will to live. The emphasis is to clarify and offer help, and the tone is spiritual, optimistic, creative and easy to understand. Judy Tatelbaum provides excellent advice on how to help oneself and others get through the immediate experience of death and the grief that follows, as well as how to understand the special grief of children. Particularly useful are the techniques for completing or "finishing" grief--counteracting the popular misconception that grief never ends. *The Courage to Grieve* shows us how to live life with the ultimate courage: not fearing death. This book is about so much more than death and grieving it is about life and joy and growth.

*From Flow*, a beautiful, mindful guide to having less stuff. Less stress. Less distraction. Less everything. In less comes the freedom of letting go. This thoughtful and surprising book shows us how to get there, by paring down not just the jumble of things around us, but the clutter in our heads, too. And to help, interact with special paper goodies, including a one-thought-a-day diary, a foldout tiny house to let you imagine the pleasures of living in a small and cozy space, and art posters that depict a beautiful picture of what it means to do less, not more. Paper goodies from *The Big Book of Less* include: 2 journals A dot journal poster 4 art posters 1 foldout tiny house with 20 accessories And even more hidden treasures Decluttering your life and mind makes room for more—more listening, more focus, more wisdom, more time. More life.

No one is born courageous, but everyone hopes courage will come. Here's how to stand strong. Like many other people of faith, you may be concerned about what the future holds for Christians in America. Every day we wake up in a nation and world that is increasingly hostile to our beliefs and values. Even the basic freedoms that define America--speech and religion--are under attack. The result is that many of us have become fearful, apathetic and detached. The great need of the day is a sweeping revolution of courage in our lives, families and houses of worship. *A Call for Courage* will spark that revolution in you. Michael Anthony understands how fear can paralyze us, and in this revolutionary new book he shows Christians how to stand up and speak out, mobilizing them to walk by faith, not fear. Drawing from Scripture and deep personal experience, he proves that anyone can learn the secret to putting fear in its place and becoming more courageous. *A Call for Courage* will help you stand up and speak out while others demand you sit down and shut up. You will learn how to develop the secret weapons God has given you for courage, handle haters, racists, and everyone in between, overcome attacks against your freedom of religion and speech, speak the truth with love when disagreements threaten to create division, and develop courageous humility as your new way of life. *A Call for Courage* is a handbook on how to live with courageous humility. No matter who you are or what you're facing, *A Call for Courage* will help you live with power, truth, and love in an age of intolerance and fear.

From one of the greatest spiritual leaders of the twentieth century, *Creativity: Unleashing the Forces Within* will inspire you to nurture your inner ideas and innovations—and apply them in every aspect of your life. As Osho points out in this book's foreword, historically, the creative person has been all but forced to rebel against the society. But nowadays, the situation has dramatically changed. In today's world, the ability to respond creatively to new challenges is demanded of everybody, from corporate CEOs to "soccer moms." Those whose toolbox for dealing with life includes only what they have learned in the past from their parents and their teachers are at a distinct disadvantage both in their relationships and in their careers. Making a switch from imitative and rule-bound behavior to creative innovation and flexibility requires a profound change in our attitudes about ourselves and our capabilities. *Creativity* is a handbook for those who understand the need to bring more creativity, playfulness, and flexibility to their lives. It's a manual for thinking "outside the box"—and learning to live there as well. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the *Sunday Times* of London as one of the "1000 Makers of the 20th Century" and by *Sunday Mid-Day* (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

In the new film *COURAGEOUS* (from the makers of *Fireproof*), four police officers are confident and focused when it comes to facing danger on the job. But leading their families at home in a God-honoring way? That takes courage. Because it is important to take a faithful, fearless stand in so many areas of life, pastor and *COURAGEOUS* executive producer Michael Catt offers *Courageous Living* as a closer look at biblical themes and characters that inspired the greatly anticipated movie. Catt brings fresh insight to "stories of people in the Bible who displayed great courage when it would have been easier to play it safe... (who) challenge me to keep moving forward. They demand that I examine my priorities and deal with anything that brings fear to my heart." Readers will catch a new wind of bravery in the bold accounts of Abraham ("The Courage to Get Going"), Nehemiah ("The Courage to Face Criticism"), and Ruth ("The Courage to Face an Uncertain Future"). There are also growth opportunities in the stirring stories of Moses, Elijah, Joshua, Daniel, Gideon, Nehemiah, Stephen, and Paul and Timothy.

