In *Back Where He Started*, Chris Thayer finds himself packing up the last pieces of a quietly extraordinary life. After twenty-three years of marriage to Zack Ronan—and after raising the widower’s three kids—Chris finds himself facing an uncertain second act. Seeking refuge in North Carolina’s Outer Banks, Chris has to come to terms with his own empty nest and challenge himself to move forward with a new relationship. This is a subtle depiction of the meaning of family and motherhood, and of the search for your true soul. Jay Quinn’s Lambda-nominated novels transcend traditional gay fiction, exploring universal issues of marriage, aging parents, addiction, and attraction, all while presenting unique characters and page-turning drama. Don’t miss any of Quinn’s novels: *Metes and Bounds*, *Back Where He Started*, *The Good Neighbor*, *The Beloved Son*, and *The Boomerang Kid*.

“Straight up, parent tested, and funny to boot, Jamie gives you all the information you need.” —Amber Dusick, author of *Parenting: Illustrated with Crappy Pictures* A proven six-step plan to help you toilet train your preschooler quickly and successfully, from potty-training expert, Pied Piper of Poop, and social worker Jamie Glowacki. Worried about potty training? Let Jamie Glowacki, potty-training expert, show you how it’s done. Her 6-step, proven process to get your toddler out of diapers and onto the toilet has already worked for tens of thousands of kids and their parents. Here’s the good news: your child is probably ready to be potty trained EARLIER than you think (ideally, between 20–30 months), and it can be done FASTER than you expect (most kids get the basics in a few days—but Jamie’s got you covered even if it takes a little longer). If you’ve ever said to yourself: ** How do I know if my kid is ready? ** Why won’t my child poop in the potty? ** How do I avoid “potty power struggles”? ** How can I get their daycare provider on board? ** My kid was doing so well—why is he regressing? ** And what about nighttime?! Oh Crap! Potty Training can solve all of these (and other) common issues. This isn’t theory, you’re not bribing with candy, and there are no gimmicks. This is real-world, from-the-trenches potty training information—all the questions and all the

ANSWERS you need to do it once and be done with diapers for good.

For semi drivers, life on the road can be rewarding, but it can also be unforgettable for all the wrong reasons. For instance, while drivers of smaller vehicles can simply turn around and head in the opposite direction after missing a turn, drivers of big rigs can lose time, money, and a lot of their sanity searching for a place to safely turn around. While navigating to avoid restricted roads and low bridges and facing the constant dangers of sharing the road with others, a semi driver quickly learns that missing a turn can add up to huge headaches. *Crap! I Missed My Turn* is a collection of nerve-wracking stories drawn from author Roger W. Roddy's personal experiences as well as other semi drivers. Written in the sometimes-crude and often-humorous language characteristic of long-haul truckers, these tales will put you vicariously in the driver's seat. You'll feel the anxiety of being behind the wheel of a big rig when things go wrong and laugh about them when they're over. *Crap! I Missed My Turn* is educational for new drivers, entertaining for seasoned ones, and a white-knuckle ride for anyone with a sense of humor and a desire to experience what it's like to handle a semi.

issues that are more often than not hushed up afterwards. Starting from the vital final stages of training, and on to life as a professional, Natalie Burt – a young, jobbing actress – moves systematically through the challenges that every actor faces; from making strategic career decisions, to the logistics of TV and film sets and voice over work, to more personal matters such as renting and flat-sharing, finance and well-being when out of work. Rejecting gimmicks and quick fixes, she encourages motivational thinking and entrepreneurialism using an informal, unapologetic and humorous tone whilst sharing information that is current, relevant and from the frontline. Or, as Natalie puts it, ‘a thorough, constructive and ball-achingly honest chat about the industry, written by someone who still has all their own teeth.’ Contributors to the book include Spotlight, Equity, James Penford from Hatton McEwan Penford agency and Alice Purser from Andy Pryor Casting. Endorsements: ‘What Natalie Burt has done here is remarkable. She has written a luminously honest, very funny, often very touching voyage of what it is actually like to be afflicted with the unquenchable desire to dedicate oneself to being a professional actor.’ Timothy Spall O.B.E(ese) ‘A refreshing and entertaining take on the challenges facing actors and how best to surmount them.’ Ben Seale, Managing Partner, Spotlight ‘Natalie’s book is like her acting: playful, irreverent, and

“Reading this will lead you to a better life.” —Dean Nelson, author of *God Hides in Plain Sight* In *The 100 Thing Challenge* Dave Bruno relates how he remade his life and regained his soul by getting rid of almost everything. But *The 100 Thing Challenge* is more than just the story of how one man started a movement to unhook himself from consumerism by winnowing his life’s possessions down to 100 things in one year. It’s also an inspiring, invigorating guide to how we all can begin to live simpler, more meaningful lives.

