A coming-of-age memoir by a Colombian-Cuban woman about shaping lessons from home into a new, queer life In this lyrical, coming-of-age memoir, Daisy Hernández chronicles what the women in her Cuban-Colombian family taught her about love, money, and race. Her mother warns her about envidia and men who seduce you with pastries, while one tía bemoans that her niece is turning out to be “una india” instead of an American. Another auntie instructs that when two people are close, they are bound to become like uña y mugre, fingernails and dirt, and that no, Daisy’s father is not godless. He’s simply praying to a candy dish that can be traced back to Africa. These lessons—rooted in women’s experiences of migration, colonization, y cariño—define in evocative detail what it means to

grow up female in an immigrant home. In one story, Daisy sets out to defy the dictates of race and class that preoccupy her mother and tías, but dating women and transmen, and coming to identify as bisexual, leads her to unexpected questions. In another piece, NAFTA shuts local factories in her hometown on the outskirts of New York City, and she begins translating unemployment forms for her parents, moving between English and Spanish, as well as private and collective fears. In prose that is both memoir and commentary, Daisy reflects on reporting for the New York Times as the paper is rocked by the biggest plagiarism scandal in its history and plunged into debates about the role of race in the newsroom. A heartfelt exploration of family, identity, and language, *A Cup of Water Under My Bed* is ultimately a daughter's story of finding herself and her community, and of creating a new, queer life.

Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly

illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward. Random Family tells the American outlaw saga lurking behind the headlines of gangsta glamour, gold-drenched drug dealers, and street-corner society. With an immediacy made possible only after ten years of reporting, Adrian Nicole LeBlanc immerses the reader in the mind-boggling intricacies of the little-known ghetto world. She charts the tumultuous cycle of the generations, as girls become mothers, mothers become grandmothers, boys become criminals, and hope struggles against deprivation. Two romances thread through Random Family: the sexually charismatic nineteen-year-old Jessica's dizzying infatuation with a hugely successful young heroin dealer, Boy George, and fourteen-year-old Coco's first love with Jessica's little brother, Cesar, an aspiring thug. Fleeing from family problems, the young couples try to outrun their destinies. Chauffeurs whisk them to getaways in the Poconos and to nightclubs. They cruise the streets in Lamborghinis and customized James Bond cars. Jessica and Boy George ride the wild adventure between riches and ruin, while Coco and Cesar stick closer to the street, all four caught in a precarious dance between life and death. Friends get murdered; the DEA and FBI investigate Boy George's business activities; Cesar becomes a fugitive; Jessica and

Coco endure homelessness, betrayal, the heartbreaking separation of prison, and throughout it all, the insidious damage of poverty. Together, then apart, the teenagers make family where they find it. Girls look for excitement and find trouble; boys, searching for adventure, join crews and prison gangs. Coco moves upstate to dodge the hazards of the Bronx; Jessica seeks solace in romance. Both find that love is the only place to go. A gifted prose stylist and a profoundly compassionate observer, Adrian Nicole LeBlanc has slipped behind the cold statistics and sensationalism surrounding inner-city life and come back with a riveting, haunting, and true urban soap opera that reveals the clenched grip of the streets. *Random Family* is a compulsive read and an important journalistic achievement, sure to take its place beside the classics of the genre.

Achievement tests play an important role in modern societies. They are used to evaluate schools, to assign students to tracks within schools, and to identify weaknesses in student knowledge. The GED is an achievement test used to grant the status of high school graduate to anyone who passes it. GED recipients currently account for 12 percent of all high school credentials issued each year in the United States. But

do achievement tests predict success in life? The Myth of Achievement Tests shows that achievement tests like the GED fail to measure important life skills. James J. Heckman, John Eric Humphries, Tim Kautz, and a group of scholars offer an in-depth exploration of how the GED came to be used throughout the United States and why our reliance on it is dangerous. Drawing on decades of research, the authors show that, while GED recipients score as well on achievement tests as high school graduates who do not enroll in college, high school graduates vastly outperform GED recipients in terms of their earnings, employment opportunities, educational attainment, and health. The authors show that the differences in success between GED recipients and high school graduates are driven by character skills. Achievement tests like the GED do not adequately capture character skills like conscientiousness, perseverance, sociability, and curiosity. These skills are important in predicting a variety of life outcomes. They can be measured, and they can be taught. Using the GED as a case study, the authors explore what achievement tests miss and show the dangers of an educational system based on them. They call for a return to an emphasis on character in our schools, our systems of accountability, and our national dialogue.

the intertwining stories of seven parolees striving to  
survive the chaos that awaits them after prison in  
this illuminating and dramatic book. Prompted by a  
dead-end retail job and a vague desire to increase  
the amount of justice in his hometown, Jason Hardy  
became a parole officer in New Orleans at the worst  
possible moment. Louisiana's incarceration rates  
were the highest in the US and his department's

caseload had just been increased to 220 “offenders” per parole officer, whereas the national average is around 100. Almost immediately, he discovered that the biggest problem with our prison system is what we do—and don’t do—when people get out of prison. Deprived of social support and jobs, these former convicts are often worse off than when they first entered prison and Hardy dramatizes their dilemmas with empathy and grace. He’s given unique access to their lives and a growing recognition of their struggles and takes on his job with the hope that he can change people’s fates—but he quickly learns otherwise. The best Hardy and his colleagues can do is watch out for impending disaster and help clean up the mess left behind. But he finds that some of his charges can muster the miraculous power to save themselves. By following these heroes, he both stokes our hope and fuels our outrage by showing us how most offenders, even those with the best intentions, end up back in prison—or dead—because the system systematically fails them. Our focus should be, he argues, to give offenders the tools they need to re-enter society which is not only humane but also vastly cheaper for taxpayers. As immersive and dramatic as *Evicted* and as revelatory as *The New Jim Crow*, *The Second Chance Club* shows us how to solve the cruelest problems prisons create for offenders and society at large.