Donna's story is an elegant illustration of how to recognize that, despite how it may seem, the world around you is not coming apart; it is just the turbulence that is necessary to project you into the next level of life. Do not be afraid of what this life brings you. Use it, and know that in the realm of uncertainty, your destiny is found. Donna walks this path. She has experienced it first hand, and her message is a powerful communication inspired by practice. Upon finishing this book, you will know more than you imagined possible about the power of life, faith, love and compassion. – From the Foreword by Dr. David Morehouse, Founder of Remote Viewing Technologies, and author of "Psychic Warrior"

"I'm just so busy and tired." These words fall from your lips as easy and often as your next breath. You're weary of your packed schedule and

frenetic pace and responsibilities at every turn. Even good things no longer feel life-giving. You long for a simpler life. You want to be able to face daily burdens and the chaos of this world and say with confidence, "It is well with my soul." But how? (in)courage is ready to come alongside you through *Courageous Simplicity*, a six-session Bible study on living in the simple abundance of Jesus. This study will help you release control of what frays your soul and will lead you to true refreshment. As you train in the spiritual practice of simplicity, you will discover the God who loves you lavishly and wants to show you how to live with a heart open and surrendered to his presence. You can live in the peace and freedom of having and being enough. Let your friends at (in)courage show you how.

"With a broken marriage and two children, a southern woman builds a successful business career in New York and eventually remarries." Cf. Hanna, A. *Mirror for the nation*.

Courage is not the absence of fear, says Osho. It is, rather, the total presence of fear, with the courage to face it. This book provides a bird's-eye view of the whole terrain—where fears originate, how to understand them, and how to find the courage to face them. In the process, Osho proposes that whenever we are faced with uncertainty and change in our lives, it is actually a cause for celebration. Instead of trying to hang on to the familiar and the known, we can learn to enjoy these situations as opportunities for adventure and for deepening our understanding of ourselves and the world around us. The book begins with an in-depth exploration of the meaning of courage and how it is expressed in the everyday life of the individual. Unlike books that focus on heroic acts of courage in exceptional circumstances, the focus here is on developing the inner courage that enables us to lead authentic and fulfilling lives on a day-to-day basis. This is the courage to change when change is needed, the courage to stand up for our own truth, even against the opinions of others, and the courage to embrace the unknown in spite of our fears—in our relationships, in our careers, or in the ongoing journey of understanding who we are and why we are here. *Courage* also features a number of meditation techniques specifically designed by Osho to help people deal with their fears.

Discover your own deep well of wisdom in *Intuition: Knowing Beyond Logic*—from one of the greatest spiritual teachers of the twentieth century. Intuition deals with the difference between the intellectual, logical mind and the more encompassing realm of spirit. Logic is how the mind knows reality, intuition is how the spirit experiences reality. Osho's discussion of these matters is wonderfully lucid, occasionally funny, and thoroughly engrossing. All people have a natural capacity for intuition, but often social conditioning and formal education work against it. People are taught to ignore their instincts rather than to understand and use them as a foundation for individual growth and development—and in the process they undermine the very roots of the innate wisdom that is meant to flower into intuition. In this volume, Osho pinpoints exactly what intuition is and gives guidelines for how to identify its functioning in others and ourselves. You will learn to distinguish between genuine intuitive insight and the "wishful thinking" that can often lead to mistaken choices and unwanted consequences. Includes many specific exercises and meditations designed to nourish and support each individual's natural intuitive gifts. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the *Sunday Times* of London as one of the "1000 Makers of the 20th Century" and by *Sunday Mid-Day* (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

