Noble Sanction

From the foreword: "One of the High Line's powers is its ability to evoke time, to remind us of the changes we've experienced during our own lives, to bring forth echoes of the past, and to make us guess what life might be like years from now. I love the photos on these pages, because they have that power, too." --Joshua David, Co-Founder of the Friends of the High Line. Ten Avenues Press, in association with Friends of the High Line, announce the publication of High Line Nudes. In 2006, photographer Kevin McDermott took three of his friends up on the abandoned railroad tracks that would become New York City's High Line park to shoot a series of nudes. As McDermott states in his introduction, "at the time I took these photos, what I sought from its beauty was its sense of isolation, being alone, surrounded by nature in the middle of this metropolis." A decade later, this location is now one of the most visited tourist destinations in NYC and one of the largest real estate developments in the world. High Line Nudes captures a seemingly impossible, but beautiful moment in the history of the West Side Rail Yards, Chelsea and an ever changing New York City. The cloth hardcover book is beautifully printed in color and rich black and white duotone images.

When a Beautiful but Deadly Assassin Murders a Man in a DC Hotel Room, Noble is Ordered to Find The Killer And Bring Her to Justice. After the devastating death of Samantha Gunn, Jake Noble has spent every night since drinking himself into oblivion. Jake's world is shattered and he's looking for answers, instead he gets a call from Langley. A Secret Service agent has been found dead, the CIA wants to know who killed him and why. Noble tracks the assassin across two continents only to discover a larger, more sinister plot at work. Someone is trying to destroy the United States of America, and Noble may be the only man who can stop it. Book 4 in the highly popular Jake Noble Thriller Series! "A top-notch thriller." "A truly a well written, fast-paced, page turning book; I loved it!" "This was a wonderfully well-written and intense thriller that I thoroughly enjoyed and I will definitely be grabbing future releases in this series." "Fun, sexy, and dark." "I agree with other readers who have compared Miller's NEW HERO - Jake Noble to Mitch Rapp, Scot Harvath, and I would add Kyle Achilles and Sean Drummond."

Kaplan's GRE Prep 2020 guides you through your GRE prep step-by-step—get an advantage on test day with our proven strategies, math skills review, and online test to help you practice your pacing. The Best Practice One full-length online practice test helps you practice in the same computer-based format you'll see on test day. One brand-new full-length practice test included in the book for easier reference and review. More than 650 practice questions with detailed explanations, including new questions for this edition. Chapters on each GRE question type and math skill, with practice sets for each. Personalize your online study plan with an individual performance summary. Questions have been reviewed, revised and updated by Kaplan's all-star expert faculty. Expert Guidance GRE Prep 2020 comes with one-on-one academic support from Kaplan faculty via our Facebook page: [facebook.com/KaplanGradPrep](https://www.facebook.com/KaplanGradPrep) We know the test: The Kaplan team has spent years studying every GRE-related document available. Kaplan's experts ensure our practice questions and study materials are true to the test. We invented test prep—Kaplan (www.kaptest.com) has been helping students for 80 years. Our proven strategies have helped legions of students achieve their dreams. Want more practice tests, a customizable Qbank, and expert video lessons? Try GRE Prep Plus 2020.

