Although he was a visual stylist who once referred to actors as cattle, Alfred Hitchcock also had a remarkable talent for innovative and creative casting choices. The director launched the careers of several actors and completely changed the trajectory of others, many of whom created some of the most iconic screen performances in history. However, Hitchcock's ability to fit his leading men and women into just the right parts has been a largely overlooked aspect of his filmmaking skills. In *Hitchcock's Stars: Alfred Hitchcock and the Hollywood Studio System*, Lesley L. Coffin looks at how the director made the most of the actors who were at his disposal for several decades. From his first American production in 1940 to his final feature in 1976, Hitchcock's films were examples of creative casting that strayed far from the norm during the structured Hollywood star system. Rather than examining the cinematic aspects of his work, this book explores the collaboration the director engaged in with some of the most popular stars in Hollywood history. Coffin explains how the master of on-screen manipulation exploited the nervous insecurity of Joan Fontaine for the lead in *Rebecca*, subverted the wholesome image of Robert Walker to play a deranged killer in *Strangers on a Train*, and plucked an unknown actress to star in *The*

Birds. Documenting Hitchcock's Hollywood output from his arrival in America through his final effort, *Family Plot*, the author chronicles each film's casting process, performances, and the personas each star brought to his or her role. Inspiring a fresh look at several films, this book will engage fans and encourage them to reconsider a number of Hitchcock classics in a new light.

to a house atop a mountain of blood-red clay: a place filled with secrets that will haunt her forever. Between desire and darkness, between mystery and madness, lies the truth behind *Crimson Peak*. From acclaimed director Guillermo del Toro. *****AN INSTANT BESTSELLER!***** From the Bram Stoker-nominated author of *The Luminous Dead* comes a gothic fantasy horror--*The Death of Jane Lawrence*. "A delicious Gothic romance.... By the time the book reached that point of no return, I was so invested that I would have followed Jane into the very depths of hell." —NPR.org "Intense and amazing! It's like *Jonathan Strange and Mr. Norrell* meets *Mexican Gothic* meets *Crimson Peak*." —BookRiot Practical, unassuming Jane Shoringfield has done the calculations, and decided that the most secure path forward is this: a husband, in a marriage of convenience, who will allow her to remain independent and occupied with meaningful work. Her first choice, the dashing but reclusive doctor Augustine Lawrence, agrees to her proposal with only one condition: that she must never visit Lindridge Hall, his crumbling family manor outside of town. Yet on their wedding night, an accident strands her at his door in a pitch-black rainstorm, and she finds him changed. Gone is the bold, courageous surgeon, and in his place is a terrified, paranoid man—one who cannot tell reality from nightmare, and fears Jane is an apparition, come to haunt him. By morning, Augustine is himself again, but Jane knows

something is deeply wrong at Lindridge Hall, and with the man she has so hastily bound her safety to. Set in a dark-mirror version of post-war England, Caitlin Starling crafts a new kind of gothic horror from the bones of the beloved canon. This Crimson Peak-inspired story assembles, then upends, every expectation set in place by Shirley Jackson and Rebecca, and will leave readers shaken, desperate to begin again as soon as they are finished. “Don’t read this one alone at night; Caitlin Starling has done it again. Unsettling, atmospheric, and downright brutal at times, *The Death of Jane Lawrence* will continue to haunt you long after you leave Lindridge Hall...if the house lets you leave, that is.”

Soon to be a major motion picture from Academy Award–winning director Guillermo del Toro and starring Bradley Cooper, Cate Blanchett, Rooney Mara, and Toni Collette. *Nightmare Alley* begins with an extraordinary description of a carnival-show geek—alcoholic and abject and the object of the voyeuristic crowd’s gleeful disgust and derision—going about his work at a county fair. Young Stan Carlisle is working as a carny, and he wonders how a man could fall so low. There’s no way in hell, he vows, that anything like that will ever happen to him. And since Stan is clever and ambitious and not without a useful streak of ruthlessness, soon enough he’s going places. Onstage he plays the mentalist

with a cute assistant (before long his harried wife), then he graduates to full-blown spiritualist, catering to the needs of the rich and gullible in their well-upholstered homes. It looks like the world is Stan's for the taking. At least for now.