A *New York Times* Bestseller! For millennia, Buddhists have enjoyed the limitless benefits of meditation. But how does it work? And why? The principles behind this ancient practice have long eluded some of the best minds in modern science. Until now. In this groundbreaking work, world-renowned Buddhist teacher Yongey Mingyur Rinpoche invites us to join him in unlocking the secrets behind the practice of meditation. Working with neuroscientists at the Waisman Laboratory for Brain Imaging and Behavior, Yongey Mingyur provides clear insights into modern research indicating that systematic training in meditation can enhance activity in areas of the brain associated with happiness and compassion. He has also worked with physicists across the country to develop a fresh, scientifically based interpretation of the Buddhist understanding of the nature of reality. With an infectious joy and insatiable curiosity, Yongey Mingyur weaves together the principles of Tibetan Buddhism, neuroscience, and quantum physics in a way that will forever change the way we understand the human experience. Using the basic meditation practices he provides, we can discover paths through everyday problems, transforming obstacles into opportunities to recognize the unlimited potential of our own minds. With a foreword by bestselling author Daniel Goleman, *The Joy of Living* is a stunning breakthrough, an illuminating vision of the science of Buddhism and a handbook for transforming our minds, bodies, and lives. One of the greatest spiritual teachers of the twentieth century will help you learn how to live in the present moment in *Awareness: The Key to Living in Balance*. Underlying all meditation techniques, including martial arts—and in fact underlying all great athletic performances—is a quality of being awake and present to the moment, a quality that Osho calls awareness. Once we can identify and understand what this quality of awareness is, we have the key to self-mastery in virtually every area of our lives. According to great masters like Lao Tzu or Buddha, most of us move through our lives like sleepwalkers. Never really present in what we are doing, never fully alert to our environment, and not even aware of what motivates us to do and say the things we do. At the same time, all of us have experienced moments of awareness—or awakening, to use another—in extraordinary circumstances. On the road, in a sudden and unexpected accident, time seems to stop and one is suddenly aware of every movement, every sound, every thought. Or in moments that touch us deeply—welcoming a new baby into the world for the first time, or being with someone at the moment of death. Awareness, says Osho, is the key to being self-directed, centered, and free in every aspect of our lives. In this book, Osho teaches how to live life more attentively, mindfully, and meditatively, with love, caring and consciousness. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the *Sunday Times* of London as one of the "1000 Makers of the 20th Century" and by *Sunday Mid-Day* (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

Osho is one of the best-known spiritual teachers of our time. The *Sunday Times* named him one of the '1,000 makers of the twentieth century'; the novelist Tom Robbins has called him 'the most dangerous man since Jesus Christ'. Nearly two decades after his death in 1990, the influence of his teachings continues to grow, reaching seekers around the world. This inspiring compendium of spiritual wisdom and insight offers a way for everyone to access the enlightening message of the Buddha as Osho offers his unique take on his teachings, with a wisdom and wit that make it a wonderful read. When you engage with Osho's writing, you feel as if he is speaking to you. His conversational style is fluid and engaging, and while his acute perception often comes as a delight and a surprise, his shrewd insights will stay with you always. Whether he is discussing a complex philosophy, or the teachings of a great mystic, Osho always approaches the subject with his own distinctively irreverent, thought-provoking and inspiring perspectives. Covering subjects including Belief, Responsibility, Relationships, Doing Good and the Power of Consciousness, this is a book that offers real insight into leading a more spiritual life now.

One of the twentieth century's greatest spiritual teachers inspires us to experience and appreciate both the elation—and sadness—of *Joy: The Happiness That Comes from Within*. With an artful mix of compassion and humor, Osho shows us that joy is the essence of life, that even unhappiness has its root in joy. He encourages us to accept joy by being grateful to be alive and for the challenges and opportunities in life, and by finding the good in all that we have—rather than setting conditions or demands for happiness. By embracing joy, one comes closer to a true, peaceful, and balanced state. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the *Sunday Times* of London as one of the "1000 Makers of the 20th Century" and by *Sunday Mid-Day* (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the

destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

**#1 NEW YORK TIMES BESTSELLER • Brené Brown** has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Look for Brené Brown's new podcast, *Dare to Lead*, as well as her ongoing podcast *Unlocking Us!* **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership** is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read *Daring Greatly* and *Rising Strong* or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