To learn and understand mathematics, students must engage in the process of doing mathematics. Emphasizing active learning, *Abstract Algebra: An Inquiry-Based Approach* not only teaches abstract algebra but also provides a deeper understanding of what mathematics is, how it is done, and how mathematicians think. The book can be used in both rings-first and groups-first abstract algebra courses. Numerous activities, examples, and exercises illustrate the definitions, theorems, and concepts. Through this engaging learning process, students discover new ideas and develop the necessary communication skills and rigor to understand and apply concepts from abstract algebra. In addition to the activities and exercises, each chapter includes a short discussion of the connections among topics in ring theory and group theory. These discussions help students see the relationships between the two main types of algebraic objects studied throughout the text. Encouraging students to do mathematics and be more than passive learners, this text shows students that the way mathematics is developed is often different than how it is presented; that definitions, theorems, and proofs do not simply appear fully formed in the minds of mathematicians; that mathematical ideas are highly interconnected; and that even in a field like abstract algebra, there is a considerable amount of intuition to be found. *Athens, Still Remains* is an extended commentary on a series of photographs of contemporary Athens by the French photographer Jean-François Bonhomme. But in Derrida's hands commentary always has a way of unfolding or, better, developing in several unexpected and mutually illuminating directions. First published in French and Greek in 1996, *Athens, Still Remains* is Derrida's most sustained analysis of the photographic medium in relationship to the history of philosophy and his most personal reflection on that medium. At once photographic analysis, philosophical essay, and autobiographical narrative, *Athens, Still Remains* presents an original theory of photography and throws a fascinating light on Derrida's life and work. The book begins with a sort of verbal snapshot or aphorism that haunts the entire book: "we owe ourselves to death." Reading this phrase through Bonhomme's photographs of both the ruins of ancient Athens and contemporary scenes of a still-living Athens that is also on its way to ruin and death, Derrida interrogates a philosophical tradition that runs from Socrates to Heidegger in which the human--and especially the philosopher--is thought to owe himself to death, to a certain thought of death or comportment with regard to death. Combining philosophical speculations on mourning and death, event and repetition, and time and difference with incisive commentary on Bonhomme's photographs and a narrative of Derrida's 1995 trip to Greece, *Athens, Still Remains* is one of Derrida's most accessible, personal, and moving

works without being, for all that, any less philosophical. As Derrida reminds us, the word photography--an eminently Greek word--means "the writing of light," and it brings together today into a single frame contemporary questions about the work of art in the age of mechanical reproduction and much older questions about the relationship between light, revelation, and truth--in other words, an entire philosophical tradition that first came to light in the shadow of the Acropolis.

A combination text and workbook in three volumes. All areas of music theory are covered in a concise and practical manner and each level contains 28 lessons.

Jail has its good sides, too (like you never eat alone). These are the cook's highly philosophical views, though in his job he has lost his touch lately he only sets off riots twice a year. So help yourselves to a new serving of Arkas. It contains the Lifer's epic struggle with his woes. No need to ask who's winning...

Desktop Rugby brings the excitement of rugby right to your fingertips. Included is everything you need to play the game--a goal, ball, tee, flag, and mini referee figurine to call that foul. Kit also includes a 32-page book on the history and rules of the game.

"Wonderfully, in Akashic's Oakland Noir, the stereotypes about the city suffer the fate of your average noir character—they die brutally." —San Francisco Chronicle In the wake of San Francisco Noir, Los Angeles Noir, and Orange County Noir—all popular volumes in the Akashic Noir Series—comes the latest California installment, Oakland Noir. Masterfully curated by Jerry Thompson and Eddie Muller (the "Czar of Noir"), this volume will shock, titillate, provoke, and entertain. The diverse cast of talented contributors will not disappoint. Oakland Noir offers stories by Nick Petruklakis, Kim Addonizio, Keenan Norris, Keri Miki-Lani Schroeder, Katie Gilmartin, Dorothy Lazard, Harry Louis Williams II, Carolyn Alexander, Phil Canalin, Judy Juanita, Jamie DeWolf, Nayomi Munaweera, Mahmud Rahman, Tom McElravey, Joe Loya, and Eddie Muller. "From the Oakland hills to the heart of downtown, each story brings Oakland to life." —San Jose Mercury News "Oakland is a natural for the series, with its shadowy crimes and disgruntled cops." —Zoom Street Magazine "San Francisco's grittier next-door neighbor gets her day in the sun in 16 new stories in this tightly curated entry in Akashic's Noir series. The hardscrabble streets of Oakland offer crime aplenty . . . Thompson and Muller have taken such pains to choose stories highlighting Oakland's diversity and history that the result is a volume rich in local culture as well as crime." —Kirkus Reviews

