Eleven-year-old Delphine has it together. Even though her mother, Cecile, abandoned her and her younger sisters, Vonetta and Fern, seven years ago. Even though her father and Big Ma will send them from Brooklyn to Oakland, California, to stay with Cecile for the summer. And even though Delphine will have to take care of her sisters, as usual, and learn the truth about the missing pieces of the past. When the girls arrive in Oakland in the summer of 1968, Cecile wants nothing to do with them. She makes them eat Chinese takeout dinners, forbids them to enter her kitchen, and never explains the strange visitors with Afros and black berets who knock on her door. Rather than spend time with them, Cecile sends Delphine, Vonetta, and Fern to a summer camp sponsored by a revolutionary group, the Black Panthers, where the girls get a radical new education. Set during one of the most tumultuous years in recent American history, one crazy summer is the heartbreaking, funny tale of three girls in search of the mother who abandoned them—an unforgettable story told by a distinguished author of books for children and teens, Rita Williams-Garcia.

In a spare, powerful text and evocative illustrations, the Newbery medalist Katherine Applegate and the artist G. Brian Karas present the extraordinary real story of a special gorilla. Captured as a baby, Ivan was brought to a Tacoma, Washington, mall to attract shoppers. Gradually, public pressure built until a better way of life for Ivan was found at Zoo Atlanta. From the Congo to America, and from a local business attraction to a national symbol of animal welfare, Ivan the Shopping Mall Gorilla traveled an astonishing distance in miles and in impact. This is his true story and includes photographs of Ivan in the back matter.

From #1 New York Times bestseller Katherine Applegate, a singular middle-grade novel about a girl who risks everything to help a handmade creature who comes to life. The earth is old and we are not, and that is all you must remember . . . Eleven-year-old Willodeen adores creatures of all kinds, but her favorites are the most unlovable beasts in the land: strange beasts known as "screechers." The villagers of Perchance call them pests, even monsters, but Willodeen believes the animals serve a vital role in the complicated web of nature. Lately, though, nature has seemed angry indeed. Perchance has been cursed with fires and mudslides, droughts and fevers, and even the annual migration of hummingbirds, a source of local pride and income, has dwindled. For as long as anyone can remember, the tiny animals have overwintered in shimmering bubble nests perched atop blue willow trees, drawing tourists from far and wide. This year, however, not a single hummingbird has returned to Perchance,

and no one knows why. When a handmade birthday gift brings unexpected magic to Willodeen and her new friend, Connor, she's determined to speak up for the animals she loves, and perhaps even uncover the answer to the mystery of the missing hummingbirds. A timely and timeless tale about our fragile earth, and one girl's fierce determination to make a difference.

A ten-year-old girl learns the importance of family and community in this tale of love and hope set during the Hurricane Katrina disaster. Armani Curtis can think about only one thing: her tenth birthday. All her friends are coming to her party, her mama is making a big cake, and she has a good feeling about a certain wrapped box. Turning ten is a big deal to Armani. It means she's older, wiser, more responsible. But when Hurricane Katrina hits the Lower Nines of New Orleans, Armani realizes that being ten means being brave, watching loved ones die, and mustering all her strength to help her family weather the storm. A powerful story of courage and survival, *Upside Down in the Middle of Nowhere* celebrates the miraculous power of hope and love in the face of the unthinkable. Praise for *Upside Down in the Middle of Nowhere* "Lamana goes for and achieves realism here, carefully establishing the characters and setting before describing in brutal detail, beyond what is typical in youth literature, the devastating effects of Katrina—loss of multiple family members, reports of attacks in the Superdome, bodies drifting in the current and less-than-ideal shelter conditions. An honest, bleak account of a national tragedy sure to inspire discussion and research." —Kirkus Reviews "I recommend the book because I think it does a good job of capturing what life was like in New Orleans both before and after Katrina and because Armani's journey will give readers a lot to think about and discuss. But parents will want to know that it doesn't flinch when describing the death and destruction that hit New Orleans during that time and be cautious with younger, sensitive readers." —Cindy Hudson, author of *Book by Book*