CourageThe Joy of Living DangerouslySt. Martin's Griffin

Joy—the unexpected reward for outrageous courage and faith Based on Jesus's Parable of the Talents, *The Courage Factor* challenges readers to think of their lives as a priceless commodity that can be leveraged for positive impact. In reflecting on the ups and downs of his own journey, Bob exposes the fear that keeps us isolated, causing us to lock up our gifts and dreams. Instead of having a positive impact on the world with our talents, we are left frustrated and unfulfilled. But if we have the courage to pursue our dreams—investing our lives and talents into something meaningful—what results is true joy and fulfillment. Throughout *The Courage Factor*, readers will meet inspiring individuals with stories that illustrate how even our dark moments and detours can prepare us for significance if we embrace courage and step forward in faith. Discover the potential we each have to unlock and accelerate the dreams and talents of those around us. In key moments of decision, pivotal moments where fear and courage do battle, learn to recognize these moments for what they are, defeat fear, and turn risk into reward. Courageous and fully invested people can change the world, and you can be one of them.

One of the greatest spiritual leaders of the twentieth century encourages us to embrace the qualities of life our advancing years grant us in *Maturity: The Responsibility of Being Oneself*. In a culture infatuated with youth and determined to avoid old age at all costs, this book dares to raise a question that has been all but forgotten in the age of Viagra and cosmetic surgery. What benefits might lie in accepting the aging process as natural, rather than trying to hold on to youth and its pleasures all the way to the grave? Osho takes us back to the roots of what it means to grow up rather than just to grow old. Both in our relationships with others, and in the fulfillment of our own individual destinies, he reminds us of the pleasures that only true maturity can bring. He outlines the ten major growth cycles in human life, from the self-centered universe of the preschooler to the flowering of wisdom and compassion in old age. Osho's sly sense of humor runs like a red thread through the book, along with a profound compassion and understanding of how easy it is to be distracted from the deeper meaning and purpose of our lives—which is, ultimately, to flower into our own individual uniqueness and maturity with an attitude of celebration and joy. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the "1000 Makers of the 20th Century" and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

Much-Afraid had been in the service of the Chief Shepherd, whose great flocks were pastured down in the Valley of Humiliation. She lived with her friends and fellow workers Mercy and Peace in a tranquil little white cottage in the village of Much-Trembling. She loved her work and desired intensely to please the Chief Shepherd, but happy as she was in most ways, she was conscious of several things which hindered her in her work and caused her much secret distress and shame. Here is the allegorical tale of Much-Afraid, an every-woman searching for guidance from God to lead her to a higher place.

In *Living on Your Own Terms: What Is Real Rebellion?*, one of the twentieth century's greatest spiritual teachers reveals how you can resist the rules and regulations that oppose your values while retaining your own individuality. "People can be happy only in one way, and that is if they are authentically themselves. Then the springs of happiness start flowing; they become more alive, they become a joy to see, a joy to be with; they are a song, they are a dance."—Osho Decades after the rebellions of the 1960s, new generations are again challenging and rebelling against outdated structures and values, focusing on political and economic systems and their failings. But this generation has the opportunity and responsibility to move the development of human freedom to the next level. Osho's philosophies will support these future generations in expanding their understanding of freedom and pushing toward new systems for humanity. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the "1000 Makers of the 20th Century" and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

Want to make a move but scared to leave your comfort zone? Go anyway. "Jessica's perspective of global sisterhood and the power of lifting each other up in the midst of fear and scarcity is exactly what we need today. This book is both an invitation and a challenge to bravely show up for ourselves, for the people we love, and for the strangers that we will one day call family. I say, Amen!" —Brené Brown, Ph.D., Author of the #1 New York Times bestseller *Braving the Wilderness* In *Imperfect Courage*, the founder of the popular fair trade jewelry brand Noonday Collection shares her story of starting the rapid-growing business that impacts over 4,500 artisans in vulnerable communities across the globe—and invites readers on a journey of transformation, challenging them to trade their comfort zones for a life of impact and adventure. In 2015, Inc. magazine recognized Noonday Collection as one of the fastest-growing companies in America. But years earlier, as Jessica Honegger stood at a pawn-shop counter in Austin, Texas, and handed over her grandmother's gold jewelry, her goal was much more personal: to fund the adoption of her Rwandan son, Jack, by selling artisan-made jewelry. This first step launched an unexpected side-hustle that would grow into Noonday Collection. Jessica embarked on this new journey and teamed up with her first artisan partner, Jalia, a Ugandan jewelry maker. She saw the meaningful impact Noonday brought to Jalia's community and knew it was the right move. Fear crept

