Demonstrates that consciousness is the key to life, and that nothing is impossible, not even the manifestation of unlimited wealth and financial independence--also includes The 40-Day Prosperity Plan on CD, which will expand your consciousness and help you create a more abundant life. Original.

From the author of the acclaimed book *Emergence* comes a step-by-step guide to design and create abundance in any area of life, including money, time, love, creativity, and more. The Abundance Project is about having more than enough in every area of your life—more than enough money, time, love, creativity, happiness—regardless of the circumstances you've been through or are currently facing. This may sound like wishful thinking, but once you understand what you're really made of, and what the source of real abundance is, you will increase your capacity and unleash your divine inheritance. Built on universal, proven principles, The Abundance Project breaks you out of the unsustainable buying/consuming loop created by the mindset that fulfillment comes from outside ourselves. Instead, Derek Rydall—international life coach and integrative therapist—shows you that the infinite-sum reserve that's already in you will provide all that you need. Rydall teaches the laws of giving and circulation that will release the channels of abundance-creating energy in your life through his Seven Gifts that Give You Everything; he will help you identify Abundance Blind Spots and Shadows that get in the way; and he walks you through the step-by-step Abundance Boot Camp so you can design and master the life you've envisioned. The Abundance Project is a way of living that turns life from transactional to transformational.

In many areas women have earned the equality we've been fighting for. We've broken through glass ceilings and achieved great success. We've shown that we can prosper by our own means. And we've become influential, respected leaders. Yet many of us find ourselves unhappy, anxious, overwhelmed. Where's the pot of gold at the end of our "I can do it just like a man" rainbow? The problem is that while we can be as successful as a man, we don't get there through a masculine approach. Being a "damsel in distress" is not the way to make your dreams come true, but neither is being the hyper-aggressive Alpha Bitch. In this New York Times bestselling book, transformation leaders Christy Whitman and Rebecca Grado reveal how when women try to claim power through a forceful "take no prisoners" approach it ultimately works against us and undermines our best efforts to create the life of our dreams. In fact, wielding Alpha Bitch force is ironically disempowering, because it introduces conflict, struggle, and competition into our personal and professional relationships, blocking women from creating the life we desire. How do you change from being a controlling, competitive, and disruptive Alpha Bitch to being an Empowered Female who is allowing, collaborative, and balanced? Enter the Laws of the Universe: • The Law of Attraction • The Law of Allowing • The Law of Pure Potentiality • The Law of Oneness • The Law of Balance and Harmony • The Law of Sufficiency and Abundance Taming the Alpha Bitch will show you how to use these laws to create freedom, joy, and abundance in your life. By using this knowledge, you put yourself in the ideal position for attracting

When you combine this principle with your practice of the Law of Attraction, you enter the realm of miracles where your desires can and MUST necessarily manifest into existence. This is the first book that removes the blindfold from the world's current understanding of the Law of Attraction -- and reveals the true power behind it so that people can finally experience spectacular and consistent results from it. Now, you can make the manifestation of your desires a certainty, instead of something merely hoped for.

This book has the potential to profoundly transform your world view. Using high-speed photography, Dr. Masaru Emoto discovered that crystals formed in frozen water reveal changes when specific, concentrated thoughts are directed toward them. He found that water from clear springs and water that has been exposed to loving words shows brilliant, complex, and colorful snowflake patterns. In contrast, polluted water, or water exposed to negative thoughts, forms incomplete, asymmetrical patterns with dull colors. The implications of this research create a new awareness of

It's Not Just About the Money True wealth is not about buckets of cash. True wealth is not about designer clothes. It is not about a new Mercedes. It is not about living in a palatial estate. True wealth, asserts David Gikandi, is about discovering value within yourself and value within other people. It is about a kind of conscious living that incorporates gratitude, a belief in abundance, and the experience of joy. Based on the recent discoveries of theoretical physics and a close reading of inspirational classics of the last century, Gikandi creates a new model for the creation of personal wealth; a new model that shows readers how to create abundance by saving, giving, offering charity, and building happy relationships. Learn to use an internal mantra to build wealth consciousness. Practice conscious and deliberate thoughts and intentions. Decide, define, and set goals you can believe in. Practice gratitude, giving, and faith, and experience abundance and joy in your life. Includes a 16-page study guide—for individuals and group use.