Two tales, set in a time "when animals and human beings still talked to each other," display Thomas King's cheeky humor and master storytelling skills. Freshly illustrated and reissued as an early chapter book, these stories are perfect for newly independent readers. In *Coyote Sings to the Moon*, Old Woman and the animals sing to the moon each night. Coyote attempts to join them, but his voice is so terrible they beg him to stop. He is crushed and lashes out — who needs Moon anyway? Furious, Moon dives into a pond, plunging the world into darkness. But clever Old Woman comes up with a plan to send Moon back up into the sky and, thanks to Coyote, there she stays. In *Coyote's New Suit*, mischievous Raven wreaks havoc when she suggests that Coyote's toasty brown suit is not the finest in the forest, thus prompting him to steal suits belonging to all the other animals. Meanwhile, Raven tells the other animals to borrow clothes from the humans' camp. When Coyote finds that his closet is too full, Raven slyly suggests he hold a yard sale, then sends the human beings (in their underwear) and the animals (in their ill-fitting human clothes) along for the fun. A hilarious illustration of the consequences of wanting more than we need. Jordan Peterson's *Twelve Rules for Life* meets Jocko Willink and Leif Babin's *Extreme Ownership* in this tough-love leadership book from a Navy SEAL and rising star in Republican politics. In 2012, on his third tour of duty, an improvised explosive device left Dan Crenshaw's right eye destroyed and his left blinded. Only through the careful hand of his surgeons, and what doctors called a miracle, did Crenshaw's left eye recover partial vision. And yet, he persevered, completing two more deployments. Why? There are certain stories we tell ourselves about the hardships we face -- we can become paralyzed by adversity or we can adapt and overcome. We can be fragile or we can find our fortitude. Crenshaw delivers a set of lessons to help you do just that. Most people's everyday challenges aren't as extreme as surviving combat, and yet our society is more fragile than ever: exploding with outrage, drowning in microaggressions, and devolving into divisive mob politics. The American spirit -- long characterized by grit and fortitude -- is unraveling. We must fix it. That's exactly what Crenshaw accomplishes with *FORTITUDE*. This book isn't about the problem, it's about the solution. And that solution begins with each and every one of us. We must all lighten up, toughen up, and begin treating our fellow Americans with respect and grace. *FORTITUDE* is a no-nonsense advice book for

finding the strength to deal with everything from menial daily frustrations to truly difficult challenges. More than that, it is a roadmap for a more resilient American culture. With meditations on perseverance, failure, and finding much-needed heroes, the book is the antidote for a prevailing "safety culture" of trigger warnings and safe spaces. Interspersed with lessons from history and psychology is Crenshaw's own story of how an average American kid from the Houston suburbs went from war zones to the halls of Congress -- and managed to navigate his path with a sense of humor and an even greater sense that, no matter what anyone else around us says or does, we are in control of our own destiny.

The year was 1979 and the fifteen teenagers on the Crenshaw High Cougars were the most talented team in the history of high school baseball. They were pure ballplayers, sluggers and sweet fielders who played with unbridled joy and breathtaking skill. The national press converged on Crenshaw. So many scouts gravitated to their games that they took up most of the seats in the bleachers. Even the Crenshaw ballfield was a sight to behold -- groomed by the players themselves, picked clean of every pebble, it was the finest diamond in all of inner-city Los Angeles. On the outfield fences, the gates to the outside stayed locked against the danger and distraction of the streets. Baseball, for these boys, was hope itself. They had grown up with the notion that it could somehow set things right -- a vague, unexpressed, but persistent hope that even if life was rigged, baseball might be fair. And for a while it seemed they were right. Incredibly, most of this team -- even several of the boys who sat on the bench -- were drafted into professional baseball. Two of them, Darryl Strawberry and Chris Brown, would reunite as teammates on a National League All-Star roster. But Michael Sokolove's *The Ticket Out* is more a story of promise denied than of dreams fulfilled. Because in Sokolove's brilliantly reported poignant and powerful tale, the lives of these gifted athletes intersect with the realities of being poor, urban, and black in America. What happened to these young men is a harsh reminder of the ways inspiration turns to frustration when the bats and balls are stowed and the crowd's applause dies down. Just as *Friday Night Lights* portrayed the impact of high school sports on the life of a Texas community, and *There Are No Children Here* examined the viselike grip of poverty on minority youngsters, *The Ticket Out* presents an unforgettable tale of families grasping for opportunities, of athletes praying for one chance to make it big, of all of us hoping that the will to succeed can triumph over the demons haunting our city streets.

The thrilling conclusion to the epic middle grade fantasy trilogy from Katherine Applegate, the New York Times bestselling and Newbery Award-winning author of *The One and Only Ivan* (now a major motion picture!), *The One and Only Bob*, *Wishtree*, and *Crenshaw*! In the beginning, Byx's original quest was to discover if there were more of her kind, or if she was destined to become an ending—the last dairne alive. She did indeed find more dairnes, and along the way she also created allies among other creatures in her world, including humans, felivets, raptidons, and wobbyks. But Byx and her new friends soon learned that it wasn't just dairnes in jeopardy of extinction, but that everyone was at risk. With the world in unprecedented danger, Byx must rally creatures of all kinds to lead a revolution. Katherine Applegate's *Ending* series has so far earned a collective five starred reviews, and each of the prior books has debuted on the New York Times bestseller list. She once again delivers an action-packed middle grade fantasy with a unique setting, enthralling characters, and gripping adventure that is perfect for fans of Rick Riordan, Brian Jacques, and Tui T. Sutherland.