into Jessica's heart as she realized her success, or failure, meant the same for Jalia. But refusing to let fear hinder her goals, Jessica found the necessary (if imperfect) courage she needed along the way--the courage to leave comfort and embrace a life of risk and impact. Discover Your Imperfect Courage In Imperfect Courage, Jessica takes you by the hand and invites you to trade your comfort zone for a life of impact and meaning. • First, she invites you to draw a circle of compassion around yourself and leads you through some soul-searching aimed at setting you free from shame. • Next, she challenges all of us to come together, dare to be vulnerable with one another, and commit to building a culture of collaboration. • Finally, Jessica calls on you to broaden your circle of compassion to embrace the entire globe--and to bring your beautifully imperfect courage to a world that needs you.

Learn how to set yourself free with the philosophies of one of the twentieth century's greatest spiritual teachers in Freedom: The Courage to Be Yourself. In Freedom, Osho outlines three stages of freedom. The first is "freedom from," which is a freedom that comes from breaking out of what he calls the "psychological slavery" imposed by outside forces such as parents, society, or religion. The next stage is "freedom for," a positive freedom that comes from embracing and creating something—a fulfilling relationship, for example, or an artistic or humanitarian vision. And lastly there is "just freedom," the highest and ultimate freedom. This last freedom is more than being for or against something; it is the freedom of simply being oneself and responding truthfully to each moment. This book helps readers to identify the obstacles to their freedom, both circumstantial and self-imposed, to choose their battles wisely, and to find the courage to be true to themselves. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the "1000 Makers of the 20th Century" and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

**\*\*Now on Netflix as The Call to Courage\*\*** 'She's so good, Brené Brown, at finding the language to articulate collective feeling' Dolly Alderton Every time we are faced with change, no matter how great or small, we also face risk. We feel uncertain and exposed. We feel vulnerable. Most of us try to fight those feelings - or feel guilt for feeling them in the first place. In a powerful new vision Dr Brené Brown challenges everything we think we know about vulnerability, and dispels the widely accepted myth that it's a weakness. She argues that, in truth, vulnerability is strength and when we shut ourselves off from vulnerability - from revealing our true selves - we distance ourselves from the experiences that bring purpose and meaning to our lives. Daring Greatly is the culmination of 12 years of groundbreaking social research, across every area of our lives including home, relationships, work, and parenting. It is an invitation to be courageous; to show up and let ourselves be seen, even when there are no guarantees. This is vulnerability. This is daring greatly.

National Jewish Book Award Finalist for Memoir

In Power Principles: Courageous Living Courage shares her transformation story. Through her transparency she reveals how she was able to overcome depression and live life anew. Courage shares strategies to empower and equip women of faith to exchange their struggles for strength. Her openness and vulnerability in sharing her story challenges us all to get real about our truth so we can experience God's best in our own lives.

There's an unspoken tension between happiness and discontentment. You love your family and friends, but complicated relationships drain and discourage you. You're grateful for work but sometimes feel overlooked. You want to follow Jesus yet feel pulled in a dozen different directions. You know God loves you, yet insecurities bully you. The voices of this world are so loud, how can someone possibly hear God's still small voice? The injustice and wounds of this world are so great, how can someone possibly experience lasting joy? Your friends at (in)courage know how you feel and have grappled with these questions too. Find the answers you're looking for in Courageous Joy, a six-week Bible study that celebrates God's goodness and shows you how to experience true joy right where you are. If you want to be able to "rejoice in the Lord always" not just in theory but in everyday practice, if you long for a profound sense of calm and confidence in every season and situation of life, this study will light the way.