When Ada Calhoun found herself in the throes of a midlife crisis, she thought that she had no right to complain. She was married with children and a good career. So why did she feel miserable? And why did it seem that other Generation X women were miserable, too? Calhoun decided to find some answers. She looked into housing costs, HR trends, credit card debt averages, and divorce data. At every turn, she saw a pattern: sandwiched between the Boomers and the Millennials, Gen X women were facing new problems as they entered middle age, problems that were being largely overlooked. Speaking with women across America about their experiences as the generation raised to “have it all,” Calhoun found that most were exhausted, terrified about money, under-employed, and overwhelmed. Instead of their issues being heard, they were told instead to lean in, take “me-time,” or make a chore chart to get their lives and homes in order. In *Why We Can't Sleep*, Calhoun opens up the cultural and political contexts of Gen X's predicament and offers solutions for how to pull oneself out of the abyss—and keep the next

generation of women from falling in. The result is reassuring, empowering, and essential reading for all middle-aged women, and anyone who hopes to understand them.

When it comes to money, are you controlled by fear? Do you live in financial chaos? Do you underestimate your

worth? Are you ready to go to the next level, but can't seem to get there? If the answer is yes to these questions, you may be an underearner. Underearners are self-saboteurs who never live up to their earnings potential, says Barbara Stanny, a financial educator, motivational speaker, former journalist, and career counselor. Underearners tend to live paycheck to paycheck. They rarely balance their checkbooks and are often in debt. Ironically, many work incredibly hard. Yet they are ashamed to admit that money matters to them. They all have a high tolerance for low pay. The good news is that underearning is often self-imposed. By focusing on overcoming underearning, you will not only earn what you deserve, but you can live up to your full potential. With techniques and exercises that have helped thousands of people who have participated in her *Overcoming Underearning*[™] workshops, Stanny teaches you five essential steps to financial independence. Once you understand these steps, you will be confident asking for a raise, increasing your prices, or getting a better job. "Now I'm making more than my friends, all because I had the guts to dream and ask for more," says one Stanny fan. First, Tell the Truth: be honest about your financial situation and figure out your attitudes toward money. Second, Make a Decision: decide that you want to make more money. Third, Stretch: take action, face your fears, and be willing to be uncomfortable. Fourth, Create Community by finding supporters and asking for help. Fifth, Respect and Appreciate Money: learn to save and invest. *Overcoming Underearning* is filled with inspiring, real-life stories of underearners who turned their lives

around. Stanny brings a message of empowerment and hope to all those who chronically undervalue themselves. "I'm making more, working less, feeling healthier, have more energy, and I'm so much happier," concludes another Stanny believer.

In *The Circle of Fire* (formerly published as *Prayers: A Communion With Our Creator*) Ruiz inspires us to enter into a new and loving relationship with ourselves, with our fellow humans, and with all of creation. Through a selection of beautiful essays, prayers, and guided meditations, Ruiz prepares our minds for a new way of seeing life, and opens our hearts to find our way back to our birthright: heaven on earth. The result is a life lived in joy, harmony, and contentment. In my teachings, "The Circle of Fire" ceremony celebrates the most important day of our lives: the day when we merge with the fire of our spirit, and return to our own divinity. This is the day when we recover the awareness of what we really are, and make the choice to live in communion with that force of creation we call "Life" or "God." From that day forward, we live with unconditional love in our hearts for ourselves, for life, for everything in creation. This book, first published in 2001 as "Prayers: A Communion with Our Creator," will remind you of what you really are. It has always been my favorite book, and now in honor of my favorite prayer, it has been appropriately renamed "The Circle of Fire." -- don Miguel Ruiz

When R. Neville Johnston was shot three times in 1977, he died. But he came back knowing some things he hadn't known before. That the universe is made of up of vibrations for one. And that some of the most meaningful

vibrations are the words we use in everyday thought and speech. Obviously it behooves us to choose our words with care so we can create the life we want. Hidden Language Codes is a book about thought. Where we go in life is directly related to our mastery and command of our thoughts and our language. In evolving, we naturally change the way we think. A method of accelerating this process is to change the very words we think with. This book is the key to learning words that will improve our lives and giving up the ones that hold us back. Learn to use power words--words that serve us well--such as "acceptance," "faith," even "MacGyver," and the key power word, "love." Those words that do not serve us well include "greed," "blame," "hard," and the poster child for disempowerment/slave thinking "can't." Our language is full of unconscious triggers--the words we speak are making decisions for us, running us. As long as we continue to try, need, guess, want, whine, and victim our way through life, we sabotage our own goals and happiness. Never use these words again. Take charge of your thoughts and speech, and your life will follow suit. "Money making is not a serious business. It is a game that you play. At first it may seem that it is a game that you play with forces outside yourself--the economies of the market place so to speak--but as you proceed you discover it is actually a game you play with yourself."--Stuart Wilde. Stuart Wilde's money book, his fifth work, deals with the E.S.P. of easy money and the art of being in the right place at the right time, with the right idea and the right attitude. Like his other highly successful books, this work is full of useful information.