A dynamic and hip collective biography that presents forty-four of America's greatest movers and shakers, from Frederick Douglass to Aretha Franklin to Barack Obama, written by ESPN's TheUndeatead.com and illustrated with dazzling portraits by Rob Ball. Meet forty-four of America's most impressive heroes in this collective biography of African American figures authored by the team at ESPN's TheUndeatead.com. From visionaries to entrepreneurs, athletes to activists, the Fierce 44 are beacons of brilliance, perseverance, and excellence. Each short biography is accompanied by a compelling portrait by Robert Ball, whose bright, graphic art pops off the page. Bringing household names like Serena Williams and Harriet Tubman together with lesser-known but highly deserving figures such as Robert Abbott and Dr. Charles Drew, this collection is a celebration of all that African Americans have achieved, despite everything they have had to overcome.

Merleau-Ponty's Reading of Husserl explores the relationship between two of the greatest thinkers of the twentieth century: Edmund Husserl, the father of modern phenomenology, and Maurice Merleau-Ponty, considered by many to be his greatest philosophical heir. While Merleau-Ponty's influence on the dissemination and reception of Husserl's thought is indisputable, unresolved questions remain concerning the philosophical projects of these two thinkers: Does phenomenology first reach its true potential in Merleau-Ponty's hands, guided by his appreciation of the tacit goals underlying Husserl's philosophical project? Or is Merleau-Ponty's phenomenology a creative but ultimately misdirected appropriation of Husserl's work? In this volume, the first devoted to a comparison of the work of these two philosophers, ten leading scholars draw on the latest research and newly available manuscripts to offer novel insights into Merleau-Ponty's reading of Husserl - with implications for our understanding of phenomenology's significance, its method, and the future of philosophy.

A pocket-sized book that is designed as a quick reference for the drugs most commonly used in dental practice. It includes practical, practice-oriented suggestions made by dental professionals and a section on prescription writing and prescription requirements. It also covers specific medical situations and the appropriate medications to be used. Poisons are topics of multidisciplinary concern. The clinician and the pathologist are sensitive to instances of human poisoning. The laboratory researcher, whether pharmacologist, physiologist, or biochemist, is oriented toward molecular modes of poison action. Both clinician and researcher are eager to learn of poisons that can be used as therapeutic agents or methodological tools. This volume is an attempt to underscore the multidisciplinary character of neuropoisons. Six poisons of animal origin which are receiving considerable clinical and research attention are discussed. Each poison is presented first as a clinical entity, then as a topic of investigative research, and finally as an agent useful to the study of nerve function. Because no single volume on neuropoisons can be exhaustive, an attempt at balance is offered as compensation. Two snake venoms, two marine poisons, and two bacterial toxins are presented in detail. In the sequel to this volume, attention will be focused on representative neuro poisons of plant origin.

Presents Islamic stories that offer a background in Islamic traditions, folk tales, and mystical verse.

A penetrating account of the dynamics of World War II's Grand Alliance through the messages exchanged by the "Big Three" Stalin exchanged more than six hundred messages with Allied leaders Churchill and Roosevelt during the Second World War. In this riveting volume—the fruit of a unique British-Russian scholarly collaboration—the messages are published and also analyzed within their historical context. Ranging from intimate personal greetings to weighty salvos about diplomacy and strategy, this book offers fascinating new revelations of the political machinations and human stories behind the Allied

triumvirate. Edited and narrated by two of the world's leading scholars on World War II diplomacy and based on a decade of research in British, American, and newly available Russian archives, this crucial addition to wartime scholarship illuminates an alliance that really worked while exposing its fractious limits and the issues and egos that set the stage for the Cold War that followed.

The Cartel has come full circle with this fast-paced, groundbreaking novel, the finale to the hit series by New York Times bestsellers Ashley & JaQuavis. Miamor is fighting for her life in the belly of the beast. She's been kidnapped, and she's staring death in the eye. Is the reign over for the head of the Murda Mamas? Carter is in federal custody and leaves the Diamond Empire to Zyr and Mecca. When the past comes back to haunt Mecca and the truth finally comes to light, will The Cartel rise or fall? Breeze is in the clutches of the crazed Ma'tee, and she desperately searches for a way out. Will she escape, or die his love slave? The answers to these questions lie inside the pages of Cartel 3: The Final Chapter. Open it to discover the shocking truth, and prepare yourself for the unpredictable conclusion of one of the best street series of all time.