selling. In this book, I will reveal all my closely guarded secrets to selling on eBay including: my best retail sources, how to maximize profits using retail arbitrage, how to find deals from both online and brick and mortar stores, how to reduce risk and shipping costs. **This book is NOT for eBay novices** This book assumes the reader has some knowledge of selling on eBay. The ideas in this book apply to all sellers. The details apply to US-based sellers. This book is NOT a get-rich quick scheme. Selling on eBay is easy. But it can also be hard. If everyone could get rich selling on eBay, everyone would be doing it! I will not build castles in the air for you. I will not tell you that you can make money on eBay by selling unspecified items from unspecified wholesalers. I will not give you a list of toys and tell you to go on Craigslist to find them. I will not claim that I work two hours a day selling on eBay and make thousands a month. (Come ON! Get real...) Selling on eBay is a BUSINESS and I have been in this business long enough to know that there are no guarantees, regardless of past performances. Instead, I will give you the TOOLS to help you find products and to TOOLS to help you maximize your profits on eBay. Unlike other eBay authors, I do not recommend buying stock wholesale to resell on eBay. I will explain why in this book. I do not look for items to sell at garage sales or storage auctions. Finding a niche market is great, but I will show why you do not need to have a niche to make money on eBay. Instead I will show you how to maximize profits with tricks on how to get the best deals on NEW items from retail sources like Staples, Kohl's, Target and MORE! **

Woloson takes seriously the history of objects that are often cynically-made and easy to dismiss: things not made to last; things we don't really need; things we often don't even really want. Woloson does not mock these ordinary, everyday possessions but seeks to understand them as a way to understand aspects of ourselves, socially, culturally, and economically: Why do we—as individuals and as a culture—possess these things? Where do they come from? Why do we want them? And what is the true cost of owning them? Woloson tells the history of crap from the late eighteenth century up through today, exploring its many categories: gadgets, knickknacks, novelty goods, mass-produced collectibles, giftware, variety store merchandise. As Woloson shows, not all crap is crappy in the same way—bric-a-brac is crappy in a different way from, say, advertising giveaways, which are differently crappy from commemorative plates. Taking on the full brilliant and depressing array of crappy material goods, the book explores the overlooked corners of the American market and mindset, revealing the complexity of our relationship with commodity culture over time. By studying crap rather than finely made material objects, Woloson shows us a new way to truly understand ourselves, our national character, and our collective psyche. For all its problems, and despite its disposability, our crap is us.

It's the feisty third edition of *How to Shit in the Woods*, jam-packed with new information for outdoor enthusiasts of every stripe. Hailed in its first edition as "the most important environmental book of the decade" by *Books of the Southwest*, and in its second as "the real shit" by the late, great, outdoor photographer Galen Rowell, this bestselling guide is often called the "backpacker's bible" and has sold more than 2.5 million copies in eight languages. Author Kathleen Meyer continues to pioneer the way with her inimitable voice—at once humorous, irreverent, and direct—examining the latest techniques for graceful backcountry elimination, and answering a desperate cry from nature concerning environmental precautions in our ever-shrinking wilds. World changes come fast and furious, and in the backcountry it is no different. The practice of "packing-it-out," adopted to protect high use areas and fragile eco-systems, is here to stay. We are now often urged to haul our poop home. Or with increasing frequency, the whole business is mandatory. To assist with all this responsible human waste disposal, Meyer's new edition features the latest in product innovations, from classy high-tech to inexpensive do-it-yourself. She covers the most current solutions to the health risks of drinking straight from wilderness waterways; presents a raft of natural substitutes for the purist swearing off toilet tissue; and offers a wealth of new recommendations for ladies who must make do without a loo. This down-to-earth guide has been employed as a training aid for scout troops, outdoor schools, and wilderness programs for inner-city youth; for

rangers with the U.S. Forest Service, National Park Service, and Bureau of Land Management; as well as for whitewater rafting guides, backcountry outfitters, and members of the military. In rowing hundreds of urbanites down whitewater rivers, Meyer honed her squatting skills and found she "wasn't alone in the klutz department." Her delightfully shameless discussion of a once-shameful activity, her erudite examination of its associated vocabulary, and her unapologetic promotion of its colorful vernacular make *How to Shit in the Woods* essential and vastly entertaining reading for anyone who's ever paused at the edge of the forest and pondered: "Where do I go to go?"