The Gothic, Romanticism's gritty older sibling, has flourished in myriad permutations since the eighteenth century. In *Gothicka*, Victoria Nelson identifies the revolutionary turn it has taken in the twenty-first. Today's Gothic has fashioned its monsters into heroes and its devils into angels. It is actively reviving supernaturalism in popular culture, not as an evil dimension divorced from ordinary human existence but as part of our daily lives. To explain this millennial shift away from the traditionally dark Protestant post-Enlightenment Gothic, Nelson studies the complex arena of contemporary Gothic subgenres that take the form of novels, films, and graphic novels. She considers the work of Dan Brown and Stephenie Meyer, graphic novelists Mike Mignola and Garth Ennis, Christian writer William P. Young (author of *The Shack*), and filmmaker Guillermo del Toro. She considers twentieth-century Gothic masters H. P. Lovecraft, Anne

Rice, and Stephen King in light of both their immediate ancestors in the eighteenth century and the original Gothic-the late medieval period from which Horace Walpole and his successors drew their inspiration. Fictions such as the Twilight and Left Behind series do more than follow the conventions of the classic Gothic novel. They are radically reviving and reinventing the transcendental worldview that informed the West's premodern era. As Jesus becomes mortal in The Da Vinci Code and the child Ofelia becomes a goddess in Pan's Labyrinth, Nelson argues that this unprecedented mainstreaming of a spiritually driven supernaturalism is a harbinger of what a post-Christian religion in America might look like.

A riveting account of how the public's right to know is being attacked by an unholy alliance among politicians, news organizations and corporate America For twenty five years, Mary Mapes has been an award-winning television producer and reporter -- the last fifteen of them for CBS News, principally for the CBS Evening News with Dan Rather and 60 Minutes. She had the bedrock of respect of her peers -- in 2003 alone, she broke the story of the Abu Ghraib prison tortures (which won CBS The Peabody Award) and the existence of Strom Thurmond's illegitimate bi-racial daughter Essie Mae Washington. But it was Dan Rather's lightning rod of a story on George W. Bush's National Guard Service that brought Mapes into an unwanted limelight. The firestorm that followed the broadcast led not only to Mapes' firing and Rather's stepping down from his anchor chair a year early, but to an unprecedented "internal" inquiry into the story -- chaired by former Reagan Attorney General Richard Thornburgh. Peopled with an historic and colorful cast of characters—from Karl Rove to Summer Redstone to John Kerry to Col. Bobby Hodges -- this groundbreaking book about how the television news is made (and unmade) made headlines itself when first published. But this, it turns out, is only part of the story. Mapes talks for the first

time about the riveting behind-the-scenes action at CBS during this frenzied period and exposes some of the largest political and social controversies that have broken in this new age of dissonance. Truth and Duty was made into the 2015 film Truth, starring Cate Blanchett, Robert Redford, Topher Grace and Elizabeth Moss.

Trying to escape the ghosts of her past, she is swept away to a house that breathes, bleeds...and remembers.

In this book Tiya Miles explores the popular yet troubling phenomenon of "ghost tours," frequently promoted and experienced at plantations, urban manor homes, and cemeteries throughout the South. As a staple of the tours, guides entertain paying customers by routinely relying on stories of enslaved black specters. But who are these ghosts? Examining popular sites and stories from these tours, Miles shows that haunted tales routinely appropriate and skew African American history to produce representations of slavery for commercial gain. "Dark tourism" often highlights the most sensationalist and macabre aspects of slavery, from salacious sexual ties between white masters and black women slaves to the physical abuse and torture of black

bodies to the supposedly exotic nature of African spiritual practices. Because the realities of slavery are largely absent from these tours, Miles reveals how they continue to feed problematic "Old South" narratives and erase the hard truths of the Civil War era. In an incisive and engaging work, Miles uses these troubling cases to shine light on how we feel about the Civil War and race, and how the ghosts of the past are still with us.