LIKE CLASS NOTES—ONLY BETTER. The Princeton Review's ASAP World History is designed to help you zero in on just the information you need to know to successfully grapple with the AP test. Advanced Placement exams require students to have a firm grasp of content—you can't bluff or even logic your way to a 5. Like a set of class notes borrowed from the smartest student in your grade, this book gives you exactly that. No tricks or crazy stratagems, no sample essays or practice sets: Just the facts, presented with lots of helpful visuals. Inside ASAP World History, you'll find: • Essential concepts, people, events, dates, and ideas for AP World History—all explained clearly & concisely • Lists, charts, tables, and maps for quick visual reference • A three-pass icon system designed to help you prioritize learning what you **MUST**, **SHOULD**, and **COULD** know in the time you have available • "Ask Yourself" questions to help identify areas where you might need extra attention • A resource that's perfect for last-minute exam prep or as a handy resource for daily class work Topics covered in ASAP World History include: • All six time periods featured on the exam • Major ancient & classical civilizations, states, and empires • Globalization & exploration • Imperialism & capitalism • Revolutions & the formation of nations • 20th-century developments such as World War I and II and Communism • Independence movements in Asia & Africa ... and more! Looking for sample exams, practice questions, and test-taking strategies? Check out our extended, in-depth prep guide, *Cracking the AP World History Exam!* The BCS Glossary is the most authoritative and comprehensive work of its kind. This unrivalled study aid and reference tool has newly updated entries and is divided into themed sections making it more than just a list of definitions. Written in an easily accessible style, it is specifically designed to support those taking computer courses or courses where computers are used, including GCSE, A-Level, ECDL and 14-19 Diplomas in Functional Skills in schools and further education colleges.

A Reader in Medical Anthropology: Theoretical Trajectories, Emergent Realities brings together articles from the key theoretical approaches in the field of medical anthropology as well as related science and technology studies. The editors' comprehensive introductions evaluate the historical lineages of these approaches and their value in addressing critical problems associated with contemporary forms of illness experience and health care. Presents a key selection of both classic and new agenda-setting articles in medical anthropology Provides analytic and historical contextual introductions by leading figures in medical anthropology, medical sociology, and science and technology studies Critically reviews the contribution of medical anthropology to a new global health movement that is reshaping international health agendas

Presenting more than two hundred of the greatest haiku ever written about the game. There are moments in every baseball game that make fans catch their breath: the pause while a pitcher looks in for the sign, the moment a cocksure rookie gets picked off first, or the instant a batter lashes a game-winning homer into the night sky, just before the sell-out crowd explodes onto its feet. Haiku captures these moments like no other poetic form, and *Baseball Haiku* captures the sights, the sounds, the smells, and the emotions of the game like no previous collection. Some of the most important haiku poets of both America and Japan are featured in this anthology; including Jack Kerouac, a longtime baseball fan who pioneered English-language haiku; Alan Pizzarelli, one of the top American haiku and senryu poets of the last thirty years; and Masaoka Shiki, one of the four great pillars of Japanese haiku—a towering figure—who was instrumental in popularizing baseball in Japan during the 1890s. With over two hundred poems spanning more than a century of ball playing, *Baseball Haiku* reveals the intricate ways in which this enduring and indelible sport—which is played on a field, under an open sky—has always been linked to nature and the seasons. And just as a haiku happens in a timeless now, so too does *Baseball Haiku* evoke those unforgettable images that capture the actions and atmospheres of the national pastime: each poem resonates like the lonely sound of cleats echoing in the tunnel as a grizzled veteran leaves his final game. The largest collection of haiku and senryu on baseball ever assembled, *Baseball Haiku* is an extraordinary treasure for any true baseball fan.