Everyone who has ever lived has known the torment of fear. Fear will try to push you back and is always ready to attack you through your thoughts. But you can live free from it! God's promise is that you will be able to overcome this powerful emotion. In this book, Joyce Meyer shows that even though fear will surely challenge you, the Holy Spirit can still help you walk in faith. Find out: - How to keep fear from controlling your life - How to move forward in spite of your fears - How God stays faithful regardless of what you're feeling - The one basic fear underneath all fears. You can act on God's Word and defeat this enemy. Now is the time to seize victory, by stepping out to do it afraid! An instant New York Times bestseller Two spiritual giants. Five days. One timeless question. Nobel Peace Prize Laureates His Holiness the Dalai Lama and Archbishop Desmond Tutu have survived more than fifty years of exile and the soul-crushing violence of oppression. Despite their hardships—or, as they would say, because of them—they are two of the most joyful people on the planet. In April 2015, Archbishop Tutu traveled to the Dalai Lama's home in Dharamsala, India, to celebrate His Holiness's eightieth birthday and to create what they hoped would be a gift for others. They looked back on their long lives to answer a single burning question: How do we find joy in the face of life's inevitable suffering? They traded intimate stories, teased each other continually, and shared their spiritual practices. By the end of a week filled with laughter and punctuated with tears, these two global heroes had stared into the abyss and despair of our time and revealed how to live a life brimming with joy. This book offers us a rare opportunity to experience their astonishing and unprecedented week together, from the first embrace to the final good-bye. We get to listen as they explore the Nature of True Joy and confront each of the Obstacles of Joy—from fear, stress, and anger to grief, illness, and death. They then offer us the Eight Pillars of Joy, which provide the foundation for lasting happiness. Throughout, they include stories, wisdom, and science. Finally, they share their daily Joy Practices that anchor their own emotional and spiritual lives. The Archbishop has never claimed sainthood, and the Dalai Lama considers himself a simple monk. In this

unique collaboration, they offer us the reflection of real lives filled with pain and turmoil in the midst of which they have been able to discover a level of peace, of courage, and of joy to which we can all aspire in our own lives.

Discover your ability to be brave in times of adversity with *Courage: The Joy of Living Dangerously*—from one of the greatest spiritual teachers of the twentieth century. Courage is not the absence of fear, says Osho. It is, rather, the total presence of fear, with the courage to face it. This book provides a bird's-eye view of the whole terrain—where fears originate, how to understand them, and how to call on your inner strength to confront them. In the process, Osho proposes that whenever we are faced with uncertainty and change in our lives, it is actually a cause for celebration. Instead of trying to hang on to the familiar and the known, we can learn to enjoy these situations as opportunities for adventure and for deepening our understanding of ourselves and the world around us. Having courage is more than just heroic acts in exceptional circumstances. It's a necessity to lead authentic and fulfilling lives on a day-to-day basis. This is the courage to change when change is needed, the courage to stand up for our own truth, even against the opinions of others, and the courage to embrace the unknown in spite of our fears—in our relationships, in our careers, or in the ongoing journey of understanding who we are and why we are here. *Courage* also features meditation techniques specifically designed by Osho to help people cope with their fears. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the *Sunday Times* of London as one of the “1000 Makers of the 20th Century” and by *Sunday Mid-Day* (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

**NEW YORK TIMES BESTSELLER** • In hardcover for the first time, this tenth-anniversary edition of the game-changing #1 New York Times bestseller features a new foreword and brand-new tools to make the work your own. For over a decade, Brené Brown has found a special place in our hearts as a gifted mapmaker and a fellow traveler. She is both a social scientist and a kitchen-table friend whom you can always count on to tell the truth, make you laugh, and, on occasion, cry with you. And what's now become a movement all started with *The Gifts of Imperfection*, which has sold more than two million copies in thirty-five different languages across the globe. What transforms this book from words on a page to effective daily practices are the ten guideposts to wholehearted living. The guideposts not only help us understand the practices that will allow us to change our lives and families, they also walk us through the unattainable and sabotaging expectations that get in the way. Brené writes, “This book is an invitation to join a wholehearted revolution. A small, quiet, grassroots movement that starts with each of us saying, ‘My story matters because I matter.’ Revolution might sound a little dramatic, but in this world, choosing authenticity and worthiness is an absolute act of resistance.”
